Practical experience	Opportunities available

Course overview

This program will develop your global mindset and improve skills in business management, decision making, marketing, organisational behaviour, accounting and finance, strategic management and international business. You will gain work experience and build employable skills through a blend of theory and active learning with a compulsory internship. You could reduce your study load by up to a third with prior learning credits.

What you will study

You will develop a deep knowledge of the operation of financial markets, financial risk management and corporate treasury strategies. You will explore financial markets and instruments, key institutions within the finance industry and develop analytical skills for the evaluation of investment opportunities. Core courses include but are not limited to:

- foundations of business analysis
- corporate finance
- investment analysis
- derivatives and risk management
- applied portfolio management
- financial statement analysis

Professional recognition

The Master of Applied Finance is part of the CFA Institute University Affiliation Program, considered the investment profession's prestigious credentialed program.

The Newcastle Business School is accredited by the Association to Advance Collegiate Schools of Business (AACSB), earned by less than five per cent of the world's business programs.

Career opportunities/outcomes

The theory and financial management skills you will have acquired through the Master of Applied Finance will equip you with the ability to handle complex situations and fast-track your career progression and salary potential in roles such as:

- Finance Manager
- Financial Analyst
- Investment Banker
- Management Consultant
- Portfolio Analyst

What you will study

By studying our MBA program you have the opportunity to specialise in one of the following areas:

- human resource management
- marketing
- applied finance
- international business
- health services management

Not all specialisations are available at our Sydney campus.

Professional recognition

The Newcastle Business School is accredited by the Association to Advance Collegiate Schools of Business (AACSB), earned by less than five per cent of the world's business programs.

AACSB is the premier and longest-standing international accrediting body for business programs and is the international benchmark for excellence in business education.

Career opportunities/outcomes

Our graduates range from company executives, entrepreneurs and public sector leaders. The range of opportunities are limitless and can include:

- Account Executive
- Business Consultant
- Business Development Manager
- Entrepreneur
- Financial Advisor
- Industry Specialist Manager
- Marketing Manager
- Operations Manager

What you will study

You will gain an in-depth understanding of business globalisation and its complex effect on stakeholders, societies and economies and the interpersonal skills to operate across different countries, cultures and contexts. In addition to your core courses you will also have the opportunity to study elective courses in cutting-edge areas of interest, including:

- innovation and entrepreneurship
- behavioural economics
- change management
- business and climate change

Professional recognition

Practical experience	Opportunities available
Course overview	
The Master of Health Economics, Management and Policy (Global) provides a global orientation for professionals within the healthcare sector. It provides a practical toolkit of leadership and management skills as well as analytical and conceptual knowledge of health economics, policy and governance.	

What you will study

You will develop a global mindset through an in-depth understanding of business globalisation and its complex effect on stakeholders, societies and economies. You will also gain the ability to model real-world situations, to think abstractly and to manipulate, analyse and interpret data.

Enhance your interpersonal skills and learn how to effectively communicate information and insights extracted from data and how to conduct business across countries, cultures and contexts supported on data-driven decision-making strategies. You will build important business networks while you study, which could lead to job opportunities upon graduation.

Your studies will include the following areas:

- globalisation and business
- global financial management
- managing across cultures
- data wrangling and visualisation
- predictive analytics
- data analytics for business intelligence

Career opportunities/outcomes

Through this combined degree you will gain a diverse skill set in high global demand allowing you to work across borders, industries and boardrooms around the world. Where you take this qualification is up to you.

Potential roles include:

- Business Intelligence Analyst
- Data Analyst
- Data and Insights Expert
- Data Manger
- Global Management Consultant
- Multinational Marketing Manager

See the website for more information about this degree.

What you will study

The Master of Health Economics, Management and Policy focuses on advancing your knowledge of:

- healthcare system organisations
- international and national health law
- health policy and governance – theory and practice
- health information and technology
- healthcare data analytics
- stakeholder communication and decision making in the healthcare sector

Professional recognition

The Newcastle Business School is accredited by the Association to Advance Collegiate Schools of Business (AACSB), earned by fewer than five percent of the world's business programs.

Career opportunities/outcomes

As a graduate, you will be able to take advantage of an increasing demand within the national and international health sector for executives, managers, professionals, administrators and analysts.

You will be able to seek out career advancement opportunities for mid-high level positions within hospitals and Local Health Districts, government departments, university departments, research bodies, medical supply and pharmaceutical companies, health insurers, regulatory agencies, integrated care organisations, and not-for-profit organisations.

See the website for more information about this degree.

Duration	2 yrs FT
Locations	Sydney
Indicative annual fee	2021 A\$35,296 2022 A\$36,178
IELTS	IELTS overall minimum - 6.5 IELTS section minimum - 6.0
Intake	T1, T2, T3
Practical experience	Opportunities available
Course overview Increasingly, businesses are looking for people with superior analytical skills which accounting can provide. A Master of Professional Accounting (Advanced) with a specialisation in international business, equips graduates with the knowledge and skills to succeed in accounting across the globe. This program is for people with an educational background, other than accounting, seeking entry into the professional accounting bodies' membership program. The skills gained from this program are prerequisites for a career in accounting and can be used in the banking and finance industry globally.	

What you will study

Designed for students who have qualifications in an area other than accounting, this degree provides knowledge of accounting concepts that are transferrable to organisations of all sizes, whether they are in the public, private or not-for-profit sectors. With an increasingly integrated and interdependent global economy, an understanding of the principles of international business, such as cross-cultural management and global business management, will complement your studies, allowing graduates to position themselves for senior management roles in global firms.

You will study:

- management accounting
- financial accounting
- taxation
- auditing
- finance
- law
- economics
- business decision making (statistics/quantitative methods)

Professional recognition

The Master of Professional Accounting is accredited by CPA Australia (CPA), Chartered Accountants Australia and New Zealand (CA ANZ) and The Association of Chartered Certified Accountants (ACCA).

AACSB Accreditation - the Newcastle Business School has AACSB Accreditation, earned by less than five per cent of the world's business programs.

Career opportunities/outcomes

- Chief Financial Officer
- Financial Advisor
- Financial Analyst
- Forensic Accountant
- Internal Auditor

* End-on Honours is a separate and additional year of study following the completion of a bachelor degree. This is a very different experience to the earlier years of study. There are fewer formal classes and more individual work. Honours can be course work based, research based, or a combination of the two. Admission requirements for End-On Honours vary by program, but often require a minimum GPA.

> Depending upon admission qualification - duration of program will alter.

KEY FOR INTAKES

S1 Semester 1
S2 Semester 2
T1 Trimester 1
T2 Trimester 2
T3 Trimester 3
W Winter

* End-on Honours is a separate and additional year of study following the completion of a bachelor degree. This is a very different experience to the earlier years of study. There are fewer formal classes and more individual work. Honours can be course work based, research based, or a combination of the two. Admission requirements for End-On Honours vary by program, but often require a minimum GPA.

> Depending upon admission qualification - duration of program will alter.
