WHY ECU?

At ECU's School of Business and Law, you will receive up-to-date theoretical knowledge, practical experience and essential employability skills to help you succeed in a variety of complex, competitive and dynamic global business environments.

Located on ECU's Joondalup Campus, the School is renowned for an innovative approach to education – we challenge you to develop your talents and prepare to make a difference.

ECU has been awarded a 5-star rating for overall postgraduate experience by the 2022 Good Universities Guide, and we are ranked the number one university in WA. Our aim is to develop strong, capable leaders who will contribute to the world of business or law. To do that, we offer a supportive and stimulating learning environment.

"I would use no other word than 'phenomenal' to describe my study experience."

I wanted to pursue a course which gave me an opportunity to develop both my technical and business skills.

I undertook a work placement via our capstone project. In that project, we were fortunate to implement the learnings from our last three semesters into an actual client project.

Overall, I believe the skills I learnt at ECU have helped a lot in setting up the foundation for the complex problems we solve for our clients. The experience and learnings I have gained through lectures, assignments, industry engagement and work placements have been very helpful in defining solutions.

PIYUSH LALWANI

ECU Master of Management Information Systems graduate and Technology Consultant at Deloitte Australia

FAST FACTS

- o **Course Code:** L71
