Become an employable graduate

UNSW is career-focused education. We equip you with the skills, opportunities and support that will ensure you excel well into your future. That’s why our graduates now work with some of the most enviable employers and global organisations, such as Google, Unilever, Ernst & Young, Microsoft, Rio Tinto, HSBC, Slater & Gordon, NASA, UNESCO and Oxfam.

We prepare you for lifelong career success.

Develop your flexible, lifelong career plan
From day one, you can turn to our experts for professional advice and learn how to seize opportunities throughout your career. We’ll help you:
• Recognise and build on your professional strengths.
• Identify your opportunities and plan a career path.
• Think critically and creatively for lifelong career success.

Make an impact with employers
Your knowledge, skills and experience combine to demonstrate why a company should hire you. You will learn how to express your professional best with:
• Internships and practical experiences integrated into your studies.
• Strong online presence, resume and cover letter writing skills.
• The ability to understand and respond to complex interview questions.

Connect with mentors to support your success
With professional development woven into your studies, you will be inspired by influential people and build networks with future employers. Take advantage of:
• Personalised career mentoring that offers connections, support and insights.
• Introductions to exciting companies at industry networking events.
• Internships and experiences that build your confidence and reputation.

You can make this happen
UNSW Careers supports you with expert personalised career planning, mentoring, and job-seeking skill development. Visit careers.unsw.edu.au

Work Integrated Learning at UNSW builds practical work experience opportunities like internships into your degree. Visit wil.unsw.edu.au

“Coming out of uni there was so many transferable skills like being a good communicator, a team member, presenting well, these kind of skills that you’ve built up over the years studying here [UNSW] are so easily transferable into the workforce.”

Catherine Hu, UNSW Business School Alumna and Customer Solutions Manager for TikTok

Transform ideas into reality

Grow your ideas with leading entrepreneurial support

If you’re passionate about starting your own business, UNSW is the university for you. We have one of the biggest student and alumni start-up programs in Australia, the UNSW Founders Program. You can turn your ideas into a reality with:
- One-on-one mentoring with expert start-up coaches
- Interactive workshops in cutting-edge facilities
- Accelerator programs to help you gain investment and launch your own business
- Networking events where you meet business founders, leaders and entrepreneurs

**UNSW Founders**

Australia’s most comprehensive university entrepreneurship program. Visit founders.unsw.edu.au

"The Founders program fast-tracked our growth by putting us in touch with industry experts and mentors that have been crucial to our product development and business strategy. We’ve gained not only exposure to the start-up industry as a whole, but it has made us think more globally. The funding, office space and resources provided have been invaluable to us succeeding on our journey."

— Vanessa Zhao, UNSW Founders alumna

Vanessa and three of her classmates launched Yellowbox as a part of the UNSW Founders 10X Accelerator program. Yellowbox is a technology start-up specialising in smart-lock systems and since its launch with UNSW it has now expanded internationally.

Change the world with bold ideas and quality research

We’re passionate about research, changing lives and making real-world impact. That is why UNSW is ranked number one in Australia for research quality and impact*. It can start with just one bold idea and result in outcomes that positively impact societies, economies and the environment.

**Solar power (photovoltaics):** We broke the record for the conversion efficiency of a silicon solar cell. We’re home to the world’s fastest solar-powered car. Our campuses are now powered by 100% solar electricity.

**COVID-19:** Our researchers are tackling the COVID-19 pandemic through social policy, public health, immunology, biosecurity and infectious disease intelligence. We have established a Rapid Response Research Fund to aid numerous projects, while a leading team of UNSW researchers are currently working on the frontline with the state’s health department.

**The world’s first quantum computer:** Using silicon, UNSW is one of the global leaders in the race to build a quantum computer. We’ve also established the world’s first undergraduate degree in quantum engineering.

**Climate Change:** Among several world-first climate research projects, we have established the Climate Change Research Centre with one to the largest research facilities of its kind in Australia. We are proudly the #1 university for meeting the UN’s Sustainable Development Goal for Responsible Consumption and Production.*

*Times Higher Education University Impact Rankings, 2020

You too can be a part of UNSW’s global research network. See page 126 for more information on Higher Degree Research.
Scholarships, rewarding your ambition

UNSW is where the hardest-working and highest-achieving students from around the world study and succeed. We offer scholarships for high-achieving international students to empower them to realise their potential.

Our scholarships aren’t just based on your grades – UNSW values leadership skills, extracurricular interests and your passion to study with us. Our international scholarships and awards will help you to gain financial support, recognition of your academic excellence and they’ll help you stand out to future employers.

International Scientia Coursework Scholarship
Alongside academic merit, we want you to show us your passion to become a leader, how you’ve engaged in extracurricular interests, and share with us why UNSW is the university for you.

What you receive:
• A full scholarship on your tuition fees or,
• AUD$20,000 per annum for the minimum duration of your program.

You’ll also have access to networks and support including ‘fast-tracked’ applications for campus accommodation, awards and networking events and guaranteed entry into the UNSW Professional Development Program.

Australia’s Global University Award
If you have strong academic merit and are passionate about achieving your goals through your university study, you will be considered for Australia’s Global University Award.

What you receive:
• AUD$10,000 for one year or,
• AUD$5,000 for one year

For all eligibility requirements, instructions on how to apply, or to explore all the scholarships available, visit scholarships.unsw.edu.au

“...my scholarship has given me a platform to focus more on my studies and obtain a marketing internship which is relevant to my course and thus adds significant value to my overall profile.”

Saurabh Kaura,
Master of Commerce – International Business, Economics & Finance
Welcome to Sydney

Sydney is one of the best and that's not just according to us. It's rated as the third most liveable city in the world*. We're known as one of the most diverse and inclusive cities in the world – made up of global citizens. The differences you bring are appreciated and we look forward to welcoming you.

Sydney is more than just a pretty face. It offers countless business and career opportunities – it’s Australia’s financial and economic powerhouse. There’s always something to do in Sydney, and UNSW is right in the heart of it all.

Come join us.

* Economist Intelligence Unit’s Global Liveability Index, 2019

Sydney downtown

Feel safe and welcome

G'day. Hello. Hi. How’s it going? Aussies are known for being friendly and you will find a smile wherever you go. Feel safe and welcome as you join our vibrant and multicultural communities all over Sydney that span social, religious and cultural collectives.

Sydney has been ranked one of safest cities in the world*. Additionally, our public health response to COVID-19 is considered one of the most effective, worldwide. You can feel secure and safe about your choice to live here. It will feel like a home away from home, no matter where you’re from. The best bit about our multicultural city? The food. Explore Chinatown, Spice Alley, Little Italy and an array of fresh food markets all within easy reach. Who knows what new treats you could discover?

Jumpstart your career connections in the business capital of Australia

Sydney is home to more global firms than any other Australian city. As a gateway to Asian economies, you’ll find many valuable networking opportunities to help you stand out in the global job market. With UNSW’s career support services, you’ll feel confident about establishing new professional networks.

* 5th Safest City, Economist Intelligence Unit’s Safe Cities Index, 2019

Sydney downtown

Take a break from the books

There’s always something fun and exciting happening in Sydney – from concerts at the Opera House, to free events including Vivid light and musical festival, Chinese New Year celebrations and the multicultural Parramasala. Join an impromptu beach volleyball game on Coogee Beach or grab some friends for some photo-worthy moments in the Chinese Garden of Friendship.

Or if you’re more into sport, we host world-class sporting events including cricket, soccer and rugby. For the more artistic visitors, there are theatre productions, concerts and festivals (many of them free) to keep you entertained and inspired all year round. Get among it and join fun in Sydney.

Sydney downtown

Sydney on a budget

On a budget? No worries. There are lots of affordable indoor and outdoor activities to enjoy in Sydney. Pop into a free art gallery, catch a movie at the local cinema, try a coastal walk, snorkel or surf at the beach, or enjoy a budget-friendly lunch or dinner in one of our neighbouring suburbs. Feel confident to try new hobbies with lots of UNSW student social clubs to join.

Explore Sydney’s surroundings

Sydney is all about the outdoors. And it’s more than just beaches. Head to one of our beautiful parks for an outdoor picnic with friends. If you want to go further afield, the Blue Mountains to the west of Sydney, the Royal National Park to the south or stunning Palm Beach in the north are great for a getaway. Don’t forget our beautiful beaches minutes from the UNSW Sydney campus. Fall in love with Sydney when you study in the heart of it.

Take a quick tour

**Top student city**
We're in the top 10 Best Student Cities* based on safety, welcoming international students as well as cost of living.

**A swimmer's paradise**
There are over 100 beaches in Sydney spanning from harbourside alcoves filled with rockpools to the calm waters at Balmoral and Camp Cove. Or give surfing a go at the famous Bondi and Coogee beaches.

**Cultural melting pot**
Almost a third of our population were born overseas making us a truly multicultural city. Immerse yourself in community cultural or religious events throughout the year – including student events on campus.

**Enjoy our style**
Sydneysiders like to shop – particularly with local Australian designers. Head to nearby Paddington to discover boutique shops. Wander over to Surry Hills to find one-of-a-kind streetwear or visit the Sydney CBD for all the top labels and luxury brands.

**Experience the Australian bush**
There is a lot of green space in Sydney to enjoy. In the south of the city you can find one of Australia’s first national parks, the Royal National Park, home to unique Australian plants, jaw-dropping coastal views and ancient Aboriginal art dating back thousands and thousands of years.

**Art meets nature**
Australia’s largest outdoor sculpture exhibit, Sculpture by the Sea, is held at Bondi Beach every year with large sculptures set against the backdrop of the cliffs and sea. Often featuring UNSW Art & Design Students’ work. Get the selfie stick out for this. You won’t want to miss a photo opportunity.

---

*QS Best Student Cities, 2019

---
UNSW has the best of Sydney right at its doorstep. The bubbling food and retail hub in the city centre is just a short trip on the light rail. For fresh ocean breezes, head to Bondi and Coogee, which are only a short bus trip from campus. Up for some sightseeing? The famous Sydney Opera House and Sydney Harbour Bridge are so close, you can visit them any time you want.

Take advantage of the public transport system. There’s trains, buses, ferries and light rail options at all hours of the day. Getting to the main campus is easy with a new Light Rail network that will drop you at our doorstep. Or if you want to make the most of beautiful Sydney, jump on a bike or choose to walk. Take it all in at your own pace.

**Make it your home**

Join the student community living on or nearby campus. Not only will you have this easy access to Sydney city and beaches, you will be in walking distance to your lecture halls, meet people from around the world and make lifelong friends. For information on university accommodation, please see pages 24-25 or visit accommodation.unsw.edu.au
Get the full experience

University is about discovering the best version of yourself. At UNSW, there’s so many opportunities for you to explore and grow, and with each new experience, you will discover new things about yourself and what motivates you to succeed. You will make friends in clubs and societies and enjoy fun events on and off campus.

Scan the QR code to see where UNSW can take you!

Online, flexible study that works for you

Receive a world-class education from anywhere. Take advantage of a wide range of fully online programs designed to help you balance professional and personal commitments. UNSW’s online learning is recognised as accredited study and is delivered with the same high standard of teaching as if you were on campus. Programs offered will enable you to upskill, shift careers or gain a competitive edge in the job market. Browse the range of online degrees at online.unsw.edu.au.

Please note that students are not able to obtain an Australian student visa for UNSW’s fully-online programs.

A place to make new friends

Students from all backgrounds are what makes our campus so rich and diverse. There’s plenty of activities and opportunities to find your place in the community. With over 300 clubs and societies for everything from sport to religion, everyone is welcome. Arc, UNSW’s student-led organisation and home to many of our student clubs, hosts year-round parties and events (in person and online), sporting competitions and practice, volunteering opportunities, health and wellness sessions… the list goes on. Find your friends at arc.unsw.edu.au.

Discover your favourite places

UNSW’s campus has everything you could need all in one place. You’ll find dozens of cafes and restaurants, banks, ATMs, a post office, supermarket, medical facilities, libraries, sporting facilities and more! When it’s time to hit the books, there are indoor computer labs and outdoor study areas, so you can find the right vibe to suit your study style – all with free and fast Wi-Fi.
We're known as one of the friendliest universities in Australia according to students and parents alike. We have a range of support and development services to guide you from your first day through to graduation.

We're here for you – every step of the way

Feel safe and welcome
The health and safety of our students is our number one priority. We have strict cleaning protocols in line with health authority guidelines. There is an on-campus health clinic, support for mental health, and wellbeing services designed specifically for students. We also provide 24/7 security services and have an app to help: StaySafe@UNSW.

Arriving in Sydney
With new-arrival workshops, campus tours, and even meeting you at the airport, our dedicated International Student Welcome Centre will make you feel at home with UNSW.

Help from a mate
Before you arrive, be matched with a Cultural Mentor, who is your new senior student ‘buddy’ and will answer all your questions on UNSW and Sydney. After you arrive your mentor can help you learn about Australian culture, customs and settling into student life at UNSW.

Our International Student Advisors provide personalised advice and information on university life, student visas, wellbeing and academic performance. They’re ready to chat online now or meet you in person.

We have peer support mentors, special support programs for young students under 18 years of age and Arc, our student-led organisation, runs the ‘Great Mates’ program where you can chat with experienced, senior international students. Plus, there is lots of helpful information online, visit student.unsw.edu.au/international

Academic skills support
UNSW students develop their academic skills through their faculties and an Academic Skills team. Students are supported in building their skills in everything academic - from reading and notetaking skills to academic English, writing and exam preparation. Students can access free Academic Skills workshops, individual consultations with Academic Learning Facilitators and online resources, including our academic English writing service Smarthinking.

For more information, visit student.unsw.edu.au/skills and student.unsw.edu.au/smarthinking

Scan the QR code to see where UNSW can take you.
Feel at home with a range of award-winning accommodation on and off campus at UNSW. Live within walking distance of your lecture halls, meet people from around the world, and make lifelong friends.

Accommodation at UNSW
Make friends from around the world and take comfort in the same extensive cleaning protocols that keep you safe on campus when you choose to live at UNSW. Save the commute, go home for lunch—there’s so much to love about living at UNSW.

Colleges
Live among students from all over the world including your fellow Aussies. Choose from full board, partially catered, and self-catered accommodation and options including male only, female only, and mixed male and female accommodation. Most colleges cater for dietary requirements like halal, kosher and vegetarian.

Apartments
Apartments offer independent-style living for students from all walks of life. There are apartments on and off campus and costs vary depending on the number of rooms and the location.

Private accommodation options

Rental property
Choose from numerous private rental properties located in the surrounding suburbs of UNSW. You can rent a furnished or unfurnished property. Be sure to consider additional expenses such as electricity, gas, telephone and Wi-Fi. Costs vary but usually range from AU$250 – AU$350 per student per week in a shared house or apartment.

Homestay
Homestay options include full board and single room-only accommodation. Full board usually includes a furnished room, use of facilities in a private home plus breakfast and dinner. Single room-only homestays include a furnished room, and gas and electricity expenses in the rent. You’ll need to arrange your own food, cooking, cleaning, laundry and telephone costs. Costs vary but usually range from AU$250 - AU$350 per student per week. Search our database of local private properties at studystays.unsw.edu.au.

Temporary accommodation
We recommend having three to four weeks before classes begin to arrange private housing. Be sure to book short-term accommodation first, then look for long-term options in person. Short-term accommodation can include private hotels, motels, hostels, lodges or furnished apartments ranging from AU$45 – AU$300 per day.

Private student housing assistance
UNSW’s International Student Housing Assistance (ISHA) team can help you look for temporary or private accommodation if UNSW accommodation isn’t available when you apply. For more information, visit student.unsw.edu.au/housing-assistance.

Living on campus compared to living off campus
We’ve compiled indicative costs of living on campus compared to living independently factoring in everything you need to consider from food to transport, so you can make an informed choice about where you’ll live when you study with UNSW.

Experiences to shape your future
We’re dedicated to helping you create a university experience that aligns with your ambitions. We will listen to and work with you to understand your career goals. We will support you to pursue those through industry connections, hands-on experiences and world-class campus facilities.

Our campuses
Our two Sydney campuses are home to purpose designed spaces, industry-standard technologies and facilities that will support your learning and career progression, whichever field you wish to move into.

Kensington Campus
Located between the global metropolis of Sydney’s CBD, and its world-famous beaches, UNSW’s Kensington campus hosts hundreds of clubs, societies and networking events. It’s also home to Australia’s most comprehensive entrepreneurship program – UNSW Founders.

Paddington Campus
Our Art & Design campus in inner city Sydney is a renowned creative hub. Studying here, you will have access to an unmatched array of studio, workshop and gallery spaces, as well as state-of-the-art digital production technology.

Career success
UNSW graduates succeed. They’re earning the highest median salaries of graduates from Sydney-based and Go8 universities*. Many are making contributions to the world’s most admired enterprises and organisations. Others are disrupting the status quo, launching brands and start-up businesses that make a real difference.

Build professional networks
Whichever sector you want to move into, you will be able advantage of our faculty’s connections to thousands of industry partners. You will work with and learn from staff who are not only practicing in your field, but who are also leading and shaping the future of your industry.

Gain a global mindset
As part of our diverse community of students, staff, alumni and industry partners from around the world, you will be able to build a global network. Studying at an internationally renowned university, you will learn the communication and professional skills to move into global careers and drive solutions to challenges that go beyond borders.

*QILT Graduate Outcomes Survey 2020
Architecture and Built Environment

Architecture

Master of Architecture

Program code 8143
CRICOS code 06106G
Duration 2 years
Entry February and September
Estimated first year tuition A$42,000

Build on the disciplinary foundation of a Bachelor-level architecture degree with a Master of Architecture. This degree provides advanced knowledge of architectural design, professional practice, environmental design and construction and structures. You can choose one of four program streams to tailor our degree to a specific field of your interest. The Master of Architecture prepares you to practice in architecture and other design-based industries.

Areas of specialisations
• High-Performance Technology
• Housing
• Social Agency
• Urban Conditions
• Generalist (no stream specialisation)

Entry requirements
1. US credit average (or equivalent) in applicant’s undergraduate architecture degree OR
2. Applicants who have completed the Bachelor of Architectural Studies (or equivalent) but do not meet the entry requirements specified above may be considered after they have obtained work experience in an architectural office. Work experience will be individually assessed based on the following submission:
   • A logbook record of a minimum 12 months full-time work or the equivalent
   • A referee report from the employer
   • A portfolio of the work undertaken during this period OR
3. UNSW Bachelor of Interior Architecture (Honours) graduates will meet entry requirements for the Master of Architecture if they complete the architecture elective pathway in the Bachelor of Interior Architecture (3256) degree. Students will need to complete the following courses as part of this pathway, and achieve an overall WAM of 65. These courses will count as electives in their BIA program.

Students from international universities must provide a portfolio of their design work. The portfolio should include sample works from various stages of their undergraduate degree, and text should accompany all drawings to explain the projects. Professional work can be included, but the degree of responsibility for the work must be stated. The portfolio must be in digital format. For a guide to portfolio submission, visit http://unsw.edu.au/degrees/postgraduate/descriptions/master-of-architecture.

Professional accreditation
The Master of Architecture builds on the UNSW Bachelor of Architectural Studies degree and presently has full five-year accreditation from the Architects Accreditation Council of Australia (AACA) and NSW Architects Registration Board. Upon successful completion of their studies, Master of Architecture graduates are then eligible to apply for the Architectural Practice Examination (APE) which will be undertaken in order to become a Registered Architect in Australia.

Graduate Diploma in Architecture

Program code 8148
CRICOS code 088357K
Duration 0.7 years
Entry February and September
Estimated first year tuition A$53,880

Entry requirements
A recognised bachelor’s degree with at least a credit average (65%). Applicants who have achieved less than a credit average may be eligible for admission on a case-by-case basis. Where qualifications are not considered adequate, admission may be permitted to the Graduate Certificate in City Planning, with the possibility of upgrading to the Master program, subject to satisfactory performance.

Professional accreditation
The program is accredited by the Planning Institute of Australia (PIA). Graduates are eligible subject to professional experience requirements, for corporate membership of PIA.

City Planning

Planning is an exciting, varied and progressive profession, which plays a pivotal role in decisions shaping the future of cities and regions. The City Planning programs provide a solid foundation to pursue planning and urban policy-related career opportunities. The two-year master’s degree is professionally accredited, and gives students the chance to undertake a major capstone project in their chosen area of interest. Graduate Diploma and Graduate Certificate programs are also available.

Master of City Planning

Program code 8148
CRICOS code 088355A
Duration 2 years
Entry February and September
Estimated first year tuition A$53,880

Entry requirements
A recognised bachelor’s degree with at least a credit average (65%), or where qualifications are not considered adequate, admission may be permitted to the Graduate Certificate in City Planning, with the possibility of upgrading to the Graduate Diploma program, subject to satisfactory performance.

Professional accreditation
The program is accredited by the Planning Institute of Australia (PIA). Graduates are eligible subject to professional experience requirements, for corporate membership of PIA.

Graduate Diploma in City Planning

Program code 8148
CRICOS code 088355N
Duration 1 year
Entry February and September
Estimated first year tuition A$53,880

Entry requirements
A recognised bachelor’s degree with at least a credit average (65%). The program is accredited by the Planning Institute of Australia (PIA). Graduates are eligible subject to professional experience requirements, for corporate membership of PIA.

Graduate Certificate in City Planning

Program code 8148
CRICOS code 088357K
Duration 0.7 years
Entry February and September
Estimated first year tuition A$53,880

Entry requirements
A recognised bachelor’s degree with at least a credit average (65%). Applicants who have achieved less than a credit average may be eligible for admission on a case-by-case basis. Where qualifications are not considered adequate, admission may be permitted to the Graduate Certificate in City Planning, with the possibility of upgrading to the Graduate Diploma program, subject to satisfactory performance.
A two-year program in Construction Project Management is also available. Refer to program 8318 Master of Construction Project Management/Property and Development on opposite page.

The Master of Construction Project Management teaches modern management methods and how to apply these principles to complex buildings and infrastructure. You will develop proficiency to meet construction management challenges, in today and tomorrow’s professional settings.

**Entry requirements**
- A recognised bachelor’s degree (or equivalent) in a relevant field such as building, construction management, construction economics, civil engineering, mining engineering, material engineering, architecture, landscape architecture, interior architecture, urban planning, quantity surveying, property development, real estate, law, or business with at least a credit average (65%), or
- An undergraduate degree in any field with at least a credit average (65%), and three years of construction industry experience at a management level, or
- A Graduate Certificate in Construction Project Management with a credit average (65%).

Additionally, applicants who have met these requirements but also have an honours or master’s degree with at least a credit average (65%) in a relevant field, or an honours degree with a credit average in an unrelated field plus 3 years construction industry experience at a managerial level, may be eligible for 24 UOC of advanced standing (course credit).

**Professional accreditation**
The program has been accredited by the Australian Institute of Building (AIB) and the Royal Institute of Chartered Surveyors (RICS). Graduates will be eligible to apply for membership with both AIB and RICS.

---

**Property and Development**

**Master of Property and Development**

**Entry requirements**
- A recognised bachelor’s degree (or equivalent) in a relevant field such as building, construction management, construction economics, civil engineering, mining engineering, material engineering, architecture, landscape architecture, interior architecture, urban planning, quantity surveying, property development, real estate, law, or business with at least a credit average (65%), or
- An undergraduate degree in any field with at least a credit average (65%), and three years of property industry experience at a management level, or
- A Graduate Certificate in Property Development with at least a credit average (65%).

Additionally, applicants who have met these requirements but also have an honours degree or master’s degree with at least a credit average (65%) in a relevant field, or an honours degree with at least a credit average (65%) in any field plus 3 years property industry experience at management level, may be eligible for 24 UOC of advanced standing (course credit).

**Professional accreditation**
The program has been accredited by the Australian Property Institute (API). The program has been accredited by both the construction and property industries.

**Double degree program**

**Master of Construction Project Management/Property and Development**

**Entry requirements**
- A recognised bachelor’s degree (or equivalent) in a relevant field such as building, construction management, construction economics, civil engineering, mining engineering, material engineering, architecture, landscape architecture, interior architecture, urban planning, quantity surveying, property development, real estate, law, or business with at least a credit average (65%), or
- An undergraduate degree in any field with at least a credit average (65%), and three years of property industry experience at a management level, or
- A Graduate Certificate in Property Development with at least a credit average (65%).

Additionally, applicants who have met these requirements but also have an honours degree or master’s degree with at least a credit average (65%) in a relevant field, or an honours degree with at least a credit average (65%) in any field plus 3 years property industry experience at management level, may be eligible for 24 UOC of advanced standing (course credit).

**Professional accreditation**
This unique degree will provide you with dual qualifications in property development and construction management and professional accreditations in both the construction and property industries.

**Entry requirements**
Please see the single degree (8121 and 8127).
Art and Design
Curating and Cultural Leadership

Launch a dynamic career in contemporary curating by generating new ideas and setting cultural agendas. The Curating and Cultural Leadership programs forge connections between curating, audience engagement, policy, management, critical writing, promotion, production, and other emerging aspects of this field. The programs are customisable and include an industry-based project at postgraduate level, allowing you to build your skills and professional networks.

Areas of study
Curating focuses on contemporary curating as a diverse and dynamic profession which plays a key role in setting cultural agendas and discovering new ground. The curatorial strand emphasises experimentation and the development of a strong independent practice through curatorial studios and live public projects.

Cultural Leadership includes museum management, public programming and engagement, education, policy, critical writing, promotion, production, and new emerging roles. It emphasises the fluid boundaries between all these activities and promotes a collaborative approach. This strand fosters a vision of leadership that is diverse and limited by neither age nor status. It educates students to develop a unique individual philosophy underpinned by a robust and flexible skill set.

Curating and Cultural Leadership programs forge connections generating new ideas and setting cultural agendas. The Launch a dynamic career in contemporary curating by Philosophy.

Master of Curating and Cultural Leadership

Program code 9318
CRICOS code 082201A
Duration 1, 1.7 or 2 years
Entry February, June and September
Estimated first year tuition A$37,200

Entry requirements
Depending on the level and nature of prior qualifications, admission to the Master of Curating and Cultural Leadership has three entry points with different durations:

2 Year Program (96 UOC)
- A recognised bachelor degree in any field with at least a credit average (65%) or equivalent. This provides admission into the two-year program (96 UOC).

1.7 Year Program (72 UOC)
- A recognised bachelor degree in a related field with at least a credit average (65%) or equivalent. Applicants without a bachelor’s degree may be admitted to the Graduate Certificate on a case-by-case basis by the Program Director based on a continuous history of employment in an art related field.

1 Year Program (48 UOC)
- An honours degree in a related field. This provides direct admission to the advanced one-year program (48 UOC).

Related fields include: Curatorial Studies, Librarianship and Information Management, the Creative Arts such as Fine Arts, Art history, Art Theory, Museum Studies, Visual Arts and Crafts, Performing Arts, Graphic and Design Studies, Communication and Media Studies, Studies in Human Society such as Sociology, Anthropology, History, Archaeology, Human Geography, Indigenous Studies, Gender Specific Studies, Political Science and Policy Studies, Literature, and Philosophy.

“Like that UNSW is a really prestigious institution and has links to some pretty big industries, so I know that will look good on my resume.”

Evena Wong, Malaysia
Master of Design

UNSW’s design programs are interdisciplinary, industry-engaged and focused on the role of design in innovation and the global economy. You will combine technology, design thinking, conceptual exploration with practical skills to take your professional and practical design knowledge to an advanced level.

Areas of practice
You will choose from the following studio-based courses to either focus on a specific area of design and digital media practice or to put together your own suite of courses.

Graphic Communication addresses graphic design for paper and print, the screen and broadcast, encompassing contemporary typography, graphic design and cross-cultural communication strategies in designing for different audiences.

Visualisation and Visual Effects focuses on the practices of designing for animation, 3D, sound, film, video, illustration and computing.

Future Making: Materials and Objects focuses on the making of objects with new materials, digital technologies and craftsmanship. It addresses the integration of technical knowledge and skills with material and contextual understanding. Future making works with ceramics, jewellery, metal, textiles, furniture and lighting.

Graphic Communication

Graduate Diploma in Cultural Leadership

Program code 5312
CRICOS code 082209M
Duration 1 year
Entry February and September
Estimated first year tuition A$37,200

Entry requirements
- A recognised bachelor’s degree in any field.

A Graduate Certificate in Cultural Leadership with at least a credit average (65%). Applicants without a bachelor’s degree may be admitted to the Graduate Certificate on a case-by-case basis by the Program Director based on a portfolio of work and professional experience. Applicants who apply with a bachelor’s degree or honours degree with at least a credit average (65%) or equivalent. The bachelor’s degree can be in any field. Applicants who apply from non-related fields will be admitted on successful assessment of a submitted portfolio.

Future Making: Materials and Objects

Visiting an interdisciplinary and collaborative environment, you gain new skills and knowledge to enable you to contribute to industries such as architecture, art and design, and arts and entertainment services.

Areas of study
This program focuses on contemporary curating and curatorial practice and is designed to prepare students for a range of roles in the arts and design industries.

Future Making: Materials and Objects focuses on the making of objects with new materials, digital technologies and craftsmanship. It addresses the integration of technical knowledge and skills with material and contextual understanding. Future making works with ceramics, jewellery, metal, textiles, furniture and lighting.

Future Making: Materials and Objects

Graduate Certificate in Cultural Leadership

Program code 7318
CRICOS code 082209K
Duration 8.7 years
Entry February and September
Estimated first year tuition A$18,600

Entry requirements
- A recognised bachelor’s degree in any field.

A Graduate Certificate in Cultural Leadership with at least a credit average (65%). This provides admission into the one-year program (48 UOC).

Future Making: Materials and Objects

You will choose from the following studio-based courses to either focus on a specific area of design and digital media practice or to put together your own suite of courses.

Areas of study
Future Making: Materials and Objects focuses on the making of objects with new materials, digital technologies and craftsmanship. It addresses the integration of technical knowledge and skills with material and contextual understanding. Future making works with ceramics, jewellery, metal, textiles, furniture and lighting.

Master of Design

UNSW’s design programs are interdisciplinary, industry-engaged and focused on the role of design in innovation and the global economy. You will combine technology, design thinking, conceptual exploration with practical skills to take your professional and practical design knowledge to an advanced level.

Areas of practice
You will choose from the following studio-based courses to either focus on a specific area of design and digital media practice or to put together your own suite of courses.

Superficial Experiences engages with the design of processes, services, events and environments, with a focus on the quality of the user experience.

Interaction and User Experience (UX) Design covers visual communication and user experience across graphics, media and emergent interactive technologies.

Visualisation and Visual Effects focuses on the practices of designing for animation, 3D, sound, film, video, illustration and computing.

Future Making: Materials and Objects focuses on the making of objects with new materials, digital technologies and craftsmanship. It addresses the integration of technical knowledge and skills with material and contextual understanding. Future making works with ceramics, jewellery, metal, textiles, furniture and lighting.

Future Making: Materials and Objects

Art and Design courses are delivered at our specialist Paddington Campus.
Visualisation, Simulation, and Immersive Design

Interested in VR, AR, MR or Simulation? Equip yourself to become a future-ready design leader, capable of understanding and meeting the growing demand of immersive practices across a multitude of industries. The Visualisation, Simulation & Immersive Design programs offer a unique human-centric, design-led approach to immersive technology focusing on human perception and experience. You will learn the how, why, when and where to effectively utilise these in demand skills in a variety of industries.

Visualisation, Simulation, and Immersive Design programs are designed to accommodate busy professionals. This program can be completed fully online.

**Master of Applied Linguistics**

**Program code**: 6236  
**CRICOS code**: 68228M  
**Duration**: 1, 1.7 or 2 years  
**Entry**: February, June and September  
**Estimated first year tuition**: A$36,480*  

Do you have a deep interest in the workings of language? The Master of Applied Linguistics is a professionally relevant degree for students who want to use linguistic knowledge to solve language related problems and help to remove barriers to intercultural communication. The study of linguistics can be applied across a range of diverse fields from working with migrant communities to careers as language specialists, experts in language acquisition and bilingualism, language planners, and language education professionals.

**Entry requirements**
- Depending on the level and nature of prior qualifications, admission to the Master of Applied Linguistics has three entry points with different duration.
  - 1 year program (48 UOC)
    - A recognised Honours degree or graduate diploma in a related field with at least a credit average (65%) or equivalent; or
  - 1.7 year program (72 UOC)
    - A recognised bachelor’s degree in a related field with at least a credit average (65%) or equivalent; or
    - A recognised bachelor’s degree in any field with at least a credit average (65%) or equivalent; or
  - 2 year program (96 UOC)*
    - A recognised bachelor’s degree in any field with at least a credit average (65%) or equivalent.

*Students who are eligible for the 1 year and/or 1.7 year programs are also permitted to study the 2 year program.

**Relevant disciplines include**: Linguistics, Languages, TESOL, Cognitive Science, Speech Pathology, Interpreting, Translation, and Health Sciences. Relevant professional experience includes work in a language-related area including teaching English as a second or foreign language or a language other than English, translating, interpreting, curriculum design, and other relevant language professions.

---

**Master of Development Studies**

**Program code**: 5842  
**CRICOS code**: 68228M  
**Duration**: 1, 1.7 or 2 years  
**Entry**: February and September  
**Estimated first year tuition**: A$36,480*  

The Master of Development Studies is an interactive degree that provides specialist studies in international development at local, national and global levels. Alongside academics who are at the forefront of national and international development practice, you will take a hands-on approach to understanding issues around human rights, social justice and community development.

**Entry requirements**
- Depending on the level and nature of prior qualifications, admission to the Master of Development Studies has three entry points with different duration.
  - 1 year program (48 UOC)
    - A recognised Honours degree or graduate diploma in a related field with at least a credit average (65%) or equivalent; or
  - 1.7 year program (72 UOC)
    - A recognised bachelor’s degree in a related field with at least a credit average (65%) or equivalent; or
    - A recognised bachelor’s degree in any field with at least a credit average (65%) or equivalent; or
  - 2 year program (96 UOC)*
    - A recognised bachelor’s degree in any field with at least a credit average (65%) or equivalent.

*Students who are eligible for the 1 year and/or 1.7 year programs are also permitted to study the 2 year program.

**Master of Educational Leadership**

**Program code**: 9810  
**CRICOS code**: 000491B  
**Duration**: 1 year  
**Entry**: February, June and September  
**Estimated first year tuition**: A$36,480*  

The Master of Educational Leadership provides aspiring and current educational leaders with an understanding of theory, research and practice in educational leadership. You will gain the ability to apply disciplinary principles and practices to new or complex educational environments. In this collaborative degree you will share research and experiences with other education colleagues and specialise by choosing from a wide range of electives.

- Educational Psychology  
- Curriculum and Assessment  
- Higher Education  
- Special Education  
- Language and Literature  
- Educational Leadership  
- Educational Organisations  
- Teaching and Learning  
- School Management  
- Educational Policy  
- Professional Development  
- Women in Education

**Professional accreditation**
- These programs are endorsed by the NSW Education Standards Authority (NESA) as registered professional development.

*International students may be restricted from taking this specialisation due to professional practice requirements. For further details, please contact the School of Education, education@unsw.edu.au

Environmental Management

Master of Environmental Management

Entry requirements
Depending on the level and nature of prior qualifications, admission to the Master of Environmental Management has three entry points with different duration:

1 year program (48 UOC)
- A recognised honours degree or graduate diploma in a related field with at least a credit average (65%) or equivalent; or
- A recognised bachelor’s degree in a related field with at least a credit average (65%) or equivalent; or
- A recognised bachelor’s degree in a related field, plus one year of relevant professional experience.

1.7 year program (72 UOC)
- A recognised bachelor’s degree in a related field with at least a credit average (65%) or equivalent; or
- A recognised bachelor’s degree in any field with at least a credit average (65%) or equivalent; or
- A recognised honours degree or graduate diploma in any field with at least a credit average (65%) or equivalent.

2 year program (96 UOC)*
- A recognised bachelor’s degree in any field with at least a credit average (65%) or equivalent. This provides admission into the two-year program (96 UOC).

*Students who are eligible for the 1 year and/or 1.7 year program are also permitted to study the 2 year program. Relevant experience will also be considered for admission. In special circumstances, students who do not have the relevant qualifications may be considered for admission into the Graduate Certificate. In these cases, credit level performance or the Graduate Certificate may lead to articulation with the Graduate Diploma and the Master programs. Please also refer to information regarding articulation rules.

Note: Students from a non-211 university in China are required to have a record of academic achievement equivalent to a UNSW distinction average (75%).

Relevant disciplines include: Environmental Science, Policy, Humanities, Sociology, Planning, Management, etc.

Relevant professional experience includes: Environmental officer, planner, manager or similar in government or for catchment authorities, environmental consulting, reporting, assessment, monitoring and evaluation/auditing, environmental outreach or education, research assistant or associate on environmental themes, NGO or international organisation environmental campaign manager.

Environmental Certificate in Environmental Management

Entry requirements
- A recognised bachelor’s degree in any field with at least a credit average (65%) or equivalent.

Environmental Diploma in Environmental Management

Entry requirements
- A recognised bachelor’s degree in any field with at least a credit average (65%) or equivalent. This provides admission into the one-year program (48 UOC).

International Relations

Master of International Relations

Entry requirements
Depending on the level and nature of prior qualifications, admission to the Master of International Relations has three entry points with different duration:

1 year program (48 UOC)
- A recognised honours degree or graduate diploma in a related field with at least a credit average (65%) or equivalent; or
- A recognised bachelor’s degree in a related field with at least a credit average (65%) or equivalent; or
- A recognised bachelor’s degree in a related field, plus one year of relevant professional experience; or
- A recognised honours degree or graduate diploma in any field with at least a credit average (65%) or equivalent.

1.7 year program (72 UOC)
- A recognised bachelor’s degree in a related field with at least a credit average (65%) or equivalent; or
- A recognised bachelor’s degree in any field with at least a credit average (65%) or equivalent; or
- A recognised honours degree or graduate diploma in any field with at least a credit average (65%) or equivalent; or
- A recognised bachelor’s degree in any field, plus one year of relevant professional experience.

2 year program (96 UOC)*
- A recognised bachelor’s degree in any field with at least a credit average (65%) or equivalent.

*Students who are eligible for the 1 year and/or 1.7 year program are also permitted to study the 2 year program.

Note: Students from a non-211 university in China are required to have a record of academic achievement equivalent to a UNSW distinction average (75%).

Relevant disciplines include: Social Sciences, Humanities, Business, Economics, Law, Public Health, and Communications.

Relevant professional experience includes: Either paid or volunteer work (including internships) undertaken in federal government agencies/departments, intergovernmental agencies, international agencies or institutions, non-governmental organisations, or private research bodies. The work undertaken must relate directly to international issues or concerns (e.g., foreign policy, defence and national security, global policy issues and trade).
Master of Public Policy and Governance

Entry requirements

- A recognised bachelor’s degree (or equivalent qualification) in any discipline with at least a credit average (65%) or equivalent and an advanced level of bilingual proficiency.

Areas of specialisation:
Legal, medical, business, community, conference interpreting, and interpreting technologies.

Translation and Interpreting

Master of Translation

Entry requirements

- A recognised bachelor’s degree in a related field with at least a credit average (65%) or equivalent and an advanced level of bilingual proficiency.

Areas of specialisation:
Media translation, specialised translation, community translation, subtitling and captioning as well as the use of translation technologies, including machine translation, computer-assisted translation tools, project management, and post-editing.
Master of Teaching (Secondary)

Method courses
- Abnormal Studies
- Biology
- Business Studies
- Chemistry
- Chemistry/Biology
- Drama (Theatre and Performance Studies)
- Earth and Environmental Science
- Economics
- English
- English as an Additional Language or Dialect (EAL/D)

Entry requirements
- A recognised three-year bachelor’s degree with at least a credit average (60%) or higher and meets the prerequisites for the selected teaching methods/specialisations.

Additional English language requirements
A very high level of competence in spoken and written English is required for this degree. You’ll need an equivalent to a Band 5 in IELTS, including a minimum of 7.0 in reading and writing, or the equivalent.

Professional accreditation
This program is accredited by the NSW Education Standards Authority (NESA).

Entry requirements
- A recognised bachelor’s degree with at least a credit average (60%) or higher and meets the prerequisites for the selected teaching methods/specialisations.

Entry requirements
- A recognised three-year bachelor’s degree with at least a credit average (60%), consisting of at least six units of undergraduate study with more than two at first year and at least two at third year, in one key learning area, and at least two units of study in one or more other key learning areas; and
- The successful completion of the national Literacy and Numeracy Test (LANTITE) in first year of study.

Key Learning Areas (KLA) include:
- English (literacy, communications, linguistics, creative writing, media studies)
- Mathematics (pure or applied maths)
- Science and Technology (agriculture, architecture, biology, biotechnology, chemistry, computing studies, design - interior, industrial, graphics, fashion, product, landscape (2 units only), design and technology, engineering, geology, earth and/or environmental science, materials science, medicine, nursing, physics, psychology)
- Human Society and its Environment (Aboriginal studies/languages, anthropology, archaeology, Asian or Pacific studies, economics/business studies, cultural studies/sociology, geography/ environmental studies, government and citizenship, history, legal studies, political science, studies of religion)

Creative Arts (dance, drama, music, visual arts, fine arts)

Life at UNSW Business School is about more than lectures and tutorials. Our business clubs and societies introduce you to people who share your interests and passions. UNSW Business School’s Graduate Student Association will enhance your postgraduate student experience through professional development, social events and networking opportunities, empowering you to create your own future.

Career Accelerator

Our degrees bring the boardroom to the classroom with a range of hands-on professional learning opportunities, exclusive to UNSW Business School. Career Accelerator career development experiences ensure you graduate career-ready, prepared to hit the ground running in the workforce.

Real world experience

Gain real-world business experience while you study by choosing from a range of for-credit and extra-curricular options. Participate in a consulting project for our industry partners, explore potential career paths through virtual internships, complete short business experiences in parallel to your studies, or take on a social entrepreneurship project.

Australian Business Essentials offers you the opportunity to develop your professional communication skills and gain a good understanding of Australian culture and the workplace through interactive workshops, volunteering experiences and team building activities.

Professional networking

Get personalised advice from experienced industry professionals as part of our ten-week, structured Career Mentoring Program. Hear challenges, trends and opportunities at our Business Insights events where experienced professionals share their thought leadership with our students. Grow your network of peers by participating in career development workshops, attending career showcases, or joining a Community Wednesday event. Our student clubs and societies hold regular industry events, upskilling workshops, lecture review sessions and social and professional networking events.

Global opportunities

Experience business around the world with our range of global opportunities, including short overseas electives, practicums and international exchanges. Through a Global Business Practicum, you can do a practical consulting project with our industry partners in international business hubs including Indonesia and Vietnam. (Note: Global Business Practicums are offered virtually while travel restrictions are in place).

Graduate Diploma

The Master of Actuarial Studies is designed for students with a strong background in actuarial studies, economics, mathematics or statistics. This degree is ideal if you want to develop the technical expertise required to become an actuarial analyst or roles in the broader financial services industry.

The Master of Actuarial (Extension) adds four courses to the Master of Actuarial Studies, allowing you to study advanced actuarial and risk management topics. You’ll extend your expertise in the area and setting yourself apart from others in the profession.

Professional accreditation

Upon completion of this degree, you will be eligible for exemptions for core technical subjects (CT 1–8) of the Institute and Faculty of Actuaries of Australia, the Institute of Actuaries Australia, the Institute of Actuaries of the UK, and for VEE from the North American Society of Actuaries. UOW’s School of Risk and Actuarial Studies is also internationally recognised by the Center of Actuarial Excellence, Society of Actuaries.

Entry requirements

- A relevant bachelor’s degree (or equivalent qualification); or
- A major (at least seven courses) in Actuarial Studies, Econometrics, Mathematics, or Statistics

Recognition of prior learning

Recognition of prior learning or professional recognition, up to 4 courses credits (24 UOC), may be granted (towards the 4 core courses) based on your previous studies in actuarial studies (bachelor’s or higher). Additional course credits (up to 2 courses) may be awarded based on an incomplete postgraduate degree and/or professional examinations for the fellowship of the Institute of Actuaries of Australia, the Institute of Actuaries (UK) or the Society of Actuaries.

Recognition of prior learning

Note: This degree is suitable if you haven’t completed any actuarial studies but have an economics, mathematics, or statistics background and you are pursuing an actuarial career.

Master of Actuarial Studies (Extension)

Program code 8416
CRICOS code 06978K
Duration 2.7 years
Entry February, June and September
Estimated first year tuition AUD$48,248

Entry requirements

- A recognised bachelor’s degree or equivalent qualification in actuarial studies, economics, mathematics, or statistics with at least a credit average (65%); and
- A major (at least seven courses) in Actuarial Studies, Economics, Mathematics, or Statistics

Graduate Certificate in Business Analytics

The Graduate Certificate in Business Analytics will give you a foundational knowledge in business analytics as well as the technical skills to obtain actionable insights from data. You’ll be introduced to conceptual frameworks, modelling techniques, database management and ethical debates as part of a comprehensive education in business analytics. The program is a pathway to the Master of Commerce or Master of Commerce (Extension).

Program code 7466
CRICOS code 103144E
Duration 0.7 year
Entry February, June and September
Estimated first year tuition AUD$24,120

Entry requirements

- A recognised bachelor’s degree with at least a credit average (65%); or
- 5 years relevant work experience for example, clerical or administrative work in a commercial or public service organisation, supervisory or management, banking, finance or marketing experience or other business-related positions.

You can also develop expertise in data and analytics with the Master of Commerce, specialising in Business Analytics or Marketing Analytics. See page 63 for details.

Business Administration

The AGSM Master of Business Administration (MBA) will prepare you for general management and executive leadership roles in business, government and not-for-profit organisations. Acquire management insights from current business leaders and benefit from diverse and globalised knowledge of your fellow students.

The MBA (Extension) allows you to extend your study plan to include an additional term for an internship or research project. You can study the MBA (full-time) with the addition of an extra session (Extension Session). For more information, visit agsm.edu.au

Career and recruitment services

Career Services is a key part of AGSM and goes beyond just sourcing potential employment opportunities. AGSM Career Services Unit provides you with the tools for successful job seeking and career advancement plus the guidance and support required to map out your long-term career path.

Career management programs offer you a range of skills to proactively manage your career. Delivered face-to-face via classroom/online sessions or online through the AGSM MBA Career Centre.

Career advice/guidance offers you individualised career development, giving you access to personalised career guidance and support.

Recruitment services helps you build strong relationships with employers who are seeking MBA graduates. We align the skills and experience of MBA students with the needs of organisations to find the perfect professional fit.

The Career Services Unit engages with recruiters and draws on our strong alumni community. We’ve worked with first-class companies including ABN AMRO Bank N.V., A.T. Kearney, Barclays Bank PLC, BMW (Japan), Boral Limited, Mercer LLC (China) and McKinsey & Company.

Professional recognition

The AGSM program is accredited by the Association to Advance Collegiate Schools of Business (AACSB) and has European Foundation for Management Development (EFMD) EQIS accreditation. AGSM is part of the world’s leading business schools – only 180 of more than 13,000 business schools in the world have received EQIS accreditation.

Scholarships

AGSM offers a range of scholarships for exceptional candidates who demonstrate leadership potential, academic ability and a commitment to their community.
UNSW BUSINESS SCHOOL

AGSM MBAX (Online)

Depending on the specialisation chosen, the Master of Commerce meets the education requirement of various professional bodies including Australian Human Resources Institute, Australian Securities and Investment Commission, Financial Adviser Standards and Ethics Authority (FASEA), and Chartered Institute of Management Accountants.

Master of Commerce

Entry requirements
• A recognised bachelor’s degree (or equivalent qualification) with at least a credit average (65%).

Recognition of Prior Learning
Up to four courses (24 UOC) may be awarded based on your previous business studies (bachelor’s or higher).

Graduate Certificate in Commerce

Entry requirements
• A recognised bachelor’s degree (or equivalent qualification) with at least a credit average (65%).

Note: The Master of Commerce (Extension) is designed for students who want to study two business specialisations to expand their career options.

Possible combinations include:
• Marketing and Marketing Analytics
• Global Sustainability and Social Impact and International Business
• Innovation & Entrepreneurship and Finance
• Business Strategy and Economics and Finance

“I studying my masters at UNSW was about more than getting a degree. I connected with industry leaders, sat as an executive member of a student society and took part in entrepreneurial competitions. These experiences combined with UNSW’s reputation as a leading business school, locally and internationally, made me stand out from the crowd.”

Shirin Shiran, Master of Commerce
Economics

Note:
The Master of Finance was accepted as an approved course for credit in the University Recognition Program of the CFA Institute. The courses in this program are closely linked to professional practice and can help you prepare for the CFA examinations.

International students are not eligible for an Australian student visa for this program.

[1] Relevant work experience, which includes relevant academic work.

[2] Minimum five consecutive years of employment in the prior field of work.
Professional Accounting

Gain expert knowledge and skills for a successful career in accounting with the Master of Professional Accounting. You’ll develop a solid foundation in business with a strong accounting acumen. Learn from industry-experienced academics to gain professional recognition with leading accounting bodies.

The Master of Professional Accounting (Extension) follows the structure of the Master of Professional Accounting with four extra courses in your choice of electives to further your knowledge.

Professional recognition
This program meets the educational requirements of peak professional accounting bodies including CPA Australia, Chartered Accountants Australia and New Zealand (CAANZ), ACCA (Accounting), and Institute of Public Accountants (IPA).

Master of Professional Accounting

Program code 8409
CRICOS code 081021J
Duration 1.7 years
Entry February, June and September
Estimated first year tuition AUD$48,240

Entry requirements
• A recognised bachelor’s degree (or equivalent qualification) with at least a credit average (65%).

Note: This program is suitable for graduates with limited or no previous study in Accounting.

Recognition of Prior Learning
Up to four courses (24 UOC) may be awarded based on your previous business studies (bachelor’s degree and higher).

Master of Professional Accounting (Extension)

Program code 8415
CRICOS code 085635K
Duration 2 years
Entry February, June and September
Estimated first year tuition AUD$48,240

Entry requirements
• A recognised bachelor’s degree (or equivalent qualification) with at least a credit average (65%).

The Master of Professional Accounting (Extension) will build on your study by adding four elective courses to gain additional knowledge in accounting or other related business areas.

Entry requirements
• A recognised bachelor’s degree (or equivalent qualification) with at least a credit average (65%).

Social Impact

UNSW’s Social Impact programs will give you the professional courage to enact social change. Specialise in corporate social responsibility; study the foundation and evolution of the social economy; and gain a deeper understanding of how business, investment and governance and the not-for-profit sectors. Develop the skills and knowledge to be a social manager and entrepreneur.

UNSW’s Social Impact programs will give you the professional courage to enact social change. Specialise in corporate social responsibility; study the foundation and evolution of the social economy; and gain a deeper understanding of how business, investment and governance and the not-for-profit sectors. Develop the skills and knowledge to be a social manager and entrepreneur.

Graduate Certificate in Taxation

Entry requirements
Category A
• A recognised bachelor’s degree (or equivalent qualification) in Taxation, Law, Accounting or Business as determined by the UNSW Business School; or

Category B
• A recognised bachelor’s degree or equivalent as determined by UNSW Business School, and a minimum two years of full-time relevant work experience; and

• Submission of a detailed resume outlining relevant competencies and achievements and evidence of academic and professional qualifications.

Note: Courses in these degrees are delivered in a variety of modes including online, face-to-face and intensive. If you’ll be studying online from your home country, no student visa is required. Studying these degrees at face-to-face at UNSW Sydney requires a student visa.

Graduate Diploma in Social Impact

Entry requirements
Category A
• A recognised bachelor’s degree (or equivalent qualification) with at least a credit average (65%), and a minimum two years of full-time relevant work experience; or

Category B
• A recognised bachelor’s degree (or equivalent qualification) with at least a credit average (65%), and at least five years full-time relevant work experience in government, corporate or not-for-profit sector; or

Category C
• Students completing the Graduate Certificate in Social Impact with a minimum overall WAM (65%).

Graduate Certificate in Social Impact

Entry requirements
Please see Graduate Diploma in Social Impact (SS57).

Graduate Diploma in Social Impact

Entry requirements
Category A
• A recognised bachelor’s degree (or equivalent qualification) with at least a credit average (65%), and a minimum two years of full-time relevant work experience; or

Category B
• A recognised bachelor’s degree (or equivalent qualification) with at least a credit average (65%), and at least five years full-time relevant work experience in government, corporate or not-for-profit sector; or

Category C
• Students completing the Graduate Certificate in Social Impact with a minimum overall WAM (65%).

Graduate Diploma in Social Impact

Entry requirements
Please see Graduate Diploma in Social Impact (SS57).
Pre-doctoral Business

Master of Pre-Doctoral Business

Entry requirements
- The equivalent of a three-year undergraduate degree, plus a postgraduate degree in a relevant discipline with at least a credit average (75%), or
- The equivalent of multiple undergraduate degrees, such as a double degree from UNSW, with at least one degree in a relevant discipline, and at least a credit average (75%), or
- The equivalent of a four-year bachelor’s degree with first or upper second-class honours from UNSW in a relevant discipline.

Economics stream applicants must provide results for the GRE unless waived by the Stream Convenor. Marketing stream applicants must provide results for the GMAT unless waived by the Stream Convenor.

You must submit a 300-word statement outlining your research interests as well as three potential referees. Admission is at the discretion of the UNSW Business School and depends on the Business School research supervision capacity and resources available for your research interests.

Research Programs

UNSW Business School is internationally recognised for world-class research. Our research degrees will expand your knowledge in your chosen field. Be inspired to think deeply and develop independent cutting-edge research. The higher degree research programs have been designed to equip candidates with the skills required for a future research career in the world’s elite institutions.

Entry requirements
- Accounting
- Banking and Finance
- Economics
- Information Systems
- Marketing
- Management
- Risk and Actuarial Studies
- Taxation
- Business Law

Areas of specialisation
- Accounting
- Banking and Finance
- Economics

- Economics
- Human Resource Management
- Industrial Relations
- International Business
- Information Systems and Management
- Marketing
- Organisational Behaviour
- Strategy and Entrepreneurship
- Taxation and Business Law

Master of Philosophy - Commerce and Economics

Entry requirements
- An undergraduate degree and a master’s degree in a related discipline with at least an overall grade of distinction (75%); or
- An undergraduate degree and equivalent academic qualification or research output in the form of publications or relevant work experience.

Areas of specialisation
- Accounting
- Actuarial Studies
- Banking and Finance
- Economics
- Human Resource Management
- Industrial Relations
- International Business
- Information Systems and Management
- Marketing
- Organisational Behaviour
- Strategy and Entrepreneurship
- Taxation and Business Law

Doctor of Philosophy (PhD)

Entry requirements
- The equivalent of a three-year undergraduate degree plus a postgraduate degree in a relevant discipline from UNSW with at least a credit average (75%), or
- The equivalent of multiple undergraduate degrees, such as a UNSW double degree, with at least one in a relevant discipline, and at least a credit average (75%), or
- The equivalent of a four-year bachelor’s degree with first or upper second-class honours from a relevant discipline.
- Candidates may be admitted to the PhD program after one year’s full-time enrolment in a Masters by Research program, with the approval of the Faculty Postgraduate Affairs Committee.

Areas of specialisation
- Accounting
- Actuarial Studies
- Banking and Finance
- Economics
- Human Resource Management

Water and Waste Engineers

Empower yourself at a globally renowned Engineering faculty, where passion, diverse perspectives and a hands-on approach create solutions for a better world.

Set yourself apart studying at the #1 Engineering faculty in Australia* with the largest range of disciplines, including emerging areas like Quantum Engineering and Renewable Energy Engineering.*

*QS Rankings by Subject 2021

Enrich your studies through our diverse and inclusive student community. Our clubs and societies bring students together for professional development programs and networking opportunities.

For more information, visit engineering.unsw.edu.au
Real-world engineering
From day one, you will develop your abilities as an engineer, in the classroom and through hands-on practical experience. Build valuable industry networks and contacts with our unparalleled industry connections and while you study. Learn from industry leaders, create and design projects in our Makerspaces and participate in student projects. You can attend industry recruitment events and go on international exchange, giving you valuable real-world experience to prepare you for a successful career.

Meeting global challenges
Make a positive difference in the world when you combine your passion and creativity to meet global challenges. You will have access to the world’s best facilities and research to help you reframe global problems and engineer innovative solutions for individuals and communities.

The ChallENG Program
The ChallENG Program connects you with academics and industry partners as part of exciting, real-world, project-based learning initiatives. ChallENG prepares you for your future career through practical learning experiences that are valued in the real-world. You will expand your professional expertise through a multidisciplinary learning approach that develops your technical and design skills. Many of the ChallENG projects earn academic credit (for-credit-elective) or are eligible for Industrial Training.
For more information, visit challenge.unsw.edu.au

Student societies
Make friends with other students and expand your professional network: join our flagship Engineering Society (EngSoc) and Women in Engineering Society (WIEsSoc). Our full range of societies offer professional development programs and social activities throughout the year.
Biomedical Engineering

The Master of Biomedical Engineering will teach you to apply engineering principles to developing technologies and problem solving in a diverse range of health care related fields. If you have a medical/science background, you will benefit from this degree. A Graduate Diploma program is also available.

Master of Biomedical Engineering

- Program code: 8560
- CRICOS code: 000029F
- Duration: 1.7 years
- Entry: February and September
- Estimated first year tuition: A$47,280

Entry requirements:
- A four-year Bachelor of Engineering degree with at least a credit average (65%), or
- A recognised four-year bachelor's degree in biomedical health-related discipline with honours either embedded or as a single honours year with at least a credit average (65%), and two courses of first-year university level mathematics or equivalent, or
- A graduate diploma in biomedical engineering, such as 5449 Engineering (Biomedical Eng) offered by the GSBmE or the equivalent, with at least a credit average (65%)

Note: Students from a non-211 university in China need at least a credit average (70%) as determined by the UNSW Postgraduate Entry Score Calculator.

Graduate Diploma in Biomedical Engineering

- Program code: 8449
- CRICOS code: 000845K
- Duration: 1 year
- Entry: February and September
- Estimated first year tuition: A$47,280

Entry requirements:
- A three or four-year Bachelor of Engineering degree with honours with at least a credit average (65%), or
- A recognised three-year bachelor's degree in a biomedical health-related discipline with honours (either embedded or as a single honours year) with at least a credit average (65%), and two courses of first-year university level mathematics or equivalent.

Note: Students from a non-211 university in China need at least a credit average (70%) as determined by the UNSW Postgraduate Entry Score Calculator.

Cyber Security

The Cyber Security programs are delivered 100% online to give you the flexibility to build on your knowledge from anywhere in the world. Learn key skills that help provide safe and secure online experiences and combat cybercrime. Gain a security engineering mindset to analyse current trends and anticipate the future of cybercrime. Examine how organisations can handle data in secure ways, learn the fundamentals of privacy and identify the best practices for managing and responding to security risks in a rapidly changing global environment.

Master of Cyber Security

- Program code: 8649
- Duration: 2 years
- Entry: January, March, May, July, September and October
- Estimated first year tuition: A$41,146

Entry requirements:
- A bachelor's degree or equivalent with at least a credit average (65%), or
- A recognised four-year Bachelor of Engineering degree with at least a credit average (65%), or
- A recognised three-year Bachelor of Engineering degree with at least a credit average (65%), or
- A completed Graduate Certificate in Cyber Security with at least a credit average (65%) and at least 65% average.

Note: Students from a non-211 university need at least a credit average (65%); or a 70% average as determined by the UNSW Postgraduate Entry Score Calculator.

Graduate Diploma in Cyber Security

- Program code: 5649
- Duration: 1.4 years
- Entry: January, March, May, July, September and October
- Estimated first year tuition: A$41,146

Entry requirements:
- A completed Graduate Certificate in Cyber Security with at least a credit average (65%) and at least 65% average.

Note: Students from a non-211 university in China need at least a credit average (70%) as determined by the UNSW Postgraduate Entry Score Calculator.

Graduate Certificate in Cyber Security

- Program code: 7649
- Duration: 0.7 years
- Entry: January, March, May, July, September and October
- Estimated first year tuition: A$21,600

Entry requirements:
- A bachelor's degree or equivalent with at least a 60% average (65%), or
- At least four years of relevant experience in an analytical role.

Note: Students from a non-211 university in China need at least a credit average (70%) as determined by the UNSW Postgraduate Entry Score Calculator.

Areas of specialisation
- Biomedical Engineering
- Civil Engineering
- Electrical Engineering
- Environmental Engineering
- Mechanical Engineering
- Mining Engineering
- Petroleum Engineering
- Renewable Energy
- Telecommunications

Areas of specialisation
- Cyber Security
- Digital Forensics
- Information Security
- Project Management
- Risk Management
- Security Operations
- Technology Management
- Cyber Forensics
- Data Protection
- Digital Rights Management

Leadership specialisation or Security specialisation

For a postgraduate qualification respected and recognised by employers globally, join a faculty ranked 12th in the world (for Civil and Structural Engineering) and 1st in Australia for Engineering. Develop specialised skills and knowledge in today's most in-demand engineering specialisations to take your career to the next level.

QS World University Rankings by Subject, 2021

This program has compulsory Work Integrated Learning components.
**Engineering Science**

The Master of Engineering Science offers in-depth, open-ended enquiry-based projects in 25 specialisations. The degree is designed for engineers and graduates to develop and expand their technical knowledge and build management skills in their area of expertise or in a new area of specialisation.

- Renewable Energy
- Robotics (master only)
- Space Systems Engineering (master only)
- Structural Engineering
- Sustainable Systems (master only)
- Systems & Control (master only)
- Telecommunications
- Transport Engineering
- Water Engineering: Catchments to Coasts
- Water, Wastewater & Waste Engineering

Along with Petroleum Engineering*, Students from a non-211 university in China need at least a credit average (70%) as determined by the UNSW Postgraduate Entry Score Calculator. Note: Students from a non-211 university in China need at least a credit average (70%) as determined by the UNSW Postgraduate Entry Score Calculator.

---

### Graduate Certificate in Petroleum Engineering

UNSW is ranked 18th in the world for our education in Petroleum Engineering*. Postgraduate studies at UNSW in Petroleum Engineering will expand and update your technical knowledge and skills in the field. The Graduate Certificate in Petroleum Engineering covers the fundamentals and applications of drilling engineering, reservoir engineering, petroleum technology, business principles and business management.

Entry requirements
- A three or four-year Bachelor of Engineering/Science degree in a relevant discipline or an equivalent qualification from a recognised university or tertiary institution with at least a credit average (65%); or
- Individual consideration will be given if you have relevant petroleum industry experience with vocational training. A minimum five years of full-time relevant professional experience in the upstream petroleum industry is required. Students are required to demonstrate work experience in the upstream petroleum industry (i.e. the exploration, reservoir engineering, drilling and production of oil and/or gas). An entry interview may be required.

Note: Students from a non-211 university in China need at least a credit average (70%) as determined by the UNSW Postgraduate Entry Score Calculator.

---

### Master of Food Science

Food scientists and graduates wishing to advance their skills and engineers seeking to move into food science will develop expertise through a complex, open-ended research-based project in the Master of Food Science. Gain a deep understanding of the agri-food business and develop the ability to analyse food-science problems.

Entry requirements
- A bachelor’s degree in Food Science with at least a credit average (70%) or a Graduate Diploma in Food Science with at least a credit average (70%) as determined by the UNSW Postgraduate Entry Score Calculator.

Note: Students from a non-211 university in China need at least a credit average (70%) as determined by the UNSW Postgraduate Entry Score Calculator.

---

### Graduate Certificate in Food Science

Entry requirements
- A three or four-year Bachelor of Science or Bachelor of Engineering with at least a credit average (65%) or equivalent in a relevant discipline; or
- An equivalent qualification from a recognised university or tertiary institution.

Note: Students from a non-211 university in China need at least a credit average (70%) as determined by the UNSW Postgraduate Entry Score Calculator.

---

### Graduate Diploma in Food Science

Entry requirements
- A four-year bachelor’s degree in a relevant engineering discipline or an equivalent qualification from a recognised university or tertiary institution with at least a credit average (65%); or
- Individual consideration will be given if you have relevant petroleum industry experience with vocational training. A minimum five years of full-time relevant professional experience in the upstream petroleum industry is required. Students are required to demonstrate work experience in the upstream petroleum industry (i.e. the exploration, reservoir engineering, drilling and production of oil and/or gas). An entry interview may be required.

Note: Students from a non-211 university in China need at least a credit average (70%) as determined by the UNSW Postgraduate Entry Score Calculator.

---

**Graduate Certificate in Engineering Science**

Entry requirements
- A recognised four-year bachelor’s degree in a relevant area of at least a credit average (65%). All determined by the Postgraduate Entry Score Calculator.

Note: Students from a non-211 university in China at least a credit average (70%) as determined by the UNSW Postgraduate Entry Score Calculator.

---

**Graduate Diploma in Engineering Science**

Entry requirements
- A four-year bachelor’s degree in a relevant discipline of engineering with at least a credit average (65%). If you do not have a recognised four-year bachelor’s degree you will need to demonstrate your prior learning is equivalent to this qualification.

Note: Students from a non-211 university in China need at least a credit average (65%); or
- A Graduate Diploma in Food Science from UNSW with at least a credit average (65%); or
- An equivalent qualification from another recognised university or tertiary institution.

Note: Students from a non-211 university in China need at least a credit average (70%) as determined by the UNSW Postgraduate Entry Score Calculator.

---

**Master of Engineering Science**

Entry requirements
- A recognised four-year bachelor’s degree in a relevant area of at least a credit average (65%). All determined by the Postgraduate Entry Score Calculator.

Students studying the Petroleum Engineering specialisation have access to the Open Learning program. For more information go to [unsw.university/#open-learning-program](http://unsw.university/#open-learning-program)

This applies for the Master of Engineering Science as well as the Graduate Diploma and Graduate Certificate in Engineering Science.

---

"The degree I chose is something between engineering and business and the opportunity to choose different courses was very good. I really like the flexibility and I can concentrate on the things I am interested in.”

Marsel Rabaev, Russia
Master of Engineering Science
Information Technology

Information technology is fast moving. The Master of Information Technology will put you at the forefront of creating future technologies. You will learn to anticipate requirements and develop applications and services in areas such as networking, data mining and robotics. You can choose up to two majors. A Graduate Diploma in Information Technology is also available and is designed for those with little or no computing background.

Areas of specialisation
• Artificial Intelligence
• Bioinformatics
• Database Systems
• Data Science & Engineering
• eCommerce Systems
• Information Technology
• Internet Engineering

Entry requirements
• A three year undergraduate degree equivalent to a standard Australian bachelor degree in a discipline containing mathematics up to year two level, and a minimum 65% average.
• Completion of the 5543 UNSW Graduate Diploma in Information Technology, and a minimum 65% average or no fails.
• Completion of the 7543 UNSW Graduate Certificate in Computing, and a minimum 65% average.

Note: Students from a non-211 university in China need at least a credit average (70%) as determined by the UNSW Postgraduate Entry Score Calculator.

Graduate Certificate in Computing

Program code 7543
CRICOS code 052690E
Duration 1.7 years
Entry February, June and September
Estimated first year tuition A$47,280

Are you interested in a short qualification in Computing? The Graduate Certificate in Computing lets you study four advanced topics to complement or update your existing qualifications. Those with no Computing background can do four introductory courses before considering a higher qualification. You may be able to articulate to the Graduate Diploma in Information Technology.

Entry requirements
• A three-year undergraduate degree equivalent to a standard Australian bachelor degree with at least a credit average (65%) and no course fails.
• Completion of the 7543 UNSW Graduate Certificate in Computing, and a minimum 65% average or no fails.

Note: Students from a non-211 university in China need at least a credit average (70%) as determined by the UNSW Postgraduate Entry Score Calculator.

Mining Engineering

If you are currently working in the mining industry, or planning a career change, the Master of Mining Engineering allows you to undertake advanced study in mining engineering. Mineral & Mining Engineering is UNSW’s best performing subject ranked fifth in the world*. You can choose one of two specialisations – Mine Geomechanics or Mine Management. Most courses can be studied on a part-time basis. A Graduate Diploma in Mining Engineering is also available.

Areas of specialisation
• Mine Geomechanics
• Mine Management

Entry requirements
• A recognised three-year degree in mining engineering or a related engineering or physical sciences discipline (3 or 4 years) from a recognised institution with a credit average of 65% or over the final two (2) years of the degree, plus a minimum of one year relevant industry experience or;
• A three-year or four-year degree based on portfolio supporting the application, including details of relevant industry experience; and Energy Resources Engineering as professional and/or industry responsibility in mining or mining associated services, or;
• A graduate certificate in mining from UNSW with at least a credit average of 65% and no course fails.

Note: Professional experience in the mining industry will be highly regarded.

Graduate Diploma in Mining Engineering

Program code 5335
CRICOS code 084284K
Duration 1.7 years
Entry February and September
Estimated first year tuition A$47,280

Entry requirements
• A three year undergraduate degree equivalent to a standard Australian bachelor degree in a discipline containing mathematics up to year two level, and a minimum 65% average and no course fails.
• Completion of the 5543 UNSW Graduate Diploma in Mining Engineering (program 5335) with a minimum of 65% average and no course fails.

Note: Students from a non-211 university in China need at least a credit average (70%) as determined by the UNSW Postgraduate Entry Score Calculator.

Graduate Certificate in Mining Engineering

Program code 7335
CRICOS code 083764K
Duration 1 year
Entry February and September
Estimated first year tuition A$23,648

Entry requirements
• Relevant mining industry experience with vocational training and a minimum four years of full-time relevant professional experience in the mining industry, or;
• A degree in other technical disciplines from a recognised institution.

Certificate or Diplomas: All applicants are assessed for EPAS eligibility, and if you are eligible to gain entry through EPAS you will be contacted by the faculty. You must apply for a master's coursework program first to be considered for EPAS.

International students are not eligible for an Australian student visa for this program.

Engineering Postgraduate Admission Scheme (EPAS)

If you apply to UNSW Engineering for a postgraduate program and do not meet the minimum average mark requirement you may still be able to gain admission through the Faculty of Engineering’s Postgraduate Admissions Scheme (EPAS). This scheme is an alternative pathway for engineering students applying for postgraduate coursework study. The process includes an interview and successful students will receive an offer for their chosen master’s program. EPAS is currently only available for master’s coursework programs, not for Graduate

Research

UNSW Engineering offers two higher degree research programs, a Doctor of Philosophy (PhD) and a Master of Philosophy (MPhil) in Engineering. Both are available across all eight engineering schools.

Candidates are required to undertake an original and critical research project that makes a significant contribution to existing relevant knowledge both nationally and internationally. Each degree requires submission of a thesis with the results of an original investigation or design. Candidates carry out their research under the supervision of some of Australia’s leading researchers.

Engineering schools
- Graduate School of Biomedical Engineering
- School of Chemical Engineering
- School of Civil and Environmental Engineering
- School of Computer Science and Engineering
- School of Electrical Engineering and Telecommunications
- School of Mechanical and Manufacturing Engineering
- School of Mineral and Energy Resources Engineering
- School of Photovoltaic and Renewable Energy

Research Programs

Master of Philosophy - Engineering

Program code 2645
CRICOS code 002961M
Duration 1.7 to 2 years
Entry February, June and September
Estimated first year tuition A$48,000

Entry requirements
- A bachelor’s degree in the relevant discipline from UNSW at a level specified by the Faculty Higher Degree Committee, or
- A qualification from a tertiary institution at a level considered by the Faculty Higher Degree Committee to be equivalent.

Applicants should have been in contact with a potential supervisor before applying for the program.

Areas of specialisation
- Biomedical Engineering BIOMBR2645
- Chemical Engineering CEICFR2645
- Civil & Environmental Engineering CVENBRR2645
- Electrical Engineering ELECBR2645
- Geospatial Engineering GMATBR2645
- Mechanical & Manufacturing Engineering MECHBR2645
- Mining Engineering MNEGR2645
- Petroleum Engineering PETRBR2645
- Photovoltaic Engineering SOLAER2645
- Renewable Energy Engineering SOLADR2645

Doctor of Philosophy

Duration 3 to 4 years
Entry February, June and September
Estimated first year tuition A$48,000

Entry requirements
- A relevant four-year bachelor’s degree with first or upper second-class honours from UNSW, or
- A completed master’s degree by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high-quality thesis, or
- A qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee.

Areas of specialisation
- Biomedical Engineering (1710)
  CRICOS code 031014G
- Chemical Engineering (1010)

Join a top global law faculty
Ranked 13th worldwide* and 16th in the Employer Reputation category for Law and Legal Studies*, UNSW Law & Justice has been Australia's leader in progressive and rigorous legal education and research for 50 years. UNSW Sydney is a leading research-intensive university, and the Law Faculty’s outstanding research informs, inspires and enriches our teaching.

*QS World University Rankings by Subject 2021

Benefit from interactive classes
Interactive seminar-style classes give you the chance to ask questions, expand your ideas, sharpen your critical and analytical mind, and get to know your peers and lecturers. Be part of the student-focused, interactive teaching environments that pioneered Australian legal education.

Join our student society
Expand your network, excel in your studies and develop your professional skills and passion for social justice. UNSW Law Society is one of Australia’s most respected student-run law organisations and has both an international and postgraduate portfolio.

Extensive clinics and internships
Apply what you learn in the classroom to real-life practice with the wide range of practical experiences available. Our students don’t just learn about the law; they put their studies into action through a range of internships, clinics and competitions, most of which are credited towards your degree.

Global opportunities
Add a global experience into your degree. You can do an exchange, an overseas Law elective course or an internship abroad. Overseas electives and exchange can take you to places like Brazil, China, India, Switzerland, USA or Vanuatu. There are more than 80 exchange destinations at leading law schools around the world.

Exclusive careers service
Advance your legal career with support from our dedicated careers service. With extensive experience working as lawyers and criminologists in Australia and overseas, our careers team collaborates with employers, recruitment agencies and UNSW alumni to source and promote opportunities for students.

End-to-end legal education
Completing a Juris Doctor is your first step towards becoming a lawyer, followed by Practical Legal Training (PLT). All law graduates in Australia must complete PLT to practise as a lawyer. UNSW’s PLT is the Graduate Diploma in Legal Professional Practice (GDLPP), so you can graduate with all the qualifications you need to launch your legal career.

Step 1 – Complete your Juris Doctor (JD).
Step 2 – Complete your GDLPP at UNSW*.
Step 3 – Apply to the Supreme Court for admission to practice.

*Important note for international students: This program is not CRICOS registered. International students will require a valid visa other than a student visa (e.g. a temporary graduate visa) to be eligible to apply to this program.
Graduate Diploma in Legal Professional Practice

Program code 5213
Duration 20 weeks of class content + work place experiences
Entry February and September
Estimated first year tuition AUD$13,800 (The indicative fee indicated is for the standard program. The indicative fee for the program with Practice in is AUD$15,688.)

Entry requirements
• An accredited academic qualification in law – either a Bachelor of Laws degree, a Juris Doctor degree, or an equivalent qualification from an Australian tertiary institution.

Academic qualifications from a jurisdiction outside Australia need to be assessed by the Legal Profession Admission Board (NSW) before applying to undertake Practical Legal Training (PLT).

Important note for international students
This program is not CRICOS registered. International students will require a valid visa other than a student visa (e.g. a temporary graduate visa) to be eligible to apply to this program. We strongly advise international students to seek independent immigration advice about visa options. Students based overseas also need to be aware that the five day face-to-face component of Skills in Practice is held on campus at UNSW and the mandatory workplace experience component (Workplace Experience 1) must be undertaken in Australia.

Professional recognition
This graduate diploma is accredited by the Legal Profession Admission Board.

For more information, visit law.unsw.edu.au/plt

This program has compulsory Work Integrated Learning components.

Master of Laws

Program code 9291
CRICOS code 00873S
Duration 1 year
Entry February and September
Estimated first year tuition AUD$14,928

The UNSW Master of Laws (LLM) is a highly regarded, internationally recognised postgraduate program designed to expand your legal knowledge and accelerate your career.

Entry requirements
This program is open to law and non-law graduates. Please see the table below for minimum entry requirements.

Minimum entry requirements

<table>
<thead>
<tr>
<th>Degree structure</th>
<th>8 elective courses (48 UOC)</th>
</tr>
</thead>
<tbody>
<tr>
<td>LLM or JD from a common law country with a credit average (65%)</td>
<td>8 courses (48 UOC) including one compulsory course: Global Common Law Systems</td>
</tr>
<tr>
<td>Applicants without a credit average will be considered if they can demonstrate a minimum of two years’ relevant professional experience*</td>
<td></td>
</tr>
<tr>
<td>Degree in a related non-law discipline (e.g., Social Sciences or Humanities) with a credit average (65%)</td>
<td>8 courses (48 UOC) including two compulsory courses: Legal Concepts, Research &amp; Writing and Global Common Law Systems</td>
</tr>
<tr>
<td>Degree in an unrelated non-law program (e.g., Science or Engineering) with a credit average and two years’ relevant professional experience*</td>
<td>8 courses (48 UOC) including two compulsory courses: Legal Concepts, Research &amp; Writing and Global Common Law Systems</td>
</tr>
</tbody>
</table>

*Includes professional experience with legal and/or policy issues. For example, you may have engaged with the law via policymaking, handling contracts or engaging with the justice system as a social worker or criminologist

Juris Doctor (JD)

Program code 9158
CRICOS code 08850G
Duration 3 years
Entry February and September
Estimated first year tuition AUD$44,420

The UNSW Juris Doctor (JD) is your pathway to admission to legal practice, as well as a wide range of law-related careers. This qualification is for people who don’t have an undergraduate degree in law, or who have a law degree from an overseas institution.

Entry requirements
• A recognised bachelor’s degree (or equivalent qualification) in any discipline other than law, or
• A recognised non-Australian law degree

If you only have postgraduate qualifications and wish to apply, please write to UNSW Admissions for consideration in addition to following the standard application process.

Professional recognition
The UNSW JD is accredited by the Legal Profession Admission Board and satisfies the academic component for admission to legal practice in the state of NSW. To practise law in other jurisdictions you must satisfy the academic and accreditation criteria in that particular jurisdiction. Always refer to the relevant authority’s admittance body in that country or state.

For more information visit law.unsw.edu.au/jd

*Environmental Law and Sustainable Development
• Human Rights Law and Policy
• International Law
• Media, Intellectual Property and Technology Law

Alternatively, students can do a generalist LLM and choose courses from across all of our specialisation areas. You will also have the option to enrol in up to two courses from other UNSW faculties.

For more information, visit law.unsw.edu.au/master-of-laws

The Graduate Research School Admissions and Scholarships team provides advice and support to all applicants for admission to a UNSW Higher Degree Research program or scholarship. Go to page 126 for further information or email international.grs@unsw.edu.au

Research programs

Doctor of Philosophy

Program code 1738
CRICOS code 086396D
Duration 3 – 4 years
Entry February, June and September
Estimated first year tuition AUD$43,440

Entry requirements
- A recognised master’s degree (including a substantial research component) with at least a distinction average (75%); or
- A recognised three-year Juris Doctor degree (or equivalent) with a research component sufficient to allow assessment of research potential at the disciplinary level and where weighted average grades for the research component and the coursework results are at least equivalent (75%); or
- An equivalent combination of academic and professional qualifications.

Admission to the program is subject to appropriate supervision being available.

Program structure
The Doctor of Philosophy gives you the opportunity to conduct a significant research project that will make a substantial and original contribution to an area of knowledge. You will acquire advanced specialist skills in critical thinking and the ability to produce a thesis that provides evidence of independent thought and critical analysis. The qualification requires a minimum of three years' full-time study, completion of required units in research methods and submission of a thesis normally not exceeding 100,000 words (including footnotes).

Master of Laws by Research

Program code 2448
CRICOS code 086395E
Duration 1.5 – 2 years
Entry February, June and September
Estimated first year tuition AUD$43,440

Entry requirements
- Completion of a recognised Bachelor of Laws degree with honours class II, division I, that includes a substantial research component; or
- A recognised three-year Juris Doctor degree with a research component sufficient to allow assessment of research potential at the disciplinary level and where weighted average grades for the research component and the coursework results are at least equivalent (75%); or
- An equivalent combination of academic and professional qualifications.

Admission to the program is subject to appropriate supervision being available.

Program structure
This program requires a minimum of 1.5 years' full-time study, completion of required units in research methods and the preparation of a thesis (approximately 50,000 words including footnotes).

Master of Philosophy in Law

Program code 2441
CRICOS code 104939F
Duration 2 years full-time, 4 years part-time
Entry February, June and September
Estimated first year tuition AUD$34,320

Entry requirements
- A recognised bachelor’s degree with honours class II, division I that includes a substantial research component; or
- A recognised three-year Juris Doctor degree (or equivalent) with a research component sufficient to allow assessment of research potential at the disciplinary level and where weighted average grades for the research component and the coursework results are at least equivalent (75%); or
- An equivalent combination of academic and professional qualifications.

Admission to the program is subject to appropriate supervision being available.

Program structure
This program requires a minimum of 2 years' full-time study, completion of required units in research methods and submission of a thesis not exceeding 40,000 words on an approved topic. You will develop competence in undertaking research through a combination of coursework and research.

In the coursework component you will be required to complete Introduction to Higher Degree Research in Law in your first Term. If you are from a non-common law or non-law background, you will be required to complete Global Common Law Systems. The remaining coursework units(s) can be from those offered in the Master of Laws program. Coursework should be selected in consultation with supervisors, the Postgraduate Coordinator and Director of Postgraduate Research to ensure relevance to the proposed thesis area.

Learn from leaders in the field

We’re driven by innovation and excellence in health and medicine. UNSW ranks 45th in the world for Medicine* and is among Australia’s leaders in medical education and research. Learn from world leaders in the fields of cancer, neuroscience, mental health, addiction, infectious disease, immunity and inflammation, and non-communicable disease such as cardiovascular disease.

*QS World University Rankings by Subject 2021

Access world class biomedical and clinical training facilities

Gain exposure to some of Australia’s largest hospitals and health precincts, and benefit from UNSW’s leadership role in the Sydney Health Randwick Precinct. You will have access to cutting-edge learning environments, which use research to create positive impacts in the community.

Hands-on learning

Immerse yourself in hands-on learning as you leverage our extensive range of global industry partners. Your practical study will help you develop as a skilled health professional and innovative clinician with strong research and teamwork skills.
Forensic Mental Health

Designed for mental health professionals - including medical practitioners, nurses and psychologists - the Master of Forensic Mental Health provides comprehensive training in forensic mental health. The online program is also open to members of the legal, policing and correctional professions. You will develop your capacity to assess and manage individuals from diverse backgrounds. Graduate Diploma and Graduate Certificate programs are also available.

Master of Forensic Mental Health

Program code: 5612
Duration: 1 year (part-time)
Entry: February and September
Estimated first year tuition: A$3,440

Entry requirements:
• A bachelor's degree in health, law, criminology, or other relevant discipline plus honours/postgraduate qualifications in one of those disciplines; or
• Two years' professional experience in health, law, criminology, or other relevant discipline.

Graduate Diploma in Forensic Mental Health

Program code: 5512
Duration: 0.8 years (part-time)
Entry: February and September
Estimated first year tuition: A$2,358

Entry requirements:
Please see Master of Forensic Mental Health (9012).

Graduate Certificate in Forensic Mental Health

Program code: 7312
Duration: 0.7 years (part-time)
Entry: February and September
Estimated first year tuition: A$1,729

Entry requirements:
• A undergraduate degree related to health sciences, psychology and psychological sciences, statistics, mathematical sciences, computer science, health economics, data sciences and related (see list below).

Health Data Science

The Master of Science in Health Data Science covers subjects from the comprehension of complex health issues, through data integration to management, machine learning and data mining, data analytics, and data modelling and communication. The degree is ideal if you are new to the field or already working and eager to develop your knowledge. Graduate Diploma and Graduate Certificate programs are also available.

Master of Science in Health Data Science

Program code: 5372
CRICOS code: 096225M
Duration: 1.7 years (online option)
Entry: February and September
Estimated first year tuition: A$48,778

Entry requirements:
• An undergraduate degree in a discipline cognate to health data science (see cognate list), or
• An undergraduate degree at an honours level (or above) in a non-cognate discipline; or
• Completion of a Graduate Diploma in Health Data Science (3572); or
• Postgraduate qualification equivalent or higher than Graduate Diploma in Health Data Science (3572) on a case-by-case basis.

Graduate Diploma in Health Data Science

Program code: 5372
CRICOS code: 096225X
Duration: 1 year (online option)
Entry: February, September
Estimated first year tuition: A$48,778

Entry requirements:
• The completion of a Graduate Certificate in Health Data Science (5372) or equivalent/ higher qualification on a case-by-case basis; or
• Meet entry requirements given of the Master of Science in Health Data Science program.

Graduate Certificate in Health Data Science

Program code: 7372
CRICOS code: 096227J
Duration: 0.7 years (online option)
Entry: February and September
Estimated first year tuition: A$28,819

Entry requirements:
• An undergraduate degree at an honours level (or above) in an unrelated discipline; or
• An undergraduate degree in an unrelated discipline, and at least one year equivalent relevant work experience (see relevant work experience** with supporting CV and employer provided statement of service; or
• At least three years' equivalent relevant work experience (see relevant work experience**) with supporting CV and employer provided statement of service.

Health Leadership and Management

The Master of Health Leadership and Management promotes health leadership in strategic planning, policy and decision making. This degree emphasises understanding and meeting the challenges of safety and quality within current and emerging health service contexts. It is tailored to either the Australian health care system or developing health care systems. Also available to you are the Health Leadership and Management (Extension) and the shorter Graduate Diploma and Graduate Certificate programs. You can take this program as a double degree with Public Health, Global Health or Infectious Diseases Intelligence.

Master of Health Leadership and Management

Program code: 8901
CRICOS code: 059315E
Duration: 1 year (online option)
Entry: February, June and September
Estimated first year tuition: A$47,280

Entry requirements:
• An undergraduate degree in a field relevant to public health or health management (see list below) and two years of full-time professional or volunteer experience. This may also include equivalent professional experience acquired as part of a degree of four or more years duration (e.g. MBBS, MSc).

Graduate Diploma in Health Leadership and Management (Extension)

Program code: 8902
CRICOS code: 059316B
Duration: 1.7 or 2 years (online option)
Entry: February, June and September
Estimated first year tuition: A$47,280

Entry requirements:
Please see Master of Health Leadership and Management (9011).

Professional recognition
This program is recognised by the Royal Australasian College of Medical Administrators and the Australasian College of Health Service Management.

Graduate Diploma in Health Leadership and Management

Program code: 5500
CRICOS code: 096290C
Duration: 1 year (online option)
Entry: February, June and September
Estimated first year tuition: A$35,468

Entry requirements:
Please see Master of Health Leadership and Management (9011).

Professional recognition
This program is recognised by the Australasian College of Health Service Management.

Graduate Certificate in Health Leadership and Management

Program code: 7500
CRICOS code: 016186B
Duration: 0.7 years (online option)
Entry: February, June and September

Master Global Health/Health Leadership and Management

Entry requirements
Please see Master of Health Leadership and Management (9101).

International students are not eligible for an Australian student visa for this program if undertaken in online study mode.
**Global Health**

Through our Global Health programs, you will gain expertise in a broad range of areas based on real-life public health interventions spanning various populations and countries. You will examine relevant investigative methods, with evidence-based, culturally informed public health interventions.

**Master of Global Health**

- A Master of Global Health is available, as are shorter Graduate Diploma and Graduate Certificate programs. The program can also be taken as a double degree with Public Health, Health Leadership and Management or Infectious Diseases Intelligence.

**Entry requirements**

- An undergraduate degree in a field relevant to public health or health management and two years of full-time professional or volunteer experience. This may also include equivalent professional experience acquired as part of a degree of four or more years duration (e.g., MBBS, MS), or
- An undergraduate degree plus an Honours or postgraduate degree in a field relevant to public health or health management.*

**Areas of specialisation**

- Social Research
- Quantitative Research Methods
- Public Security
- Primary Health Care
- Infectious Diseases Control
- Health Promotion
- Epidemiology
- Aboriginal Health and Wellbeing
- Medicine
- Nursing
- Allied Health
- Social Sciences
- Biomedical sciences
- Dentistry
- Social work
- Sociology
- Behavioural sciences
- Environmental health
- Veterinary sciences
- Health administration
- Business management
- Engineering
- Science
- Mathematics and statistics
- Accounting
- Policy studies
- Development studies.

**Master of Public Health**

- The Master of Public Health provides the multidisciplinary training required for roles in all aspects of public health practice. You will gain a deep understanding of the breadth of public health, and the core skills entailed in both professional practice and research. A Master of Public Health (Extension) is also available, as are shorter Graduate Diploma and Graduate Certificate programs. The program can also be taken as a double degree with Health Leadership and Management, Global Health or Infectious Diseases Intelligence. These double degrees can also be undertaken with an Extension in one program.

**Entry requirements**

- An undergraduate degree in a field relevant to public health or health management and two years of full-time professional or volunteer experience. This may also include equivalent professional experience acquired as part of a degree of four or more years duration (e.g. MBBS, MS), or
- An undergraduate degree plus an Honours or postgraduate degree in a field relevant to public health or health management.*

**Public Health**

- The Master of Public Health provides the multidisciplinary training required for roles in all aspects of public health practice. You will gain a deep understanding of the breadth of public health, and the core skills entailed in both professional practice and research. A Master of Public Health (Extension) is also available, as are shorter Graduate Diploma and Graduate Certificate programs. The program can also be taken as a double degree with Health Leadership and Management, Global Health or Infectious Diseases Intelligence. These double degrees can also be undertaken with an Extension in one program.

**Entry requirements**

- An undergraduate degree in a field relevant to public health or health management and two years of full-time professional or volunteer experience. This may also include equivalent professional experience acquired as part of a degree of four or more years duration (e.g. MBBS, MS), or
- An undergraduate degree plus an Honours or postgraduate degree in a field relevant to public health or health management.*

**Master of Global Health (Extension)/Infectious Diseases Intelligence**

**Entry requirements**

- Please see Master of Global Health (9046).

**Graduate Diploma in Public Health**

- The Master of Public Health is widely recognised as essential if you want to work in population health, while the Master of Global Health is a sought after qualification relevant to international health priorities and settings. Combined, these programs provide you with the deep understanding required for a career in Global Health.

**Entry requirements**

- Please see Master of Global Health (9046).

**Graduate Certificate in Public Health**

- Please see Master of Public Health (9046).

**Graduate Diploma in Infectious Diseases Intelligence**

- The Master of Global Health and Master of Infectious Diseases Intelligence double degree is an innovative approach to postgraduate health education. In an era of new and emerging disease threats, this double degree improves your knowledge of infectious diseases and their identification, assessment, prevention and control management approaches.

**Entry requirements**

- Please see Master of Global Health (9048).

**Graduate Certificate in Infectious Diseases Intelligence**

- Please see Master of Global Health (9048).
Master of Public Health/Infectious Diseases Intelligence (Extension)

Entry requirements
- An undergraduate degree in a field relevant to public health or health management and two years of full-time professional or volunteer experience. This may also include equivalent professional experience acquired as part of a degree of 4 or more years duration (e.g. MBBS, MD), or
- An undergraduate degree plus an honours or postgraduate degree in a field relevant to public health or health management.

Master of Public Health (Extension)/Infectious Diseases Intelligence

Entry requirements
- An undergraduate degree in a field relevant to public health or health management and two years of full-time professional or volunteer experience. This may also include equivalent professional experience acquired as part of a degree of 4 or more years duration (e.g. MBBS, MD), or
- An undergraduate degree plus an honours or postgraduate degree in a field relevant to public health or health management.

Master of Public Health/Global Health (Extension)

Entry requirements
- An undergraduate degree in a field relevant to public health or health management and two years of full-time professional or volunteer experience. This may also include equivalent professional experience acquired as part of a degree of 4 or more years duration (e.g. MBBS, MD), or
- An undergraduate degree plus an honours or postgraduate degree in a field relevant to public health or health management.

Reproductive Medicine

The Master of Reproductive Medicine will provide GPs, family planning practitioners and specialist gynaecologists who work in menopause and infertility with detailed knowledge of reproductive medicine. The program will give you an advanced understanding of the ethical, social and professional aspects required to deliver a high standard of clinical care to patients. Graduate Diploma and Graduate Certificate programs are also available.

Master of Reproductive Medicine

Entry requirements
- An undergraduate degree in medicine, nursing, health or medical science, and an honours, graduate certificate, graduate diploma, or higher qualification in medicine, nursing, or health or medical science; or
- One year full-time equivalent of postgraduate professional experience in medicine, nursing, health or medical science;
- Commencement of a recognised postgraduate medical specialist training program (e.g. general practice, obstetrics & gynaecology); or
- International students are not eligible for an Australian student visa for this program if undertaken in online study mode.

Graduate Diploma in Reproductive Medicine

Entry requirements
Please see Master of Reproductive Medicine (9065).

Graduate Certificate in Reproductive Medicine

Entry requirements
Please see Master of Reproductive Medicine (9065).
Women's Health

The Master of Women's Health Medicine will provide you with advanced knowledge and understanding of the ethical, social and professional aspects required to deliver high standard of clinical care in the expanding and diverse field of women's health medicine. Courses will provide an evidence-based and practice-centred approach to this field of study. An online Graduate Certificate program is also available.

Master of Women's Health Medicine

Graduate Certificate of Women's Health Medicine

- Commencement of a recognised postgraduate medical specialist training program (e.g. general practice, obstetrics & gynaecology); or
- One year full-time equivalent of postgraduate professional experience in medicine, nursing, health or medical science

Professional recognition
Successful completion of a recognised postgraduate study program will generally be considered as evidence of your commitment to ongoing education and development, as required by most professional organisations and bodies both in Australia and internationally.

Entry requirements
- An undergraduate degree in medicine, nursing, health, or medical science, and an honours, Graduate Certificate, Graduate Diploma, or higher qualification in medicine, nursing or health, or medical science; or
- Commencement of a recognised postgraduate medical specialist training program (e.g. general practice, obstetrics & gynaecology); or
- One year full-time equivalent of postgraduate professional experience in medicine, nursing, health or medical science

Estimated first year tuition
A$31,440

Course Code
081122G

Optometry and Vision Science

Master of Optometry

Graduate Certificate of Optometry and Vision Science

- A three-year undergraduate degree in optometry with at least a credit average (65%). Students with an average between 50% to 65% will be considered for admission at the discretion of the Postgraduate Coordinator taking into consideration performance in Optometry courses completed in the undergraduate program and post-conferral clinical experience

Entry requirements
- A three-year undergraduate degree in optometry with at least a credit average (65%). Students with an average between 50% to 65% will be considered for admission at the discretion of the Postgraduate Coordinator taking into consideration performance in Optometry courses completed in the undergraduate program and post-conferral clinical experience

**“The dual masters in international public health and health management has provided me with the tools and skills to tackle health care challenges with a global perspective. It has been a privilege to be among and learn from experts and leaders in their fields.”**  
- Nikita Batilda, India  
Master of International Public Health/Health Management
Science

Think big and form deeper connections with our world. Allow your curiosity to be inspired as you discover your own path, exploring areas of science to acquire the skills needed for tomorrow’s workforce.

Expand your knowledge and experience with one of the largest and most impactful science faculties in Australia. Choose from our range of specialised coursework programs or take advantage of the extensive research opportunities offered across our eight schools.

Join a community of world-leading researchers and inspiring educators who are using science to improve lives and communities around the world.

Advance your career with industry relevant skills and experience. Tap into our network of 400+ industry and research partners to expand your professional connections.

Embrace a career with impact

The brightest minds come together to learn, explore and discover at UNSW Science. Join a vibrant and welcoming community that prepares you for real-world challenges and future leadership opportunities. In our technology-centric world, there’s increased demand for skilled scientists in a range of careers. Benefit from our leading industry partners and begin your journey to achieve your career goals and make an impact.

Learn from world-class teachers

Study with innovative, passionate and world-renowned educators, including quantum physicist and 2018 Australian of the Year Professor Michelle Simmons AO, Nobel Laureate Sir Fraser Stoddart, leading marine ecologist and Dean of Science, Professor Emma Johnston AO, and ground breaking recycling scientist Professor Veena Sahajwalla.

Make profound scientific discoveries

Collaborate, explore and achieve with world-class laboratories, clinics and simulators giving you the tools to explore new limits and make meaningful scientific discoveries to benefit society.
Aviation

Gain the skills and knowledge you need to succeed in contemporary aviation management. Developed in consultation with industry, the Master of Aviation Management is designed for students who have a degree and relevant industry experience. The Graduate Diploma in Aviation Management is available to students without a degree who have at least one year of relevant industry experience. Both programs are taught entirely online.

Master of Aviation Management

Program code 5741 Duration 1 year (online) Entry February, June and September Estimated first year tuition A$19,600

Entry requirements
• A recognised three-year bachelor's degree in any area.

Graduate Diploma in Aviation Management

Program code 5740 Duration 1 year (online) Entry February, June and September Estimated first year tuition A$19,600

Entry requirements
• A minimum of one year of relevant industry experience.

Data Science

Organise, identify and analyse data to find answers that make a genuine impact. UNSW’s data science programs cover programming, statistics and data systems. You will gain the advanced technical and mathematical skills needed to analyse complexities and make sense of the numbers. Articulation pathways are available for students to apply to progress into the Master of Data Science, subject to academic performance in the Graduate Certificate and Graduate Diploma programs.

Master of Data Science

Program code 5646 Duration 1.7 years (online) Entry January, March, May, July, September and October Estimated first year tuition A$34,149

Entry requirements
• A Graduate Diploma in Data Science with at least a credit average (65%), or
• An undergraduate degree in data science or related discipline (e.g. computer science, economics, mathematics, statistics) plus sufficient data science background as indicated by an average mark of 70% or above across the level III courses in mathematics and/or statistics and/or computer science and/or economics, or
• A recognised degree in a non-related discipline plus sufficient data science background as indicated by at least five years’ experience in a data science or data analytics role.

Graduate Diploma in Data Science

Program code 5645 Duration 1.4 years (online) Entry January, March, May, July, September and October Estimated first year tuition A$35,840

Entry requirements
• A PEMI Graduate Certificate in Data Science with at least a credit average (65%), or
• An undergraduate degree in data science or related discipline (e.g. computer science, economics, mathematics, statistics) plus sufficient data science background as indicated by at least a credit average (65%) across three level III courses in mathematics and/or statistics and/or computer science and/or economics; or
• A recognised degree in a non-related discipline plus sufficient data science background as indicated by at least five years’ experience in a data science or data analytics role.

Graduate Certificate in Data Science

Program code 7446 Duration 0.7 years (online) Entry January, March, May, July, September and October Estimated first year tuition A$22,988

Entry requirements
• An undergraduate degree in data science or related discipline (e.g. computer science, economics, mathematics, statistics); or
• An undergraduate degree in a non-related discipline plus sufficient data science background as indicated by at least a credit average (65%) across three level III courses in mathematics and/or statistics and/or computer science and/or economics; or
• A recognised degree in a non-related discipline plus sufficient data science background as indicated by at least five years’ experience in a data science or data analytics role.

Biotechnology and Biomolecular Sciences

Science Graduate Diploma (Research)

Program code 5394 CRICOS code 08152G Duration 1 year Entry February, June and September Estimated first year tuition A$34,440

Entry requirements
• A bachelor’s degree with a good pass in a related, but not necessarily directly relevant discipline to your chosen area of study.
• A ‘good pass’ is a weighted average mark of 55-64. However, specific disciplines may have additional entry requirements due to their competitive nature and the number of research places available within a School.

Graduate Certificate in Research

Program code 7866 CRICOS code 01085Q Duration 1 year Entry February, June and September Estimated first year tuition A$22,308

Entry requirements
• A bachelor’s degree in a bioscience-related field, or
• A bachelor’s degree in a field unrelated to bioscience plus a minimum of two years’ work experience in a bioscience-related organisation. Applicant’s work experience will be assessed on a case-by-case basis.

Commercial Biotechnology

Learn how to translate intellectual property and manage the process for commercial potential across the regulatory and cultural complexities of global markets. You will gain the essential business and technical capabilities required to capitalise on commercialisation opportunities within the biotechnology sector. This online coursework program is designed for early to mid-career, science-trained professionals working in the Australasian biotechnology industry.

Graduate Certificate in Commercial Biotechnology

Program code 7966 CRICOS code 01085Q Duration 2 years Entry February and September Estimated first year tuition A$28,208

Entry requirements
• A bachelor’s degree in a bioscience-related field, or
• A minimum of one year of research work experience (or an equivalent full-time job).

Science, Engineering and Mathematics

Gain specialised knowledge and research training through the Science Graduate Diploma (Research). This program can be used to qualify for a higher degree, upgrade existing qualifications or to develop expertise in a different disciplinary area. As part of the program, you will complete disciplinary coursework and a significant independent research project.

Entry requirements
• A bachelor’s degree with a good pass in a related, but not necessarily directly relevant discipline to your chosen area of study.
• A ‘good pass’ is a weighted average mark of 55-64. However, specific disciplines may have additional entry requirements due to their competitive nature and the number of research places available within a School.

Graduate Diploma in Data Science

Program code 5959 CRICOS code 0100703 Duration 1 year Entry January, March, May, July, September and October Estimated first year tuition A$35,040

Entry requirements
• A Bachelor of Science with at least a credit average (65%); or
• An undergraduate degree in data science or related discipline (e.g. computer science, economics, mathematics, statistics) plus sufficient data science background as indicated by an average mark of 70% or above across the level III courses in mathematics and/or statistics and/or computer science and/or economics, or
• A recognised degree in a non-related discipline plus sufficient data science background as indicated by at least five years’ experience in a data science or data analytics role.

Graduate Diploma in Science and Decisions

Program code 8059 CRICOS code 0101866 Duration 1.7 years (online) Entry February and September Estimated first year tuition A$23,100

Entry requirements
• A Bachelor of Arts or a Bachelor of Science (with a major in mathematics, statistics or computer science) or a Bachelor of Data Science and Decisions or a suitable related degree as determined by the program authority; and
• Sufficient mathematics and/or statistics and/or data science background, as indicated by an average of 70% or above in appropriate level III university courses.

Graduate Certificate in Data Science and Decisions

Program code 7959 CRICOS code 0100703 Duration 1 year Entry February and September Estimated first year tuition A$22,988

Entry requirements
• A Bachelor of Science with at least a credit average (65%); or
• An undergraduate degree in data science or related discipline (e.g. computer science, economics, mathematics, statistics) plus sufficient data science background as indicated by at least a credit average (65%) across three level III courses in mathematics and/or statistics and/or computer science and/or economics; or
• A recognised degree in a non-related discipline plus sufficient data science background as indicated by at least five years’ experience in a data science or data analytics role.

Data Science and Decisions

Get ready to meet the extraordinary global demand for talented data scientists. UNSW’s data science and decisions programs are designed to produce professionals who are skilled in the manipulation and interpretation of large amounts of data. These programs are taught by educators from our award-winning School of Mathematics & Statistics, the School of Computer Science and the School of Economics.

Master of Data Science

Program code 5645 Duration 1.4 years (online) Entry January, March, May, July, September and October

Graduate Diploma in Data Science

Program code 5646 Duration 1.7 years (online) Entry January, March, May, July, September and October

Graduate Certificate in Data Science

Program code 7446 Duration 0.7 years (online) Entry January, March, May, July, September and October

International students are not eligible for an Australian student visa for this program.
### Marine Science and Management

**Program code: 8271**
**CRICOS code: 085467F**
**Duration: 1.7 years**
**Entry: February and September**
**Estimated first year tuition: A$44,640**

The Master of Marine Science and Management program is designed to equip students with the skills and knowledge to address the complex issues facing our marine environment. The program integrates a range of disciplines including marine science, engineering, and conservation management, providing a broad foundation for a career in this critical field.

**Entry requirements**
- A Bachelor of Science (any discipline) with at least a credit average (65%); or
- Any degree with an appropriate science major with at least five years' professional experience in a relevant field of marine science or environmental science.

### Materials Technology

**Program code: 8717**
**CRICOS code: 088932A**
**Duration: 2 years**
**Entry: February, June and September**
**Estimated first year tuition: A$44,640**

The Master of Materials Technology program offers a comprehensive and flexible study of the full range of materials including ceramics, composites, metals and polymers. This program provides a broad spectrum of materials science and engineering, emphasizing the application of the basic sciences to the understanding of the structure, properties and processing of materials.

**Entry requirements**
- A three-year bachelor's degree in a related science or engineering discipline with at least a credit average (65%); or
- A Bachelor of Science with a minimum average mark of 50-65% plus approximately five years' professional experience in a relevant field such as in the materials processing or testing industry; or
- A graduate certificate or graduate diploma in the materials sciences with at least a credit average (65%); or
- An honours degree at a recognised university in a related science or engineering discipline.

### Mathematics and Statistics

### Master of Financial Mathematics

**Program code: 8161**
**CRICOS code: 086709M**
**Duration: 1.7 years**
**Entry: February**
**Estimated first year tuition: A$44,640**

The Master of Financial Mathematics provides an intensive, high-level training in the principles of modern finance and its mathematical foundations, stochastic analysis, risk assessment and relevant computational techniques. This program provides advanced training for aspiring statisticians and students seeking to complete higher research in statistics.

**Entry requirements**
- A Bachelor of Mathematics or a Bachelor of Science (with a major in mathematics or statistics); and
- Sufficient mathematical/statistical background, as indicated by at least a credit average (65%) in level II mathematics and/or statistics university courses.

### Master of Mathematics

**Program code: 8719**
**CRICOS code: 088909G**
**Duration: 1.7 years**
**Entry: February, June and September**
**Estimated first year tuition: A$44,640**

The Master of Mathematics program provides intensive, high-level training in all aspects of mathematical sciences. The flexible structure allows you to build a program that best suits your interests.

**Entry requirements**
- A Bachelor of Mathematics or a Bachelor of Science (with a major in mathematics or statistics); and
- Sufficient mathematical/statistical background, as indicated by at least a credit average (65%) in level III mathematics/statistics university courses; and
- Students can apply to articulate into the Master of Mathematics from the Graduate Diploma in Mathematics and Statistics or Graduate Certificate in Mathematics and Statistics, subject to academic performance.

### Master of Statistics

**Program code: 8720**
**CRICOS code: 086899F**
**Duration: 1.7 years**
**Entry: February, June and September**
**Estimated first year tuition: A$44,640**

The Master of Statistics is the longest running program of its kind in Australia. Strengthen your knowledge of statistical science and develop your consulting and project writing skills. This program provides advanced training for aspiring statisticians and students seeking to complete higher research in statistics.

**Entry requirements**
- A Bachelor of Mathematics or a Bachelor of Science (with a major in mathematics or statistics); and
- Sufficient mathematical/statistical background, as indicated by at least a credit average (65%) in level II mathematics and/or statistics university courses.

### Graduate Diploma in Mathematics and Statistics

**Program code: 5650**
**CRICOS code: 082887D**
**Duration: 1 year**
**Entry: February, June and September**
**Estimated first year tuition: A$44,640**

Deepen the mathematics or statistics knowledge you gained in your undergraduate studies. This flexible program offers intensive, high-level training in principles of mathematical sciences and statistics. You can sample a variety of areas for specialisation in further study.

**Entry requirements**
- A Bachelor of Mathematics or a Bachelor of Science (with a major in mathematics or statistics); and
- Sufficient mathematical/statistical background, as indicated by at least a credit average (65%) in level II mathematics and/or statistics university courses.

### Graduate Certificate in Mathematics and Statistics

**Program code: 7669**
**CRICOS code: 085238A**
**Duration: 0.7 years**
**Entry: February and September**
**Estimated first year tuition: A$22,320**

Are you interested in a maths and stats degree with a significant quantitative element, such as Science, Engineering or Finance? If you want to consolidate your mathematical background for further studies, the Graduate Certificate in Mathematics and Statistics is a short program designed to deepen your knowledge from undergraduate studies.

**Entry requirements**
- A Bachelor of Mathematics or a Bachelor of Science (with a major in mathematics or statistics); and
- Sufficient mathematical/statistical background, as indicated by at least a credit average (65%) in level II mathematics and/or statistics university courses.
Research

UNSW has an outstanding cohort of higher degree research students drawn from within Australia and internationally, and many of our graduates have become world leaders in their respective fields.

Our commitment to research-focused teaching and our close link with industry provide exceptional higher degree research opportunities. If you are interested in undertaking research in a particular research area, please contact the school below.

Research programs

Master of Science by Research

Duration 1.5 - 2 years
Entry February, June and September
Estimated first year tuition A$45,600

Entry requirements

• An accredited four-year, or three-year plus a fourth year, APAC-accredited sequence in psychology, including a major research thesis, completed within the last 10 years with honours class 1 (85%), or upper second-class honours (75%).
• Overseas qualifications must include a major research project and must be assessed by the Australian Psychological Society (APS). Admission is based on academic merit, two referee reports and performance at an interview.

For detailed information about the application process please visit:
https://www.unsw.edu.au/future-students/postgraduate-coursework/how-apply

Graduate Diploma in Psychology

Program code 5331
Duration 1.7 years (online)
Entry January, March, May, July, September and October
Estimated first year tuition A$44,558

Gain an integrated and comprehensive education in developmental, social, cognitive, biological, physiological and abnormal psychology. This program allows you to complete an accredited three-year psychology sequence in just 1.7 years, providing a pathway to further accredited training. You will gain a solid foundation in the principles of psychology and develop skills in analysis and research methods.

Entry requirements

• An undergraduate bachelor’s degree in any discipline or a higher university qualification.

For detailed information about the application process please visit:
https://www.unsw.edu.au/future-students/postgraduate-coursework/how-apply

Master of Psychology (Clinical)

Program code 8556
CRICOS code 091044A
Duration 2 years
Entry February
Estimated first year tuition A$44,840

This master’s degree focuses on adult, adolescent and child clinical psychology, neuropsychological assessment and rehabilitation. Alongside your coursework, you will complete a research thesis on a topic relevant to clinical or abnormal psychology.

Entry requirements

• An accredited four-year, or three-year plus a fourth year, APAC-accredited sequence in psychology, including a major research thesis, completed within the last 10 years with honours class 1 (85%).
• Overseas qualifications must include a major research project and must be assessed by the Australian Psychological Society (APS). Admission is based on academic merit, two referee reports and performance at an interview.

For detailed information about the application process please visit:
https://www.unsw.edu.au/future-students/postgraduate-coursework/how-apply

Master of Psychology (Forensic)

Program code 8557
CRICOS code 02866E
Duration 2 years
Entry February
Estimated first year tuition A$44,558

Explore the intersection of psychology and law. This master’s program covers psychological assessment, intervention in and applications of forensic psychology, professional and ethical practice, and law for psychologists. It is primarily taught by the School of Psychology, with input from the School of Law. Alongside your coursework, you will complete a research thesis on a topic relevant to forensic psychology.

Entry requirements

• An accredited four-year, or three-year plus a fourth year, APAC-accredited sequence in psychology, including a major research thesis, completed within the last 10 years with honours class 1 (85%), or upper second-class honours (75%).
• Overseas qualifications must include a major research project and must be assessed by the Australian Psychological Society (APS). Admission is based on academic merit, two referee reports and performance at an interview.

For detailed information about the application process please visit:
https://www.unsw.edu.au/future-students/postgraduate-coursework/how-apply

Doctor of Philosophy

Duration 3.5 - 4 years
Entry February, June and September
Estimated first year tuition A$45,600

Entry requirements

• An accredited four-year, or three-year plus a fourth year, APAC-accredited sequence in psychology, including a major research thesis, completed within the last 10 years with honours class 1 (85%), or upper second-class honours (75%).
• Overseas qualifications must include a major research project and must be assessed by the Australian Psychological Society (APS). Admission is based on academic merit, two referee reports and performance at an interview.

For detailed information about the application process please visit:
https://www.unsw.edu.au/future-students/postgraduate-research/how-apply

If you are interested in undertaking research in an exceptional higher degree research opportunities, and our close links with industry provide world leaders in their respective fields. **Engineering, Information Technology, and Science**
- Cyber security Specialists
- Data Analysts
- Data Communication Developers
- Defence Contractors
- Engineers
- Information Security Managers
- Law Enforcement Specialists
- Logistics Managers
- Network Consultants
- Systems Engineers
- Space Engineers
- Space Systems Operators
Postgraduate coursework programs

Courses within the master by coursework programs at UNSW Canberra are delivered through distance mode (online), or a combination of distance (online) and intensive delivery mode (IDM). International applicants may undertake these programs as offshore international students. Offshore international students are not eligible for an Australian student visa but may undertake intensive delivery mode courses on a visitor visa to Australia.

Distance Mode (online)
Distance students are not required to be physically present on campus throughout the semester. Distance Mode courses are often referred to as ‘online courses’ as the main method of delivering learning resources and assessment is via the online learning management system, Moodle. All coursework and forums on Moodle are asynchronous, so there is no need for you to be online at specific times.

Intensive Delivery Mode (IDM)
Students undertaking IDM courses will attend the UNSW Canberra campus for one full week of full-time, face-to-face instruction. The IDM periods are usually delivered at the start of each session, with the on-campus component followed by a period of online interaction and assessment via the online learning management system, Moodle. International students are required to obtain a visitor visa to Australia in order to attend IDM courses.

Business

Master of Business
Program code 8388
Duration 1 year (online)
Entry March and July
Estimated tuition A$39,120

The Master of Business aims to develop excellent managers for the public, private and not-for-profit sectors including defence. It provides you with an advanced understanding of the concepts and principles that underpin effective management, business decision making and leadership as well as analytical skills you can use throughout your career.

Capability

Master of Capability Management
Program code 8999
Duration 1 year (online with IDM options)
Entry March and July
Estimated tuition A$39,120

The Master of Capability Management gives you a high level of understanding of the issues associated with the development and management of capability and capability systems. It focuses on the technical and management factors that influence the design, performance, employability, logistic support and technical integrity of material systems to achieve capability requirements.

Master of Decision Analytics
Program code 8654
Duration 1 year (online and IDM)
Entry March and July
Estimated tuition A$39,120

The Master of Decision Analytics is designed for those who want to develop a high level understanding of the principles and practices of decision analytics and to strengthen their skills in this area. The degree allows you to acquire quantitative and qualitative decision making tools for analysing complex operations environments and making appropriate decisions within those environments.

Engineering Science

Master of Engineering Science
Program code 8569
Duration 1 year (online with IDM options)
Entry March and July
Estimated tuition A$39,120

The Master of Engineering Science gives you a high level of understanding of the technical skills and expertise needed for the technical implementation and leadership of the cyber security function. The degree provides principles gathered from information systems, systems engineering, computer science, network security and defence to enhance a career as a cyber security specialist.

Master of Systems Engineering
Program code 8629
Duration 1 year (online)
Entry March and July
Estimated tuition A$39,120

The Master of Systems Engineering will help you develop a high-level understanding of the principles and practices of systems engineering and their implementation through the design, development and application phases. You can specialise in electronic warfare, networking, space systems, test and evaluation, weapons and ordnance, marine engineering, simulation and reliability engineering.

Cyber Security

Master of Cyber Security
Program code 8628
Duration 1 year (online and IDM)
Entry March and July
Estimated tuition A$39,120

The Master of Cyber Security coursework degree provides you with a detailed understanding of the technical skills and expertise needed for the technical implementation and leadership of the cyber security function. The degree provides principles gathered from information systems, systems engineering, computer science, network security and defence to enhance a career as a cyber security specialist.

Students can choose to complete the generalist Master of Cyber Security program or one of the following specialisations:
• Digital Forensics
• Advanced Tradecraft

Master of Cyber Security Operations
Program code 8629
Duration 1 year (online with IDM options)
Entry March and July
Estimated tuition A$39,120

The Master of Cyber Security Operations gives you a detailed understanding of the managerial and technical skills and expertise relevant to planning, operation and acquisition of the cyber security function. This degree provides principles gathered from information systems, cyber security, risk, management and governance and is for managers wanting to enhance their career in cyber security operations.

The Master of Cyber Security, Strategy and Diplomacy offers students an opportunity to develop and extend the knowledge and skills acquired in the Cyber Security Operations program to a higher level management role. These programs are designed to provide students with a high-level understanding of risk management, decision making and leadership as well as significant knowledge about the political, military, diplomatic and legal environment in which cyber security operations interact. Through UNSW’s PLuS Alliance partnership, you will be given access to courses at Arizona State University (ASU) in the USA and King’s College in the UK.

Master of Cyber Security, Strategy and Diplomacy
Program code 8631
Duration 1 year (online)
Entry March and July
Estimated tuition A$39,120

The Master of Cyber Security, Strategy and Diplomacy provides advanced interdisciplinary study into the political, military, diplomatic and higher-level management aspects of issues where cyber security, strategy and diplomacy interact. Through UNSW’s PLuS Alliance partnership, you will be given access to courses at Arizona State University (ASU) in the USA and King’s College in the UK.

International students are not eligible for an Australian student visa for this program.
Logistics Management

Master of Logistics Management
Program code 8564
Duration 1 year (online)
Entry March and July
Estimated tuition A$39,120

The Master of Logistics Management covers advanced logistics planning strategies, logistics life-cycle management, inventory management, contingency forecasting, distribution and reverse logistics. It also develops your understanding of analytical tools and systems for information flow management, including big data analysis and business intelligence techniques.

People Management

Master of Strategic People Management
Program code 8563
Duration 1 year (online)
Entry March and July
Estimated tuition A$39,120

The Master of Strategic People Management is designed to develop middle managers, particularly in people management. This degree provides you with an understanding of systems theory and its implications for implementation. As a manager you will then be better able to interpret organisational strategy and develop appropriate people-focused implementation plans.

Project Management

Master of Project Management
Program code 8595
Duration 1 year (online with IDM options)
Entry March and July
Estimated tuition A$39,120

The Master of Project Management provides you with an understanding of and advanced analytical skills in the key areas required to manage projects. There is a strong emphasis on extending skills and knowledge and vocational experiences to enable you to apply your high-level understanding to real-world problems within any industry.

Security and Defence Management

Master of Security and Defence Management
Program code 8573
Duration 1 year (online)
Entry March and July
Estimated tuition A$39,120

The Master of Security and Defence Management is designed for defence and foreign affairs professionals who wish to gain a more detailed understanding of the factors shaping the contemporary strategic and security environment, the complex policy challenges they present, and the skills and insights required of astute managers within this context.

Space

Master of Space Engineering
Program code 8622
Duration 1 year (online with IDM options)
Entry March and July
Estimated tuition A$39,120

The Master of Space Engineering is designed to ensure you develop a high level understanding of the principles and practices of engineering related to space systems. You will obtain a grounding in the discipline of systems engineering and apply that body of knowledge to space systems.

Master of Space Operations
Program code 862A
Duration 1 year (online with IDM options)
Entry March and July
Estimated tuition A$39,120

The Master of Space Operations is designed for you to examine issues in space operations and aspects of space applications. This degree allows you to develop a high level of understanding of the issues associated with the planning, operation and acquisition of space systems.

Public Leadership

Master of Public Leadership and Policy
Program code 8633
Duration 1 year (online)
Entry March and July
Estimated tuition A$39,120

The Master of Public Leadership and Policy concentrates on exercising and enhancing leadership in professional contexts ranging from government departments and statutory authorities, to educational bodies and training authorities, media organisations and advocacy groups. You will be able to combine courses focused on public leadership along with electives addressing broader issues related to local, national, and global policy.

Special Operations

Master of Special Operations and Irregular Warfare
Program code 8632
Duration 1 year (online)
Entry March and July
Estimated tuition A$39,120

The Master of Special Operations and Irregular Warfare is aimed at military personnel and those in the security policy community, including security contractors, who would benefit from a better understanding of special operations as a military instrument. This is the only degree of its kind in Australia and is developed by Special Operations Command personnel in conjunction with UNSW academics.

Strategy and Security

Master of Strategy and Security
Program code 8572
Duration 1 year (online)
Entry March and July
Estimated tuition A$39,120

The Master of Strategy and Security is aimed at security and defence professionals who want to gain a deeper and more advanced understanding of the factors shaping the global and Asia-Pacific security and strategic environments, as well as the complex policy challenges presented by the Australian government’s new security agenda.

Sustainment Management

Master of Sustainment Management
Program code 8566
Duration 1 year (online with IDM options)
Entry March and July
Estimated tuition A$39,120

The Master of Sustainment Management provides you with an opportunity to develop a detailed understanding of the managerial factors shaping the planning, acquisition and sustainment of complex technology and systems over their life cycles. You will also develop ability to prepare capability according to organisational strategy and to develop appropriate implementation and sustainable plans.

War Studies

Master of War Studies
Program code 8571
Duration 1 year (online)
Entry March and July
Estimated tuition A$39,120

The Master of War Studies is an interdisciplinary degree focused on war and its effects. It is built around a central core of subjects in military history, with additional options addressing topics in strategy, international relations, security and literature. It frames analytical and interpretive skills within a wide range of military-related courses.

International students are not eligible for an Australian student visa for this program.

UNSW CANBERRA
Higher Degree Research Programs

Higher degree research programs allow you to undertake a more thorough exploration of a field or topic. Higher degree research programs at UNSW Canberra include the Professional Doctorate, Master of Philosophy, Masters by Research, and Doctor of Philosophy (PhD).

The major component of a higher degree research program is a substantial written work (a thesis), which investigates a particular subject or issue. As a research student, you will work more independently than a postgraduate coursework student while under the direction of an academic supervisor or a supervisory panel of academic staff.

Overseas international students are eligible for an Australian student visa. Full details on all research programs, applications, scholarships and support services can be found at: [www.adfa.edu.au/study/postgraduate-research](http://www.adfa.edu.au/study/postgraduate-research).

Master of Arts by Research

Program code: 2486
CRICOS code: 085772G
Duration: 1.5 - 2 years
Entry: February, June and September
Estimated first year tuition: A$36,960

Entry requirements:
- An appropriate four-year UNSW Bachelor degree with lower second honours or higher,
- An equivalent qualification from a tertiary institution, as determined by the Faculty Higher Degree Committee (HDC).

Master of Business by Research

Program code: 2223
CRICOS code: 093557G
Duration: 1.5 - 2 years
Entry: February, June and September
Estimated first year tuition: A$36,960

Entry requirements:
- A relevant four-year UNSW bachelor's degree with lower second honours or higher, or
- An equivalent qualification from a tertiary institution, as determined by the Faculty Higher Degree Committee (HDC).

Master of Engineering by Research

Program code: 2493
CRICOS code: 085774K
Duration: 1.5 - 2 years
Entry: February, June and September
Estimated first year tuition: A$36,960

Entry requirements:
- A relevant four-year UNSW bachelor's degree with lower second honours or higher, or
- An equivalent qualification from a tertiary institution, as determined by the Faculty Higher Degree Committee (HDC).

Master of Science by Research

Duration: 1.5 - 2 years
Entry: February, June and September
Estimated first year tuition: A$36,960

Entry requirements:
- A relevant four-year UNSW bachelor's degree with lower second honours or higher, or
- An equivalent qualification from a tertiary institution, as determined by the Faculty Higher Degree Committee (HDC).

Master of Philosophy

Duration: 1.5 - 2 years
Entry: February, June and September
Estimated first year tuition: A$36,960

Entry requirements:
- A relevant four-year UNSW bachelor's degree with lower second honours or higher, or
- An equivalent qualification from a tertiary institution, as determined by the Faculty Higher Degree Committee (HDC).

Professional Doctorate - Information Technology

Program code: 1743
CRICOS code: 085796G
Duration: 3 - 4 years
Entry: February, June and September
Estimated first year tuition: A$36,960

Entry requirements:
- A relevant UNSW bachelor’s degree or an equivalent qualification from another tertiary institution; and
- Completion of qualifying program (master’s with discipline specific) to an approved standard (distinction average or above), and
- Professional experience.

Professional Doctorate - Project Management

Program code: 1742
CRICOS code: 085797G
Duration: 3 - 4 years
Entry: February, June and September
Estimated first year tuition: A$36,960

Entry requirements:
- A relevant UNSW bachelor’s degree or an equivalent qualification from another tertiary institution; and
- Completion of qualifying program (master’s with discipline specific) to an approved standard (distinction average or above), and
- Professional experience.

Professional Doctorate - Public Leadership

Program code: 1731
CRICOS code: 095832G
Duration: 3 - 4 years
Entry: February, June and September
Estimated first year tuition: A$36,960

Entry requirements:
- A relevant UNSW bachelor’s degree or an equivalent qualification from another tertiary institution; and
- Completion of qualifying program (master’s with discipline specific) to an approved standard (distinction average or above), and
- Professional experience.

Professional Doctorate - Systems Engineering

Program code: 1741
CRICOS code: 085795G
Duration: 3 - 4 years
Entry: February, June and September
Estimated first year tuition: A$36,960

Entry requirements:
- A relevant UNSW bachelor’s degree or an equivalent qualification from another tertiary institution; and
- Completion of qualifying program (master’s with discipline specific) to an approved standard (distinction average or above), and
- Professional experience.

Doctor of Philosophy (PhD)

Mathematics and Statistics (1881)
CRICOS code: 085794G
Mechanical Engineering (1661)
CRICOS code: 085796G
Oceangraphy (1802)
CRICOS code: 085801G
Physics (1892)
CRICOS code: 085795G
Project Management (1615)
CRICOS code: 085760G
Southeast Asian Social Inquiry (1200)
CRICOS code: 085797G

System Engineering (1620)
CRICOS code: 085777G

Entry requirements:
- A relevant UNSW bachelor’s degree with upper second class honours, or
- A completed Master’s by Research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high quality research thesis; or
- An equivalent qualification from a tertiary institution as determined by the Faculty Higher Degree Committee (HDC).

The Graduate Research School Admissions and Scholarships team provides advice and support to all applicants for admission to a UNSW Higher Degree Research program or scholarship. Go to page 126 for further information or email international@adfa.edu.au.
How to apply

**Step 1**
Choose your program
Choose your program at [degrees.unsw.edu.au](http://degrees.unsw.edu.au) or from the pages of this guide and make a note of the program code.

**Step 2**
Check your entry requirements
You need to meet your chosen program’s entry requirements. You also need to meet UNSW’s English language requirements (see page 124 or visit [unsw.edu.au/elp](http://unsw.edu.au/elp)).

**Step 3**
Submit your application online
Submit your application at UNSW Apply Online, [apply.unsw.edu.au](http://apply.unsw.edu.au). Click ‘Register now’ and fill out your details. Upload your supporting documents and pay your application fee.

**Step 4**
Track your application
Once you have submitted your application you will be able to easily track its progress via your Apply Online account. You will also be able to upload any additional documents we need.

Once you have provided all the necessary documentation, it should take two to three weeks for UNSW to assess your application.

**Step 5**
We will send you a letter of offer
We will notify you of the outcome of your application via email. If your application is successful, you will receive a full offer, or a conditional offer if more steps are required. If you are receiving assistance with your application, your nominated agent will also receive a copy of the email.

**Step 6**
Accept your offer
If you receive a full offer, you will also receive an email with a link to your personalised offer page. Your page will guide you through the process of accepting or deferring your offer. Once you have accepted and paid your deposit, you will receive an electronic Confirmation of Enrolment (eCoE).

**Step 7**
Enrol online
Once enrolment for your degree is available, you can enrol in your degree and courses online at Accept Online, [acceptonline.unsw.edu.au](http://acceptonline.unsw.edu.au).

Need help?
If you have any questions regarding your application, go to [enquiry.unsw.edu.au](http://enquiry.unsw.edu.au).

**Other ways to apply**
You can also apply to UNSW at a conference or event where we’re attending, or through a UNSW agent located in your country. Find out more at [unsw.edu.au/study](http://unsw.edu.au/study).

**Application deadline**
You should submit your completed application as early as possible to ensure it will be processed in time for your preferred term. Some high-demand programs such as Engineering, and faculties with limited places such as Medicine, may have an earlier application deadline or may have an earlier commencement date.

For more information go to [applyonline.unsw.edu.au](http://applyonline.unsw.edu.au).

### Coursework scholarships

For the best of the best

A wide range of scholarships are available for high-achieving and ambitious international students.

#### UNSW postgraduate coursework scholarships

UNSW scholarships for international students provide financial support to cover some of the costs associated with studying at UNSW. Scholarships recognise students who demonstrate academic achievement or other outstanding qualities, such as leadership skills or contributions to the wider community. To be considered for a scholarship, you must submit a separate application in addition to your admission application.

#### Other scholarship providers

There are many scholarships offered by organisations other than UNSW including the Australian government, industry partners, and organisations in your home country.

#### Australian government scholarships

Australia Awards are international scholarships and short courses funded by the Australian government. They offer the next generation of global leaders an opportunity to undertake study, research, and professional development.

For more information, visit [australiaawards.gov.au](http://australiaawards.gov.au)

---

### Step 1 Search

Visit [scholarships.unsw.edu.au](http://scholarships.unsw.edu.au). Make sure you select ‘International’ in the residency search box to see the list of scholarships available to you.

---

### Step 2 Register

Before applying for your chosen scholarship, first register an account by following the instructions on the page.

---

### Step 3 Apply

To apply, log in using your registered login and password. Double check the requirements as some scholarships may have specific questions or require supporting documentation.

---

### Step 4 Submit

Submit your application by the due date. Don’t forget to check the website regularly for application deadlines and updates.

Please check our website regularly for any new scholarships that may become available.

For more information about UNSW Scholarships, visit [scholarships.unsw.edu.au](http://scholarships.unsw.edu.au)
Higher Degree Research

UNSW is one of the world’s leading research universities, known for innovative, pioneering research that has global impact.

By enrolling in a UNSW Higher Degree Research program, you will join a vibrant community conducting world-changing research, and you will be supervised by leading experts in your field.

You will live and work like a career researcher at every stage of your degree. You can publish, teach or travel; network with or be mentored by high achievers in your field; and build the skills, expertise and networks you need to succeed in the future.

A research career, not just a degree
UNSW prepares you for a career success as a researcher. When you join UNSW, you become an essential part of the research community and play a vital role in the University’s research culture, output and performance.

Our awarded researchers are pioneers in both established and emerging fields. They solve complex problems and tackle some of the major challenges of our time. They will mentor and guide you to conduct innovative research in a world-class environment.

UNSW’s research facilities are some of the best in the business. From the world-leading Lowy Cancer Research Centre to the Mark Wainwright Analytical Centre, we invest in the latest technologies, spaces and equipment to support research excellence across all disciplines.

Through industry engagement, UNSW’s Higher Degree Research candidates have the opportunity to translate their research in collaboration with a range of industry partners. This includes small to medium-sized enterprises, entrepreneurs, investors, policy makers, community, and non-government organisations.

UNSW’s Graduate Research School delivers high quality, professional and engaged services to support Higher Degree Research candidates and the research training leaders who work with them.

Eligibility
Once you have decided to apply for a Higher Degree Research program, you must determine whether you are eligible for admission before submitting an application.

UNSW’s Graduate Research School delivers high quality, professional and engaged services to support Higher Degree Research candidates and the research training leaders who work with them.

Eligibility
Once you have decided to apply for a Higher Degree Research program, you must determine whether you are eligible for admission before submitting an application.

Through industry engagement, UNSW’s Higher Degree Research candidates have the opportunity to translate their research in collaboration with a range of industry partners. This includes small to medium-sized enterprises, entrepreneurs, investors, policy makers, community, and non-government organisations.

Applying is easy

Step 1
Check your eligibility and complete the HDR self-assessment at selfassessment.research.unsw.edu.au

Step 2
Choose a research area by investigating the research activities and projects already being undertaken at UNSW, and identify a faculty or school that aligns with your area of interest. Visit research.unsw.edu.au/finding-supervisor

Step 3
Find a supervisor working in your research area and get in touch with them to gain their agreement to supervise you. Please note, some faculties require an Expression of Interest instead. Visit research.unsw.edu.au/finding-supervisor

Step 4
Work with your supervisor to develop a description of your research interests, which should be approximately one page in length, and outline how you plan to address a specific problem.

Step 5
Prepare your supporting documents for submission. Documents include supervisor’s agreement, research proposal, resume, academic transcripts, financial declaration and proof of English. Visit research.unsw.edu.au/submit-application

Step 6
Submit your application online and apply for any relevant scholarship at the same time. Visit applyonline.unsw.edu.au

Contact Us
The Graduate Research School is the central administration and support office for all Higher Degree Research candidates at UNSW Sydney.

---

**Research scholarships**

A wide range of scholarships are available for international Higher Degree Research candidates.

**Scholarships**

Scholarships provide benefits such as annual living stipends and tuition fee cover, as well as funding and supplements for travel.

**Eligibility**

Full scholarships are only available to applicants who hold a four-year bachelor’s degree with Honours Class 1 from an Australian institution, or an equivalent research qualification experience. This qualification must be in a field relevant to your area of research.

**Apply**

You can apply for a scholarship within your online Higher Degree Research application.

---

**Available scholarships**

Australian Government Research Training Program (RTP) International Scholarship

Based on outstanding academic merit and research potential, these awards provide successful applicants undertaking a PhD or research master’s degree with a tax-exempt living stipend in addition to covering tuition fees for 3.5 (for PhD) or 2 (for masters) years. The RTP also provides some additional allowances.

**University International Postgraduate Award (UIPA)**

Based on outstanding academic merit and research potential, these awards provide successful applicants undertaking a PhD or research master’s degree with a tax-exempt living stipend in addition to covering tuition fees for 3.5 (for PhD) or 2 (for masters) years. The UIPA also provides some additional allowances.

**Tuition Fee Scholarship (TFS) plus a Research Stipend**

Based on outstanding academic merit and research potential, these awards provide successful applicants undertaking a PhD or research masters with a tax-exempt living stipend provided by the faculty, school or supervisor, in addition to covering tuition fees for 3.5 (for PhD) or 2 (for master’s degree) years.

UNSW and home country joint scholarships

Available to students from China, Pakistan and Chile. For more information, visit [research.unsw.edu.au/unsw-home-country-joint-scholarships](https://research.unsw.edu.au/unsw/home-country-joint-scholarships)

**UNSW Scientia PhD Scholarship scheme**

These prestigious scholarships are based on research merit, research potential, global impact and social engagement, and potential for career development. These awards provide successful applicants undertaking a PhD with a tax-exempt living allowance and an annual development support package, in addition to covering tuition fees for 4 years.

**University International Postgraduate Award (UIPA)**

Based on outstanding academic merit and research potential, these awards provide successful applicants undertaking a PhD or research master’s degree with a tax-exempt living stipend in addition to covering tuition fees for 3.5 (for PhD) or 2 (for masters) years. The UIPA also provides some additional allowances.

**Tuition Fee Scholarship (TFS) plus a Research Stipend**

Based on outstanding academic merit and research potential, these awards provide successful applicants undertaking a PhD or research masters with a tax-exempt living stipend provided by the faculty, school or supervisor, in addition to covering tuition fees for 3.5 (for PhD) or 2 (for master’s degree) years.

English pathways

Improve your English language skills for success.
UNSW Global’s English pathway courses are designed to help you improve your skills so you can meet the UNSW English language entry requirements. They also prepare you for success at university and in your global career.

If you want to study an academic pathway program, or an undergraduate or postgraduate degree, there’s an English pathway for you.

Advance with the help of experts
• Study at Australia’s first university languages centre.
• Learn from 50 years of experience in language teaching.
• Access world-class university facilities and social surroundings while studying at UNSW Sydney campuses.

Gain direct entry to UNSW
UNSW Global’s University English Entry Course (UEEC) is designed specifically to help you meet the English language entry requirements for a UNSW degree. There are 10, 15, and 20-week courses available, depending on your level of English.
• Improve your academic English language, literacy and digital skills, giving you a strong head start at UNSW.
• Get direct entry to UNSW – 90% of UEEC graduates progress to UNSW.
• Prepare for university with UEEC – gain a range of learning skills, research and writing processes, access academic information and UNSW’s learning resources.
• Explore a wide range of global topics and issues through lessons and tasks that are based on authentic university lectures and readings.
• Develop collaborative and independent learning skills through hands-on, supportive lessons.
• Receive individual feedback every week, so you know exactly what to practise and how to improve.
• Build your confidence and practise communication for real university situations while you get to know UNSW.

For more information, visit unswglobal.unsw.edu.au/ueec

* Note: Sub-scores may apply. Students who do not meet the entry requirements may be eligible to study the 10-week Essential Academic English Course prior to starting UEEC.

Prepare for life at UNSW
• Develop and present strong academic arguments on issues in your field of study.
• Develop skills to manage university assignments, and learn to use academic search tools and UNSW learning resources.
• Prepare for university by developing your listening skills, and improving the fluency and speed of your reading.
• Become an independent learner and build your confidence through a range of communication activities.

*Indicative fees only

Because each student’s study choices are different, it is impossible to provide a definitive cost of studying at UNSW. Here are a few things to consider when calculating your expected fees:

**Fees are course-based**

Fees for international students are set according to the course (subject) and not the program. The fees reflect the relative cost of delivering the course and are calculated per unit of credit (UOC). For example, a science course is likely to cost more than an arts course. Therefore, your total tuition fees will vary depending on which courses you choose.

**Fees vary each year**

Fees for courses (subjects) change from year to year. The tuition fees above are for students commencing in 2021. The fees for 2022 are indicative only; fees may change during the program. Actual fees for 2022 will be released in late 2021.

**Estimating your tuition fees**

Estimates for each program are outlined in the faculties and postgraduate programs section, starting from page 40. You can also calculate your own expected fees by referring to the table above.
Coursework program fees
A coursework master’s program will require 48 units of credit (UOC) per year, a graduate diploma will require 36 or 48 UOC per year, while a graduate certificate requires 24 UOC. Most courses (subjects) are 6 UOC.

A typical postgraduate program will include courses from within the faculty offering the degree. However, if you do choose courses from outside your faculty, they will be charged at the rate set by that faculty. As an example, the course Environmental Impact Assessment will be calculated using the Faculty of Science rate, which is AUD$930 per UOC in 2021.

Research program fees
The tuition fees listed for research programs are for a standard full-time year of study, which is 48 UOC per year.

Some research degrees combine coursework with research. In this case, your research tuition fee covers the cost of these courses and you are not required to pay an additional fee.

Graduate diplomas by research are not classified as research degrees and fees are calculated using the value of individual courses undertaken.

For more information about the UNSW fees policy, including refund of fees and overpayments, visit student.unsw.edu.au/fees-policy.

Other study-related costs
Some programs and courses have costs which are additional to the tuition fees, such as costs relating to laboratory kits, equipment, and field trips. Textbooks are not considered compulsory, but we recommend budgeting around AUD$1,000 per year for books.

An estimate of your total costs (tuition and other study-related costs) will be shown on your Confirmation of Enrolment Form (CoE) that will be issued on acceptance of an offer of admission to UNSW.

Living costs
Living costs vary depending on each student’s requirements. We estimate a single international student will need a minimum AUD$22,000 per year to cover general living expenses. This does not include the costs of large non-essential items like electrical equipment or a car. In addition, you will need at least AUD$2,000 when you arrive in Sydney to cover initial expenses such as a rental bond payment (security deposit), electricity, gas, and telephone connection fees, and basic furniture and household items.

Overseas student health cover
If you are in Australia on a student visa you will need to pay for health insurance through the Overseas Student Health Cover (OSHC) scheme and maintain insurance for the duration of your visa.

All international students must be covered by health insurance from the date they arrive in Australia until the date they depart, regardless of when they start or complete their program. It is your responsibility to ensure your health insurance policy matches your arrival and departure dates.

The only exception is for students from Belgium, Norway, and Sweden who are covered by CSN or Kammarkollegiet. These students will need to provide proof of official health insurance cover from their home government provider.

There are five registered providers of OSHC
The five registered providers are Medibank Private (UNSW’s preferred overseas student health cover provider), Allianz Global Assistance, BUPA Australia, NIB Health Funds Ltd and Australian Health Management.

Medibank OSHC will pay benefits towards your medical and hospital treatment, medically necessary ambulance transport, and most prescription medicines. Be aware that there may be some exclusions for pre-existing conditions, and you may have to serve a waiting period to receive some services.

Some services are not covered by Medibank’s policies. These include optical, physiotherapy, dental, and some pharmaceuticals. If you want to be covered for these expenses, you will need to take out additional insurance.

United States financial aid
We are authorised by the US Department of Education to administer Federal Direct Loans for eligible US students studying at UNSW. If you are eligible for this support, the UNSW Financial Aid Office will be able to help you with your application.

For more information, visit international.unsw.edu.au/for-us-students.

International student loans
If you are from Canada, Sweden, Norway, Denmark, or the UK and have applied for a student loan or a grant from your home country, we can help you certify your enrolment at UNSW.

Please send the Certification Form to financialaid@unsw.edu.au.

For more information, visit international.unsw.edu.au/financial-aid.

COVID-19 information for future students

UNSW is committed to providing you with a world-class education both online and in person. We’ve transitioned our courses to online teaching and replicated as many aspects of our campus community as possible into the virtual space for times when travel restrictions apply.

As a potential future student, this means you can commence your studies with us no matter where you are in the world and then join us on campus when possible. If you do commence your studies outside of Australia, in most cases, you will find your core compulsory courses are offered online and you will have a choice of elective options. However, there are some programs with components that cannot currently be completed remotely. This may be due to the need for specialist equipment, or in some cases, because of the requirements of external accrediting organisations.

If you wish to study one of these programs remotely, your graduation may be delayed depending on when you are able to travel to Australia. Similarly, UNSW has worked to develop appropriate processes and support for Work Integrated Learning (WIL) placements to be conducted remotely in a work at home capacity if you commence your studies outside of Australia. However, in some circumstances, it may not be possible to conduct WIL placements remotely. This may be due to the need for appropriate clinical placements, adequate insurance cover or, in some cases, because of external accrediting organisations. If you wish to study one of these programs remotely, your graduation may be delayed depending on when you are able to travel to Australia.

If you do commence your studies outside of Australia, you must travel to Australia once travel restrictions are lifted to complete the remainder of your program. UNSW recommends that you apply for a student visa as soon as possible. If your application for a student visa is refused and you are unable to complete your degree program you will be granted a refund of any unspent portion of your deposit. No refund can be granted for tuition fees you will be granted a refund of any unspent portion of your deposit. No refund can be granted for tuition fees.

Deferrals, suspensions and cancellations

If you have a UNSW offer in a certain term and wish to defer (i.e. delay commencing to a future term), please visit student.unsw.edu.au/admissions as soon as possible and before the commencement date stated on your offer. The University can suspend or cancel your enrolment for a number of reasons including misbehaviour and unsatisfactory academic progress. For more information please visit student.unsw.edu.au/admissions.

Important information about online/distanced learning for Student Visa Holders & United States Federal Direct Loan recipients

UNSW prides itself on being able to offer you flexible study options when you plan your course enrolment. Your student visa places certain limitations on the total number of Units of Credit (UOC) you can undertake online or by distance during your program and during each compulsory study period.

• 67% or more of your total program must be completed in a face-to-face setting

• You must enrol in at least one face-to-face course in each compulsory study period

If you are a US citizen or eligible permanent resident and are planning on using US Federal Direct Loans, you cannot undertake any online or distance courses to remain eligible for federal student aid.

Due to the COVID-19 situation the limitations on the total number of UOCs you can undertake online or by distance study have temporarily been relaxed for Student Visa Holders and US Federal Direct Loan recipients. UNSW will provide further updates once these temporary measures are lifted.

For more international student information on UNSW’s response to COVID-19, visit covid-19.unsw.edu.au/information-students

CONTACT
We look forward to welcoming you

From social clubs to the classrooms, you’ll uncover your true potential through life-changing experiences and a career-focused education from a global top university. Now, more than ever, the world needs people committed to making a difference. People ready to explore, question, research, challenge and lead. The world needs you.

From university to real-world impact
Khushaal chose to study with UNSW Law because of the importance it placed on social justice. As a graduate lawyer, he’s taking the first steps to build a career through which he’ll be able to tackle the issues he’s passionate about and make a real difference.

Can’t want to join us?
Get a sneak peek at what it’s like studying at UNSW by joining one of our many events. See the events schedule at experience.futurestudents.unsw.edu.au/international. Or you can take a tour of UNSW campuses right now with a 360 degree virtual tour.

Scan the QR code and watch alumnus Khushaal Vyas’s story.
