### World-leading education

Ranked 40th in the world for quality teaching and research (academic reputation).

QS World University Rankings, 2021

### Employable graduates

Ranked 27th in the world by employers seeking the best graduates (employer reputation).

QS Graduate Employability Rankings, 2020

### Global Connections

Ranked 22nd most international university in the world for number of international students, staff and scholar collaboration

Times Higher Education Rankings, 2020

### Top earners

Highest graduate median salary of Sydney-based and Go8 universities.

QILT Graduate Outcome Survey, 2020

### Cutting-edge innovation

#1 institution attended by Australian start-up founders.

Startup Muster 2018

### 6 of the world's top 20 subjects

Mining & Mining Engineering (5th), Civil & Structural Engineering (12th), Law (13th), Petroleum Engineering (18th), Accounting & Finance (19th), Environmental Sciences (19th)

QS World University Rankings by Subject, 2021

Studying at UNSW is an investment in your future. We're committed to developing you personally and professionally. The combination of your ambition and our expertise will set you up for a future where you'll feel empowered to make positive impact and make a difference. The world needs dreamers, explorers, researchers, leaders and thinkers.

## The world needs U

Throughout this guide you will find QR codes that unlock more information and reveal extra inspiration. Scan the QR code to see why the world needs you.

# Become an employable graduate

UNSW is career-focused education. We equip you with the skills, opportunities and support that will ensure you excel well into your future. That's why our graduates now work with some of the most enviable employers and global organisations, such as Google, Unilever, Ernst & Young, Microsoft, Rio Tinto, HSBC, Slater & Gordon, NASA, UNESCO and Oxfam.

## We prepare you for lifelong career success.

### Develop your flexible, lifelong career plan

From day one, you can turn to our experts for professional advice and learn how to seize opportunities throughout your career. We'll help you:

- Recognise and build on your professional strengths.
- Identify your opportunities and plan a career path.
- Think critically and creatively for lifelong career success.

### Make an impact with employers

Your knowledge, skills and experience combine to demonstrate why a company should hire you. You will learn how to express your professional best with:

- Internships and practical experiences integrated into your studies.
- Strong online presence, resumé and cover letter writing skills.
- The ability to understand and respond to complex interview questions.

### Connect with mentors to support your success

With professional development woven into your studies, you will be inspired by influential people and build networks with future employers. Take advantage of:

- Personalised career mentoring that offers connections, support and insights.
- Introductions to exciting companies at industry networking events.
- Internships and experiences that build your confidence and reputation.

"Coming out of uni there was so many transferrable skills like being a good communicator, a team member, presenting well, these kind of skills that you've built up over the years studying here [UNSW] are so easily transferrable into the workforce."

—  
Catherine Hu,  
UNSW Business School Alumna and Customer  
Solutions Manager for TikTok

# Transform ideas into reality

## Grow your ideas with leading entrepreneurial support

If you're passionate about starting your own business, UNSW is the university for you. We have one of the biggest student and alumni start-up programs in Australia, the UNSW Founders Program. You can turn your ideas into a reality with:

- One-on-one mentoring with expert start-up coaches
- Interactive workshops in cutting-edge facilities
- Accelerator programs to help you gain investment and launch your own business
- Networking events where you meet business founders, leaders and entrepreneurs

"The Founders program fast-tracked our growth by putting us in touch with industry experts and mentors that have been crucial to our product development and business strategy. We've gained not only exposure to the start-up industry as a whole, but it has made us think more globally. The funding, office space and resources provided have been invaluable to us succeeding on our journey."

—  
Vanessa Zhao,  
UNSW Founders alumna

Vanessa and three of her classmates launched Yellowbox as a part of the UNSW Founders 10x Accelerator program. Yellowbox is a technology start-up specialising in smart-lock systems and since its launch with UNSW it has now expanded internationally.

### > UNSW Founders

Australia's most comprehensive university entrepreneurship program. Visit [founders.unsw.edu.au](https://founders.unsw.edu.au)

## Change the world with bold ideas and quality research

We're passionate about research, changing lives and making real-world impact. That is why UNSW is ranked number one in Australia for research quality and impact\*. It can start with just one bold idea and result in outcomes that positively impact societies, economies and the environment.

**Solar power (photovoltaics):** We broke the record for the conversion efficiency of a silicon solar cell. We're home to the world's fastest solar-powered car. Our campuses are now powered by 100% solar electricity.

**COVID-19:** Our researchers are tackling the COVID-19 pandemic through social policy, public health, immunology, biosecurity and infectious disease intelligence. We have established a Rapid Response Research Fund to aid numerous projects, while a leading team of UNSW researchers are currently working on the frontline with the state's health department.

You too can be a part of UNSW's global research network. See page 126 for more information on Higher Degree Research.

**The world's first quantum computer:** Using silicon, UNSW is one of the global leaders in the race to build a quantum computer. We've also established the world's first undergraduate degree in quantum engineering.

**Climate Change:** Among several world-first climate research projects, we have established the Climate Change Research Centre with one to the largest research facilities of its kind in Australia. We are proudly the #1 university for meeting the UN's Sustainable Development Goal for Responsible Consumption and Production.<sup>^</sup>

<sup>^</sup>Times Higher Education University Impact Rankings, 2020

# Scholarships, rewarding your ambition

UNSW is where the hardest-working and highest-achieving students from around the world study and succeed. We offer scholarships for high-achieving international students to empower them to realise their potential.

Our scholarships aren't just based on your grades – UNSW values leadership skills, extracurricular interests and your passion to study with us. Our international scholarships and awards will help you to gain financial support, recognition of your academic excellence and they'll help you stand out to future employers.

## International Scientia Coursework Scholarship

Alongside academic merit, we want you to show us your passion to become a leader, how you've engaged in extracurricular interests, and share with us why UNSW is the university for you.

### What you receive:

- a full scholarship on your tuition fees or,
- AUD\$20,000 per annum for the minimum duration of your program.

You'll also have access to networks and support including 'fast-tracked' applications for campus accommodation, awards and networking events and guaranteed entry into the UNSW Professional Development Program.

## Australia's Global University Award

If you have strong academic merit and are passionate about achieving your goals through your university study, you will be considered for Australia's Global University Award.

### What you receive:

- AUD\$10,000 for one year or,
- AUD\$5,000 for one year

> For all eligibility requirements, instructions on how to apply, or to explore all the scholarships available, visit [scholarships.unsw.edu.au](https://scholarships.unsw.edu.au)

"My scholarship has given me a platform to focus more on my studies and obtain a marketing internship which is relevant to my course and thus adds significant value to my overall profile."

–  
Saurabh Kaura,  
Master of Commerce - International Business,  
Economics & Finance

# Welcome to Sydney

Sydney is one of the best and that's not just according to us. It's rated as the third most liveable city in the world\*. We're known as one of the most diverse and inclusive cities in the world – made up of global citizens. The differences you bring are appreciated and we look forward to welcoming you.

Sydney is more than just a pretty face. It offers countless business and career opportunities – it's Australia's financial and economic powerhouse. There's always something to do in Sydney, and UNSW is right in the heart of it all.

Come join us.

\* Economist Intelligence Unit's Global Liveability Index, 2019

Sydney downtown

## Feel safe and welcome

G'day. Hello. Hi. How's it going? Aussies are known for being friendly and you will find a smile wherever you go. Feel safe and welcome as you join our vibrant and multicultural communities all over Sydney that span social, religious and cultural collectives.

Sydney has been ranked one of safest cities in the world\*. Additionally, our public health response to COVID-19 is considered one of the most effective, worldwide. You can feel secure and safe about your choice to live here. It will feel like a home away from home, no matter where you're from. The best bit about our multicultural city? The food. Explore Chinatown, Spice Alley, Little Italy and an array of fresh food markets all within easy reach. Who knows what new treats you could discover?

## Jumpstart your career connections in the business capital of Australia

Sydney is home to more global firms than any other Australian city. As a gateway to Asian economies, you'll find many valuable networking opportunities to help you stand out in the global job market. With UNSW's career support services, you'll feel confident about establishing new professional networks.

\*5th Safest City, Economist Intelligence Unit's Safe Cities Index, 2019

## Take a break from the books

There's always something fun and exciting happening in Sydney – from concerts at the Opera House, to free events including Vivid light and musical festival, Chinese New Year celebrations and the multicultural Parramasala. Join an impromptu beach volleyball game on Coogee Beach or grab some friends for some photo-worthy moments in the Chinese Garden of Friendship.

Or if you're more into sport, we host world-class sporting events including cricket, soccer and rugby. For the more artistic visitors, there are theatre productions, concerts and festivals (many of them free!) to keep you entertained and inspired all year round. Get among it and join fun in Sydney.

Bondi Beach, Sydney

## Sydney on a budget

On a budget? No worries. There are lots of affordable indoor and outdoor activities to enjoy in Sydney. Pop into a free art gallery, catch a movie at the local cinema, try a coastal walk, snorkel or surf at the beach, or enjoy a budget-friendly lunch or dinner in one of our neighbouring suburbs. Feel confident to try new hobbies with lots of UNSW student social clubs to join.

## Explore Sydney's surroundings

Sydney is all about the outdoors. And it's more than just beaches. Head to one of our beautiful parks for an outdoor picnic with friends. If you want to go further afield, the Blue Mountains to the west of Sydney, the Royal National Park to the south or stunning Palm Beach in the north are great for a getaway. Don't forget our beautiful beaches minutes from the UNSW Sydney campus. Fall in love with Sydney when you study in the heart of it.

Sydney Harbour Bridge during Vivid Sydney light festival

# Take a quick tour

## Top student city

We're in the top 10 Best Student Cities\* based on safety, welcoming international students as well as cost of living.

## A swimmer's paradise

There are over 100 beaches in Sydney spanning from harbourside alcoves filled with rockpools to the calm waters at Balmoral and Camp Cove. Or give surfing a go at the famous Bondi and Coogee beaches.

## Cultural melting pot

Almost a third of our population were born overseas making us a truly multicultural city. Immerse yourself in community cultural or religious events throughout the year – including student events on campus.

## Enjoy our style

Sydneysiders like to shop – particularly with local Australian designers. Head to nearby Paddington to discover boutique shops. Wander over to Surry Hills to find one-of-a-kind streetwear or visit the Sydney CBD for all the top labels and luxury brands.

## Experience the Australian bush

There is a lot of green space in Sydney to enjoy. In the south of the city you can find one of Australia's first national parks, the Royal National park, home to unique Australian plants, jaw-dropping coastal views and ancient Aboriginal art dating back thousands and thousands of years.

## Art meets nature

Australia's largest outdoor sculpture exhibit, Sculpture by the Sea, is held at Bondi Beach every year with large sculptures set against the backdrop of the cliffs and sea. Often featuring UNSW Art & Design Students' work. Get the selfie stick out for this. You won't want to miss a photo opportunity.

\*QS Best Student Cities, 2019

# Live in the heart of it all

UNSW has the best of Sydney right at its doorstep. The bubbling food and retail hub in the city centre is just a short trip on the light rail. For fresh ocean breezes, head to Bondi and Coogee, which are only a short bus trip from campus. Up for some sightseeing? The famous Sydney Opera House and Sydney Harbour Bridge are so close, you can visit them any time you want.

Take advantage of the public transport system. There's trains, buses, ferries and light rail options at all hours of the day. Getting to the main campus is easy with a new Light Rail network that will drop you at our doorstep. Or if you want to make the most of beautiful Sydney, jump on a bike or choose to walk. Take it all in at your own pace.

## > Make it your home

Join the student community living on or nearby campus. Not only will you have this easy access to Sydney city and beaches, you will be in walking distance to your lecture halls, meet people from around the world and make lifelong friends. For information on university accommodation, please see pages 24-25 or visit [accommodation.unsw.edu.au](https://accommodation.unsw.edu.au)

# Get the full experience

University is about discovering the best version of yourself. At UNSW, there's so many opportunities for you to explore and grow, and with each new experience, you will discover new things about yourself and what motivates you to succeed. You will make friends in clubs and societies and enjoy fun events on and off campus.

Scan the QR code to see where UNSW can take you!

## Online, flexible study that works for you

Receive a world-class education from anywhere. Take advantage of a wide range of fully-online programs designed to help you balance professional and personal commitments. UNSW's online learning is recognised as accredited study and is delivered with the same high standard of teaching as if you were on campus. Programs offered will enable you to upskill, shift careers or gain a competitive edge in the job market. Browse the range of online degrees at [online.unsw.edu.au](https://online.unsw.edu.au)

Please note that students are not able to obtain an Australian student visa for UNSW's fully-online programs.

## A place to make new friends

Students from all backgrounds are what makes our campus so rich and diverse. There's plenty of activities and opportunities to find your place in the community. With over 300 clubs and societies for everything from sport to religion, everyone is welcome. Arc, UNSW's student-led organisation and home to many of our student clubs, hosts year-round parties and events (in person and online), sporting competitions and practice, volunteering opportunities, health and wellness sessions... the list goes on. Find your friends at [arc.unsw.edu.au](https://arc.unsw.edu.au)

## Discover your favourite places

UNSW's campus has everything you could need all in one place. You'll find dozens of cafes and restaurants, banks, ATMs, a post office, supermarket, medical facilities, libraries, sporting facilities and more! When it's time to hit the books, there are indoor computer labs and outdoor study areas, so you can find the right vibe to suit your study style – all with free and fast Wi-Fi.

# We're here for you – every step of the way

We're known as one of the friendliest universities in Australia according to students and parents alike. We have a range of support and development services to guide you from your first day through to graduation.

## Feel safe and welcome

The health and safety of our students is our number one priority. We have strict cleaning protocols in line with health authority guidelines. There is an on-campus health clinic, support for mental health, and wellbeing services designed specifically for students. We also provide 24/7 security services and have an app to help: StaySafe@UNSW.

## Arriving in Sydney

With new-arrival workshops, campus tours, and even meeting you at the airport, our dedicated International Student Welcome Centre will make you feel at home with UNSW.

## Help from a mate

Before you arrive, be matched with a Cultural Mentor, who is your new senior student 'buddy' and will answer all your questions on UNSW and Sydney. After you arrive your mentor can help you learn about Australian culture, customs and settling into student life at UNSW.

Our International Student Advisors provide personalised advice and information on university life, student visas, wellbeing and academic performance. They're ready to chat online now or meet you in person.

We have peer support mentors, special support programs for young students under 18 years of age and Arc, our student-led organisation, runs the 'Great Mates' program where you can chat with experienced, senior international students. Plus, there is lots of helpful information online, visit [student.unsw.edu.au/international](https://student.unsw.edu.au/international)

## Academic skills support

UNSW students develop their academic skills through their faculties and an Academic Skills team. Students are supported in building their skills in everything academic - from reading and notetaking skills to academic English, writing and exam preparation. Students can access free Academic Skills workshops, individual consultations with Academic Learning Facilitators and online resources, including our academic English writing service Smarthinking.

For more information, visit [student.unsw.edu.au/skills](https://student.unsw.edu.au/skills) and [student.unsw.edu.au/smarthinking](https://student.unsw.edu.au/smarthinking)

Scan the QR code to see where UNSW can take you.

The Roundhouse

# Find your new home

Feel at home with a range of award-winning accommodation on and off campus at UNSW. Live within walking distance of your lecture halls, meet people from around the world, and make lifelong friends.

## Accommodation at UNSW

Make friends from around the world and take comfort in the same extensive cleaning protocols that keep you safe on campus when you choose to live at UNSW. Save the commute, go home for lunch – there's so much to love about living at UNSW.

### Colleges

Live among students from all over the world including your fellow Aussies. Choose from full board, partially catered, and self-catered accommodation and options including male only, female only, and mixed male and female accommodation. Most colleges cater for dietary requirements like halal, kosher and vegetarian.

### Apartments

Apartments offer independent-style living for students from all walks of life. There are apartments on and off campus and costs vary depending on the number of rooms and the location.

## Private accommodation options

### Rental property

Choose from numerous private rental properties located in the surrounding suburbs of UNSW. You can rent a furnished or unfurnished property. Be sure to consider additional expenses such as electricity, gas, telephone and Wi-Fi. Costs vary but usually range from AUD\$250 – AUD\$350 per student per week in a shared house or apartment.

### Homestay

Homestay options include full board and single room-only accommodation. Full board usually includes a furnished room, use of facilities in a private home plus breakfast and dinner. Single room-only homestays include a furnished room, and gas and electricity expenses in the rent. You'll need to arrange your own food, cooking, cleaning, laundry and telephone costs. Costs vary but usually range from AUD\$250 - AUD\$350 per student per week. Search our database of local private properties at [studystays.unsw.edu.au](http://studystays.unsw.edu.au)

### Temporary accommodation

We recommend having three to four weeks before classes begin to arrange private housing. Be sure to book short-term accommodation first, then look for long-term options in person. Short-term accommodation can include private hotels, motels, hostels, lodges or furnished apartments ranging from AUD\$45 – AUD\$300 per day.

### Private student housing assistance

UNSW's International Student Housing Assistance (ISHA) team can help you look for temporary or private accommodation if UNSW accommodation isn't available when you apply. For more information, visit [student.unsw.edu.au/housing-assistance](http://student.unsw.edu.au/housing-assistance)

### Under 18s

Arrangements must be made for students under 18 years of age according to Australian Government regulations for the welfare of international students under 18. For more information, visit [student.unsw.edu.au/visa18](http://student.unsw.edu.au/visa18)

### Living on campus compared to living off campus

We've compiled indicative costs of living on campus compared to living independently factoring in everything you need to consider from food to transport, so you can make an informed choice about where you'll live when you study with UNSW.

## Living on campus compared to living off campus

page 54

Join the new generation of business professionals making an impact in the ever-changing world of accounting and finance, leadership and social impact, entrepreneurship and business management.

## Engineering

page 68

Be at the very cutting edge of innovation and technology in the engineering industry including electrical, mechatronics, chemical, renewable energy, civil engineering and more.

## Law & Justice

page 80

Develop a deep understanding of how the law operates in areas such as technology, finance, human rights, environmental protection, commercial business or media.

## Medicine & Health

page 88

Start your health and medical studies with a university that is a world leader in the fields of cancer, neuroscience, mental health, infectious disease, immunity and medical research.

## Science

page 104

Turn your curiosity into a meaningful and successful career where you can make real-world impact in environmental science, data and technology or psychology.

## UNSW Canberra

page 114

Take your studies to the next level and master your skills in strategy, security, leadership or business. Gain a competitive edge in the workforce with further studies in engineering science or space operations.

# Arts, Design & Architecture

Gain hands-on experience and build connections that will empower your career progression. You will learn to turn creativity and critical thinking into a future career that drives solutions to real-world challenges.

Our diverse faculty is home to subjects that place in the top 50 worldwide, and more than 40 disciplines across the arts, built environment, design, education, humanities, media and social sciences.

You will become both a problem-solver and a problem seeker, who understands the complexity of today's world. You will develop the creativity and critical-thinking skills to confidently pursue the life you want.

Our community supports your career success as much as your academic performance. You will learn from leading practitioners in your field, benefit from connections to thousands of industry partners, and take advantage of unique opportunities for professional development.

We're a vibrant faculty where you will immerse yourself in diverse communities and a busy calendar of events. You can take advantage of opportunities to build personal and professional relationships that will empower you to pursue your goals with confidence.

## Experiences to shape your future

We're dedicated to helping you create a university experience that aligns with your ambitions. We will listen to and work with you to understand your career goals. We will support you to pursue those through industry connections, hands-on experiences and world-class campus facilities.

## Our campuses

Our two Sydney campuses are home to purpose designed spaces, industry-standard technologies and facilities that will support your learning and career progression, whichever field you wish to move into.

### Kensington Campus

Located between the global metropolis of Sydney's CBD, and its world-famous beaches, UNSW's Kensington campus hosts hundreds of clubs, societies and networking events. It's also home to Australia's most comprehensive entrepreneurship program – UNSW Founders.

### Paddington Campus

Our Art & Design campus in inner city Sydney is a renowned creative hub. Studying here, you will have access to an unmatched array of studio, workshop and gallery spaces, as well as state-of-the-art digital production technology.

## Career success

UNSW graduates succeed. They're earning the highest median salaries of graduates from Sydney-based and Go8 universities\*. Many are making contributions to the world's most admired enterprises and organisations. Others are disrupting the status quo, launching brands and start-up businesses that make a real difference.

## Build professional networks

Whichever sector you want to move into, you will be able advantage of our faculty's connections to thousands of industry partners. You will work with and learn from staff who are not only practicing in your field, but who are also leading and shaping the future of your industry.

## Gain a global mindset

As part of our diverse community of students, staff, alumni and industry partners from around the world, you will be able to build a global network. Studying at an internationally renowned university, you will learn the communication and professional skills to move into global careers and drive solutions to challenges that go beyond borders.

# Architecture and Built Environment

## Architecture

### Master of Architecture

**Program code** 8143

**CRICOS code** 061906G

**Duration** 2 years

**Entry** February and September

**Estimated first year tuition** A\$42,000

Build on the disciplinary foundation of a Bachelor-level architecture degree with a Master of Architecture. This degree provides advanced knowledge of architectural design, professional practice, environmental design and construction and structures. You can choose one of four program streams to tailor our degree to a specific field of your interest. The Master of Architecture prepares you to practice in architecture and other design-based industries.

#### Areas of specialisations

- High-Performance Technology
- Housing
- Social Agency
- Urban Conditions
- Generalist (no stream specialisation)

#### Entry requirements

- 1.** 65 credit average (or equivalent) in applicant's undergraduate architecture degree OR
- 2.** Applicants who have completed the Bachelor of Architectural Studies (or equivalent) but do not meet the entry requirements specified above may be considered after they have obtained work experience in an architectural office. Work experience will be individually assessed based on the following submission:
- A logbook record of a minimum 12 months full-time work or the equivalent.
  - A referee report from the employer
  - A portfolio of the work undertaken during this period
- OR
- 3.** UNSW Bachelor of Interior Architecture (Honours) graduates will meet entry requirements for the Master of Architecture 8143 if they complete the architecture elective pathway in the Bachelor in Interior Architecture (3256) degree. Students will need to complete the following courses as part of this pathway, and achieve an overall WAM of 65. These courses will count as electives in their BIA program.

Students from international universities must provide a portfolio of their design work. The portfolio should include sample works from various stages of their undergraduate degree, and text should accompany all drawings/ images to explain the projects. Professional work can be included, but the degree of responsibility for the work must be stated. The portfolio must be in digital format. For a guide to portfolio submission, visit [be.unsw.edu.au/degrees/postgraduate-coursework/master-of-architecture](https://www.unsw.edu.au/degrees/postgraduate-coursework/master-of-architecture)

#### Professional accreditation

The Master of Architecture builds on the UNSW Bachelor of Architectural Studies degree, and presently has full five-year accreditation from the Architects Accreditation Council of Australia (AACA) and NSW Architects Registration Board. Upon successful completion of their studies, Master of Architecture graduates are then eligible to apply for the Architectural Practice Examination (APE) which must be undertaken in order to become a Registered Architect in Australia.

## Landscape Architecture

### Master of Landscape Architecture

**Program code** 8136

**CRICOS code** 094952G

**Duration** 3 years

**Entry** February and September

**Estimated first year tuition** A\$38,880

If you're looking to study landscape architecture, there is no better 'laboratory' than the Sydney region. During the Master of Landscape Architecture, you will work with leading academics and practitioners in landscape architecture as well as city planning and urban design to explore contemporary issues facing the field.

The Master of Landscape Architecture is a three-year program with three entry points; depending on your prior study areas, you can complete the degree requirements in one, two, or three years. The program is 144 UOC in total, but some students with relevant degree backgrounds may be eligible for up to 96 UOC transfer.

**Stream A** caters to students from a non-design background. You'll be required to complete the three-year, 144 UOC program. You must submit a portfolio, provide a personal statement and participate in an interview.

**Stream B** caters to students from related backgrounds, including landscape architecture, architecture and urban design. These students may receive 48 UOC for recognition of prior learning (RPL) and are required to complete the two-year, 96 UOC program. You must submit a portfolio, provide a personal statement and participate in an interview.

**Stream C** caters to students who have completed a Bachelor of Landscape Architecture from an accredited program. These students may be granted 96 UOC for recognition of prior learning (RPL) and are required to complete one year of study (48 UOC program). You must submit a portfolio, provide a personal statement and participate in an interview.

#### Entry requirements

- A recognised bachelor's degree with at least a credit average (65%), and submission of a digital portfolio of design work.

## City Planning

Planning is an exciting, varied and progressive profession, which plays a pivotal role in decisions shaping the future of cities and regions. The City Planning programs provide a solid foundation to pursue planning and urban policy-related career opportunities. The two-year master's degree is professionally accredited, and gives students the chance to undertake a major capstone project in their chosen area of interest. Graduate Diploma and Graduate Certificate programs are also available.

### Master of City Planning

**Program code** 8148

**CRICOS code** 088355A

**Duration** 2 years

**Entry** February and September

**Estimated first year tuition** A\$38,880

#### Entry requirements

- A recognised bachelor's degree with at least a credit average (65%), or where qualifications are not considered adequate, admission may be permitted to the Graduate Certificate in City Planning, with the possibility of upgrading to the master program, subject to satisfactory performance.

Applicants with undergraduate degrees in related disciplines will be eligible for up to 24 UOC of advanced standing (course credit). Related areas include built environment subject areas such as architecture, construction management and planning as well as social policy, economics and environmental science, law/jurisprudence, and environmental and civil engineering.

#### Professional accreditation

The program is accredited by the Planning Institute of Australia (PIA). Graduates are eligible, subject to professional experience requirements, for corporate membership of PIA.

### Graduate Diploma in City Planning

**Program code** 5148

**CRICOS code** 088356M

**Duration** 1 year

**Entry** February and September

**Estimated first year tuition** A\$38,880

#### Entry requirements

- A recognised bachelor's degree with at least a credit average (65%).

Applicants who have achieved less than a credit average may be eligible for admission on a case-by-case basis. Where qualifications are not considered adequate, admission may be permitted to the Graduate Certificate in City Planning, with the possibility of upgrading to the Graduate Diploma program, subject to satisfactory performance.

### Graduate Certificate in City Planning

**Program code** 7148

**CRICOS code** 088357K

**Duration** 0.7 years

**Entry** February and September

**Estimated first year tuition** A\$19,440

#### Entry requirements

- A recognised bachelor's degree with at least a credit average (65%).

Applicants who have achieved less than a credit average may be eligible for admission on a case-by-case basis.

# Construction Project Management

## Master of Construction Project Management

**Program code** 8121

**CRICOS code** 085910C

**Duration** 1.7 years

**Entry** February and September

**Estimated first year tuition** A\$38,880

A two-year program in Construction Project Management is also available. Refer to program 8318 Master of Construction Project Management/Property and Development on opposite page.

The Master of Construction Project Management teaches modern management methods and how to apply these principles to complex buildings and infrastructure. You will develop proficiency to meet construction management challenges, in today and tomorrow's professional settings.

### Entry requirements

- A recognised bachelor's degree (or equivalent) in a relevant field such as building, construction management, construction economics, civil engineering, mining engineering, material engineering, architecture, landscape architecture, interior architecture, urban planning, quantity surveying, property development, real estate, law, or business with at least a credit average (65%); or
- An undergraduate degree in any field with at least a credit average (65%), and three years of construction industry experience at a management level; or
- A Graduate Certificate in Construction Project Management with a credit average (65%).

Additionally, applicants who have met these requirements but also have an honours or master's degree with at least a credit average (65%) in a relevant field, or an honours degree with a credit average in an unrelated field plus 3 years construction industry experience at a managerial level, may be eligible for 24 UOC of advanced standing (course credit).

### Professional accreditation

The program has been accredited by the Australian Institute of Building (AIB) and the Royal Institute of Chartered Surveyors (RICS). Graduates will be eligible to apply for membership with both AIB and RICS.

# Property and Development

## Master of Property and Development

**Program code** 8127

**CRICOS code** 055094A

**Duration** 1.7 years

**Entry** February and September

**Estimated first year tuition** A\$38,880

A two-year program in this area of study is now available. Refer to program 8318 Master of Construction Project Management/Property and Development below.

The dynamic range of courses in the Master of Property and Development will provide you with the principles of property development and investment and the knowledge to apply them across different phases of the industry cycle.

### Entry requirements

- A recognised bachelor's degree (or equivalent) in a relevant field such as building, construction management, construction economics, civil engineering, mining engineering, material engineering, architecture, landscape architecture, interior architecture, urban planning, quantity surveying, property development, real estate, law, or business with at least a credit average (65%); or
- An undergraduate degree in any field with at least a credit average (65%), and three years of property industry experience at a management level; or
- a Graduate Certificate in Property Development with at least a credit average (65%).

Additionally, applicants who have met these requirements but also have an honours degree or master's degree with at least a credit average (65%) in a related field, or an honours degree with at least a credit average (65%) in any field plus 3 years property industry experience at management level, may be eligible for 24 UOC of advanced standing (course credit).

### Professional accreditation

The program has been accredited by the Australian Property Institute (API).

# Double degree program

## Master of Construction Project Management/Property and Development

**Program code** 8318

**CRICOS code** 102395E

**Duration** 2 years

**Entry** February, June and September

**Estimated first year tuition** A\$38,880

The Master of Construction Project Management and Property/Development double degree combines the principles of these two fields to equip you with the advanced, interdisciplinary skills required to manage the property development or construction process. You will learn how to apply innovative, smart technologies and sustainable approaches to construction and infrastructure required for higher density living. Graduates from this program will meet the growing global demand in the construction and property industries for those who have a deep understanding of how construction management and property development are interrelated.

### Professional accreditation

This unique degree will provide you with dual qualification in property development and construction management and professional accreditations in both the construction and property industries.

### Entry requirements

Please see the single degree (8121 and 8127).

Built Environment student virtual reality project.

# Art and Design

## Curating and Cultural Leadership

Art and Design courses are delivered at our specialist Paddington Campus.

Launch a dynamic career in contemporary curating by generating new ideas and setting cultural agendas. The Curating and Cultural Leadership programs forge connections between curating, audience engagement, policy, management, critical writing, promotion, production, and other emerging aspects of this field. The programs are customisable and include an industry-based project at postgraduate level, allowing you to build your skills and professional networks.

- Areas of study**
- Curating** focuses on contemporary curating as a diverse and dynamic profession which plays a key role in setting cultural agendas and discovering new ground. The curatorial strand emphasises experimentation and the development of a strong independent practice through curatorial studios and live public projects.
- Cultural Leadership** includes museum management, public programming and engagement, education, policy, critical writing, promotion, production, and new emerging roles. It emphasises the fluid boundaries between all these activities and promotes a collaborative approach. This strand fosters a vision of leadership that is diverse and limited by neither age nor status. It educates students to develop a unique individual philosophy underpinned by a robust and flexible skill set.

### Master of Curating and Cultural Leadership

**Program code** 9318  
**CRICOS code** 082201A  
**Duration** 1, 1.7 or 2 years  
**Entry** February, June and September  
**Estimated first year tuition** A\$37,200

#### Entry requirements

Depending on the level and nature of prior qualifications, admission to the Master of Curating and Cultural Leadership has three entry points with different duration:

#### 2 Year Program (96 UOC)

- A recognised bachelor degree in any field with at least a credit average (65%) or equivalent. This provides admission into the two-year program (96 UOC).

#### 1.7 Year Program (72 UOC)

- A recognised bachelor degree in a related field with at least a credit average (65%) or equivalent. This provides admission into the 1.7-year program (72 UOC).

#### 1 Year Program (48 UOC)

- An honours degree in a related field. This provides direct admission to the advanced one-year program (48 UOC).

**Related fields include:** Curatorial Studies; Librarianship and Information Management; the Creative Arts such as Fine Arts, Art History, Art Theory, Museum Studies, Visual Arts and Crafts, Performing Arts, Graphic and Design Studies, Communication and Media Studies; Studies in Human Society such as Sociology, Anthropology, History, Archaeology, Human Geography, Indigenous Studies, Gender Specific Studies; Political Science and Policy Studies; Literature; and Philosophy.

### Graduate Diploma in Cultural Leadership

**Program code** 5312  
**CRICOS code** 082202M  
**Duration** 1 year  
**Entry** February and September  
**Estimated first year tuition** A\$37,200

#### Entry requirements

- A recognised bachelor's degree in any field; or
- A Graduate Certificate in Cultural Leadership with at least a credit average (65%).

### Graduate Certificate in Cultural Leadership

**Program code** 7318  
**CRICOS code** 082203K  
**Duration** 0.7 years  
**Entry** February and September  
**Estimated first year tuition** A\$18,600

#### Entry requirements

- A recognised bachelor's degree in any field.

Applicants without a bachelor's degree may be admitted to the Graduate Certificate on a case-by-case basis by the Program Director based on a continuous history of employment in an art related field.

"I like that UNSW is a really prestigious institution and has links to some pretty big industries, so I know that will look good on my resume."

—  
Evena Wong, Malaysia  
Master of Design

## Design

UNSW's design programs are interdisciplinary, industry-engaged and focus on the role of design in innovation and the global economy. You will combine technology, design thinking, conceptual exploration with practical skills to take your professional and practical design knowledge to an advanced level.

#### Areas of practice

You will choose from the following studio-based courses to either focus on a specific area of design and digital media practice or to put together your own suite of courses.

**Graphic Communication** addresses graphic design for paper and print, the screen and broadcast, encompassing contemporary typography, graphic design and cross-cultural communication strategies in designing for different audiences.

**Spatial Experiences** engages with the design of processes, services, events and environments, with a focus on the quality of the user experience.

**Interaction and User Experience (UX) Design** covers visual communication and user-experience across graphics, media and emergent interactives.

**Visualisation and Visual Effects** focuses on the practices of designing for animation, 3D, sound, film, video, illustration and computing.

**Future Making: Materials and Objects** focuses on the making of objects with new materials, digital technologies and craftsmanship. It addresses the integration of technical knowledge and skills with material and contextual understanding. Future making works with ceramics, jewellery, metal, textiles, furniture and lighting.

### Master of Design

**Program code** 9313  
**CRICOS code** 082198B  
**Duration** 1, 1.7 or 2 years  
**Entry** February, June and September  
**Estimated first year tuition** A\$37,200

#### Entry requirements

Depending on the level and nature of your prior qualifications, admission to the Master of Design has three entry points with different duration. You can also articulate into the Master of Design after completing of the Graduate Certificate in Design with at least a credit average (65%).

#### 1 year program (48 UOC)

- An recognised honours degree in a related field conferred within the last 10 years.

#### 1.7 year program (72 UOC)

- A recognised bachelor's degree in a related field with at least a credit average (65%) or equivalent.

#### 2 year program (96 UOC)

- A recognised bachelor's degree or honours degree with at least a credit average (65%) or equivalent. The bachelor's degree can be in any field. Applicants who apply from non-related fields will be admitted on successful assessment of a submitted portfolio.

### Graduate Diploma in Design

**Program code** 5306  
**CRICOS code** 082199A  
**Duration** 1 year  
**Entry** February, June and September  
**Estimated first year tuition** A\$37,200

#### Entry requirements

- A recognised bachelor's degree in any field, awarded within the last 10 years; or
- A Graduate Certificate in Design with at least a credit average (65%).

### Graduate Certificate in Design

**Program code** 7306  
**CRICOS code** 082200B  
**Duration** 0.7 years  
**Entry** February, June and September  
**Estimated first year tuition** A\$18,600

#### Entry requirements

- A recognised bachelor's degree in any field awarded within the last 10 years.

Applicants who apply with a bachelor's degree completed more than 10 years ago can be admitted to the Graduate Certificate in Design where they have five or more years professional experience in a design or media-related field since graduation. Applicants without a bachelor's degree may be admitted to the Graduate Certificate in Design on a case-by-case basis by the Program Director, based on a portfolio of work and professional experience.

#### Design Portfolio Requirements

You may be required to submit a portfolio depending on the level and nature of your prior qualifications. Portfolios are submitted with your online application and must include the following:

- A 10-page digital portfolio of original design work with critically reflective text; and
- A cover letter explaining your interest in UNSW and the degree as well as your interests, achievements and experience; and
- Verified evidence of professional experience in a design or media-related field; and
- A two-page resume that details your experience in or related to design including contact details for two referees.

## Visualisation, Simulation, and Immersive Design

Interested in VR, AR, MR or Simulation? Equip yourself to become a future-ready design leader, capable of understanding and meeting the growing demand of immersive practices across a multitude of industries. The Visualisation, Simulation & Immersive Design programs offer a unique human-centric, design-led approach to immersive technology focusing on human perception and experience. You will learn the how, why, when and where to effectively utilise these in demand skills in a variety of industries.

Visualisation, Simulation, and Immersive Design programs are designed to accommodate busy professionals. This program can be completed fully online.

For more information, visit [artdesign.unsw.edu.au/MVSIID](http://artdesign.unsw.edu.au/MVSIID)

### Master of Visualisation, Simulation, and Immersive Design

**Program code** 9322

**CRICOS code** 099986A

**Duration** 1.7 years

**Entry** February, June and September

**Estimated first year tuition**  
A\$37,200

#### Entry requirements

- A recognised bachelor's degree in any field with at least a credit average (65%) or equivalent. Given that the program enables practitioners from a wide range of industry sectors, entry does not depend on a degree related to the creative disciplines.

#### Recognition of Prior Learning (RPL)

may be granted for formal, non-formal and workplace learning for specified credit in accordance with UNSW recognition of prior learning procedure. Students may only claim RPL for elective courses within the program (up to a maximum of 30 UOC). RPL will not be considered for core courses and the capstone course.

### Graduate Certificate in Visualisation, Simulation, and Immersive Design

**Program code** 7322

**CRICOS code** 099994A

**Duration** 0.7 years

**Entry** February, June and September

**Estimated first year tuition**  
A\$19,500

#### Entry requirements

- A recognised bachelor's degree in any field with at least a credit average (65%) or equivalent. The program enables practitioners from a wide range of industry sectors, so entry does not require a degree related to the creative disciplines.

#### Recognition of Prior Learning (RPL)

may be granted for formal, non-formal and workplace learning for specified credit in accordance with UNSW recognition of prior learning procedure. Students may only claim RPL for elective courses within the program (up to a maximum of 12 UOC). RPL will not be considered for core courses.

# Arts and Social Sciences

## Applied Linguistics

### Master of Applied Linguistics

**Program code** 8236

**CRICOS code** 083248M

**Duration** 1, 1.7 or 2 years

**Entry** February, June and September

**Estimated first year tuition** A\$36,480

Do you have a deep interest in the workings of language? The Master of Applied Linguistics is a professionally relevant degree for students who want to use linguistic knowledge to solve language related problems and help to remove barriers to intercultural communication. The study of linguistics can be applied across a range of diverse fields from working with migrant communities to careers as language specialists; experts in language acquisition and bilingualism; language planners; and language education professionals.

**Entry requirements**  
Depending on the level and nature of prior qualifications, admission to the Master of Applied Linguistics has three entry points with different duration:

- 1 year program (48 UOC)**
- A recognised Honours degree or graduate diploma in a related field with at least a credit average (65%) or equivalent; or
  - A recognised bachelor's degree in a related field with at least a credit average (65%) or equivalent, plus one year of relevant professional experience.

- 1.7 year program (72 UOC)**
- A recognised bachelor's degree in a related field with at least a credit average (65%) or equivalent; or
  - A recognised bachelor's degree in any field with at least a credit average (65%) or equivalent, plus one year of relevant professional experience; or
  - A recognised honours degree or graduate diploma in any field with at least a credit average (65%) or equivalent.

- 2 year program (96 UOC)\***
- A recognised bachelor's degree in any field with at least a credit average (65%) or equivalent.

*\*Students who are eligible for the 1 year and/ or 1.7 year program are also permitted to study the 2 year program.*

**Note:** Students from a non-211 university in China are required to have a record of academic achievement equivalent to a distinction average (75%).

**Relevant disciplines include:** Linguistics, Languages, TESOL, Cognitive Science, Speech Pathology, Interpreting, Translation, and Health Sciences. Relevant professional experience includes work in a language-related area including teaching English as a second or foreign language or a language other than English, translating, interpreting, curriculum design, and other relevant language professions.

## Development Studies

### Master of Development Studies

**Program code** 8942

**CRICOS code** 083236D

**Duration** 1, 1.7 or 2 years

**Entry** February and September

**Estimated first year tuition** A\$36,480

The Master of Development Studies is an interactive degree that provides specialist studies in international development at local, national and global levels. Alongside academics who are at the forefront of national and international development practice, you will take a hands-on approach to understanding issues around human rights, social justice and community development.

**Entry requirements**  
Depending on the level and nature of prior qualifications, admission to the Master of Development Studies has three entry points with different duration:

- 1 year program (48 UOC)**
- A recognised Honours degree or graduate diploma in a related field with at least a credit average (65%) or equivalent; or
  - A recognised bachelor's degree in a related field with at least a credit average (65%) or equivalent, plus one year of relevant professional experience.

- 1.7 year program (72 UOC)**
- A recognised bachelor's degree in a related field with at least a credit average (65%) or equivalent; or
  - A recognised bachelor's degree in any field with at least a credit average (65%) or equivalent, plus one year of relevant professional experience; or
  - A recognised honours degree or graduate diploma in any field with at least a credit average (65%) or equivalent.

- 2 year program (96 UOC)\***
- A recognised bachelor's degree in any field with at least a credit average (65%) or equivalent.

*\*Students who are eligible for the 1 year and/ or 1.7 year program are also permitted to study the 2 year program.*

**Note:** Students from a non-211 university in China are required to have a record of academic achievement equivalent to a distinction average (75%).

**Relevant disciplines include:** Social Sciences; Humanities; Business; Economics; Law; Public Health; Communications; Social Work; Psychology/Psychological Science.

# Education

### Master of Education

**Program code** 8910

**CRICOS code** 000947D

**Duration** 1 year

**Entry** February, June and September

**Estimated first year tuition** A\$36,480\*

**\*\*International students may be restricted from taking this specialisation due to professional practice requirements. For further details, please contact the School of Education, [education@unsw.edu.au](mailto:education@unsw.edu.au)**

**Note:** Due to the availability of courses each term, certain specialisations within this program may not be able to be completed full time. For further details, contact the School of Education, [education@unsw.edu.au](mailto:education@unsw.edu.au)

- Entry requirements**
- A recognised bachelor's degree and a postgraduate teaching qualification (e.g. Graduate Diploma in Education or Master of Teaching); or
  - A four-year pre-service teacher education qualification, including professional experience, equivalent to the qualifications required for graduate teacher status in New South Wales (NSW).

For students seeking a primary or secondary teacher qualification, please see Master of Teaching (Secondary) (8926) and Master of Teaching (Primary) (8925).

**Professional accreditation**  
These programs are endorsed by the NSW Education Standards Authority (NESA) as registered professional development.

- Areas of specialisation**

## Educational Leadership

### Master of Educational Leadership

**Program code** 8960

**CRICOS code** 000949B

**Duration** 1 year

**Entry** February, June and September

**Estimated first year tuition** A\$36,480\*

- Entry requirements**
- A recognised bachelor's degree and a postgraduate teaching qualification (e.g. Graduate Diploma in Education or Master of Teaching); or
  - A four-year pre-service teacher education qualification, including professional experience, equivalent to the qualifications required for graduate teacher status in NSW.

**Professional accreditation**  
These programs are endorsed by the NSW Education Standards Authority (NESA) as registered professional development.

The Master of Educational Leadership provides aspiring and current educational leaders with an understanding of theory, research and practice in educational leadership. You will gain the ability to apply disciplinary principles and practices to new or complex educational environments. In this collaborative degree you will share research and experiences with other education colleagues and specialise by choosing from a wide range of electives.

*\*This program can be studied fully online, on campus or blended.*

### Graduate Certificate in Education

**Program code** 7401

**CRICOS code** 082792F

**Duration** 0.7 years

**Entry** February, June and September

**Estimated first year tuition** A\$18,240\*

*\*This program can be studied fully online, on campus or blended.*

# Environmental Management

## Master of Environmental Management

**Program code** 8623

**CRICOS code** 080063M

**Duration** 1, 1.7, or 2 years

**Entry** February and September

**Estimated first year tuition** A\$38,160

UNSW's Environmental Management postgraduate program will prepare you for a transformative career tackling our biggest ecological challenges using change-leadership and sustainability. You will learn to think about environmental issues through several lenses and form a deep understanding of the social, cultural, and political influences at play. This program will focus on critical and creative conceptual tools as you also develop experiential and practical skills to inform ethical and restorative sustainability leadership in a range of professional and advocacy settings.

### Entry requirements

Depending on the level and nature of prior qualifications, admission to the Master of Environmental Management has three entry points with different duration:

#### 1 year program (48 UOC)

- A recognised honours degree or graduate diploma in a related field with at least a credit average (65%) or equivalent; or
- A recognised bachelor's degree in a related field with at least a credit average (65%) or equivalent, plus one year of relevant professional experience.

#### 1.7 year program (72 UOC)

- A recognised bachelor's degree in a related field with at least a credit average (65%) or equivalent; or
- A recognised bachelor's degree in any field with at least a credit average (65%) or equivalent, plus one year of relevant professional experience; or
- A recognised honours degree or graduate diploma in any field with at least a credit average (65%) or equivalent.

#### 2 year program (96 UOC)\*

- A recognised bachelor's degree in any field with at least a credit average (65%) or equivalent. This provides admission into the two-year program (96 UOC).

*\*Students who are eligible for the 1 year and/or 1.7-year program are also permitted to study the 2-year program. Relevant experience will also be considered for admission. In special circumstances, students who do not have the relevant qualifications may be considered for admission into the Graduate Certificate. In these cases, credit level performance in the Graduate Certificate may lead to articulation with the Graduate Diploma and the Master programs. Please also refer to information regarding articulation rules.*

**Note:** Students from a non-211 university in China are required to have a record of academic achievement equivalent to a UNSW distinction average (75%).

**Relevant disciplines include:** Environmental Science, Policy, Humanities, Sociology, Planning, Management, etc.

**Relevant professional experience includes:** Environmental officer, planner, manager or similar in government or for catchment authorities, environmental consulting, reporting, assessment, monitoring and evaluation/auditing, environmental outreach or education, research assistant or associate on environmental themes, NGO or international organisation environmental campaign manager.

## Graduate Certificate in Environmental Management

**Program code** 7339

**CRICOS code** 033884G

**Duration** 0.7 years

**Entry** February and September

**Estimated first year tuition** A\$19,080

### Entry requirements

- A recognised bachelor's degree in any field.

## Graduate Diploma in Environmental Management

**Program code** 5499

**CRICOS code** 033894F

**Duration** 1 year

**Entry** February and September

**Estimated first year tuition** A\$38,160

### Entry requirements

- A recognised bachelor's degree in any field with at least a credit average (65%) or equivalent.

# International Relations

## Master of International Relations

**Program code** 8233

**CRICOS code** 083232G

**Duration** 1, 1.7 or 2 years

**Entry** February and September

**Estimated first year tuition** A\$36,480

The Master of International Relations is a specialist degree that recognises the complexity and the globalised nature of today's world. This degree is specifically designed to advance your understanding of global politics and foreign policy. You will explore areas such as international security, great-power rivalry, regional conflicts, nuclear proliferation, global environmental politics, civil conflict, human rights, gender politics, international political economy and development.

### Entry requirements

Depending on the level and nature of prior qualifications, admission to the Master of International Relations has three entry points with different duration:

#### 1 year program (48 UOC)

- A recognised honours degree or graduate diploma in a related field with at least a credit average (65%) or equivalent; or
- A recognised bachelor's degree in a related field with at least a credit average (65%) or equivalent, plus one year of relevant professional experience. This provides admission into the one-year program (48 UOC).

#### 1.7 year program (72 UOC)

- A recognised bachelor's degree in a related field with at least a credit average (65%) or equivalent; or
- A recognised bachelor's degree in any field with at least a credit average (65%) or equivalent, and one year of relevant professional experience; or
- A recognised honours degree or graduate diploma in any field with at least a credit average (65%) or equivalent.

#### 2 year program (96 UOC)\*

- A recognised bachelor's degree in any field with at least a credit average (65%) or equivalent.

*\*Students who are eligible for the 1 year and/or 1.7 year program are also permitted to study the 2 year program.*

**Note:** Students from a non-211 university in China are required to have a record of academic achievement equivalent to a UNSW distinction average (75%).

**Relevant disciplines include:** Social Sciences, Humanities, Business, Economics, Law, Public Health, and Communications.

**Relevant professional experience includes:** Either paid or volunteer work (including internships) undertaken in federal government agencies/departments, intergovernmental agencies, international agencies or institutions, non-governmental organisations, or private research bodies. The work undertaken must relate directly to international issues or concerns (e.g., foreign policy, defence and national security, global policy issues and trade).

Public Policy and Governance

Master of Public Policy and Governance

**Program code** 8259  
**CRICOS code** 083243E  
**Duration** 1, 1.7 or 2 years  
**Entry** February and September  
**Estimated first year tuition** A\$36,480

The Master of Public Policy and Governance applies a social science perspective to real-world issues surrounding policy, research and management in modern organisations. We prepare you for roles that require research and analytical skills and a practical understanding of policymaking and implementation. You will have the opportunity to specialise in a policy area of your choosing, working with teaching staff who have experience in policy making. You will focus on the significance of evidence in driving policy change, and develop skills in evaluating the impact that policy has on clients, customers and the public.

Entry requirements

Depending on the level and nature of prior qualifications, admission to the Master of Public Policy and Governance has three entry points with different duration:

1 year program (48 UOC)

- A recognised honours degree or graduate diploma (or equivalent qualification) in a relevant discipline with at least a credit average (65%) or equivalent; or
- A recognised bachelor's degree (or equivalent qualification) in a relevant discipline with at least a credit average (65%), and one year of relevant professional experience.

1.7 year program (72 UOC)

- A recognised bachelor's degree (or equivalent qualification) in a relevant discipline with a record of academic achievement equivalent to a UNSW credit average (65%); or
- A recognised bachelor's degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average (65%), plus one year of relevant professional experience; or
- A recognised honours degree or graduate diploma (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average (65%).

2 year program (96 UOC)\*

- A recognised bachelor's degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average (65%)..

*\*Students who are eligible for the 1 year and/ or 1.7 year program are also permitted to study the 2 year program.*

**Note:** Students from a non-211 university in China are required to have a record of academic achievement equivalent to a UNSW distinction average (75%).

**Relevant disciplines include:** Social Sciences, Humanities, Business, Economics, Law, Public Health, Communications, Social Research and Policy, and Social Work

**Relevant professional experience includes:** Working in the public sector, unions, business organisations, research/policy institutes, or third-sector organisations.

Translation and Interpreting

Master of Interpreting and Translation

**Program code** 8204  
**CRICOS code** 083246B  
**Duration** 2 years  
**Entry** February, June and September  
**Estimated first year tuition** A\$37,530

The Master of Translation and Interpreting, endorsed by the National Accreditation Authority for Translators and Interpreters (NAATI), provides you with the knowledge and practical skills to prepare you to sit the NAATI

certification examinations to work as a professional translator and interpreter in Australia and internationally.

In combination with English, courses are offered in Chinese (Mandarin), French, Indonesian, Japanese, Korean, Russian and Spanish. Other languages may be offered subject to demand.

Entry requirements

- A recognised bachelor's degree in any field with at least a credit average (65%) or equivalent and an advanced level of bilingual proficiency.

**Note:** Students from a non-211 university in China are required to have a record of academic achievement equivalent to a UNSW distinction average (75%)

**Areas of specialisation**  
Legal, medical, business, community, and conference interpreting and specialised, media translation, specialised translation, community translation, subtitling and captioning as well as the use of translation technologies, including machine translation, computer-assisted translation tools, project management, and post-editing.

Master of Interpreting

**Program code** 8202  
**CRICOS code** 083233G  
**Duration** 1.7 years  
**Entry** February, June and September  
**Estimated first year tuition** A\$37,950\*

The Master of Interpreting, endorsed by the National Accreditation Authority for Translators and Interpreters (NAATI), provides you with the knowledge and practical skills to prepare you to sit the NAATI certification examinations to work as a professional interpreter in Australia and internationally.

In combination with English, courses are offered in Chinese (Mandarin), French, Indonesian, Japanese, Korean, Russian and Spanish. Other languages may be offered subject to demand.

Entry requirements

- A recognised bachelor's degree in a related field with at least a credit average (65%) or equivalent and an advanced level of bilingual proficiency.

**Note:** Students from a non-211 university in China are required to have a record of academic achievement equivalent to a UNSW distinction average (75%).

**Areas of specialisation**  
Legal, medical, business, community, conference interpreting, and interpreting technologies.

Master of Translation

**Program code** 8203  
**CRICOS code** 083234F  
**Duration** 1 or 1.7 years  
**Entry** February, June and September  
**Estimated first year tuition** A\$36,480\*

The Master of Translation, endorsed by the National Accreditation Authority for Translators and Interpreters (NAATI), provides you with the knowledge and practical skills to prepare you to sit for the NAATI certification examination to work as a professional translator in Australia and internationally.

In combination with English, courses are offered in Chinese (Mandarin), French, Indonesian, Japanese, Korean, Russian and Spanish. Other languages may be offered subject to demand.

Entry requirements

Depending on the level and nature of prior qualifications, admission to the Master of Translation has two entry points with different durations:

1 year program (48 UOC)

- A recognised bachelor's degree in a related field with at least a credit average (65%) or equivalent, and one year of relevant professional experience and an advanced level of bilingual proficiency.

1.7 year program (72 UOC)

- A recognised bachelor's degree in a related field with at least a credit average (65%) or equivalent and an advanced level of bilingual proficiency.

**Note:** Students from a non-211 university in China are required to have a record of academic achievement equivalent to a UNSW distinction average (75%).

**Relevant disciplines include:** Interpreting and Translation, Arts, Humanities, Social Sciences, Media, Communications, Journalism, Public Relations, Advertising, Marketing, Business, Economics, Commerce, Law, Linguistics, Languages, TESOL, and Cognitive Science.

**Relevant professional experience includes:** Work in a language-related area including translating and/or interpreting, teaching English as a second or foreign language or a language other than English, and other appropriate language professions.

**Areas of specialisation**  
Media translation, specialised translation, community translation, subtitling and captioning as well as the use of translation technologies, including machine translation, computer-assisted translation tools, project management, and post-editing.

Teaching

Master of Teaching (Secondary)

**Program code** 8926

**CRICOS code** 073442C

**Duration** 1.3 years

**Entry** February

**Estimated first year tuition** A\$54,720\*

The Master of Teaching (Secondary) is an accelerated secondary teacher degree enabling you to become eligible for employment after only one year of full-time study. Learn innovative teaching methods that link practice with theory including advanced skills in effective unit and lesson planning, assessment and reporting, as well as practical classroom communication and reflective teaching.

The Master of Teaching requires students to study two single teaching specialisations, or one double teaching specialisation (available only for English, Mathematics, Music and Visual Arts) from the method courses listed.

Method courses

- Aboriginal Studies
  - Biology
  - Business Studies
  - Chemistry
  - Chemistry/ Biology
  - Drama (Theatre and Performance Studies)
  - Earth and Environmental Science
  - Economics
  - English
  - English as an Additional Language or Dialect (EAL/D)
- Geography
  - Graphics and Multimedia Technology
  - History – Ancient
  - History – Modern
  - Languages: French, Spanish, Chinese, Japanese and/ or Korean
  - Legal Studies
  - Mathematics
  - Music
  - Physics
  - Society and Culture
  - Visual Arts

Entry requirements

- A recognised three-year bachelor’s degree with at least a credit average (60%) or higher and meets the prerequisites for the selected teaching methods/specialisations.

These prerequisites normally involve at least a major (three consecutive years of study, usually six courses) in the main teaching specialisation, and a minor (two years of study, usually four courses) in the second teaching specialisation.

**Important note:** All students must qualify in one or more first teaching specialisations and, depending on prior study, may be eligible to qualify in two first teaching specialisations or a first and up to two additional teaching specialisations. You must meet certain subject content requirements to be eligible to teach in the specialisation of your choice. For more information, visit [degrees.unsw.edu.au/master-of-teaching-secondary](https://degrees.unsw.edu.au/master-of-teaching-secondary)

Additional English language requirements

A very high level of competence in spoken and written English is required for this degree. You’ll require an equivalent to a Band 5 in HSC English Advanced, Standard English or English as a Second Language, or an overall IELTS score of 7.5, with a minimum of 8.0 in speaking and listening and a minimum of 7.0 in reading and writing, or the equivalent.

Professional accreditation

This program is accredited by the NSW Education Standards Authority (NESA).

Master of Teaching (Primary)

**Program code** 8925

**CRICOS code** 099104G

**Duration** 1.3 years

**Entry** February

**Estimated first year tuition** A\$54,720\*

Learn theories you can apply directly to the classroom in the Master of Teaching (Primary). You will learn innovative teaching methods derived from our industry-shaping research and gain the skills needed to teach across the six key learning areas. You will be based in primary schools for two days a week for the first year, working with primary age students and taught by experienced primary teachers as well as university staff.

Entry requirements

- A recognised three-year bachelor’s degree with a major, with at least a credit average (60%), consisting of at least six units of undergraduate study with no more than two at first year and at least two at third year, in one key learning area, and at least two units of study in one or more other key learning areas; and
- The successful completion of the national Literacy and Numeracy Test (LANTITE) in first year of study.

Key Learning Areas (KLA) include:

- English (literature, communications, linguistics, creative writing, media studies)
- Mathematics (pure or applied maths)
- Science and Technology (agriculture, architecture, biology, biotechnology, chemistry, computing studies, design - interior, industrial, graphics, fashion, product, landscape (2 units only), design and technology, engineering, geology, earth and/ or environmental science, materials science, medicine, nursing, physics, psychology)
- Human Society and its Environment (Aboriginal studies/languages, anthropology, archaeology, Asian or Pacific studies, economics/business studies, cultural studies/sociology, geography/ environmental studies, government and citizenship, history, legal studies, political science, studies of religion)

- Creative Arts (dance, drama, music, visual arts, fine arts)
- Personal Development, Health and Physical Education (physical education, family studies, sports science, health studies, human movement, nutrition)

**Note:** All graduates will be qualified to teach across the curriculum and will also have a specialisation in a KLA.

Professional accreditation

This program is accredited by the NSW Education Standards Authority (NESA).

Media

Journalism and Communication

Master of Journalism and Communication

**Program code** 8232

**CRICOS code** 083249K

**Duration** 1 or 1.7 or 2 years

**Entry** February, June and September

**Estimated first year tuition** A\$38,160

The Master of Journalism and Communication is an innovative, interdisciplinary degree that produces industry-ready journalists and communication professionals who have the necessary skills to reimagine media and shape a positive world. You will learn how to harness technology and gain specialist knowledge of the social, economic and political role of media in Australia and internationally to give you a competitive edge in a fast-evolving industry.

Entry requirements

Depending on the level and nature of prior qualifications, admission to the Master of Journalism and Communication has three entry points with different duration:

1 year program (48 UOC)

- A recognised Honours degree or graduate diploma in a related field with at least a credit average (65%) or equivalent; or
- A recognised bachelor’s degree in a related field with at least a credit average (65%) or equivalent, and one year of relevant professional experience.

1.7 year program (72 UOC)

- A recognised bachelor’s degree in a related field with at least a credit average (65%) or equivalent; or
- A recognised bachelor’s degree in any field with at least a credit average (65%) or equivalent, and one year of relevant professional experience; or
- A recognised honours degree or graduate diploma in any field with at least a credit average (65%) or equivalent.

2 year program (96 UOC)\*

- A recognised bachelor’s degree in any field with at least a credit average (65%) or equivalent.

*\*Students who are eligible for the 1 year and/or 1.7 year program are also permitted to study the 2 year program.*

**Note:** Students from a non-211 university in China are required to have a record of academic achievement equivalent to a UNSW distinction average (75%).

**Relevant disciplines include:** Arts, Humanities, Social Sciences, Media, Communications, Journalism, Public Relations, Advertising, Marketing, Business, Economics, Commerce, and Law.

**Relevant professional experience includes:** Work in the public relations, advertising, journalism, or media and communication sectors or at least one year of workplace experience at management level.

▾ This program has compulsory Work Integrated Learning components.

Public Relations and Advertising

Master of Public Relations and Advertising

**Program code** 8281  
**CRICOS code** 083245C  
**Duration** 1, 1.7 or 2 years  
**Entry** February, June and September  
**Estimated first year tuition** A\$38,160

The Master of Public Relations and Advertising addresses strategy, creativity, digital innovation and practical industry skills via deep engagement with contemporary theory. Taught by leading academics and professionals, you will discover how to develop public relations and advertising campaigns that achieve cut-through. In doing so, you will gain the critical knowledge and analytical ability needed not only to solve complex client problems but also to shape the brands of the future.

Entry requirements

Depending on the level and nature of prior qualifications, admission to the Master of Public Relations and Advertising has three entry points with different duration:

1 year program (48 UOC)

- A recognised Honours degree or graduate diploma in a related field with at least a credit average (65%) or equivalent; or
- A recognised bachelor’s degree in a related field with at least a credit average (65%) or equivalent, and one year of relevant professional experience.

1.7 year program (72 UOC)

- A recognised bachelor’s degree in a related field with at least a credit average (65%) or equivalent; or
- A recognised bachelor’s degree in any field with at least a credit average (65%) or equivalent, and one year of relevant professional experience.

2 year program (96 UOC)\*

- A recognised bachelor’s degree in any field with at least a credit average (65%) or equivalent; or
- A recognised honours degree or graduate diploma in any field with at least a credit average (65%) or equivalent.

*\*Students who are eligible for the 1 year and/or 1.7 year program are also permitted to study the 2 year program.*

**Note:** Students from a non-211 university in China are required to have a record of academic achievement equivalent to a UNSW distinction average (75%).

**Relevant disciplines include:** Arts, Design, Humanities, Social Sciences, Media, Communications, Journalism, Public Relations, Advertising, Marketing, Business, Economics, Commerce, and Law.

Master of PR and Advertising/Master of Design

**Program code** 8234  
**CRICOS code** 094951G  
**Duration** 2 – 3 years  
**Entry** February, June and September  
**Estimated first year tuition** A\$37,050

This double degree will equip you to think critically and innovatively to develop public relations and advertising strategies, as well as design and digital media practice. This double degree is ideal for industry professionals who want to advance their career in advertising or design and gain the in-depth knowledge needed to shape tomorrow’s media industry.

Entry requirements

2 year program (96 UOC)

- A recognised honours degree or graduate diploma in a relevant field with at least a credit average (65%) or equivalent; or
- A recognised bachelor’s degree in any field with at least a credit average (65%) or equivalent, and one year of relevant professional experience.

3 year program (144 UOC)

- A recognised bachelor’s degree in a relevant field with at least a credit average (65%) or equivalent; or
- A recognised bachelor’s degree in any field with at least a credit average (65%) or equivalent, and one year of relevant professional experience.

**Relevant disciplines include:** Arts, Humanities, Social Sciences, Media, Communications, Journalism, Public Relations, Advertising, Marketing, Design and Creative Arts.

**Relevant professional experience includes:** Work in design, creative arts, innovation, marketing, public relations, advertising, journalism, media and communication sectors.

Combined Master of Arts and Social Sciences

**Program code** 8224  
**CRICOS code** 065349M  
**Duration** 2 years  
**Entry** February and September  
**Estimated first year tuition** A\$36,480

Earn two Master degrees at the same time. The Combined Master of Arts and Social Sciences allows you to extend your knowledge in two complementary disciplines, providing you with a broad education that meets the needs of today’s professionals. You will graduate with two degrees under their specialist names.

Entry requirements

- Students need to meet the requirements specific to the individual one-year program (48 UOC) of the postgraduate degrees chosen. Please refer to the entry requirements of individual programs.

**Note:** Students from a non-211 university in China are required to have a record of academic achievement equivalent to a UNSW distinction average (75%).

Programs you can combine

- Master of Applied Linguistics
- Master of Development Studies
- Master of Education
- Master of Educational Leadership
- Master of Environmental Management
- Master of International Relations
- Master of Journalism and Communication
- Master of Public Policy and Governance
- Master of Public Relations and Advertising
- Master of Translation

Master of Arts by Research

**Program code** 2353  
**CRICOS code** 000913C  
**Duration** 1.5 – 2 years  
**Entry** February and September  
**Estimated first year tuition** A\$34,080

Entry requirements

- A relevant four-year bachelor’s degree with honours from UNSW; or
- A tertiary qualification at a level considered equivalent by the Faculty Higher Degree Committee.

Master of Education by Research

**Program code** 2354  
**CRICOS code** 000948C  
**Duration** 1.5 – 2 years  
**Entry** February, June and September  
**Estimated first year tuition** A\$34,080

Entry requirements

- A relevant four year bachelor’s degree with honours from UNSW; or
- A tertiary qualification at a level considered equivalent by the Faculty Higher Degree Committee.

Master of Fine Arts by Research

**Program code** 2245  
**CRICOS code** 009493A  
**Duration** 1.5 – 2 years  
**Entry** February, June and September  
**Estimated first year tuition** A\$36,960

Entry requirements

- A relevant four-year bachelor’s degree with Honours from UNSW; or
- An equivalent tertiary qualification as determined by the Faculty Higher Degree Committee.

Master of Philosophy – Arts and Social Sciences

**Program code** 2364

**CRICOS code** 0101259

**Duration** 1.5 – 2 years

**Entry** February

**Estimated first year tuition** A\$34,080

Entry requirements

- A recognised bachelor’s degree in a related discipline with credit average result (WAM 70).

Applicants are required to submit a research proposal and ensure a suitable supervisor is available.

Areas of specialisation:

- Health and wellbeing
- Creative arts
- Knowledges and ethical practices
- Global and first nations studies

Master of Philosophy – Art, Design and Media

**Program code** 2267

**CRICOS code** 056686B

**Duration** 1.5 – 2 years

**Entry** February, June and September

**Estimated first year tuition** A\$36,960

Entry requirements

- A relevant four-year degree or UNSW bachelor’s degree with lower second honours or higher; or
- An equivalent tertiary qualification as determined by the Faculty Higher Degree Committee.

Master of Philosophy – Built Environment

**Program code** 2222

**CRICOS code** 060621G

**Duration** 1.5 – 2 years

**Entry** February, June and September

**Estimated first year tuition** A\$38,160

Entry requirements

- A recognised bachelor’s degree in the relevant discipline from UNSW at a level specified by the Faculty Higher Degree Committee; or
- A tertiary qualification at a level considered equivalent by the Faculty Higher Degree Committee.

Applicants can develop their own research topic within a built environment discipline or choose a specialised research project. Candidates will complete a coursework component comprising of 3 courses – Research Seminar (BENV7020) and two

electives from any postgraduate coursework program at UNSW’s School of Built Environment. All applicants must submit an expression of interest application, including a preliminary research proposal.

Areas of specialisation

- Architecture
- Building
- City Planning and Urban Design
- Construction and Project Management
- Industrial Design
- Interior Architecture
- Landscape Architecture
- Property Development and Management
- Sustainable Built Environment

Doctor of Philosophy – Art, Design and Media

**Program code** 1292

**CRICOS code** 082747M

**Duration** 3 – 4 years

**Entry** February, June and September

**Estimated first year tuition** A\$36,960

Entry requirements

- A relevant four year bachelor’s degree with first or upper 2nd class honours from UNSW; or
- A completed master’s degree by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high-quality thesis; or
- A tertiary qualification at a level considered equivalent by the Faculty Higher Degree Committee.

Doctor of Philosophy – Built Environment

**Program code** 1120

**CRICOS code** 009536F

**Duration** 3 – 4 years

**Entry** February, June and September

**Estimated first year tuition** A\$38,160

Entry requirements

- A relevant four-year bachelor’s degree with first or upper 2nd class honours from UNSW; or
- A completed master’s degree by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high-quality thesis; or
- A tertiary qualification at a level considered equivalent by the Faculty Higher Degree Committee.

Candidates may transfer to PhD after one year of full-time enrolment in a master’s degree by research under specific conditions. All applicants must submit an expression of interest application, including a preliminary research proposal.

Areas of specialisation

- Architecture
- Building
- City Planning and Urban Design
- Construction and Project Management
- Industrial Design
- Interior Architecture
- Landscape Architecture
- Property Development and Management
- Sustainable Built Environment

ARTS, DESIGN & ARCHITECTURE

Doctor of Philosophy – Education

**Program code** 1970

**CRICOS code** 001042D

**Duration** 3 – 4 years

**Entry** February, June and September

**Estimated first year tuition** A\$34,080

Entry requirements

- A relevant four year bachelor’s degree with first or upper second class honours from UNSW; or
- A completed master’s degree by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high-quality thesis; or
- A tertiary qualification at a level considered equivalent by the Faculty Higher Degree Committee.

Doctor of Philosophy – Social sciences

**Program code** 1272

**CRICOS code** 079009E

### Join the club

Life at UNSW Business School is about more than lectures and tutorials. Our business clubs and societies introduce you to people who share your interests and passions. UNSW Business School's Graduate Student Association will enhance your postgraduate student experience through professional development, social events and networking opportunities, empowering you to create your own future.

### Career Accelerator

Our degrees bring the boardroom to the classroom with a range of hands-on professional learning opportunities, exclusive to UNSW Business School. Career Accelerator career development experiences ensure you graduate career-ready, prepared to hit the ground running in the workforce.

### Real world experience

Gain real-world business experience while you study by choosing from a range of for-credit and extra-curricular options. Participate in a consulting project for our industry partners, explore potential career paths through virtual internships, complete short business experiences in parallel to your studies, or take on a social entrepreneurship project.

Australian Business Essentials offers you the opportunity to develop your professional communication skills and gain a good understanding of Australian culture and the workplace through interactive workshops, volunteering experiences and team building activities.

### Professional networking

Get personalised advice from experienced industry professionals as part of our ten-week, structured Career Mentoring Program. Hear challenges, trends and opportunities at our Business Insights events where experienced professionals share their thought leadership with our students. Grow your network of peers by participating in career development workshops, attending career showcases, or joining a Community Wednesday event. Our student clubs and societies hold regular industry events, upskilling workshops, lecture review sessions and social and professional networking events.

### Global opportunities

Experience business around the world with our range of global opportunities, including short overseas electives, practicums and international exchanges. Through a Global Business Practicum, you can do a practical consulting project with our industry partners in international business hubs including Indonesia and Vietnam. (Note: Global Business Practicums are offered virtually while travel restrictions are in place).

# Actuarial Studies

The Master of Actuarial Studies is designed for students with a strong background in actuarial studies, economics, mathematics or statistics. This degree is ideal if you want to develop the technical expertise required to become an actuarial analyst or roles in the broader financial services industry.

The Master of Actuarial (Extension) adds four courses to the Master of Actuarial Studies, allowing you to study advanced actuarial and risk management topics. You'll extend your expertise in the area and setting yourself apart from others in the profession.

### Professional accreditation

Upon completion of this degree, you will be eligible to gain exemptions for the Foundation and part of the Associate program of the Institute of Actuaries Australia. You'll also be recognised for exemptions for core technical subjects (CT 1–8) of the Institute and Faculty of Actuaries (UK), and for VEE from the North American Society of Actuaries. UNSW's School of Risk and Actuarial Studies is also internationally recognised by the Center of Actuarial Excellence, Society of Actuaries.

## Master of Actuarial Studies

**Program code** 8411

**CRICOS code** 051222G

**Duration** 1.7 years

**Entry** February, June and September

**Estimated first year tuition** AUD\$48,240

### Entry requirements

- A recognised bachelor's degree or equivalent qualification in actuarial studies, econometrics, mathematics, or statistics with at least a credit average (65%); and
- A major (at least seven courses) in Actuarial Studies, Econometrics, Mathematics or statistics.

### Recognition of prior learning

Recognition of prior learning or professional recognition, up to 4 courses credits (24 UOC), may be granted (towards the 4 core courses) based on your previous studies in actuarial studies (bachelor's or higher). Additional course credits (up to 2 courses) may be awarded based on an incomplete postgraduate degree and/or professional examinations for the Fellowship of the Institute of Actuaries of Australia, the Institute of Actuaries (UK) or the Society of Actuaries.

## Master of Actuarial Studies (Extension)

**Program code** 8416

**CRICOS code** 068778K

**Duration** 2 years

**Entry** February, June and September

**Estimated first year tuition** AUD\$48,240

### Entry requirements

- A recognised bachelor's degree or equivalent qualification in Actuarial Studies, Econometrics, Mathematics, or Statistics with at least a credit average (65%); and a major (at least seven courses) in Actuarial Studies, Econometrics, Mathematics or statistics.

**Note:** This degree is suitable if you haven't completed any actuarial studies but have an econometrics, mathematics, or statistics background and you are pursuing an actuarial career.

# Analytics

Our world today is built on data. Data is woven through every industry, organisation and profession. Data can help us solve some of the greatest problems facing our world today. Professionals with the skills and knowledge to analyse data are in demand. Organisations of all sizes want professionals who can apply data-driven decisions. Our suite of fully online analytics programs are designed to meet this demand.

## Master of Analytics

**Program code** 8437

**Duration** 2 years (online only)

**Entry** January, March, May, July, September, October

**Estimated first year tuition** AUD\$35,940

### Entry requirements

- An Australian bachelor's degree (or equivalent qualification) with at least a weighted average mark (WAM) (65%); or
- Completion of the Graduate Diploma in Analytics with at least a WAM (65%).

## Graduate Diploma in Analytics

**Program code** 5437

**Duration** 1.4 years (online only)

**Entry** January, March, May, July, September, October

**Estimated first year tuition** AUD\$35,940

### Entry requirements

- An Australian bachelor's degree (or equivalent qualification) with at least a weighted average mark (WAM) (65%); or
- Completion of the Graduate Certificate in Analytics with at least a WAM (65%).

## Graduate Certificate in Analytics

**Program code** 7457

**CRICOS code** 103144E

**Duration** 0.7 year (online only)

**Entry** January, March, May, July, September, October

**Estimated first year tuition** AUD\$23,880

### Entry requirements

- An Australian bachelor's degree (or equivalent qualification); or
- At least three years relevant work experience in related fields, for example, analytics, clerical or administrative work in banking, finance or marketing organisations (commercial or public service).

## Graduate Certificate in Business Analytics

**Program code** 7456

**CRICOS code** 103144E

**Duration** 0.7 year

**Entry** February, June and September

**Estimated first year tuition** AUD\$24,120

The Graduate Certificate in Business Analytics will give you a foundational knowledge in business analytics as well as the technical skills to obtain actionable insights from data. You'll be introduced to conceptual frameworks, modelling techniques, database management and ethical debates as part of a comprehensive education in business analytics. The program is a pathway to the Master of Commerce or Master of Commerce (Extension).

### Entry requirements

There are two pathways into this program:

- A recognised bachelor's degree with at least at least a credit average (60%); or
- 5 years relevant work experience: for example, clerical or administrative work in a commercial or public service organisation, supervisory or management, banking, finance or marketing experience or other business-related positions.

You can also develop expertise in data and analytics with the **Master of Commerce**, specialising in Business Analytics or Marketing Analytics. See page 61 for details.

# Business Administration

The AGSM Master of Business Administration (MBA) will prepare you for general management and executive leadership roles in business, government and not-for-profit organisations. Acquire management insights from current business leaders and benefit from the diverse and globalised knowledge of your fellow students.

The MBA (Extension) allows you to extend your study plan to include an additional term for an internship or research project. You can study the MBA (full-time) with the addition of an extra session (Extension Session). For more information, visit [agsm.edu.au](http://agsm.edu.au)

### Career and recruitment services

Career Services is a key part of AGSM and goes beyond just sourcing potential employment opportunities. AGSM Career Services Unit provides you with the tools for successful job seeking and career advancement plus the guidance and support required to map out your long-term career path.

**Career management programs** offer you a range of skills to proactively manage your career. Delivered face-to-face via classroom/team sessions or online through the AGSM MBA Career Centre.

**Career advice/guidance** offer you individual counselling sessions, giving you access to personalised career guidance and support.

**Recruitment services** helps you build strong relationships with employers who are seeking MBA graduates. We align the skills and experience of MBA students with the needs of organisations to find the perfect professional fit.

**The Career Services Unit** engages with recruiters and draws on our strong alumni community. We've worked with first-class companies including ABN AMRO Bank N.V., A.T. Kearney, Barclays Bank PLC, BMW (Japan), Boral Limited, Mercer LLC (China) and McKinsey & Company.

## Master of Business Administration

**Program code** 8350

**CRICOS code** 006681K

**Duration** 1.7 years

**Entry** AGSM Session 1 (Term 1)

**Estimated first year tuition** AUD\$70,200

### Entry requirements

- A relevant bachelor's degree (or equivalent qualification), and a minimum two years of professional or managerial work experience; or
- At least six years professional work experience.

You'll also need to submit supporting documentation including an official transcript and three personal statements. You'll require a minimum overall GMAT score of 550 with minimum scores of verbal 25, quantitative 35 and AWA 4.0.

### Professional recognition

The AGSM program is accredited by the Association to Advance Collegial Schools of Business (AACSB) and has European Foundation for Management Development (EFMD) EQUIS accreditation. AGSM is part of the world's leading business schools – only 180 of more than 13,000 business schools in the world have received EQUIS accreditation.

### Scholarships

AGSM offer a range of scholarships for exceptional candidates who demonstrate leadership potential, academic ability and a commitment to their community.

International students are not eligible for an Australian student visa for this program.

Entry requirements

- A recognised bachelor’s degree (or equivalent qualification) with at least a credit average (65%); or
- At least five years of relevant work experience in a related field, for example, clerical, administrative, supervisory or management work in banking, finance or marketing organisations (commercial or public service).

“Studying my masters at UNSW was about more than getting a degree. I connected with industry leaders, sat as an executive member of a student society and took part in entrepreneurial competitions. These experiences combined with UNSW’s reputation as a leading business school, locally and internationally, made me stand out from the crowd.”

–  
**Shirin Shiran,**  
**Master of Commerce**

# Economics

## Master of Applied Economics

**Program code** 8429

**CRICOS code** 102633G

**Duration** 2 years

**Entry** February and September

**Estimated first year tuition**  
AUD\$48,240

**Entry requirements**

- A recognised bachelor’s degree (or equivalent qualification) with at least a credit average (65%). Prior learning will be recognised which may reduce the program duration.

If you’re seeking a career as a professional economist, the Master of Applied Economics degree will prepare you to succeed. Gain advanced knowledge and practical skills with expertise in Business Forecasting, Development Economics, Industrial Organisation and Financial Systems. The program can be completed in as little as one year, depending on your previous learning and/or work experience.

## Graduate Certificate in Economics

**Program code** 7412

**CRICOS code** 080476A

**Duration** 0.7 years

**Entry** February and September

**Estimated first year tuition**  
AUD\$24,120

**Entry requirements**

- A recognised bachelor’s degree (or equivalent qualification).

# Finance

## Master of Finance

**Program code** 8406

**CRICOS code** 038393J

**Duration** 1 year

**Entry** February, June and September

**Estimated first year tuition**  
AUD\$48,240

Developed in consultation with experts in the finance industry, these programs offer you the latest thinking and research in finance, taught by industry leading academics and researchers.

**Entry requirements**

- A recognised bachelor’s degree (or equivalent qualification) majoring in Finance with at least a credit average (65%) in the Finance major, as well as an overall credit average.

**Areas of specialisation**

- Corporate Finance and Investment Banking
- Finance (General)
- Funds Management
- Financial Technology

**Professional recognition**

You may be eligible for Associate membership with the Financial Services Institute of Australasia (FINSIA) on completion of this degree.

**Note:** The Master of Finance was accepted into the University Recognition Program of the CFA Institute. The courses in this program are closely tied to professional practice and can help you prepare for the CFA examinations.

## Master of Financial Analysis

**Program code** 8413

**CRICOS code** 058933J

**Duration** 1 year

**Entry** February, June and September

**Estimated first year tuition**  
AUD\$48,240

The Master of Financial Analysis is a specialist qualification that will build on your knowledge from your undergraduate degree and studies in accounting or finance. Develop your strategy skills, risk analysis and management, valuation and project development through a large range of courses to meet your professional needs.

**Entry requirements**

- A recognised bachelor degree with 2nd class lower division honours or higher (or equivalent qualification) in Finance, Accounting, or a closely related discipline, as determined by the UNSW Australia Business School; or
- A recognised graduate certificate or graduate diploma (or equivalent qualification) in a cognate discipline with a credit average or higher, as determined by the UNSW Australia Business School; or
- A recognised bachelor degree (or equivalent qualification) in a cognate discipline with a minimum of 7 courses in either Finance or Accounting and a credit average, as determined by the UNSW Australia Business School; or

- A recognised bachelor degree (or equivalent qualification) in a finance-related or accounting-related discipline with a credit average or higher, two years of full-time equivalent of professional postgraduate experience[1] with at least one year of professional work experience in a finance or accounting role in an organisation, and membership of a recognised professional association, as determined by the UNSW Australia Business School.

**Recognition of Prior Learning**

If you’ve successfully completed the CPA Program or CAANZ Program (from Australia), or the CIMA qualification, you may be granted one course credit.

# Financial Planning

Take your career in personal financial and investment advice to the next level with UNSW’s Graduate Certificate in Financial Planning. Upon successful completion of this program, you can articulate into the Master of Commerce (Finance) specialisation and, if you choose, become a FASEA accredited financial adviser.

## Graduate Certificate in Financial Planning

**Program code** 7273

**CRICOS code** 075260D

**Duration** 0.7 years

**Entry** February and September

**Estimated first year tuition**  
AUD\$24,120

**Entry requirements**

- Category A**
- A recognised bachelor’s degree (or equivalent qualification), and a minimum two years of full-time relevant work experience; or
- Category B**
- At least four years full-time relevant work experience and some professional courses and/or study.

# Financial Technology

These programs will give you the skills to respond to the technological revolution occurring in the financial services industry. Learn how to innovate, evaluate, communicate and implement

new ideas involving data and technology. Gain insight into areas such as start-up management, tech disruption, tech tools, robo-advisory and portfolio optimisation. These study options are suitable for

finance industry professionals who want to improve their technical skills, as well as those with a technical background who want to develop potential applications in the financial services industry.

## Master of Financial Technology

**Program code** 8433

**Duration** 2 Years (online only)

**Entry** January, March, May, July, September and October

**Estimated first year tuition**  
AUD\$48,240

**Entry requirements**

- A recognised bachelor’s degree (or equivalent qualification) with at least a credit average (65%) in Business, Commerce, Information Systems & Technology Management, Information Technology, Computer Engineering, or Software Engineering.

## Graduate Diploma in Financial Technology

**Program code** 5433

**Duration** 1.2 years (online only)

**Entry** January, March, May, July, September and October

**Estimated first year tuition**  
AUD\$48,240

**Entry requirements**

- A recognised bachelor’s degree or equivalent qualification with at least a credit average (65%); or
- At least a credit average (65%) in the Graduate Certificate in Financial Technology with full credit provided for courses successfully completed.

## Graduate Certificate in Financial Technology

**Program code** 7434

**Duration** 0.5 years (online only)

**Entry** January, March, May, July, September and October

**Estimated first year tuition**  
AUD\$24,120

**Entry requirements**

- A recognised bachelor’s degree in any discipline; or
- At least five years of relevant work experience in a commercial or public service organisation in banking, finance or technology.

# International Business

## Master of International Business

**Program code** 8371

**CRICOS code** 078546K

**Duration** 2 years

**Entry** February, June and September

**Estimated first year tuition**  
AUD\$48,240

Gain an in-depth understanding of the key issues in the global business environment and successfully lead businesses on an international scale. The Master of International Business will give you the ability to think globally and strategically, setting you up to become an effective and successful leader in the global business environment. This program is suitable for students with an undergraduate degree in any field.

**Entry requirements**

- A recognised bachelor’s degree (or equivalent qualification) with at least a credit average (65%).

**Recognition of Prior Learning**

Up to four courses (24 UOC) may be awarded based on your previous business studies (bachelor or higher).

International students are not eligible for an Australian student visa for this program.

# Professional Accounting

Gain expert knowledge and skills for a successful career in accounting with the Master of Professional Accounting. You'll develop a solid foundation in business with a strong accounting acumen. Learn from industry experienced academics to gain professional recognition with leading accounting bodies.

The Master of Professional Accounting (Extension) follows the structure of the Master of Professional Accounting with four extra courses in your choice of electives to further your knowledge.

### Professional recognition

This program meets the educational requirements of peak professional accounting bodies including CPA Australia, Chartered Accountants Australia and New Zealand (CAANZ), ACCA (Accounting), and Institute of Public Accountants (IPA).

## Master of Professional Accounting

**Program code** 8409

**CRICOS code** 051221J

**Duration** 1.7 years

**Entry** February, June and September

**Estimated first year tuition** AUD\$48,240

### Entry requirements

- A recognised bachelor's degree (or equivalent qualification) with at least a credit average (65%).

**Note:** This program is suitable for graduates with limited or no previous study in Accounting.

### Recognition of Prior Learning

Up to four courses (24 UOC) may be awarded based on your previous business studies (bachelor's degree or higher).

## Master of Professional Accounting (Extension)

**Program code** 8415

**CRICOS code** 055635K

**Duration** 2 years

**Entry** February, June and September

**Estimated first year tuition** AUD\$48,240

The Master of Professional Accounting (Extension) will build on your study by adding four elective courses to gain additional knowledge in accounting or other related business areas.

### Entry requirements

- A recognised bachelor's degree (or equivalent qualification) with at least a credit average (65%).

# Taxation

## Master of Taxation

**Program code** 9250

**CRICOS code** 015849E

**Duration** 1 year

**Entry** February, June and September

**Estimated first year tuition** AUD\$48,240

The Master of Taxation gives tax professionals and practitioners the skills and know-how to manage taxation issues in business decisions and transactions. You'll deal with the more complex aspects of the discipline and develop a critical understanding of the Australian taxation system.

### Entry requirements

- A recognised bachelor's degree (or equivalent qualification) in Taxation, Law, or Commerce, including one Taxation course, with at least a credit average (65%), and relevant professional work experience.

### Areas of specialisation

- Applied Taxation
- International Taxation
- Taxation
- Taxation and Financial Planning
- Revenue Administration

## Graduate Certificate in Taxation

**Program code** 7321

**CRICOS code** 0100908

**Duration** 0.7 years

**Entry** February, June and September

**Estimated first year tuition** AUD\$24,120

### Entry requirements

#### Category A

- A recognised bachelor's degree (or equivalent qualification) in Taxation, Law, Accounting or Business as determined by the UNSW Business School; or

#### Category B

- A recognised bachelor's degree or equivalent as determined by UNSW Business School, and a minimum two years of full-time relevant work experience; and
- Submission of a detailed resume outlining relevant competencies and achievements and evidence of academic and professional qualifications.

**Note:** Courses in these degrees are delivered in a variety of modes including online, face-to-face and intensive. If you'll be studying online from your home country, no student visa is required. Studying these degrees at face-to-face at UNSW Sydney requires a student visa.

# Social Impact

UNSW's Social Impact programs will build your professional capacity as a social manager and entrepreneur across corporate, government and not-for-profit sectors. Develop skills and knowledge in social entrepreneurship, innovation, investment and governance and enhance your understanding of the dynamics of the social economy. Gain a deeper understanding on how business, social enterprise, government, foundations and community organisations can work together to enact social change.

## Graduate Diploma in Social Impact

**Program code** 5357

**CRICOS code** 0101074

**Duration** 1 year

**Entry** February, June and September

**Estimated first year tuition** AUD\$48,240

### Entry requirements

#### Category A

- A recognised bachelor's degree (or equivalent qualification) with at least a credit average (65%), and a minimum two years of full-time relevant work experience; or

#### Category B

- Professionals without a bachelor's degree can apply to the program if they have at least five years full-time relevant work experience in government, corporate or not-for-profit sector; or

#### Category C

- Students completing the Graduate Certificate in Social Impact with a minimum overall WAM (65%).

## Graduate Certificate in Social Impact

**Program code** 7357

**CRICOS** 100131

**Duration** 0.7 years

**Entry** February, June, September

**Estimated first year tuition** AUD\$24,120

### Entry requirements

Please see Graduate Diploma in Social Impact (5357).

"I chose UNSW because it is one of the best universities in Australia. When employers know you have graduated from a prestigious university with a very good reputation, they will be more impressed."

Jiang Zhu, China  
Master of Professional Accounting

# Pre-doctoral Business

## Master of Pre-Doctoral Business

**Program code** 8635

**CRICOS code** 096892J

**Duration** 1 year

**Entry** February

**Estimated first year tuition**  
AUD\$48,240

The Master of Pre-Doctoral Business Studies is a pathway for if you want to complete a PhD at UNSW Business School. You will study the first component of the doctoral program which is designed to allow you to take up to two successive years of advanced coursework during your doctoral studies.

### Entry requirements

- The equivalent of a three-year undergraduate degree, plus a postgraduate degree in a relevant discipline with at least a credit average (75%); or
- The equivalent of multiple undergraduate degrees, such as a double degree from UNSW, with at least one degree in a relevant discipline, and at least a credit average (75%); or
- The equivalent of a four-year bachelor's degree with first or upper second-class honours from UNSW in a relevant discipline.

Economics stream applicants must provide results for the GRE unless waived by the Stream Convenor. Marketing stream applicants must provide results for the GMAT unless waived by the Stream Convenor.

You must submit a 300-word statement outlining your research interests as well as three potential referees. Admission is at the discretion of the UNSW Business School and depends on the Business School research supervision capacity and resources available for your research interests.

# Research Programs

UNSW Business School is internationally recognised for world-class research. Our research degrees will expand your knowledge in your chosen field. Be inspired to think deeply and develop independent cutting-edge research. The higher degree research programs have been designed to equip candidates with the skills required for a future research career in the world's elite institutions.

➤ The Graduate Research School Admissions and Scholarships team provides advice and support to all applicants for admission to a UNSW Higher Degree Research program or scholarship.

Go to page 126 for further information or email [international.grs@unsw.edu.au](mailto:international.grs@unsw.edu.au)

### Areas of specialisation

- Accounting
- Banking and Finance
- Economics
- Information Systems
- Marketing
- Management
- Risk and Actuarial Studies
- Taxation
- Business Law

## Master of Philosophy - Commerce and Economics

**Program code** 2585

**CRICOS code** 052630F

**Duration** 1.5 – 2 years

**Entry** February, June and September

**Estimated first year tuition**  
AUD\$35,040

### Entry requirements

- An undergraduate degree and a master's degree in a related discipline with at least an overall grade of distinction (75%); or
- An undergraduate degree and equivalent academic qualification or research output in the form of publications or relevant work experience.

### Areas of specialisation

- Accounting
- Actuarial Studies
- Banking and Finance
- Economics
- Human Resource Management
- Industrial Relations
- International Business
- Information Systems and Management
- Marketing
- Organisational Behaviour
- Strategy and Entrepreneurship
- Taxation and Business Law

## Doctor of Philosophy (PhD)

**Program code** 1605

**CRICOS code** 058933J

**Duration** 3-4 years

**Entry** February, June and September

**Estimated first year tuition**  
AUD\$35,040

### Entry requirements

- The equivalent of a three-year undergraduate degree plus a postgraduate degree in a relevant discipline from UNSW with at least a credit average (75%); or
- The equivalent of multiple undergraduate degrees, such as a UNSW double degree, with at least one in a relevant discipline, and at least a credit average (75%); or
- The equivalent of a four-year bachelor's degree with first or upper second-class honours from a relevant discipline.
- Candidates may be admitted to the PhD program after one year's full-time enrolment in a Masters by Research program, with the approval of the Faculty Postgraduate Affairs Committee.

### Areas of specialisation

- Accounting (1521)  
CRICOS code 001012K
- Actuarial Studies (1545)  
CRICOS code 041942C
- Banking and Finance (1561)  
CRICOS code 008962G
- Economics (1540)  
CRICOS code 001023G
- Information Systems (1525)  
CRICOS code 008963F
- Marketing (1550)  
CRICOS code 001040F
- Organisation and Management (1605)  
CRICOS code 053201G
- Taxation and Business Law (1535)  
CRICOS code 028061A

# Engineering

Empower yourself at a globally renowned Engineering faculty, where passion, diverse perspectives and a hands-on approach create solutions for a better world.

Set yourself apart studying at the #1 Engineering faculty in Australia\* with the largest range of disciplines, including emerging areas like Quantum Engineering and Renewable Energy Engineering.\*

\*QS Rankings by Subject 2021

Enrich your studies through our diverse and inclusive student community. Our clubs and societies bring students together for professional development programs and networking opportunities.

For more information, visit [engineering.unsw.edu.au](http://engineering.unsw.edu.au)

## Career outcomes

|                                  |                                   |                                         |
|----------------------------------|-----------------------------------|-----------------------------------------|
| Acoustic Engineer                | Lead Systems Engineer             | Senior Project Engineer                 |
| Chief Project Manager            | Mechanical Project Engineer       | Senior Site Engineer                    |
| Drill & Blast Engineer           | Medical Devices Engineer          | IT Project Manager                      |
| Energy System Engineer           | Principal Avionics Engineer       | Transport Engineering Consultant        |
| Field Geotechnical Engineer      | Quantum Control Specialist        | Underground or Open Pit Mining Engineer |
| Food Process Engineers           | Renewable Energy Project Engineer | Water and Waste Engineers               |
| Head Network & Security Engineer | Roboticist                        |                                         |

## Real-world engineering

From day one, you will develop your abilities as an engineer, in the classroom and through hands-on practical experience. Build valuable industry networks and contacts with our unparalleled industry connections and while you study. Learn from industry leaders, create and design projects in our Makerspaces and participate in student projects. You can attend industry recruitment events and go on international exchange, giving you valuable real-world experience to prepare you for a successful career.

## Meeting global challenges

Make a positive difference in the world when you combine your passion and creativity to meet global challenges. You will have access to the world's best facilities and research to help you reframe global problems and engineer innovative solutions for individuals and communities.

## The Challeng Program

The Challeng Program connects you with academics and industry partners as part of exciting, real-world, project-based learning initiatives. Challeng prepares you for your future career through practical learning experiences that are valued in the real-world. You will expand your professional expertise through a multidisciplinary learning approach that develops your technical and design skills. Many of the Challeng projects earn academic credit (for-credit-elective) or are eligible for Industrial Training.

For more information, visit [challeng.unsw.edu.au](http://challeng.unsw.edu.au)

## Student societies

Make friends with other students and expand your professional network: join our flagship Engineering Society (EngSoc) and Women in Engineering Society (WIESoc). Our full range of societies offer professional development programs and social activities throughout the year.

# Biomedical Engineering

The Master of Biomedical Engineering will teach you to apply engineering principles to developing technologies and problem solving in a diverse range of health care related fields. If you have a medical/biological science or engineering/physical science background, you will benefit from this degree. A Graduate Diploma program is also available.

## Master of Biomedical Engineering

**Program code** 8660

**CRICOS code** 000929F

**Duration** 1.7 years

**Entry** February and September

**Estimated first year tuition** A\$47,280

### Entry requirements

- A four-year Bachelor of Engineering degree with at least a credit average (65%); or
- A recognised four-year bachelor's degree in biomedical health-related discipline with honours either embedded or as a single honours year with at least a credit average (65%), and two courses of first-year university level mathematics or equivalent; or
- A graduate diploma in biomedical engineering, such as 5449 Engineering (Biomedical Eng) offered by the GSBmE or the equivalent, with at least a credit average (65%)

**Note:** Students from a non-211 university in China need at least a 70% average as determined by the UNSW Postgraduate Entry Score Calculator.

## Graduate Diploma in Biomedical Engineering

**Program code** 5449

**CRICOS code** 000845K

**Duration** 1 year

**Entry** February and September

**Estimated first year tuition** A\$47,280

### Entry requirements

- A three or four-year Bachelor of Engineering degree with Honours with at least a credit average (65%); or
- A recognised three-year bachelor's degree in a biomedical health-related discipline with honours (either embedded or as a single honours year) with at least a credit average (65%), and two courses of first-year university level mathematics or equivalent.

**Note:** Students from a non-211 university in China need at least a credit average (70%) as determined by the UNSW Postgraduate Entry Score Calculator.

## Master of Engineering

**Program code** 8621

**CRICOS code** 067604G

**Duration** 2 years

**Entry** February, June and September

**Estimated first year tuition** A\$47,280

For a postgraduate qualification respected and recognised by employers globally, join a faculty ranked 12th in the world (for Civil and Structural Engineering) and 1st in Australia for Engineering. Develop specialised skills and knowledge in today's most in-demand engineering specialisations to take your career to the next level.

**QS World University Rankings by Subject, 2021**

The Master of Engineering aims to provide deeper project experience and increased technical confidence across selected research disciplines. It's designed for students who don't have an accredited engineering qualification but who have either completed a non-accredited engineering degree or the equivalent of the first three years of an accredited engineering degree.

### Entry requirements

- Entry is open to students with a four-year non-accredited (under the Washington Accord) Bachelor of Engineering degree or equivalent in a related discipline with a minimum 65% average.

Applicants who hold a three-year engineering science degree at least equivalent to the first three years of a related engineering degree accredited under the Washington Accord may also be considered.

**Note:** Students from a non-211 university in China need a minimum 70% average as determined by the UNSW Postgraduate Entry Score Calculator.

### Areas of specialisation

- Biomedical Engineering
- Civil Engineering
- Electrical Engineering
- Environmental Engineering
- Mechanical Engineering
- Mining Engineering
- Petroleum Engineering
- Renewable Energy
- Telecommunications

**This degree is accredited by Engineers Australia\*.**

\*Mechanical Engineering, Mining Engineering, Petroleum Engineering and Renewable Energy have Provisional Accreditation. UNSW's accreditation application with Engineers Australia for Biomedical Engineering is in progress. The other specialisations are fully accredited.

# Cyber Security

The Cyber Security programs are delivered 100% online to give you the flexibility to build on your knowledge from anywhere in the world. Learn key skills that help provide safe and secure online experiences and combat cybercrime. Gain a security engineering mindset to analyse current trends and anticipate the future of cybercrime. Examine how organisations can handle data in secure ways, learn the fundamentals of privacy and identify the best practices for managing and responding to security risks in a rapidly changing global environment.

### Areas of specialisation

Select from either the Management and Leadership specialisation or Security Engineering specialisation within this program to further develop your expertise and diversify your career options.

## Master of Cyber Security

**Program code** 8649

**Duration** 2 years

**Entry** January, March, May, July, September and October

**Estimated first year tuition** \$40,140

### Entry requirements

- A completed Graduate Certificate in Cyber Security with at least a credit average (65%) or no fails; or
- A completed Graduate Diploma in Cyber Security with at least a credit average (65%) or no fails; or
- A recognised undergraduate degree in a related discipline cognate to the selected stream (e.g. Computer Science, Leadership, Policy) with at least a credit average (65%); or
- At least four years of relevant experience with demonstrated skills and ability in leadership.

## Graduate Diploma in Cyber Security

**Program code** 5649

**Duration** 1.4 years

**Entry** January, March, May, July, September and October

**Estimated first year tuition** A\$41,160

### Entry requirements

- A completed Graduate Certificate in Cyber Security with at least a credit average (65%) or no fails; or
- A recognised undergraduate degree in a discipline cognate to the selected stream (e.g. Computer Science, Leadership, Policy) with at least a credit average (65%); or
- At least four years of relevant experience with demonstrated skills and ability in leadership.

## Graduate Certificate in Cyber Security

**Program code** 7649

**Duration** 0.7 years

**Entry** January, March, May, July, September and October

**Estimated first year tuition** A\$21,600

### Entry requirements

- A bachelor's degree or equivalent with at least a credit average (65%); or
- Sufficient professional experience in analytics with at least two years of experience in an analytical role.

# Engineering Science

The Master of Engineering Science offers in-depth, open-ended enquiry-based projects in 25 specialisations. The degree is designed for engineers and graduates to develop and expand their technical knowledge and build management skills in their area of expertise or in a new area of specialisation.

### Areas of Specialisation

- Biomedical Engineering (*master only*)
- Chemical Process Engineering
- Civil Engineering
- Electrical Engineering
- Energy Systems
- Environmental Engineering
- Food Process Engineering
- Geotechnical Engineering & Engineering Geology
- Geothermal Engineering (*master only*)
- Manufacturing Engineering & Management
- Mechanical Engineering
- Nuclear Engineering
- Petroleum Engineering\*
- Photovoltaics & Solar Energy
- Project Management

- Renewable Energy
- Robotics (*master only*)
- Space Systems Engineering (*master only*)
- Structural Engineering
- Sustainable Systems (*master only*)
- Systems & Control (*master only*)
- Telecommunications
- Transport Engineering
- Water Engineering: Catchments to Coasts
- Water, Wastewater & Waste Engineering

\*Also available for online study.  
International students studying online are not eligible for an Australian student visa for this study mode.

## Master of Engineering Science

**Program code** 8338

**CRICOS code** 084282A

**Duration** 2 years

**Entry** February, June and September

**Estimated first year tuition**  
A\$47,280

### Entry requirements

- A recognised four-year bachelor's degree in a relevant area of at least a credit average (65%). As determined by the Postgraduate Entry Score Calculator.

**Note:** Students from a non-211 university in China at least a credit average (70%) as determined by the UNSW Postgraduate Entry Score Calculator.

Students studying the Petroleum Engineering specialisation have access to the Open Learning program. For more information go to [unsw.to/engpg-open-learning-program](https://unsw.to/engpg-open-learning-program)

This applies for the Master of Engineering Science as well as the Graduate Diploma and Graduate Certificate in Engineering Science.

## Graduate Diploma in Engineering Science

**Program code** 5341

**CRICOS code** 084279G

**Duration** 1 year

**Entry** February, June and September

**Estimated first year tuition**  
A\$47,280

### Entry requirements

- A four-year bachelor's degree in a relevant discipline of engineering with at least a credit average (65%). If you do not have a recognised four-year bachelor's degree you will need to demonstrate your prior learning is equivalent to this qualification.

**Note:** Students from a non-211 university in China need at least a credit average (70%) as determined by the UNSW Postgraduate Entry Score Calculator.

## Graduate Certificate in Engineering Science

**Program code** 7320

**CRICOS code** 084278G

**Duration** 0.7 years

**Entry** February, June and September

**Estimated first year tuition**  
A\$23,640

### Entry requirements

- A recognised four-year bachelor's degree in a relevant engineering discipline at least a credit average (65%). If you do not have a recognised four-year bachelor's degree you will need to demonstrate your prior learning is equivalent to this qualification.

### Specialisations

- Chemical Process Engineering
- Civil Engineering
- Electrical Engineering
- Energy Systems
- Engineering Design and Management
- Engineering Resilience
- Nuclear Engineering
- Photovoltaics and Solar Energy Engineering
- Renewable Energy Engineering
- Telecommunications.

**Note:** Students from a non-211 university in China need at least a credit average (70%) as determined by the UNSW Postgraduate Entry Score Calculator.

"The degree I chose is something between engineering and business and the opportunity to choose different courses was very good. I really like the flexibility and I can concentrate on the things I am interested in"

—  
Marsel Rabaev, Russia  
Master of Engineering Science

## Graduate Certificate in Petroleum Engineering

UNSW is ranked 18th in the world for our education in Petroleum Engineering\*. Postgraduate studies at in Petroleum Engineering will expand and update your technical knowledge and skills in the field. The Graduate Certificate in Petroleum Engineering covers the fundamentals and applications of drilling engineering, reservoir engineering, petroleum technology, business principles and business management.

\*QS World University Rankings by Subject, 2021

**Program code** 7343

**CRICOS code** 088768B

**Duration** 0.7 years

**Entry** February and September

**Estimated first year tuition**  
A\$35,460

### Entry requirements

- A three or four-year Bachelor of Engineering/Science degree in a relevant discipline or an equivalent qualification from a recognised university or tertiary institution with at least a credit average (65%); or
- Individual consideration will be given if you have relevant petroleum industry experience with vocational training. A minimum five years of full-time relevant professional experience in the upstream petroleum industry is required. Students are required to demonstrate work experience in the upstream petroleum industry (ie. the exploration, reservoir engineering, drilling and production of oil and/or gas). An entry interview may be required.

When requesting entry based on individual consideration a portfolio is required to support your application to postgraduate coursework study.

**Note:** Students from a non-211 university in China need at least a credit average (70%) as determined by the UNSW Postgraduate Entry Score Calculator.

# Food Science

Food scientists and graduates wishing to advance their skills and engineers seeking to move into food science will develop expertise through a complex, open-ended research-based project in the Master of Food Science. Gain a deep understanding of the agri-food business and develop the ability to analyse food-science problems.

## Master of Food Science

**Program code** 8037

**CRICOS code** 084283M

**Duration** 2 years

**Entry** February, June and September

**Estimated first year tuition**  
A\$47,280

### Entry requirements

- A bachelor's degree in Food Science with at least a credit average (65%) or;
- A Graduate Diploma in Food Science from UNSW with at least a credit average (65%); or
- An equivalent qualification from another recognised university or tertiary institution.

**Note:** Students from a non-211 university in China need at least a credit average (70%) as determined by the UNSW Postgraduate Entry Score Calculator.

## Graduate Diploma in Food Science

**Program code** 5037

**CRICOS code** 084280C

**Duration** 1 year

**Entry** February, June and September

**Estimated first year tuition**  
A\$47,280

### Entry requirements

- A bachelor's degree in Food Science or a related discipline such as Chemical Engineering or Biochemistry, with at least a credit average (65%); or
- An equivalent qualification from a recognised university or tertiary institution.

**Note:** Students from a non-211 university in China need at least a credit average (70%) as determined by the UNSW Postgraduate Entry Score Calculator.

## Graduate Certificate in Food Science

**Program code** 7317

**CRICOS code** 102631J

**Duration** 0.7 years

**Entry** February, June and September

**Estimated first year tuition**  
A\$23,640

### Entry requirements

- A three or four-year Bachelor of Science or Bachelor of Engineering with at least a credit average (65%) or equivalent in a relevant discipline; or
- An equivalent qualification from a recognised university or tertiary institution.
- If you do not have one of the qualifications listed above, you're required to demonstrate your prior learning is equivalent to this qualification.

**Note:** Students from a non-211 university in China need at least a credit average (70%) as determined by the UNSW Postgraduate Entry Score Calculator.

# Information Technology

Information technology is fast moving. The Master of Information Technology will put you at the forefront of creating future technologies. You will learn to anticipate requirements and develop applications and services in areas such as networking, data mining and robotics. You can choose up to two majors. A Graduate Diploma in Information Technology is also available and is designed for those with little or no computing background.

## Master of Information Technology

**Program code** 8543

**CRICOS code** 061294J

**Duration** 2 years

**Entry** February, June and September

**Estimated first year tuition** A\$47,280

### Entry requirements

- A three year undergraduate degree equivalent to a standard Australian bachelor degree in a discipline containing mathematics up to year two level, and a minimum 65% average.
- Completion of the 5543 UNSW Graduate Diploma in Information Technology, and a minimum 65% average or no fails.
- Completion of the 7543 UNSW Graduate Certificate in Computing, and a minimum 65% average.

**Note:** Students from a non-211 university in China need at least a credit average (70%) as determined by the UNSW Postgraduate Entry Score Calculator.

## Graduate Diploma in Information Technology

**Program code** 5543

**CRICOS code** 061293K

**Duration** 1.7 years

**Entry** February, June and September

**Estimated first year tuition** A\$47,280

### Entry requirements

- A three year undergraduate degree equivalent to a standard Australian bachelor degree in a discipline containing mathematics up to year two level, and a minimum 65% average.
- Completion of the 7543 UNSW Graduate Certificate in Computing, and a minimum 65% average or no fails.

**Note:** Students from a non-211 university in China need at least a credit average (70%) as determined by the UNSW Postgraduate Entry Score Calculator.

### Areas of specialisation

- Artificial Intelligence
- Bioinformatics
- Database Systems
- Data Science & Engineering
- eCommerce Systems
- Information Technology
- Internetworking

## Graduate Certificate in Computing

**Program code** 7543

**CRICOS code** 052690E

**Duration** 0.7 years

**Entry** February, June and September

**Estimated first year tuition** A\$23,640

Are you interested in a short qualification in Computing? The Graduate Certificate in Computing lets you study four advanced topics to complement or update your existing qualifications. Those with no Computing background can do four introductory courses before considering a higher qualification. You may be able to articulate to the Graduate Diploma in Information Technology.

### Entry requirements

- A three-year undergraduate degree equivalent to a standard Australian bachelor's degree with at least a credit average (65%); or
- At least three years of work experience in science or engineering fields; or
- Other applications will be considered on a case-by-case basis based on a combination of education and work experience.

**Note:** Students from a non-211 university in China need at least a credit average (70%) as determined by the UNSW Postgraduate Entry Score Calculator.

# Mining Engineering

If you are currently working in the mining industry, or planning a career change, the Master of Mining Engineering allows you to undertake advanced study in mining engineering. Mineral & Mining Engineering is UNSW's best performing subject ranked fifth in the world\*. You can choose one of two specialisations – Mine Geomechanics or Mine Management. Most courses can be studied on a part-time basis. A Graduate Diploma in Mining Engineering is also available.

\*QS World University Rankings by Subject, 2021

## Master of Mining Engineering

**Program code** 8335

**CRICOS code** 084284K

**Duration** 1.7 years

**Entry** February and September

**Estimated first year tuition** A\$47,280

### Entry requirements

- A recognised four-year (honours) degree in Mining Engineering, Engineering Geology, Civil Engineering or Geotechnical Engineering from a recognised institution with at least a credit average (65%) and no course fails.
- Completion of UNSW Graduate of Diploma in Mining Engineering (program 5335) with a minimum of 65% average and no course fails,

**Note:** Professional experience in the mining industry will be highly regarded.

## Graduate Diploma in Mining Engineering

**Program code** 5335

**CRICOS code** 084281B

**Duration** 1 year

**Entry** February and September

**Estimated first year tuition** A\$47,280

### Entry requirements

- A recognised three-year degree in mining engineering or a related engineering or physical sciences discipline (3 or 4 years) from a recognised institution with a credit average of 65% over the final two (2) years of the degree, plus a minimum of one year relevant industry experience or;
- A three or four-year degree based on portfolio supporting the application, including details of relevant industry experience. Relevant industry experience is defined by the UNSW School of Minerals and Energy Resources Engineering as professional and/or industry responsibility in mining or mining associated services;, or
- A graduate certificate in mining from UNSW with at least a credit average of 65% and no course fails.

### Areas of specialisation

- Mine Geomechanics
- Mine Management

## Graduate Certificate in Mining Engineering

**Program code** 7335

**Duration** 0.7 years

**Entry** February and September

**Estimated first year tuition** A\$23,640

### Entry requirements

- Relevant mining industry experience with vocational training and a minimum four years of full-time relevant professional experience in the mining industry; or
- A degree in other technical disciplines from a recognised institution. Relevant disciplines include Surveying, Accounting, Business, Economics, Information Technology/ Systems, Biology and Pharmacy for example. A minimum of one-year relevant industry experience is essential for applicants with a three-year degree and is highly regarded for applicants with a four-year degree.

Entry is considered based on a portfolio supporting the application, including details of relevant industry experience. An entry interview may be required.

## Engineering Postgraduate Admission Scheme (EPAS)

If you apply to UNSW Engineering for a postgraduate program and do not meet the minimum average mark requirement you may still be able to gain admission through the Faculty of Engineering's Postgraduate Admissions Scheme (EPAS). This scheme is an alternative pathway for engineering students applying for postgraduate coursework study. The process includes an interview and successful students will receive an offer for their chosen master's program. EPAS is currently only available for master's coursework programs, not for Graduate

Certificates or Diplomas. All applicants are assessed for EPAS eligibility, and if you are eligible to gain entry through EPAS you will be contacted by the faculty.

You must apply for a master's coursework program first to be considered for EPAS.

# Research

UNSW Engineering offers two higher degree research programs, a Doctor of Philosophy (PhD) and a Master of Philosophy (MPhil) in Engineering. Both are available across all eight engineering schools.

Candidates are required to undertake an original and critical research project that makes a significant contribution to existing relevant knowledge both nationally and internationally. Each degree requires submission of a thesis with the results of an original investigation or design. Candidates carry out their research under the supervision of some of Australia's leading researchers.

### Engineering schools

- Graduate School of Biomedical Engineering
- School of Chemical Engineering
- School of Civil and Environmental Engineering
- School of Computer Science and Engineering
- School of Electrical Engineering and Telecommunications
- School of Mechanical and Manufacturing Engineering
- School of Mineral and Energy Resources Engineering
- School of Photovoltaic and Renewable Energy

For more information, visit [unsw.edu.au/engineering/research](https://unsw.edu.au/engineering/research)

> The Graduate Research School Admissions and Scholarships team provides advice and support to all applicants for admission to a UNSW Higher Degree Research program or scholarship. Go to page 126 for further information or email [international.grs@unsw.edu.au](mailto:international.grs@unsw.edu.au)

# Research Programs

## Master of Philosophy - Engineering

**Program code** 2645

**CRICOS code** 092961M

**Duration** 1.7 - 2 years

**Entry** February, June and September

**Estimated first year tuition** A\$48,000

### Entry requirements

- A bachelor's degree in the relevant discipline from UNSW at a level specified by the Faculty Higher Degree Committee; or
- A qualification from a tertiary institution at a level considered by the Faculty Higher Degree Committee to be equivalent.

Applicants should have been in contact with a potential supervisor before applying for the program.

### Areas of specialisation

- Biomedical Engineering BIOMBR2645
- Chemical Engineering CEICFR2645
- Civil & Environmental Engineering CVENBRR2645

### Join a top global law faculty

Ranked 13th worldwide\* and 16th in the Employer Reputation category for Law and Legal Studies\*, UNSW Law & Justice has been Australia's leader in progressive and rigorous legal education and research for 50 years. UNSW Sydney is a leading research-intensive university, and the Law Faculty's outstanding research informs, inspires and enlivens our teaching.

\*QS World University Rankings by Subject 2021

### Benefit from interactive classes

Interactive seminar-style classes give you the chance to ask questions, expand your ideas, sharpen your critical and analytical mind, and get to know your peers and lecturers. Be part of the student-focused, interactive teaching environments that pioneered Australian legal education.

### Join our student society

Expand your network, excel in your studies and develop your professional skills and passion for social justice. UNSW Law Society is one of Australia's most respected student-run law organisations and has both an international and postgraduate portfolio.

### Extensive clinics and internships

Apply what you learn in the classroom to real life practice with the wide range of practical experiences available. Our students don't just learn about the law, they put their studies into action through a range of internships, clinics and competitions, most of which are credited towards your degree.

### Global opportunities

Add a global experience into your degree. You can do an exchange, an overseas Law elective course or an internship abroad. Overseas electives and exchange can take you to places like Brazil, China, India, Switzerland, USA or Vanuatu. There are more than 80 exchange destinations at leading law schools around the world.

### Exclusive careers service

Advance your legal career with support from our dedicated careers service. With extensive experience working as lawyers and criminologists in Australia and overseas, our careers team collaborates with employers, recruitment agencies and UNSW alumni to source and promote opportunities for students.

Law & Justice Moot Court

### End-to-end legal education

Completing a Juris Doctor is your first step towards becoming a lawyer, followed by Practical Legal Training (PLT). All law graduates in Australia must complete PLT to practise as a lawyer. UNSW's PLT is the Graduate Diploma in Legal Professional Practice (GDLPP), so you can graduate with all the qualifications you need to launch your legal career.

**Step 1** – Complete your Juris Doctor (JD).

**Step 2** – Complete your GDLPP at UNSW\*.

**Step 3** – Apply to the Supreme Court for admission to practice.

\*Important note for international students: This program is not CRICOS registered. International students will require a valid visa other than a student visa (e.g. a temporary graduate visa) to be eligible to apply to this program.

Practical Legal Training (PLT) is a requirement for those seeking admission to the legal profession in Australia. Graduates of the UNSW PLT program will be awarded a Graduate Diploma in Legal Professional Practice (GDLP).

UNSW's innovative approach to PLT is designed to develop both practical skills and proficiency in the day-to-day practice of law and to ensure graduates don't just satisfy the competency standards for entry-level lawyers, but surpass them.

The program covers the skills required to be a legal practitioner in Australia. Practice content includes Litigation and Transactional (Property, Commercial and Corporate), as well as electives in practice areas Administrative Law, Banking and Finance, Criminal Law, Family Law, Employment and Industrial Relations, and Wills and Estates. A total of 40 days' work experience forms part of the program, with opportunities to obtain placements in UNSW legal centres and clinics.

Completion of the GDLP (a PLT program) is a key requirement for admission as a lawyer in NSW.

 This program has compulsory Work Integrated Learning components.

Graduate Diploma in Legal Professional Practice

**Program code** 5213

**Duration** 20 weeks of class content + work place experiences

**Entry** February and September

**Estimated first year tuition** AUD\$13,800 *(The indicative fee indicated is for the standard program. The indicative fee for the program with Practicum is AUD\$16,560.)*

**Entry requirements**

- An accredited academic qualification in law – either a Bachelor of Laws degree, a Juris Doctor degree, or an equivalent qualification from an Australian tertiary institution.

Academic qualifications from a jurisdiction outside Australia need to be assessed by the Legal Profession Admission Board (NSW) before applying to undertake Practical Legal Training (PLT).

**Early start rule**

You may begin the PLT program prior to completing your accredited academic qualification in law as long as you have completed all Priestley 11 core courses and have no more than 2 electives remaining. This is known as the early start rule and you must seek approval from the Legal Profession Admission Board (LPAB).

**Important note for international students**

This program is not CRICOS registered. International students will require a valid visa other than a student visa (e.g. a temporary graduate visa) to be eligible to apply to this program. We strongly advise international students to seek independent immigration advice about visa options. Students based overseas also need to be aware that the five day face-to-face component of Skills in Practice is held on campus at UNSW and the mandatory workplace experience component (Workplace Experience 1) must be undertaken in Australia.

**Professional recognition**

This graduate diploma is accredited by the Legal Profession Admission Board.

For more information, visit [law.unsw.edu.au/plt](http://law.unsw.edu.au/plt)

Master of Laws

**Program code** 9201

**CRICOS code** 000733G

**Duration** 1 year

**Entry** February, June and September

**Estimated first year tuition** AUD\$43,920

Law graduates will find this program appealing as it allows you to acquire a new field of legal knowledge for career change, career advancement or professional development. For non-law graduates, the acquired legal knowledge and skills will be particularly useful in understanding how the law works in your industry.

**Areas of specialisation**

- Chinese and International Business and Economic Law
- Corporate, Commercial and Taxation Law
- Criminal Justice and Criminology
- Dispute Resolution

- Environmental Law and Sustainable Development
- Human Rights Law and Policy
- International Law
- Media, Intellectual Property and Technology Law

Alternatively, students can do a generalist LLM and choose courses from across all of our specialisation areas. You will also have the option to enrol in up to two courses from other UNSW faculties.

For more information, visit [law.unsw.edu.au/master-of-laws](http://law.unsw.edu.au/master-of-laws)

**Entry requirements**

This program is open to law and non-law graduates. Please see the table below for minimum entry requirements .

| Minimum entry requirements                                                                                                                                                                                    | Degree structure                                                                                                      |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------|
| LLB or JD from a common law country with a credit average (65%). Applicants without a credit average will be considered if they can demonstrate a minimum of two years' relevant professional experience*     | 8 elective courses (48 UOC)                                                                                           |
| LLB or JD from a non-common law country with a credit average (65%). Applicants without a credit average will be considered if they can demonstrate a minimum of two years' relevant professional experience* | 8 courses (48 UOC) including one compulsory course: Global Common Law Systems                                         |
| Degree in a related non-law discipline (e.g., Social Sciences or Humanities) with a credit average (65%).                                                                                                     | 8 courses (48 UOC) including two compulsory courses: Legal Concepts, Research & Writing and Global Common Law Systems |
| Degree in an unrelated non-law program (e.g., Science or Engineering) with a credit average and two years' relevant professional experience*                                                                  | 8 courses (48 UOC) including two compulsory courses: Legal Concepts, Research & Writing and Global Common Law Systems |

\*Includes professional experience with legal and/or policy issues. For example, you may have engaged with the law via policymaking, handling contracts or engaging with the justice system as a social worker or criminologist.

Juris Doctor (JD)

**Program code** 9150

**CRICOS code** 068850G

**Duration** 3 years

**Entry** February and September

**Estimated first year tuition** AUD\$46,320

The UNSW Juris Doctor (JD) is your pathway to admission to legal practice, as well as a wide range of law-related careers. This qualification is for people who don't have an undergraduate degree in law, or who have a law degree from an overseas institution.

**Entry requirements**

- A recognised bachelor's degree (or equivalent qualification) in any discipline other than law; or
- A recognised non-Australian law degree

If you only have postgraduate qualifications and wish to apply, please write to UNSW Admissions for consideration in addition to following the standard application process.

**Professional recognition**

The UNSW JD is accredited by the Legal Profession Admission Board and satisfies the academic component for admission to legal practise in the state of NSW. To practise law in other jurisdictions you must satisfy the academic and accreditation criteria in that particular jurisdiction. Always refer to the relevant authority or admitting body in that country or state.

For more information visit [law.unsw.edu.au/jd](http://law.unsw.edu.au/jd)

The Law Building

➤ The Graduate Research School Admissions and Scholarships team provides advice and support to all applicants for admission to a UNSW Higher Degree Research program or scholarship. Go to page 126 for further information or email [international.grs@unsw.edu.au](mailto:international.grs@unsw.edu.au)

## Research programs

### Doctor of Philosophy

**Program code** 1730

**CRICOS code** 006396D

**Duration** 3 – 4 years

**Entry** February, June and September

**Estimated first year tuition** AUD\$43,440

- A recognised bachelor’s degree with honours class II, division (I) that includes a substantial research component; or
- A recognised three-year Juris Doctor degree (or equivalent) with a research component sufficient to allow assessment of research potential at the disciplinary level and where weighted average grades for the research component and the coursework results are at least equivalent (75%); or
- An equivalent combination of academic and professional qualifications.

Admission to the program is subject to appropriate supervision being available.

**Program structure**

The Doctor of Philosophy gives you the opportunity to conduct a significant research project that will make a substantial and original contribution to an area of knowledge. You will acquire advanced specialist skills training to produce a thesis that provides evidence of independent thought and critical analysis. The qualification requires a minimum of three years’ full-time study, completion of required units in research methods and submission of a thesis normally not exceeding 100,000 words (including footnotes).

### Master of Laws by Research

**Program code** 2440

**CRICOS code** 006395E

**Duration** 1.5 – 2 years

**Entry** February, June and September

**Estimated first year tuition** AUD\$43,440

**Entry requirements**

- Completion of a recognised Bachelor of Laws degree with honours class II, division I, that includes a substantial research component; or
- A recognised three-year Juris Doctor degree with a research component sufficient to allow assessment of research potential at the disciplinary level and where weighted average grades for the research component and the coursework results are at least equivalent (75%); or
- An equivalent combination of academic and professional qualifications.

Admission to the program is subject to appropriate supervision being available.

**Program structure**

This program requires a minimum of 1.5 years’ full-time study, completion of required units in research methods and the preparation of a thesis (approximately 50,000 words including footnotes).

### Master of Philosophy in Law

**Program code** 2441

**CRICOS code** 104939F

**Duration** 2 years full-time, 4 years part-time

**Entry** February, June and September

**Estimated first year tuition** AUD\$34,320

**Entry requirements**

- A recognised bachelor’s degree in Law or Criminology or a relevant discipline with Honours Class 2 Division 2 or a Pass degree with a credit average result. You must also submit a research proposal.

Admission to the program is subject to appropriate supervision being available.

**Program structure**

This program requires a minimum of 1.5 years’ full-time study, completion of coursework units including research methods and submission of a thesis of no more than 40,000 words on an approved topic. You will develop competence in undertaking research through a combination of coursework and research.

In the coursework component you will be required to complete Introduction to Higher Degree Research in Law in your first Term. If you are from non-common law or non-law backgrounds, you will be required to complete Global Common Law Systems. The remaining coursework unit(s) can be from those offered in the Master of Laws program. Coursework should be selected in consultation with supervisors, the Postgraduate Coordinator and Director of Postgraduate Research to ensure relevance to the proposed thesis area.

# Medicine & Health

Prepare yourself for the future of health and join a community focused on improving life for all.

You will research and make discoveries, build analytical and communication skills and develop a creative, open-minded approach to medicine and health.

Experience hands-on interactions with some of Australia's largest hospitals, research centres and health organisations through project and industry-based learning.

Make a difference as you apply your skills to real patients and global health problems. Join a supportive community focused on improving health outcomes for all.

### Learn from leaders in the field

We're driven by innovation and excellence in health and medicine. UNSW ranks 45th in the world for Medicine\* and is among Australia's leaders in medical education and research. Learn from world leaders in the fields of cancer, neuroscience, mental health, addiction, infectious disease, immunity and inflammation, and non-communicable disease such as cardiovascular disease.

\*QS World University Rankings by Subject 2021

### Access world class biomedical and clinical training facilities

Gain exposure to some of Australia's largest hospitals and health precincts, and benefit from UNSW's leadership role in the Sydney Health Randwick Precinct. You will have access to cutting-edge learning environments, which use research to create positive impacts in the community.

### Hands-on learning

Immerse yourself in hands-on learning as you leverage our extensive range of global industry partners. Your practical study will help you develop as a skilled health professional and innovative clinician with strong research and teamwork skills.

# Forensic Mental Health

Designed for mental health professionals - including medical practitioners, nurses and psychologists – the Master of Forensic Mental Health provides comprehensive training in forensic mental health. The online program is also open to members of the legal, policing and correctional professions. You will develop your capacity to assess and manage individuals from diverse backgrounds. Graduate Diploma and Graduate Certificate programs are also available.

## Master of Forensic Mental Health

**Program code** 9012

**Duration** 1 year part-time (online)

**Entry** February and September (February commencement recommended)

**Estimated first year tuition** A\$31,440

### Entry requirements

- A bachelor’s degree in health, law, criminology, or other relevant discipline plus honours/ postgraduate qualifications in one of those disciplines; or
- Two years’ professional experience in health, law, criminology, or other relevant discipline.

## Graduate Diploma in Forensic Mental Health

**Program code** 5512

**Duration** 0.8 years part-time (online)

**Entry** February and September (February commencement recommended)

**Estimated first year tuition** A\$23,580

### Entry requirements

Please see Master of Forensic Mental Health (9012).

## Graduate Certificate in Forensic Mental Health

**Program code** 7312

**Duration** 0.7 years part-time (online)

**Entry** February and September (February commencement recommended)

**Estimated first year tuition** A\$15,720

### Entry requirements

Please see Master of Forensic Mental Health (9012).

# Health Data Science

The Master of Science in Health Data Science covers subjects from the comprehension of complex health issues, through data interpretation and management, machine learning and data mining, data analytics, and data modelling and communication. The degree is ideal if you are new to the field or already working and eager to develop your knowledge. Graduate Diploma and Graduate Certificate programs are also available.

## Master of Science in Health Data Science

**Program code** 9372

**CRICOS code** 096225M

**Duration** 1.7 years (online option)

**Entry** February, September

**Estimated first year tuition** \$40,770

- Postgraduate qualification equivalent or higher than Graduate Diploma in Health Data Science (5372) on a case-by-case basis.

*\*Cognate includes medicine, nursing, allied health, health sciences, biomedical or biological sciences, dentistry, pharmacy, public health, veterinary sciences, psychology and psychological sciences, statistics, mathematical sciences, computer science, (health) economics, data science and other (case-by-case).*

### Entry requirements

- An undergraduate degree in a discipline cognate to health data science (see cognate list\*); or
- An undergraduate degree at an honours level (or above) in a non-cognate discipline; or
- Completion of a Graduate Diploma in Health Data Science (5372); or

## Graduate Diploma in Health Data Science

**Program code** 5372

**CRICOS code** 096226K

**Duration** 1 year (online option)

**Entry** February, September<sup>^</sup>

**Estimated first year tuition** \$40,770

### Entry requirements

- The completion of a Graduate Certificate in Health Data Science (7372) or equivalent/ higher qualification on a case-by case basis; or
- Meet entry requirements given of the Master of Science in Health Data Science program

<sup>^</sup>September intake available to offshore applicants only.

## Graduate Certificate in Health Data Science

**Program code** 7372

**CRICOS code** 096227J

**Duration** 0.7 years (online option)

**Entry** February and September

**Estimated first year tuition** A\$20,850

### Entry requirements

- A undergraduate degree related to health data science (see list\*); or

- An undergraduate degree at an honours level (or above) in an unrelated discipline; or
- An undergraduate degree in an unrelated discipline, and at least one year equivalent relevant work experience (see relevant work experience\*\*) with supporting CV and employer provided statement of service; or
- At least three years’ equivalent relevant work experience (see relevant work experience\*\*) with supporting CV and employer provided statement of service

*\*Related degrees include medicine, nursing, allied health, health sciences, biomedical or biological sciences, dentistry, pharmacy, public health, veterinary sciences, psychology and psychological sciences, statistics, mathematical sciences, computer science, (health) economics, data science and other (case-by-case).*

*\*\*Relevant professional work experience includes but is not limited to positions involving data acquisition and handling (e.g., database manager or data analyst) and tertiary-level training, demonstrating capability in a cognate discipline & exhibits potential to pursue postgraduate (level 8) studies.*

# Health Leadership and Management

The Master of Health Leadership and Management promotes health leadership in strategic planning, policy and decision making. This degree emphasises understanding and meeting the challenges of safety and quality within current and emerging health service contexts. It is tailored to either the Australian health care system or developing health care systems. Also available to you are the Health Leadership and Management (Extension) and the shorter Graduate Diploma and Graduate Certificate programs. You can take this program as a double degree with Public Health, Global Health or Infectious Diseases Intelligence.

## Master of Health Leadership and Management (Extension)

**Program code** 8902

**CRICOS code** 059316D

**Duration** 1, 1.7 or 2 years (online option)

**Entry** February, June and September

**Estimated first year tuition** A\$47,280

### Entry requirements

Please see Master of Health Leadership and Management (8901).

### Professional recognition

This program is recognised by the Royal Australasian College of Medical Administrators and the Australasian College of Health Service Management.

## Master of Health Leadership and Management

**Program code** 8901

**CRICOS code** 059315E

**Duration** 1 year (online option)

**Entry** February, June and September

**Estimated first year tuition** A\$47,280

### Entry requirements

- An undergraduate degree in a field relevant to public health or health management (see list) and two years of full-time professional or volunteer experience. This may also include equivalent professional experience acquired as part of a degree of four or more years duration (e.g., MBBS, MD); or

- An undergraduate degree plus an honours or postgraduate degree in a field relevant to public health or health management (see list below.)

*Examples of relevant fields include, but are not restricted to, medicine, nursing, allied health, health sciences, biomedical sciences, dentistry, social work, sociology, behavioural and social sciences, social work, psychology, marketing, human services, emergency services, environmental health, veterinary science, health administration, business, management, engineering, law, science, mathematics and statistics, economics, policy studies, and development studies.*

### Professional recognition

This program is recognised by the Royal Australasian College of Medical Administrators and the Australasian College of Health Service Management.

## Graduate Diploma in Health Leadership and Management

**Program code** 5509

**CRICOS code** 061249C

**Duration** 1 year (online option)

**Entry** February, June and September

**Estimated first year tuition** A\$35,460

### Entry requirements

Please see Master of Health Leadership and Management (8901).

### Professional recognition

This program is recognised by the Australasian College of Health Service Management.

## Graduate Certificate in Health Leadership and Management

**Program code** 7360

**CRICOS code** 015016B

**Duration** 0.7 years (online option)

**Entry** February, June and September

**Estimated first year tuition** A\$23,640

### Entry requirements

Please see Master of Health Leadership and Management (8901).

### Professional recognition

This program is recognised by the Australasian College of Health Service Management.

International students are not eligible for an Australian student visa for this program.

International students are not eligible for an Australian student visa for this program if undertaken in online study mode.

Master of Public Health/Health Leadership and Management

**Program code** 9047  
**CRICOS code** 061598D  
**Duration** 1.7 years (online option)  
**Entry** February, June and September  
**Estimated first year tuition** A\$47,280

The Master of Health Leadership and Management and Master of Public Health double degree provides essential knowledge and skills for a career in population health and leadership roles in health service delivery. This combination of degrees will give you sophisticated capabilities for leading and managing complex health settings, including the capacity for improving health service outcomes.

Entry requirements

Please see Master of Health Leadership and Management (8901).

Master of Health Leadership and Management/Infectious Diseases Intelligence (Extension)

**Program code** 9365  
**CRICOS code** 0100680  
**Duration** 2 years (online option)  
**Entry** February, June and September  
**Estimated first year tuition** A\$47,280

Entry requirements

Please see Master of Health Leadership and Management (8901).

Master of Global Health/Health Leadership and Management

**Program code** 9044  
**CRICOS code** 068961M  
**Duration** 1.7 years (online option)  
**Entry** February, June and September  
**Estimated first year tuition** A\$47,280

The Master of Global Health and Master of Health Leadership and Management is a double degree that provides you with the knowledge and skills to carry out senior management and leadership roles in population, clinical and departmental health services. The double degree is ideal for people who want to work in international health departments, non-government organisations (NGOs), and international and bilateral aid agencies.

Entry requirements

Please see Master of Health Leadership and Management (8901).

Master of Health Leadership and Management (Extension)/Infectious Diseases Intelligence

**Program code** 9368  
**CRICOS code** 0100683  
**Duration** 2 years (online option)  
**Entry** February, June and September  
**Estimated first year tuition** A\$47,280

Entry requirements

Please see Master of Health Leadership and Management (8901).

Master of Health Leadership and Management/Infectious Diseases Intelligence

**Program code** 9041  
**CRICOS code** 096230C  
**Duration** 1.7 years (online option)  
**Entry** February, June and September  
**Estimated first year tuition** A\$47,280

The Master of Health Leadership and Management and Master of Infectious Diseases Intelligence double degree provides you with the advanced disciplinary knowledge and skills for infectious disease prevention and control and health services management roles in government, community and health service settings in Australia and internationally.

Entry requirements

Please see Master of Health Leadership and Management (8901).

Master Public Health/Master of Health Leadership and Management (Extension)

**Program code** 9057  
**CRICOS code** 089844J  
**Duration** 2 years (online option)  
**Entry** February, June and September  
**Estimated first year tuition** A\$47,280

The Master of Public Health and Master of Health Leadership and Management (Extension) double degree will help you develop research skills in health management and gain the advanced disciplinary knowledge to undertake population health and health services management roles in government, community and health service settings in Australia and overseas.

Entry requirements

Please see Master of Health Leadership and Management (8901).

Master Public Health (Extension)/Master of Health Leadership and Management

**Program code** 9056  
**CRICOS code** 089839F  
**Duration** 2 years (online option)  
**Entry** February, June and September  
**Estimated first year tuition** A\$47,280

The Master of Public Health (Extension) and Master of Health Leadership and Management double degree will help you develop research skills in public health and gain the disciplinary knowledge to undertake population health and health services management roles in government, community and health service settings in Australia and overseas.

Entry requirements

Please see Master of Health Leadership and Management (8901).

Master Global Health/Master of Health Leadership and Management (Extension)

**Program code** 9058  
**CRICOS code** 089845G  
**Duration** 2 years (online option)  
**Entry** February, June and September  
**Estimated first year tuition** A\$47,280

The Master of Global Health and Master of Health Leadership and Management (Extension) double degree gives you specialist knowledge in Global Health and Health Leadership and Management and includes a research project in Health Leadership and Management. This double degree meets a well-recognised need to strengthen public health, health leadership and health management capacities within resource constrained settings in global contexts.

Entry requirements

Please see Master of Health Leadership and Management (8901).

Master Global Health (Extension)/Master of Health Leadership and Management

**Program code** 9053  
**CRICOS code** 089837G  
**Duration** 2 years (online option)  
**Entry** February, June and September  
**Estimated first year tuition** A\$47,280

The Master of Global Health (Extension) and Master of Health Leadership and Management double degree is an innovative approach to postgraduate health education. You will specialise in Global Health and Health Leadership and Management and complete a research project in Global Health. This double degree meets a well-recognised need to strengthen health leadership within resource constrained settings in global contexts.

Entry requirements

Please see Master of Health Leadership and Management (8901).

Infectious Diseases Intelligence

Master of Infectious Diseases Intelligence

**Program code** 8362  
**CRICOS code** 089223E  
**Duration** 1 year (online option)  
**Entry** February, June and September  
**Estimated first year tuition** A\$47,280

Entry requirements

- An undergraduate degree in a field relevant to public health or health management (see list below)\* and two years' full-time professional or volunteer experience. This may also include equivalent professional experience acquired as part of a degree of four or more years duration (e.g. MBBS, MD); or
- An undergraduate degree plus an Honours or postgraduate degree in a field relevant to public health or health management (see list below)\*.

*\*Examples include, but are not restricted to, medicine, nursing, allied health, health sciences, biomedical sciences, dentistry, social work, sociology, behavioural and social sciences, social work, psychology, marketing, human services, emergency services, environmental health, veterinary science, health administration, business, management, engineering, law, science, mathematics and statistics, economics, policy studies, and development studies.*

The Master of Infectious Diseases Intelligence equips graduates with advanced skills in public health aspects of infectious diseases surveillance and intelligence, outbreak response, and infection prevention and mitigation. The program is relevant for professionals working or seeking a career in health emergencies, outbreaks, infectious diseases risk assessment and emergency response. Graduate Diploma and Graduate Certificate programs are also available. The program can also be taken as a double degree with Public Health, Global Health or Health Leadership and Management.

Graduate Diploma in Infectious Diseases Intelligence

**Program code** 5362  
**CRICOS code** 0100356  
**Duration** 1 year (online option)  
**Entry** February, June and September  
**Estimated first year tuition** A\$35,460

Entry requirements

Please see the Master of Infectious Diseases Intelligence (8362). This program articulates with a range of other master degrees, including Global Health.

Graduate Certificate in Infectious Diseases Intelligence

**Program code** 7362  
**CRICOS code** 0100357  
**Duration** 0.7 years (online option)  
**Entry** February, June and September  
**Estimated first year tuition** A\$23,640

Entry requirements

Please see the Master of Infectious Diseases Intelligence (8362). This program articulates with a range of other master's degrees, including in Global Health.

International students are not eligible for an Australian student visa for this program if undertaken in online study mode.

Master of Infectious Diseases Intelligence (Extension)

**Program code** 9362

**CRICOS code** 0100677

**Duration** 1.7 years  
(online option)

**Entry** February, June  
and September

**Estimated first year tuition**  
A\$47,280

**Entry requirements**

- An undergraduate degree in a field relevant to public health or health management and two years of full-time professional or volunteer experience. This may also include equivalent professional experience acquired as part of a degree of four or more years duration (e.g., MBBS, MD); or
- An undergraduate degree plus an honours or postgraduate degree in a field relevant to public health or health management.\*

*\*Examples include, but are not restricted to, medicine, nursing, allied health, health sciences, biomedical sciences, dentistry, social work, sociology, behavioural and social sciences, psychology, marketing, human services, emergency services, environmental health, veterinary science, health administration, business, management, engineering, law, science, mathematics and statistics, economics, policy studies and development studies.*

Global Health

Through our Global Health programs, you will gain expertise in a broad range of areas based on real-life public health interventions spanning various populations and countries. You will examine relevant investigative methods, with evidence-based, culturally appropriate and cost-effective approaches to disease control, health promotion and health services development. A Master of Global Health (Extension) is also available, as are shorter Graduate Diploma and Graduate Certificate programs. The program can also be taken as a double degree with Public Health, Health Leadership and Management or Infectious Diseases Intelligence.

Master of Global Health

**Program code** 9048

**CRICOS code** 068957G

**Duration** 1 year (online option)

**Entry** February, June  
and September

**Estimated first year tuition**  
A\$47,280

equivalent professional experience acquired as part of a degree of four or more years duration (e.g. MBBS, MD); or

and September

**Estimated first year tuition**  
A\$47,280

The Master of Public Health and Master of Infectious Disease Intelligence provides essential skills if you are pursuing a career in public health, with a focus on infectious diseases, epidemiology and control. This double degree program will give you an understanding of infectious diseases in the era of new and emerging disease threats.

Entry requirements

Please see Master of Infectious Diseases Intelligence (8362).

Master of Public Health  
(Extension)/Infectious  
Diseases Intelligence

**Program code** 9366

**CRICOS code** 0100681

**Duration** 2 years  
(online option)

**Entry** February, June  
and September

**Estimated first year tuition**  
A\$47,280

Entry requirements

- An undergraduate degree in a field relevant to public health or health management and two years of full-time professional or volunteer experience. This may also include equivalent professional experience acquired as part of a degree of 4 or more years duration (eg. MBBS, MD); or
- An undergraduate degree plus an honours or postgraduate degree in a field relevant to public health or health management.

Master of Public Health  
(Extension)/Global Health

**Program code** 9054

**CRICOS code** 089838G

**Duration** 2 years  
(online option)

**Entry** February, June  
and September

**Estimated first year tuition**  
A\$47,280

The Master of Global Health is a sought-after qualification in international health, while the Master of Public Health (Extension) will provide an opportunity to extend your studies by completing additional courses and a research project. This combination of degrees will cultivate sophisticated knowledge and skills in public health in both local and global settings.

Entry requirements

Please see Master of Public Health (9045).

Master of Public Health/  
Global Health (Extension)

**Program code** 9052

**CRICOS code** 089846G

**Duration** 2 years  
(online option)

**Entry** February, June  
and September

**Estimated first year tuition**  
A\$47,280

The Master of Public Health is essential for a career in population health, and the Master of Global Health (Extension) allows you to complete additional courses and a research project in Global Health. This double degree combination will cultivate sophisticated knowledge and skills in public health in both local and global settings.

Entry requirements

Please see Master of Global Health (9048).

Reproductive Medicine

The Master of Reproductive Medicine will provide GPs, family planning practitioners and specialist gynaecologists who work in menopause and infertility with detailed knowledge of reproductive medicine. The program will give you an advanced understanding of the ethical, social and professional aspects required to deliver a high standard of clinical care to patients. Graduate Diploma and Graduate Certificate programs are also available.

Master of Reproductive Medicine

**Program code** 9065

**Duration** 1 year (online)

**Entry** February and September

**Estimated first year tuition**  
A\$31,440

Entry requirements

- An undergraduate degree in medicine, nursing, health or medical science, and an honours, graduate certificate, graduate diploma, or higher qualification in medicine, nursing, or health or medical science; or
- Commencement of a recognised postgraduate medical specialist training program (e.g. general practice, obstetrics & gynaecology); or
- One year full-time equivalent of postgraduate professional experience in medicine, nursing, health or medical science.

Graduate Diploma in  
Reproductive Medicine

**Program code** 5508

**Duration** 0.7 years (online)

**Entry** February and September

**Estimated first year tuition**  
A\$23,580

Entry requirements

Please see Master of Reproductive Medicine (9065).

Graduate Certificate in  
Reproductive Medicine

**Program code** 7379

**Duration** 0.7 years (online)

**Entry** February and September

**Estimated first year tuition**  
A\$15,720

Entry requirements

Please see Master of Reproductive Medicine (9065).

International students are not eligible for an Australian student visa for this program.

International students are not eligible for an Australian student visa for this program if undertaken in online study mode.

# Women's Health

The Master of Women's Health Medicine will provide you with advanced knowledge and understanding of the ethical, social and professional aspects required to deliver a high standard of clinical care in the expanding and diverse field of women's health medicine. Courses will provide an evidence-based and practice-centred approach to this field of study. An online Graduate Certificate program is also available.

## Master of Women's Health Medicine

**Program code** 9014

**Duration** 1 year (online)

**Entry** February and September

**Estimated first year tuition** A\$31,440

postgraduate medical specialist training program (e.g. general practice, obstetrics & gynaecology); or

- One year full-time equivalent of postgraduate professional experience in medicine, nursing, health or medical science

**Professional recognition**

Successful completion of a recognised postgraduate study program will generally be considered as evidence of your commitment to ongoing education and development, as required by most professional organisations and bodies both in Australia and internationally.

### Entry requirements

- An undergraduate degree in medicine, nursing, health, or medical science, and an honours, Graduate Certificate, Graduate Diploma, or higher qualification in medicine, nursing or health, or medical science; or
- Commencement of a recognised

## Graduate Certificate of Women's Health Medicine

**Program code** 7014

**Duration** 0.7 years (online)

**Entry** February and September

**Estimated first year tuition** A\$15,720

**Entry requirements**

Please see Master of Women's Health Medicine (9014).

# Optometry and Vision Science

## Master of Optometry

**Program code** 8073

**CRICOS code** 081122G

**Duration** 1.7 year

**Entry** February and September

**Estimated first year tuition** A\$40,800

The Master of Optometry program will extend your clinical skills, and update and advance your knowledge in a range of clinical and theoretical areas of optometry and vision science. The program offers opportunities to advance your disciplinary knowledge in areas including Ocular Disease, Contact Lenses, Visual Neuroscience, Evidence-based Optometry, Community Eye Health and Myopia Management. The program provides a solid foundation for career progression in clinical practice and is a well-recognised channel into research opportunities at UNSW.

### Entry requirements

- A three-year undergraduate degree in optometry with at least a credit average (65%). Students with an average between 50% to 65% will be considered for admission at the discretion of the Postgraduate Coordinator taking into consideration performance in Optometry courses completed in the undergraduate program and post-conferral clinical experience

International students are not eligible for an Australian student visa for this program.

### Entry requirements

- A four-year bachelor’s degree with first or upper second-class honours from UNSW; or
- A completed master’s degree by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high-quality thesis; or
- A qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee.

## Doctor of Philosophy - Public Health and Community Medicine

**Program code** 1835

**CRICOS code** 051506G

**Duration** 3 – 4 years

**Entry** February, June and September

**Estimated first year tuition**  
A\$43,680

### Entry requirements

- A four-year bachelor’s degree with first or upper second class honours from UNSW; or a completed master’s degree by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high-quality thesis; or
- MBBS (from an Australian or New Zealand university) or professional experience as acceptable to the Faculty Higher Degree Committee; or

- A qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee. Proof of research experience as acceptable to the Higher Degree Committee of the Faculty.

## Professional Doctorate - Clinical Research in Optometry

**Program code** 1747

**CRICOS code** 093084K

**Duration** 3 – 4 years

**Entry** February, June and September

**Estimated first year tuition**  
A\$45,600

### Standard Entry Pathway

- At least one year of post-qualifying professional experience in clinical practice; and
- A demonstrated capacity for independent research under the guidance of a supervisor at the doctoral level (as defined by the UNSW Higher Degree Research Admissions and Pathways Guideline Version: 1.0 Effective 15 October 2014); and
- A first or upper-second class (distinction) honours degree in Optometry or in a related discipline.

### Advanced Standing Entry Pathway

- Minimum one year of post-qualifying professional experience in clinical practice; and
- A demonstrated capacity for independent research under the guidance of a supervisor at the doctoral level (as defined by the UNSW Higher Degree Research Admissions and Pathways Guideline Version: 1.0 Effective 15 October 2014); and
- A masters (coursework) degree with a distinction average and a significant research component, minimum equivalent 18 UOC consisting of methodology training and a stand-alone research project.

Australian Research Council Laureate Scientia  
Professor Veena Sahajwalla at UNSW will lead the  
Sustainable Communities and Waste Hub.

# Science

Think big and form deeper connections with our world.  
Allow your curiosity to be inspired as you discover your  
own path, exploring areas of science to acquire the  
skills needed for tomorrow's workforce.

Expand your knowledge and experience with one  
of the largest and most impactful science faculties  
in Australia. Choose from our range of specialised  
coursework programs or take advantage of the  
extensive research opportunities offered across our  
eight schools.

Join a community of world-leading researchers and  
inspiring educators who are using science to improve  
lives and communities around the world.

Advance your career with industry relevant skills and  
experience. Tap into our network of 400+ industry  
and research partners to expand your professional  
connections.

For more information, visit [science.unsw.edu.au](https://science.unsw.edu.au)

## Career outcomes

Analytical Chemists

Astronomers

Aviation Consultants

Biochemists

Biomedical Engineers

Biotechnologists

Climate Scientists

Data Scientists

Materials Scientists

Mathematicians

Medical Scientists

Pathologists

Pharmacologists

Physicists

Pilots

Psychologists

Statisticians

Wildlife Biologists

### Embrace a career with impact

The brightest minds come together to learn, explore and discover at UNSW Science. Join a vibrant and welcoming community that prepares you for real-world challenges and future leadership opportunities. In our technology-centric world, there's increased demand for skilled scientists in a range of careers. Benefit from our leading industry partners and begin your journey to achieve your career goals and make an impact.

### Learn from world-class teachers

Study with innovative, passionate and world-renowned educators, including quantum physicist and 2018 Australian of the Year Professor Michelle Simmons AO, Nobel Laureate Sir Fraser Stoddart, leading marine ecologist and Dean of Science, Professor Emma Johnston AO, and ground-breaking recycling scientist Professor Veena Sahajwalla.

### Make profound scientific discoveries

Collaborate, explore and achieve with world-class laboratories, clinics and simulators giving you the tools to explore new limits and make meaningful scientific discoveries to benefit society.

Aviation

Gain the skills and knowledge you need to succeed in contemporary aviation management. Developed in consultation with industry, the Master of Aviation Management is designed for students who have a degree and relevant industry experience. The Graduate Diploma in Aviation Management is available to students without a degree who have at least one year of relevant industry experience. Both programs are taught entirely online.

Master of Aviation Management

**Program code** 8741

**Duration** 2 years (online)

**Entry** February, June and September

**Estimated first year tuition** A\$39,600

**Entry requirements**

- A recognised three-year bachelor’s degree in any area.

Applicants with a relevant bachelor’s degree and relevant industry experience may be eligible for advanced standing (also known as recognition of prior learning). For more information visit [degrees.unsw.edu.au/master-of-aviation-management](https://degrees.unsw.edu.au/master-of-aviation-management)

Graduate Diploma in Aviation Management

**Program code** 5741

**Duration** 1 year (online)

**Entry** February, June and September

**Estimated first year tuition** A\$39,600

**Entry requirements**

- A minimum of one year of relevant industry experience.

Applicants with more than two years of relevant industry experience may be eligible for advanced standing (also known as recognition of prior learning) and can complete the graduate diploma in less time.

Biotechnology and Biomolecular Sciences

Science Graduate Diploma (Research)

**Program code** 5304

**CRICOS code** 081526K

**Duration** 1 year

**Entry** February, June and September (entry is dependent on the availability of a suitable academic supervisor)

**Estimated first year tuition** A\$44,640

Gain specialised knowledge and research training through the Science Graduate Diploma (Research). This program can be used to qualify for a higher degree, upgrade existing qualifications or to develop expertise in a different disciplinary area. As part of the program, you will complete disciplinary coursework and a significant independent research project.

**Entry requirements**

- A bachelor’s degree with a good pass in a related, but not necessarily directly relevant discipline to your chosen area of study.

A ‘good pass’ is a weighted average mark of 55-64%. However, specific disciplines may have additional entry requirements due to their competitive nature and the number of research places available within a School.

Applicants with substantial professional experience which demonstrates an aptitude for research or significant understanding in a discipline area will be considered for admission. These students will need to include a written submission with their application detailing their professional experience and its relevance to undertaking a research program, as well as a statement of service from their employer verifying the position, role and responsibilities, and duration of employment.

It is essential that you identify an appropriate academic supervisor and obtain their agreement prior to applying. Once students have located a suitable supervisor, they should lodge an application.

Commercial Biotechnology

Learn how to translate intellectual property and manage the process for commercial potential across the regulatory and cultural complexities of global markets. You will gain the essential business and technical capabilities required to capitalise on commercialisation opportunities within the biotechnology sector. This online coursework program is designed for early to mid-career, science-trained professionals working in the Australasian biotechnology industry.

Graduate Certificate in Commercial Biotechnology

**Program code** 7066

**Duration** 1 year

**Entry** February, June and September

**Estimated first year tuition** A\$22,320

**Entry requirements**

- A bachelor’s degree in a bioscience-related field; or
- A bachelor’s degree in a field unrelated to bioscience plus a minimum of two years’ work experience in a bioscience-related organisation. Applicants’ work experience will be assessed on a case-by-case basis.

International students are not eligible for an Australian student visa for this program.

Data Science

Organise, identify and analyse data to find answers that make a genuine impact. UNSW’s data science programs cover programming, statistics and data systems. You will gain the advanced technical and mathematical skills needed to analyse complexities and make sense of the numbers. Articulation pathways are available for students to apply to progress into the Master of Data Science, subject to academic performance in the Graduate Certificate and Graduate Diploma programs.

Master of Data Science

**Program code** 8646

**Duration** 1.7 years (online)

**Entry** January, March, May, July, September and October

**Estimated first year tuition** A\$34,140

**Entry requirements**

- A Graduate Diploma in Data Science with at least a credit average (65%); or
- An undergraduate degree in data science or related discipline (e.g. computer science, economics, mathematics, statistics) plus sufficient data science background as indicated by an average mark of 70% or above across three level III courses in mathematics and/or statistics and/or computer science and/or econometrics.

Graduate Diploma in Data Science

**Program code** 5646

**Duration** 1.4 years (online)

**Entry** January, March, May, July, September and October

**Estimated first year tuition** A\$35,040

**Entry requirements**

- A UNSW Graduate Certificate in Data Science with at least a credit average (65%); or
- An undergraduate degree in data science or related discipline (e.g. computer science, economics, mathematics, statistics) plus sufficient data science background as indicated by at least a credit average (65%) across three level III courses in mathematics and/or statistics and/or computer science and/or econometrics; or
- A recognised degree in a non-related discipline plus sufficient data science background as indicated by at least five years’ experience in a data science or data analytics role.

Graduate Certificate in Data Science

**Program code** 7446

**Duration** 0.7 years (online)

**Entry** January, March, May, July, September and October

**Estimated first year tuition** A\$22,980

**Entry requirements**

- An undergraduate degree in data science or related discipline (e.g. computer science, economics, mathematics, statistics); or
- An undergraduate degree in a non-related discipline plus sufficient data science background as indicated by at least a credit average (65%) across three level III courses in mathematics and/or statistics and/or computer science and/or econometrics; or
- A recognised degree in a non-related discipline plus sufficient data science background as indicated by at least two years’ experience in a data science or data analytics role.

Data Science and Decisions

Get ready to meet the extraordinary global demand for talented data scientists. UNSW’s data science and decisions programs are designed to produce professionals who are skilled in the manipulation and interpretation of large amounts of data. These programs are taught by educators from our award-winning School of Mathematics & Statistics, the School of Computer Science and the School of Economics.

Master of Data Science and Decisions

**Program code** 8959

**CRICOS code** 0101866

**Duration** 2 years

**Entry** February and September

**Estimated first year tuition** A\$46,200

**Entry requirements**

- A Bachelor of Mathematics or a Bachelor of Science (with a major in mathematics, statistics or computer science) or a Bachelor of Data Science and Decisions or a suitable related degree as determined by the program authority; and
- Sufficient mathematics and/or statistics and/or data science background, as indicated by an average of 70% or above in appropriate level III university courses

Graduate Diploma in Data Science and Decisions

**Program code** 5959

**CRICOS code** 0100703

**Duration** 1 year

**Entry** February and September

**Estimated first year tuition** A\$46,200

**Entry requirements**

- A Bachelor of Mathematics or a Bachelor of Science (with a major in mathematics, statistics or computer science) or a Bachelor of Data Science and Decisions or a suitable related degree as determined by the program authority; and
- Sufficient mathematics and/or statistics and/or data science background, as indicated by an average of 70% or above in appropriate level III university courses.

Graduate Certificate in Data Science and Decisions

**Program code** 7959

**CRICOS code** 0100702

**Duration** 0.7 years

**Entry** February and September

**Estimated first year tuition** A\$23,100

**Entry requirements**

- A Bachelor of Mathematics or a Bachelor of Science (with a major in mathematics, statistics or computer science) or a Bachelor of Data Science and Decisions or a suitable related degree as determined by the program authority; and
- Sufficient mathematics and/or statistics and/or data science background, as indicated by at least a credit average (65%) in appropriate level III university courses.

International students are not eligible for an Australian student visa for this program.

## Master of Mathematics

|                                                                                                                                                                                   |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Program code</b> 8719<br><b>CRICOS code</b> 080059G<br><b>Duration</b> 1.7 years<br><b>Entry</b> February, June and September<br><b>Estimated first year tuition</b> A\$44,640 |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

From fundamental and abstract research to specific theories supporting new scientific findings – the spectrum of mathematics is far and wide. The Master of Mathematics provides intensive, high-level training in all aspects of mathematical sciences. The flexible structure allows you to build a program that best suits your interests.

- Entry requirements**
- A Bachelor of Mathematics or a Bachelor of Science (with a major in mathematics or statistics); and
  - Sufficient mathematical/statistical background, as indicated by at least a credit average (65%) in level III mathematics/statistics university courses.
  - Students can apply to articulate into the Master of Mathematics from the Graduate Diploma in Mathematics and Statistics or Graduate Certificate in Mathematics and Statistics, subject to academic performance.

## Master of Statistics

|                                                                                                                                                                                   |

|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

The Master of Statistics is the longest running program of its kind in Australia. Strengthen your knowledge of statistical science and develop your consulting and project writing skills. This program provides advanced training for aspiring statisticians and students seeking to complete higher research in statistics.

- Entry requirements**
- A Bachelor of Mathematics or Bachelor of Science (with a major in mathematics or statistics); and
  - Sufficient mathematical/statistical background as indicated by at least a credit average (65%) in level III mathematics/statistics university courses.
  - Students can apply to articulate into the Master of Statistics from the Graduate Diploma in Mathematics and Statistics or Graduate Certificate in Mathematics and Statistics, subject to academic performance.

## Graduate Diploma in Mathematics and Statistics

|                                                                                                                                                                                |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Program code</b> 5659<br><b>CRICOS code</b> 028077D<br><b>Duration</b> 1 year<br><b>Entry</b> February, June and September<br><b>Estimated first year tuition</b> A\$44,640 |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

Deepen the mathematics or statistics knowledge you gained in your undergraduate studies. This flexible program offers intensive, high-level training in principles of mathematical sciences and statistics. You can sample a variety of areas for specialisation in further study.

- Entry requirements**
- A Bachelor of Mathematics or a Bachelor of Science (with a major in mathematics or statistics); and
  - Sufficient mathematical/statistical background, as indicated by at least a credit average (65%) in level III mathematics/statistics university courses.

## Graduate Certificate in Mathematics and Statistics

|                                                                                                                                                                             |                                                                                                                                                                                                                                                                                                                                                              |                                                                                                                                                                                                                                                                                                                                                          |

# Psychology

Please note it is unlikely your Australian postgraduate degree will qualify you to work as a psychologist in another country without completing further qualifications. Although the country you want to work in may give you some credit for your Australian qualifications, you are likely to need to complete additional studies.

## Master of Psychology (Clinical)

Program code

8256

CRICOS code

001934A

Duration

2 years

Entry

February

Estimated first year tuition

A\$44,640

This master's degree focuses on adult, adolescent and child clinical psychology, neuropsychological assessment and rehabilitation. Alongside your coursework, you will complete a research thesis on a topic relevant to clinical or abnormal psychology.

### Entry requirements

- An accredited four-year, or three-year plus a fourth year, APAC-accredited sequence in psychology, including a major research thesis, completed within the last 10 years with honours class 1 (85%).

Overseas qualifications must include a major research project and must be assessed by the Australian Psychological Society (APS). Admission is based on academic merit, two referee reports and performance at an interview.

For detailed information about the application process please visit: [psy.unsw.edu.au/future-students/postgraduate-coursework/how-apply](https://psy.unsw.edu.au/future-students/postgraduate-coursework/how-apply)

- This program has compulsory Work Integrated Learning components
- International students are not eligible for an Australian student visa for this program.

## Master of Psychology (Forensic)

Program code

8257

CRICOS code

028068E

Duration

2 years

Entry

February

Estimated first year tuition

A\$44,550

Explore the intersection of psychology and law. This master's program covers psychological assessment, intervention in and applications of forensic psychology, professional and ethical practice, and law for psychologists. It is primarily taught by the School of Psychology, with input from the School of Law. Alongside your coursework, you will complete a research thesis on a topic relevant to forensic psychology.

### Entry requirements

- An accredited four-year, or three-year plus a fourth year, APAC-accredited sequence in psychology, including a major research thesis, completed within the last 10 years with honours class 1 (85%), or upper second-class honours (75%).

Overseas qualifications must include a major research project and must be assessed by the Australian Psychological Society (APS). Admission is based on academic merit, two referee reports, and performance at an interview.

For detailed information about the application process please visit: [psy.unsw.edu.au/future-students/postgraduate-coursework/how-apply](https://psy.unsw.edu.au/future-students/postgraduate-coursework/how-apply)

## Graduate Diploma in Psychology

Program code

5331

Duration

1.7 years (online)

Entry

January, March, May, July, September and October

Estimated first year tuition

A\$44,640

Gain an integrated and comprehensive education in developmental, social, cognitive, biological, physiological and abnormal psychology. This program allows you to complete an accredited three-year psychology sequence in just 1.7 years, providing a pathway to further accredited training. You will gain a solid foundation in the principles of psychology and develop skills in analysis and research methods.

### Entry requirements

- An undergraduate bachelor's degree in any discipline or a higher university qualification.

# Research programs

## Master of Science by Research

Duration

1.5 - 2 years

Entry

February, June and September

Estimated first year tuition

A\$45,600

- Aviation (2905) *CRICOS code 042310E*
- Biochemistry & Molecular Genetics (2460) *CRICOS code 000988F*
- Biological Science (2485) *CRICOS code 000989E*
- Biotechnology (2036) *CRICOS code 037084G*
- Chemistry (2910) *CRICOS code 008972E*
- Climate Sciences (2476) *CRICOS code 078548G*
- Geography (2040) *CRICOS code 000982A*
- Materials Science and Engineering (2055) *CRICOS code 000985J*
- Materials Science and Engineering (Master of Engineering- Research) (2175) *CRICOS code 001890G*
- Mathematics (2920) *CRICOS code 000984K*
- Microbiology and Immunology (2490) *CRICOS code 000999C*
- Physics (2930) *CRICOS code 008973D*
- Psychology (2450) *CRICOS code 000995G*

### Entry requirements

- An appropriate four-year bachelor's degree with honours from UNSW; or
- A tertiary qualification at a level considered equivalent by the Faculty Higher Degree Committee.

## Master of Philosophy - Science

Program code

2475

CRICOS code

059027B

Duration

1.5 - 2 years

Entry

February, June and September

Estimated first year tuition

A\$45,600

### Entry requirements

- An appropriate bachelor's degree in the relevant discipline from UNSW at a level specified by the Faculty Higher Degree Committee; or
- A qualification from a tertiary institution at a level considered by the Faculty Higher Degree Committee to be equivalent.

### Areas of specialisation

- Aviation
- Biochemistry and Molecular Biology
- Biological Science
- Biotechnology
- Chemistry
- Environmental Management
- Geoscience
- Microbiology and Immunology

## Doctor of Philosophy

Duration

3.5 - 4 years

Entry

February, June and September

Estimated first year tuition

A\$45,600

- Aviation (1900) *CRICOS code 031354F*
- Biochemistry & Molecular Genetics (1410) *CRICOS code 001045A*
- Biological Science (1435) *CRICOS code 012441J*
- Biotechnology (1036) *CRICOS code 001013J*
- Chemistry (1870) *CRICOS code 008976A*
- Climate Science (1476) *CRICOS code 066586A*
- Environmental Management (1425) *CRICOS code 079506K*
- Geography (1080) *CRICOS code 001076E*
- Geology (1000) *CRICOS code 008927K*
- Materials Science and Engineering (1045) *CRICOS code 001019C*
- Mathematics (1880) *CRICOS code 001041E*
- Microbiology and Immunology (1440) *CRICOS code 015804G*
- Physics (1890) *CRICOS code 008978K*
- Psychology (1400) *CRICOS code 001047K*

### Entry requirements

- An appropriate four-year bachelor's degree with first or upper second-class honours from UNSW; or
- A masters by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high-quality thesis; or
- A tertiary qualification at a level considered equivalent by the Faculty Higher Degree Committee.

For detailed information about the application process please visit: [science.unsw.edu.au/study-us/postgraduate-research](https://science.unsw.edu.au/study-us/postgraduate-research)

# UNSW Canberra at ADFA

(Australian Defence Force Academy)

Access UNSW's outstanding teaching quality and reputation for research excellence to take you where you want to go in your career.

## Global connections

Join a network that includes some of the most influential people in Australia. Take advantage of UNSW Canberra's close ties with industry, government and a strong alumni network.

## Leading experts

Our teachers and academics are experts in their field, drawing on strong academic backgrounds and years of experience. Many are leaders in industry, both nationally and internationally.

## Flexible learning

UNSW Canberra offers fully online, flexible study options for our postgraduate students. Benefit from excellent facilities and a supportive and stimulating environment as a postgraduate research student.

Network Consultants

Systems Engineers

Space Engineers

Space Systems Operators

## Postgraduate coursework programs

Courses within the master by coursework programs at UNSW Canberra are delivered through distance mode (online), or a combination of distance (online) and intensive delivery mode (IDM). International applicants may undertake these programs as offshore international students. Offshore international students are not eligible for an Australian student visa but may undertake intensive delivery mode courses on a visitor visa to Australia.

**Distance Mode (online)**  
Distance students are not required to be physically present on campus throughout the semester. Distance Mode courses are often referred to as 'online courses' as the main method of delivering learning resources and assessment is via the online learning management system, Moodle. All coursework and forums on Moodle are asynchronous, so there is no need for you to be online at specific times.

**Intensive Delivery Mode (IDM)**  
Students undertaking IDM courses will attend the UNSW Canberra campus for one full week of full-time, face-to-face instruction. The IDM periods are usually delivered at the start of each session, with the on-campus component followed by a period of online interaction and assessment via the online learning management system, Moodle. International students are required to obtain a visitor visas to Australia in order to attend IDM courses.

## Business

### Master of Business

**Program code** 8388

**Duration** 1 year (online)

**Entry** March and July

**Estimated tuition** A\$39,120

The Master of Business aims to develop excellent managers for the public, private and not-for-profit sectors including defence. It provides you with an advanced understanding of the concepts and principles that underpin effective management, business decision making and leadership as well as analytical skills you can use throughout your career.

## Capability

### Master of Capability Management

**Program code** 8399

**Duration** 1 year (online with IDM options)

**Entry** March and July

**Estimated tuition** A\$39,120

The Master of Capability Management gives you a high level of understanding of the issues associated with the development and management of capability and capability systems. It focuses on the technical and management factors that influence the design, performance, employability, logistic support and technical integrity of material systems to achieve capability requirements.

### Master of Decision Analytics

**Program code** 8634

**Duration** 1 year (online and IDM)

**Entry** March and July

**Estimated tuition** A\$39,120

The Master of Decision Analytics is designed for those who want to develop a high-level understanding of the principles and practices of decision analytics and to strengthen their skills in this area. The degree allows you to acquire qualitative and quantitative decision-making tools for analysing complex operations environments and making appropriate decisions within those environments.

International students are not eligible for an Australian student visa for this program.

## Cyber Security

### Master of Cyber Security

**Program code** 8628

**Duration** 1 year (online and IDM)

**Entry** March and July

**Estimated tuition** A\$39,120

The Master of Cyber Security coursework degree provides you with a detailed understanding of the technical skills and expertise needed for the technical implementation and leadership of the cyber security function. The degree provides principles gathered from information systems, systems engineering, computer science, network security and defence to enhance a career as a cyber security specialist.

Students can choose to complete the generalist Master of Cyber Security program or one of the following specialisations:

- Digital Forensics
- Advanced Tradecraft

### Master of Cyber Security Operations

**Program code** 8629

**Duration** 1 year (online with IDM options)

**Entry** March and July

**Estimated tuition** A\$39,120

The Master of Cyber Security Operations gives you a detailed understanding of the managerial and technical skills and expertise relevant to planning, operation and acquisition of the cyber security function. This degree provides principles gathered from information systems, cyber security, risk, management and governance and is for managers wanting to enhance their career in cyber security operations. Through UNSW's PLuS Alliance partnership, you will be given access to courses at Arizona State university (ASU) in USA and King's College in the UK.

### Master of Cyber Security, Strategy and Diplomacy

**Program code** 8631

**Duration** 1 year (online)

**Entry** March and July

**Estimated tuition** A\$39,120

The Master of Cyber Security, Strategy and Diplomacy provides advanced interdisciplinary study into the political, military, diplomatic and higher-level management aspects of issues where cyber security, strategy and diplomacy interact. Through UNSW's PLuS Alliance partnership, you will be given access to courses at Arizona State University (ASU) in the USA and King's College in the UK.

## Engineering Science

### Master of Engineering Science

**Program code** 8569

**Duration** 1 year (online with IDM options)

**Entry** March and July

**Estimated tuition** A\$39,120

The Master of Engineering Science gives you the opportunity to acquire high-level understanding and advanced analytical skills in areas that span the engineering disciplines as well as project management. There is strong emphasis on extending undergraduate skills and vocational experiences to enable graduates to apply high-level understanding to real-world complex engineering problems. It is a very flexible degree where you can acquire knowledge in different areas in engineering.

### Master of Systems Engineering

**Program code** 8567

**Duration** 1 year (online with IDM options)

**Entry** March and July

**Estimated tuition** A\$39,120

The Master of Systems Engineering will help you develop a high-level understanding of the principles and practices of systems engineering and their implementation through the design, development and application phases. You can specialise in electronic warfare, networking, space systems, test and evaluation, weapons and ordnance, marine engineering, simulation and reliability engineering.

International students are not eligible for an Australian student visa for this program.

# Logistics Management

## Master of Logistics Management

**Program code** 8564

**Duration** 1 year (online)

**Entry** March and July

**Estimated tuition** A\$39,120

The Master of Logistics Management covers advanced logistics planning strategies, logistics life-cycle management, inventory management, contingency forecasting, distribution and reverse logistics. It also develops your understanding of analytical tools and systems for information flow management, including big data analysis and business intelligence techniques.

# People Management

## Master of Strategic People Management

**Program code** 8563

**Duration** 1 year (online)

**Entry** March and July

**Estimated tuition** A\$39,120

The Master of Strategic People Management is designed to develop middle managers, particularly in people management. This degree provides you with an understanding of systems theory and its implications for implementation. As a manager you will then be better able to interpret organisational strategy and develop appropriate, people-focused implementation plans.

# Project Management

## Master of Project Management

**Program code** 8595

**Duration** 1 year (online with IDM options)

**Entry** March and July

**Estimated tuition** A\$39,120

The Master of Project Management provides you with an understanding of and advanced analytical skills in the key areas required to manage projects. There is a strong emphasis on extending skills and knowledge and vocational experiences to enable you to apply your high-level understanding to real-world problems within any industry.

# Special Operations

## Master of Special Operations and Irregular Warfare

**Program code** 8632

**Duration** 1 year (online)

**Entry** March and July

**Estimated tuition** A\$39,120

The Master of Special Operations and Irregular Warfare is aimed at military personnel and those in the security policy community, including security contractors, who would benefit from a better understanding of special operations as a military instrument. This is the only degree of its kind in Australia and is developed by Special Operations Command personnel in conjunction with UNSW academics.

# Strategy and Security

## Master of Strategy and Security

**Program code** 8572

**Duration** 1 year (online)

**Entry** March and July

**Estimated tuition** A\$39,120

The Master of Strategy and Security is designed for postgraduate scholars and foreign affairs, security and defence professionals who want to gain a deeper and more advanced understanding of the factors shaping the global and Asia-Pacific security and strategic environments, as well as the complex policy challenges presented by the Australian government's new security agenda.

# Sustainment Management

## Master of Sustainment Management

**Program code** 8566

**Duration** 1 year (online and IDM)

**Entry** March and July

**Estimated tuition** A\$39,120

The Master of Sustainment Management provides you with an opportunity to develop a detailed understanding of the managerial and technical skills and expertise relevant to planning, acquisition and sustainment of complex technology and systems over their life cycles. You will also develop ability to procure capability according to organisational strategy and to develop appropriate implementation and sustainable plans.

# Public Leadership

## Master of Public Leadership and Policy

**Program code** 8633

**Duration** 1 year (online)

**Entry** March and July

**Estimated tuition** A\$39,120

The Master of Public Leadership and Policy concentrates on exercising and enriching leadership in professional contexts ranging from government departments and statutory authorities, to educational bodies and training authorities, media organisations and advocacy groups. You will be able to combine courses focused on public leadership along with electives addressing broader issues related to local, national, and global policy.

# Security and Defence Management

## Master of Security and Defence Management

**Program code** 8573

**Duration** 1 year (online)

**Entry** March and July

**Estimated tuition** A\$39,120

The Master of Security and Defence Management is designed for defence, security and foreign affairs professionals who wish to gain a more detailed understanding of the factors shaping the contemporary strategic and security environment, the complex policy challenges they present, and the skills and insights required of astute managers within this context.

# War Studies

## Master of War Studies

**Program code** 8571

**Duration** 1 year (online)

**Entry** March and July

**Estimated tuition** A\$39,120

The Master of War Studies is an interdisciplinary degree focused on war and its effects. It is built around a central core of subjects in military history, with additional options addressing topics in strategy, international relations, security and literature. It hones analytical and interpretive skills within a wide range of military-related courses.

# Space

## Master of Space Engineering

**Program code** 8622

**Duration** 1 year (online and IDM)

**Entry** March and July

**Estimated tuition** A\$39,120

The Master of Space Engineering is designed to ensure you develop a high-level understanding of the principles and practices of engineering related to space systems. You will obtain a grounding in the discipline of systems engineering and apply that body of knowledge to space systems.

## Master of Space Operations

**Program code** 8624

**Duration** 1 year (online with IDM options)

**Entry** March and July

**Estimated tuition** A\$39,120

The Master of Space Operations is designed for you to examine issues in space operations and aspects of space applications. This degree allows you to develop a high level of understanding of the issues associated with the planning, operation and acquisition of space systems.

International students are not eligible for an Australian student visa for this program.

International students are not eligible for an Australian student visa for this program.

# Higher Degree Research Programs

Higher degree research programs allow you to undertake a more thorough exploration of a field or topic. Higher degree research programs at UNSW Canberra include the Professional Doctorate, Master of Philosophy, Masters by Research, and Doctor of Philosophy (PhD).

## Master of Arts by Research

**Program code** 2406

**CRICOS code** 085772G

**Duration** 1.5 – 2 years

**Entry** February, June and September

**Estimated first year tuition** A\$36,960

### Entry requirements

- An appropriate four-year UNSW Bachelor degree with lower secondhonours or higher; or
- An equivalent qualification from a tertiary institution, as determined by the Faculty Higher Degree Committee (HDC).

## Master of Science by Research

**Duration** 1.5 – 2 years

**Entry** February, June and September

**Estimated first year tuition** A\$36,960

Chemistry (2911) *CRICOS code 085792D*  
Computer Science (2925) *CRICOS code 085780G*  
Geography (2041) *CRICOS code 085797K*  
Mathematics & Statistics (2921) *CRICOS code 085781G*  
Oceanography (2042) *CRICOS code 085798J*  
Physics (2931) *CRICOS code 085791E*

### Entry requirements

- A relevant four-year UNSW bachelor's degree with lower second honours or higher; or
- An equivalent qualification from a tertiary institution, as determined by the Faculty Higher Degree Committee (HDC).

The major component of a higher degree research program is a substantial written work (a thesis), which investigates a particular subject or issue. As a research student, you will work more independently than a postgraduate coursework student while under the direction of an academic supervisor or a supervisory panel of academic staff.

## Master of Business by Research

**Program code** 2223

**CRICOS code** 093557D

**Duration** 1.5 – 2 years

**Entry** February, June and September

**Estimated first year tuition** A\$36,960

### Entry requirements

- A relevant four-year UNSW bachelor's degree with lower second honours or higher; or
- An equivalent qualification from a tertiary institution, as determined by the Faculty Higher Degree Committee (HDC)

## Master of Philosophy

**Duration** 1.5 – 2 years

**Entry** February, June and September

**Estimated first year tuition** A\$36,960

Aerospace, Civil and Mechanical Engineering (2227) *CRICOS code 085763J*  
Business (2226) *CRICOS code 085762K*  
Humanities and Social Science (2225) *CRICOS code 085761M*  
Information Technology (2228) *CRICOS code 085767E*  
Electrical Engineering (2228) *CRICOS code 085766F*  
Physical, Environmental and Mathematical Science (2229) *CRICOS code 085768D*

### Entry requirements

- A relevant four-year UNSW bachelor's degree with lower second honours or higher; or
- An equivalent qualification from a tertiary institution, as determined by the Faculty Higher Degree Committee (HDC).

Overseas international students are eligible for an Australian student visa. Full details on all research programs, applications, scholarships and support services can be found at: [unsw.adfa.edu.au/study/postgraduate-research](https://unsw.adfa.edu.au/study/postgraduate-research)

## Master of Engineering by Research

**Duration** 1.5 – 2 years

**Entry** February, June and September

**Estimated first year tuition** A\$36,960

Aerospace Engineering (2693) *CRICOS code 085754K*  
Civil Engineering (2651) *CRICOS code 085777C*  
Electrical Engineering (2663) *CRICOS code 085778B*  
Mechanical Engineering (2691) *CRICOS code 085779A*

### Entry requirements

- A relevant four-year UNSW bachelor's degree with lower second honours or higher; or
- An equivalent qualification from a tertiary institution, as determined by the Faculty Higher Degree Committee (HDC).

## Professional Doctorate - Cyber Security

**Program code** 1748

**CRICOS code** 093558C

**Duration** 3 – 4 years

**Entry** February, June and September

**Estimated first year tuition** A\$36,960

### Entry requirements

- A relevant UNSW bachelor's degree or an equivalent qualification from another tertiary institution; and
- Completion of qualifying program (master's with discipline specific) to an approved standard (distinction average or above); and
- Professional experience.

## Professional Doctorate - Information Technology

**Program code** 1743

**CRICOS code** 085796M

**Duration** 3 – 4 years

**Entry** February, June and September

**Estimated first year tuition** A\$36,960

### Entry requirements

- A relevant UNSW bachelor's degree or an equivalent qualification from another tertiary institution; and
- Completion of qualifying program (master's with discipline specific) to an approved standard (distinction average or above); and
- Professional experience.

## Professional Doctorate - Project Management

**Program code** 1742

**CRICOS code** 085770K

**Duration** 3 – 4 years

**Entry** February, June and September

**Estimated first year tuition** A\$36,960

### Entry requirements

- A relevant UNSW bachelor's degree or an equivalent qualification from another tertiary institution; and
- Completion of qualifying program (master's with discipline specific) to an approved standard (distinction average or better); and
- Professional experience.

## Professional Doctorate - Systems Engineering

**Program code** 1741

**CRICOS code** 085769C

**Duration** 3 – 4 years

**Entry** February, June and September

**Estimated first year tuition** A\$36,960

## Doctor of Philosophy (PhD)

**Duration** 3 – 4 years

**Entry** February, June and September

**Estimated first year tuition** A\$36,960

Aerospace Engineering (1663) *CRICOS code 085748G*  
Chemistry (1871) *CRICOS code 085793C*  
Civil Engineering (1631) *CRICOS code 085782F*  
Computer Science (1885) *CRICOS code 085783E*  
Cyber Security (1749) *CRICOS code 093555F*  
Economics and Management (1541) *CRICOS code 085784D*  
Electrical Engineering (1643) *CRICOS code 085785C*  
English (1201) *CRICOS code 085786B*  
Geography (1081) *CRICOS code 085799G*  
History (1241) *CRICOS code 085788M*  
International and Political Studies (1321) *CRICOS code 085790F*

## Professional Doctorate - Public Leadership

**Program code** 1751

**CRICOS code** 095832G

**Duration** 3 – 4 years

**Entry** February, June and September

**Estimated first year tuition** A\$36,960

### Entry requirements

- A relevant UNSW bachelor's degree or an equivalent qualification from another tertiary institution; and
- Completion of qualifying program (master's with discipline specific) to an approved standard (distinction average or better); and
- Professional experience.

Mathematics and Statistics (1881) *CRICOS code 085794B*  
Mechanical Engineering (1661) *CRICOS code 085789K*  
Oceanography (1082) *CRICOS code 085800J*  
Physics (1892) *CRICOS code 085795A*  
Project Management (1615) *CRICOS code 085776D*  
Southeast Asian Social Inquiry (1203) *CRICOS code 085801G*  
System Engineering (1620) *CRICOS code 085775E*

### Entry requirements

- A relevant UNSW bachelor's degree with upper second-class honours; or
- A completed Master's by Research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high quality research thesis; or
- An equivalent qualification from a tertiary institution as determined by the Faculty Higher Degree Committee (HDC).

## Professional Doctorate - Public Management

**Program code** 1739

**CRICOS code** 096627D

**Duration** 3 – 4 years

**Entry** February, June and September

**Estimated first year tuition** A\$36,960

### Entry requirements

- A relevant UNSW bachelor's degree or an equivalent qualification from another tertiary institution; and
- Completion of qualifying program (master's with discipline specific) to an approved standard (distinction average or above); and
- Professional experience.

➤ The Graduate Research School Admissions and Scholarships team provides advice and support to all applicants for admission to a UNSW Higher Degree Research program or scholarship. Go to page 126 for further information or email [international.grs@unsw.edu.au](mailto:international.grs@unsw.edu.au)

# Postgraduate coursework

## How to apply

### > Step 1

#### Choose your program

Choose your program at [degrees.unsw.edu.au](https://degrees.unsw.edu.au) or from the pages of this guide and make a note of the program code.

### > Step 2

#### Check your entry requirements

You need to meet your chosen program's entry requirements. You also need to meet UNSW's English language requirements (see page 124 or visit [unsw.edu.au/elp](https://unsw.edu.au/elp)).

### > Step 3

#### Submit your application online

Submit your application at UNSW Apply Online, [apply.unsw.edu.au](https://apply.unsw.edu.au). Click 'Register now' and fill out your details. Upload your supporting documents and pay your application fee.

### > Step 4

#### Track your application

Once you have submitted your application you will be able to easily track its progress via your Apply Online account. You will also be able to upload any additional documents we need.

Once you have provided all the necessary documentation, it should take two to three weeks for UNSW to assess your application.

### > Step 5

#### We will send you a letter of offer

We will notify you of the outcome of your application via email. If your application is successful, you will receive a full offer, or a conditional offer if more steps are required. If you are receiving assistance with your application, your nominated agent will also receive a copy of the email.

### > Step 6

#### Accept your offer

If you receive a full offer, you will also receive an email with a link to your personalised offer page. Your page will guide you through the process of accepting or deferring your offer. Once you have accepted and paid your deposit, you will receive an electronic Confirmation of Enrolment (eCoE).

### > Step 7

#### Enrol online

Once enrolment for your degree is available, you can enrol in your degree and courses online at Accept Online, [acceptonline.unsw.edu.au](https://acceptonline.unsw.edu.au)

### Need help?

If you have any questions regarding your application, go to [enquiry.unsw.edu.au](https://enquiry.unsw.edu.au)

### Other ways to apply

You can also apply to UNSW at a conference or event where we're attending, or through a UNSW agent located in your country. Find out more at [unsw.edu.au/study](https://unsw.edu.au/study)

### Application deadline

You should submit your completed application as early as possible to ensure it will be processed in time for your preferred term. Some high-demand programs such as Engineering, and faculties with limited places such as Medicine, may have an earlier application deadline or may have an earlier commencement date.

For more information go to [applyonline.unsw.edu.au](https://applyonline.unsw.edu.au)

| 2022 Dates        | Commencement intake: Term 1 | Commencement intake: Term 2 | Commencement intake: Term 3 |
|-------------------|-----------------------------|-----------------------------|-----------------------------|
| Orientation dates | 7 Feb – 13 Feb*             | 23 May – 29 May*            | 5 Sep – 11 Sep*             |
| Teaching period   | 14 Feb – 22 Apr             | 30 May – 5 Aug              | 12 Sep – 18 Nov             |
| Exams             | 29 Apr – 12 May*            | 12 Aug – 25 Aug*            | 25 Nov – 8 Dec*             |

\* Dates may be adjusted. For most recent dates, please visit [student.unsw.edu.au/calendar](https://student.unsw.edu.au/calendar)

Some programs may have different dates, please refer to [student.unsw.edu.au/calendar](https://student.unsw.edu.au/calendar)

Coursework scholarships

For the best of the best

A wide range of scholarships are available for high-achieving and ambitious international students.

UNSW postgraduate coursework scholarships

UNSW scholarships for international students provide financial support to cover some of the costs associated with studying at UNSW. Scholarships recognise students who demonstrate academic achievement or other outstanding qualities, such as leadership skills or contributions to the wider community. To be considered for a scholarship, you must submit a separate application in addition to your admission application.

Other scholarship providers

There are many scholarships offered by organisations other than UNSW including the Australian government, industry partners, and organisations in your home country.

Australian government scholarships

Australia Awards are international scholarships and short courses funded by the Australian government. They offer the next generation of global leaders an opportunity to undertake study, research, and professional development.

For more information, visit [australiaawards.gov.au](http://australiaawards.gov.au)

Step 1 Search

Visit [scholarships.unsw.edu.au](http://scholarships.unsw.edu.au). Make sure you select ‘International’ in the residency search box to see the list of scholarships available to you.

Step 2 Register

Before applying for your chosen scholarship, first register an account by following the instructions on the page.

Step 3 Apply

To apply, log in using your registered login and password. Double check the requirements as some scholarships may have specific questions or require supporting documentation.

Step 4 Submit

Submit your application by the due date. Don’t forget to check the website regularly for application deadlines and updates.

Please check our website regularly for any new scholarships that may become available.

For more information about UNSW Scholarships, visit [scholarships.unsw.edu.au](http://scholarships.unsw.edu.au)

# Higher Degree Research

UNSW is one of the world's leading research universities, known for innovative, pioneering research that has global impact.

By enrolling in a UNSW Higher Degree Research program, you will join a vibrant community conducting world-changing research, and you will be supervised by leading experts in your field.

You will live and work like a career researcher at every stage of your degree. You can publish, teach or travel; network with or be mentored by high achievers in your field; and build the skills, expertise and networks you need to succeed in the future.

## A research career, not just a degree

UNSW prepares you for a career success as a researcher. When you join UNSW, you become an essential part of the research community and play a vital role in the University's research culture, output and performance.

Our awarded researchers are pioneers in both established and emerging fields. They solve complex problems and tackle some of the major challenges of our time. They will mentor and guide you to conduct innovative research in a world-class environment.

UNSW's research facilities are some of the best in the business. From the world-leading Lowy Cancer Research Centre to the Mark Wainwright Analytical Centre, we invest in the latest technologies, spaces and equipment to support research excellence across all disciplines.

Through industry engagement, UNSW's Higher Degree Research candidates have the opportunity to translate their research in collaboration with a range of industry partners. This includes small to medium-sized enterprises, entrepreneurs, investors, policy makers, community, and non-government organisations.

UNSW's Graduate Research School delivers high quality, professional and engaged services to support Higher Degree Research candidates and the research training leaders who work with them.

## Eligibility

Once you have decided to apply for a Higher Degree Research program, you must determine whether you are eligible for admission before submitting an application.

Use the UNSW HDR Self-Assessment Tool to determine your eligibility and your competitiveness for a scholarship at [selfassessment.research.unsw.edu.au](https://selfassessment.research.unsw.edu.au)

If your results indicate that you are eligible for admission and/or competitive for a scholarship, you will need to submit an application to be formally assessed by the University.

## Applying is easy

### > Step 1

Check your eligibility and complete the HDR self-assessment at [selfassessment.research.unsw.edu.au](https://selfassessment.research.unsw.edu.au)

### > Step 2

Choose a research area by investigating the research activities and projects already being undertaken at UNSW, and identify a faculty or school that aligns with your area of interest.

Visit [research.unsw.edu.au/finding-supervisor](https://research.unsw.edu.au/finding-supervisor)

### > Step 3

Find a supervisor working in your research area and get in touch with them to gain their agreement to supervise you. Please note, some faculties require an Expression of Interest instead.

Visit [research.unsw.edu.au/finding-supervisor](https://research.unsw.edu.au/finding-supervisor)

### > Step 4

Work with your supervisor to develop a description of your research interests, which should be approximately one page in length, and outline how you plan to address a specific problem.

### > Step 5

Prepare your supporting documents for submission. Documents include supervisor's agreement, research proposal, resume, academic transcripts, financial declaration and proof of English.

Visit [research.unsw.edu.au/submit-application](https://research.unsw.edu.au/submit-application)

### > Step 6

Submit your application online and apply for any relevant scholarship at the same time.

Visit [applyonline.unsw.edu.au](https://applyonline.unsw.edu.au)

## Contact Us

The Graduate Research School is the central administration and support office for all Higher Degree Research candidates at UNSW Sydney.

# Research scholarships

A wide range of scholarships are available for international Higher Degree Research candidates.

## Scholarships

Scholarships provide benefits such as annual living stipends and tuition fee cover, as well as funding and supplements for travel.

## Eligibility

Full scholarships are only available to applicants who hold a four-year bachelor’s degree with Honours Class 1 from an Australian institution, or an equivalent research qualification experience. This qualification must be in a field relevant to your area of research.

## Apply

You can apply for a scholarship within your online Higher Degree Research application.

## Available scholarships

### Australian Government Research Training Program (RTP) International Scholarship

Based on outstanding academic merit and research potential, these awards provide successful applicants undertaking a PhD or research master’s degree with a tax-exempt living stipend in addition to covering tuition fees for 3.5 (for PhD) or 2 (for masters) years. The RTP also provides some additional allowances.

### University International Postgraduate Award (UIPA)

Based on outstanding academic merit and research potential, these awards provide successful applicants undertaking a PhD or research master’s degree with a tax-exempt living stipend in addition to covering tuition fees for 3.5 (for PhD) or 2 (for masters) years. The UIPA also provides some additional allowances.

### Tuition Fee Scholarship (TFS) plus a Research Stipend

Based on outstanding academic merit and research potential, these awards provide successful applicants undertaking a PhD or research masters with a tax-exempt living stipend provided by the faculty, school or supervisor, in addition to covering tuition fees for 3.5 (for PhD) or 2 (for master’s degree) years.

### UNSW and home country joint scholarships

Available to students from China, Pakistan and Chile. For more information, visit [research.unsw.edu.au/unsw-home-country-joint-scholarships](https://research.unsw.edu.au/unsw-home-country-joint-scholarships)

### UNSW Scientia PhD Scholarship scheme

These prestigious scholarships are based on research merit, research potential, global impact and social engagement, and potential for career development. These awards provide successful applicants undertaking a PhD with a tax-exempt living allowance and an annual development support package, in addition to covering tuition fees for 4 years.

The Scientia PhD Scholarship scheme has a different application process and eligibility criteria to other UNSW scholarships. For more information on how to apply for a Scientia Scholarship, please visit [scientia.unsw.edu.au](https://scientia.unsw.edu.au)

For more information, visit [research.unsw.edu.au/graduate-research-scholarships](https://research.unsw.edu.au/graduate-research-scholarships)

# English pathways

## Improve your English language skills for success.

UNSW Global's English pathway courses are designed to help you improve your skills so you can meet the UNSW English language entry requirements. They also prepare you for success at university and in your global career.

If you want to study an academic pathway program, or an undergraduate or postgraduate degree, there's an English pathway for you.

## Advance with the help of experts

- Study at Australia's first university languages centre.
- Learn from 50 years of experience in language teaching.
- Access world-class university facilities and social surroundings while studying at UNSW Sydney campuses.

## Gain direct entry to UNSW

UNSW Global's University English Entry Course (UEEC) is designed specifically to help you meet the English language entry requirements for a UNSW degree. There are 10, 15, and 20-week courses available, depending on your level of English.

- Improve your academic English language, literacy and digital skills, giving you a strong head start at UNSW.
- Get direct entry to UNSW – 90% of UEEC graduates progress to UNSW.
- Prepare for university with UEEC – gain a range of learning skills, research and writing processes, access academic information and UNSW's learning resources.
- Explore a wide range of global topics and issues through lessons and tasks that are based on authentic university lectures and readings.
- Develop collaborative and independent learning skills through hands-on, supportive lessons.
- Receive individual feedback every week, so you know exactly what to practise and how to improve.
- Build your confidence and practise communication for real university situations while you get to know UNSW.

For more information, visit [unswglobal.unsw.edu.au/ueec](https://unswglobal.unsw.edu.au/ueec)

Depending on your current level of English, there are different English pathway courses available to you.

## UEEC Entry Requirements

| Postgraduate: General   |                  |                  |                  |
|-------------------------|------------------|------------------|------------------|
|                         | 10 Weeks         | 15 Weeks         | 20 Weeks         |
| IELTS                   | 6.0, Writing 6.0 | 6.0, Writing 5.5 | 5.5, Writing 5.5 |
| TOEFL                   | 80, Writing 20   | 75, Writing 18   | 65, Writing 18   |
| Pearson Test of English | 54, Writing 54   | 50, Writing 50   | 46, Writing 46   |

| Postgraduate: Arts, Design & Architecture, UNSW Business School and Law & Justice |                  |                  |                  |
|-----------------------------------------------------------------------------------|------------------|------------------|------------------|
|                                                                                   | 10 Weeks         | 15 Weeks         | 20 Weeks         |
| IELTS                                                                             | 6.5, Writing 6.0 | 6.0, Writing 6.0 | 6.0, Writing 5.5 |
| TOEFL                                                                             | 90, Writing 23   | 80, Writing 20   | 75, Writing 18   |
| Pearson Test of English                                                           | 64, Writing 54   | 54, Writing 54   | 54, Writing 46   |

| Postgraduate Research: UNSW Business School and Law & Justice |                  |                  |
|---------------------------------------------------------------|------------------|------------------|
|                                                               | 10 Weeks         | 15 Weeks         |
| IELTS                                                         | 6.5, Writing 6.5 | 6.5, Writing 6.0 |
| TOEFL                                                         | 90, Writing 25   | 90, Writing 23   |
| Pearson Test of English                                       | 64, Writing 58   | 64, Writing 54   |

• Note: Sub-scores may apply. Students who do not meet the entry requirements may be eligible to study the 10-week Essential Academic English Course prior to starting UEEC.

## Tertiary Orientation Program

If you have a full offer from UNSW and an IELTS 6.5 or equivalent, UNSW Global's Tertiary Orientation Program (TOP) will help you prepare for Australian university culture, understand requirements and develop academic English skills to maximise your success. This 5-week course will develop your academic communication and literacy skills and improve your cultural awareness.

## Prepare for life at UNSW

- Develop and present strong academic arguments on issues in your field of study.
- Develop skills to manage university assignments, and learn to use academic search tools and UNSW learning resources.
- Prepare for university by developing your listening skills, and improving the fluency and speed of your reading.
- Become an independent learner and build your confidence through a range of communication activities.

For more information, visit [unswglobal.unsw.edu.au/top](https://unswglobal.unsw.edu.au/top)

# Tuition fees for postgraduate coursework programs

Each degree is different and so are the costs. This guide gives you an idea of potential fees.\*

| Faculty                                     | 2021 (AUD\$/UOC) | 2022 (AUD\$/UOC)* |
|---------------------------------------------|------------------|-------------------|
| <b>Arts, Design &amp; Architecture</b>      |                  |                   |
| Arts                                        | \$760            | \$770             |
| Environmental Studies                       | \$795            | \$805             |
| Media (MDIA)                                | \$795            | \$805             |
| Interpreting & Translating (MODL)           | \$795            | \$805             |
| Design                                      | \$775            | \$785             |
| Architecture                                | \$875            | \$885             |
| Built Environment                           | \$810            | \$820             |
| <b>UNSW Business School</b>                 | \$1,005          | \$1,015           |
| MBA                                         | \$900            | \$910             |
| <b>Engineering</b>                          | \$985            | \$995             |
| <b>Law &amp; Justice</b>                    | \$915            | \$925             |
| Juris Doctor                                | \$965            | \$975             |
| <b>Medicine &amp; Health</b>                |                  |                   |
| Public Health                               | \$985            | \$995             |
| Health Data Science                         | \$830            | \$840             |
| Pharma, Forensic Mental Health, Paediatrics | \$655            | \$660             |
| <b>Science</b>                              | \$930            | \$940             |
| Aviation                                    | \$825            | \$835             |
| Optometry                                   | \$850            | \$860             |
| <b>UNSW Canberra</b>                        | \$815            | \$825             |
| <b>Nura Gili</b>                            | \$745            | \$750             |

\*Indicative fees only

Because each student's study choices are different, it is impossible to provide a definitive cost of studying at UNSW. Here are a few things to consider when calculating your expected fees.

## Fees are course-based

Fees for international students are set according to the course (subject) and not the program. The fees reflect the relative cost of delivering the course and are calculated per unit of credit (UOC). For example, a science course is likely to cost more than an arts course. Therefore, your total tuition fees will vary depending on which courses you choose.

## Fees vary each year

Fees for courses (subjects) change from year to year. The tuition fees above are for students commencing in 2021. The fees for 2022 are indicative only; fees may change during the program. Actual fees for 2022 will be released in late 2021.

## Estimating your tuition fees

Estimates for each program are outlined in the faculties and postgraduate programs section, starting from page 40. You can also calculate your own expected fees by referring to the table above.

Tuition fees\* for postgraduate research programs

| Faculty                                | 2021 (AUD\$/UOC) | 2022 (AUD\$/UOC)* |
|----------------------------------------|------------------|-------------------|
| <b>Arts, Design &amp; Architecture</b> |                  |                   |
| Arts                                   | \$710            | \$715             |
| Architecture                           | \$795            | \$805             |
| Design                                 | \$770            | \$780             |
| <b>Business School</b>                 | \$730            | \$735             |
| <b>Engineering</b>                     | \$1000           | \$1010            |
| <b>Law &amp; Justice</b>               | \$905            | \$915             |
| <b>Medicine &amp; Health</b>           | \$1035           | \$1045            |
| Public Health                          | \$910            | \$920             |
| <b>Science</b>                         | \$950            | \$960             |
| <b>UNSW Canberra</b>                   | \$770            | \$780             |

\*Indicative fees only

Coursework program fees

A coursework master’s program will require 48 units of credit (UOC) per year, a graduate diploma will require 36 or 48 UOC per year, while a graduate certificate requires 24 UOC. Most courses (subjects) are 6 UOC.

A typical postgraduate program will include courses from within the faculty offering the degree. However, if you do choose courses from outside your faculty, they will be charged at the rate set by that faculty. As an example, the course Environmental Impact Assessment will be calculated using the Faculty of Science rate, which is AUD\$930 per UOC in 2021.

Research program fees

The tuition fees listed for research programs are for a standard full-time year of study, which is 48 UOC per year.

Some research degrees combine coursework with research. In this case, your research tuition fee covers the cost of these courses and you are not required to pay an additional fee.

Graduate diplomas by research are not classified as research degrees and fees are calculated using the value of individual courses undertaken.

For more information about the UNSW fees policy, including refund of fees and overpayments, visit [student.unsw.edu.au/fees-policy](http://student.unsw.edu.au/fees-policy)

Other study-related costs

Some programs and courses have costs which are additional to the tuition fees, such as costs relating to laboratory kits, equipment, and field trips. Textbooks are not considered compulsory, but we recommend budgeting around AUD\$1,000 per year for books.

An estimate of your total costs (tuition and other study-related costs) will be shown on your Confirmation of Enrolment Form (CoE) that will be issued on acceptance of an offer of admission to UNSW.

Living costs

Living costs vary depending on each student’s requirements. We estimate a single international student will need a minimum AUD\$22,000 per year to cover general living expenses. This does not include the costs of large non-essential items like electrical equipment or a car. In addition, you will need at least AUD\$2,000 when you arrive in Sydney to cover initial expenses such as a rental bond payment (security deposit), electricity, gas, and telephone connection fees, and basic furniture and household items.

For more information, visit [studyinaustralia.gov.au/global/live-in-australia/living-costs](http://studyinaustralia.gov.au/global/live-in-australia/living-costs)

Overseas student health cover

If you are in Australia on a student visa you will need to pay for health insurance through the Overseas Student Health Cover (OSHC) scheme and maintain insurance for the duration of your visa.

All international students must be covered by health insurance from the date they arrive in Australia until the date they depart, regardless of when they start or complete their program. It is your responsibility to ensure your health insurance policy matches your arrival and departure dates.

The only exception is for students from Belgium, Norway, and Sweden who are covered by CSN or Kammarkollegiet. These students will need to provide proof of official health insurance cover from their home government provider.

There are five registered providers of OSHC

The five registered providers are Medibank Private (UNSW’s preferred overseas student health cover provider), Allianz Global Assistance, BUPA Australia, NIB Health Funds Ltd and Australian Health Management.

Medibank OSHC will pay benefits towards your medical and hospital treatment, medically necessary ambulance transport, and most prescription medicines. Be aware that there may be some exclusions for pre-existing conditions, and you may have to serve a waiting period to receive some services.

Some services are not covered by Medibank’s policies. These include optical, physiotherapy, dental, and some pharmaceuticals. If you want to be covered for these expenses, you will need to take out additional insurance.

United States financial aid

We are authorised by the US Department of Education to administer Federal Direct Loans for eligible US students studying at UNSW. If you are eligible for this support, the UNSW Financial Aid Office will be able to help you with your application.

For more information, visit [international.unsw.edu.au/for-us-students](http://international.unsw.edu.au/for-us-students)

International student loans

If you are from Canada, Sweden, Norway, Denmark, or the UK and have applied for a student loan or a grant from your home country, we can help you certify your enrolment at UNSW.

Please send the Certification Form to [financialaid@unsw.edu.au](mailto:financialaid@unsw.edu.au)

For more information, visit [international.unsw.edu.au/financial-aid](http://international.unsw.edu.au/financial-aid)

## COVID-19 information for future students

UNSW is committed to providing you with a world-class education both online and in person. We've transitioned our courses to online teaching and replicated as many aspects of our campus community as possible into the virtual space for times where travel restrictions apply.

As a potential future student, this means you can commence your studies with us no matter where you are in the world and then join us on campus when possible. If you do commence your studies outside of Australia, in most cases, you will find your core compulsory courses are offered online and you will have a choice of elective options. However, there are some programs with components that cannot currently be completed remotely. This may be due to the need for specialist equipment, or in some cases, because of the requirements of external accrediting organisations. If you wish to study one of these programs remotely, your graduation may be delayed depending on when you are able to travel to Australia.

Similarly, UNSW has worked to develop appropriate processes and support for Work Integrated Learning (WIL) placements to be conducted remotely in a work at home capacity if you commence your studies outside of Australia. However, in some circumstances, it may not be to complete WIL placements remotely. This may be due to the need for appropriate clinical placements, adequate insurance cover or, in some cases, because an external accrediting organisation requires the placement to take place in Australia.

If you do commence your studies outside of Australia, you must travel to Australia once travel restrictions are lifted to complete the remainder of your program. UNSW recommends that you apply for a student visa as soon as possible. If your application for a student visa is refused and you are unable to complete your degree program you will be granted a refund of any unspent portion of your deposit. No refund can be granted for tuition fees for courses already completed, or for courses you remain enrolled in after the census date.

For more international student information UNSW's response to COVID-19, visit [covid-19.unsw.edu.au/information-students](http://covid-19.unsw.edu.au/information-students)

## Deferrals, suspensions and cancellations

If you have a UNSW offer in a certain term and wish to defer (i.e. delay commencing to a future term), please visit [student.unsw.edu.au/welcome](http://student.unsw.edu.au/welcome) as soon as possible and before the commencement date stated on your offer. The University can suspend or cancel your enrolment for a number of reasons including misbehaviour and unsatisfactory academic progress. For more information please visit [student.unsw.edu.au/academic-progression-international-students](http://student.unsw.edu.au/academic-progression-international-students). Please note that any deferrals, suspensions or cancellations may affect a student visa or visa application.

## Important information about online/distance learning for Student Visa Holders & United States Federal Direct Loan recipients

UNSW prides itself on being able to offer you flexible study options when you plan your course enrolment. Your student visa places certain limitations on the total number of Units of Credit (UOC) you can undertake online or by distance during your program and during each compulsory study period:

- 67% or more of your total program must be completed in a face-to-face setting
- You must enrol in at least one face-to-face course in each compulsory study period

If you are a US citizen or eligible permanent resident and are planning on using US Federal Direct Loans, you cannot undertake any online or distance courses to remain eligible for federal student aid.

Due to the COVID-19 situation the limitations on the total number of UOCs you can undertake online or by distance study have temporarily been relaxed for Student Visa Holders and US Federal Direct Loan recipients. UNSW will provide further updates once these temporary measures are lifted.

For more international student information on UNSW's response to COVID-19, visit [covid-19.unsw.edu.au/information-students](http://covid-19.unsw.edu.au/information-students)

COMPLIANCE: The Education Services for Overseas Students (ESOS) Act 2000 sets out the legal framework governing delivery of education to overseas students studying in Australia on a student visa. UNSW in providing education services to overseas students complies with the ESOS Framework and the National Code of Practice for Registration Authorities and Providers of Education and Training to Overseas Students 2018 (The National Code).

For a description of the ESOS framework, visit [internationaleducation.gov.au/Regulatory-Information/Pages/regulatoryinformation.aspx](http://internationaleducation.gov.au/Regulatory-Information/Pages/regulatoryinformation.aspx)

### UNSW agents

Find a local UNSW agent in your country, visit [international.unsw.edu.au/find-a-UNSW-agent](http://international.unsw.edu.au/find-a-UNSW-agent)

# We look forward to welcoming you

From social clubs to the classrooms, you'll uncover your true potential through life-changing experiences and a career-focused education from a global top university. Now, more than ever, the world needs people committed to making a difference. People ready to explore, question, research, challenge and lead. The world needs you.

## From university to real-world impact

Khushaal chose to study with UNSW Law because of the importance it placed on social justice. As a graduate lawyer, he's taking the first steps to build a career through which he'll be able to tackle the issues he's passionate about and make a real difference.

Scan the QR code and watch alumnus Khushaal Vyas's story.

## Can't want to join us?

Get a sneak peek at what it's like studying at UNSW by joining one of our many events. See the events schedule at [experience.futurestudents.unsw.edu.au/internal](https://experience.futurestudents.unsw.edu.au/internal) Or you can take a tour of UNSW campuses right now with a 360 degree virtual tour.

Scan the QR code and take a virtual walk through UNSW campuses.

# Have questions?

Contact us at the Future Students Office for advice, or use the QR code below to ask a question.
