Career success starts here
It takes someone like you

The world is changing, and now, more than ever, it needs people who want to make a difference. Discover your passion and find your purpose to become the person the world needs.

Your full potential is waiting to be discovered and we are committed to helping you achieve your unique and extraordinary dreams. Through hands-on learning and original thinking, you will be inspired to develop and grow as you build towards a confident and prosperous future.

Be valued for the difference you bring, with UNSW Sydney.

UNSW is on Aboriginal land.

UNSW acknowledges the Bedegal, Gadigal and Ngunnawal people who are the Traditional Custodians of the land upon which our campuses stand.

Throughout this guide you will find QR codes that unlock more information and reveal extra inspiration. Scan the QR code to see where UNSW can take you.
Study at a global top 50 university

UNSW is a world-leading teaching and research powerhouse recognised by employers and organisations around the globe. We are dedicated to shaping a generation of forward-thinking, environmentally conscious, and socially engaged graduates who will positively impact the world.

You will be joining a university committed to improving lives globally through innovative education and research. Our educators teach at the highest standard, placing many of the subjects you will learn in the world’s top 20*. We are also leaders in research quality and impact in areas such as public health, climate science and human rights and are Australia’s premier university for entrepreneurship.

Located in Sydney, Australia’s business and technology capital, our students are connected with industry leaders in every sector through our career-focused education. We ensure you receive a truly hands-on learning experience from world-renowned academics in state-of-the-art facilities at our vibrant campuses. It is no wonder that our graduates are among the most employable in the world.

“I was confident I would get a very good job because UNSW prepares you with a broad skill set. It’s not just about the coursework, it’s about the internships and student societies that UNSW helps to facilitate.”

— Thays Costa, UNSW Science alumna and Technical Solutions Engineer at Google
Scholarships, rewarding your ambition

UNSW is where ambitious and high-achieving students from around the world study and succeed. We offer scholarships for international students to empower them to realise their potential.

Our scholarships are not just based on your grades – UNSW values leadership skills, extracurricular interests and your passion to study with us. Our international scholarships and awards will help you to gain financial support, recognition of your academic excellence and they will help you stand out to future employers.

International Scientia Coursework Scholarship
Alongside academic merit, we want you to show us your passion to become a leader, how you have engaged in extracurricular interests, and share with us why UNSW is the university for you.

What you receive:
• a full scholarship on your tuition fees or,
• AUD$20,000 per annum for the minimum duration of your program.

You will also have access to networks and support including 'fast-tracked' applications for campus accommodation, awards and networking events and guaranteed entry into the UNSW Professional Development Program.

Australia’s Global University Award
If you have strong academic merit and are passionate about achieving your goals through your university study, you will be considered for Australia’s Global University Award.

What you receive:
• AUD$10,000 for one year

For all eligibility requirements, instructions on how to apply, or to explore all the scholarships available, visit scholarships.unsw.edu.au

“My scholarship has encouraged me to stay out of my comfort zone and learn as much as I can. Not only did it allow me to focus on my academics, but it also pushed me to use this time wisely and make the most of it.”

– Ilma Meidira Eprianto, Master of Commerce – Enterprise System and Business Design
Welcome to Sydney

Sydney is one of the best student cities globally. It is ranked the 4th most desirable place to live and study in the world*.

We are known as one of the most diverse and inclusive cities in the world — made up of global citizens. The differences you bring are appreciated and we look forward to welcoming you.

Sydney is more than just a pretty face. It offers countless business and career opportunities — it is Australia’s financial and economic powerhouse. There is always something to do in Sydney, and UNSW is right in the heart of it all.

Come join us.

* QS Best Student Cities (Desirability), 2022

G’day. Hello. Hi. How’s it going? Aussies are known for being friendly and you will find a smile wherever you go. Feel safe and welcome as you join our vibrant and multicultural communities all over Sydney that span social, religious and cultural collectives.

Sydney has been ranked one of safest cities in the world*. You can feel secure and safe about your choice to live here. It will feel like a home away from home, no matter where you are from. The best bit about our multicultural city? The food. Explore Chinatown, Spice Alley, Little Italy and an array of fresh food markets all within easy reach. Who knows what new treats you could discover?

Sydney is one of the best student cities globally. It is ranked the 4th most desirable place to live and study in the world*

**4th Safest City, Economist Intelligence Unit Safe Cities Index, 2021**

Take a break from the books

There is always something fun and exciting happening in Sydney — from concerts at the Opera House, to free events including Vivid light and musical festival, Chinese New Year celebrations and the multicultural Parramasala. Join an impromptu beach volleyball game on Coogee Beach or grab some friends for some photo-worthy moments in the Chinese Garden of Friendship.

Or if you are more into sport, we host world-class sporting events including cricket, soccer and rugby. For the more artistic visitors, there are theatre productions, concerts and festivals (many of them free!) to keep you entertained and inspired all year round. Get among it and join the fun in Sydney.

Sydney on a budget

On a budget? No worries. There are lots of affordable indoor and outdoor activities to enjoy in Sydney. Pop into a free art gallery, catch a movie at the local cinema, try a coastal walk, snorkel or surf at the beach, or enjoy a budget-friendly lunch or dinner in one of our neighbouring suburbs. Feel confident to try new hobbies with lots of UNSW student social clubs to join.

Explore Sydney’s surroundings

Sydney is all about the outdoors. And it is more than just beaches. Head to one of our beautiful parks for an outdoor picnic with friends. If you want to go further afield, the Blue Mountains to the west of Sydney, the Royal National Park to the south or stunning Palm Beach in the north are great for a getaway. Do not forget our beautiful beaches minutes from the UNSW Sydney campus. Fall in love with Sydney when you study in the heart of it.

Scan the QR to take a tour of Sydney attractions with your international student guides.

Live in the heart of it all

UNSW has the best of Sydney right at its doorstep. The bubbling food and retail hub in the city centre is just a short trip on the light rail. For fresh ocean breezes, head to Bondi and Coogee, which are only a short bus trip from campus. Up for some sightseeing? The famous Sydney Opera House and Sydney Harbour Bridge are so close, you can visit them any time you want.

Take advantage of the public transport system. There is trains, buses, ferries and light rail options all hours of the day. Getting to the main campus is easy with a new Light Rail network that will drop you at our doorstep. Or if you want to make the most of beautiful Sydney, jump on a bike or choose to walk. Take it all in at your own pace.

Make it your home
Join the student community living on or nearby campus. Not only will you have this easy access to Sydney city and beaches, you will be in walking distance to your lecture halls, meet people from around the world and make lifelong friends. For information on university accommodation, please see pages 20 – 21 or visit accommodation.unsw.edu.au.
Get the full experience

University is about discovering the best version of yourself. At UNSW, there is so many opportunities for you to explore and grow, and with each new experience, you will discover new things about yourself and what motivates you to succeed. You will make friends in clubs and societies and enjoy fun events on and off campus.

Scan the QR code to watch a student tour of our campus and social activities.

Online, flexible study that works for you

Receive a world-class education from anywhere. Take advantage of a wide range of fully-online programs designed to help you balance professional and personal commitments. UNSW’s online learning is recognised as accredited study and is delivered with the same high standard of teaching as if you were on campus. Programs offered will enable you to upskill, shift careers or gain a competitive edge in the job market. Browse the range of online degrees at online.unsw.edu.au.

Please note that students are not able to obtain an Australian student visa for UNSW’s fully-online programs.

A place to make new friends

Students from all backgrounds are what makes our campus so rich and diverse. There is plenty of activities and opportunities to find your place in the community. With over 300 clubs and societies for everything from sport to religion, everyone is welcome. Arc, UNSW’s student-led organisation and home to many of our student clubs, hosts year-round parties and events (in person and online), sporting competitions and practice, volunteering opportunities, health and wellness sessions… the list goes on. Find your friends at arc.unsw.edu.au.

Discover your favourite places

UNSW’s campus has everything you could need all in one place. You will find dozens of cafes and restaurants, banks, ATMs, a post office, supermarket, medical facilities, libraries, sporting facilities and more! When it is time to hit the books, there are indoor computer labs and outdoor study areas, so you can find the right vibe to suit your study style – all with free and fast Wi-Fi.

Discover more international student life at unsw.edu.au/study/international-students.
Receive the support you need

We are known as one of the friendliest universities in Australia according to students and parents alike. We have a range of support and development services to guide you from your first day through to graduation.

Feel safe and welcome
The health and safety of our students is our number one priority. We have strict cleaning protocols in line with health authority guidelines. There is an on-campus health clinic, support for mental health, and wellbeing services designed specifically for students. We also provide 24/7 security services and have an app to help: StaySafe@UNSW.

Arriving in Sydney
With new-arrival workshops, campus tours, and even meeting you at the airport, our dedicated International Student Welcome Centre will make you feel at home with UNSW.

Your student community is here to help
Moving to Australia is exciting but can be overwhelming. There are many students here at UNSW who have been in your position and are here to help you.

Our Peer Mentor Connect program connects you with a Student Mentor online, anytime. They will share personal experiences, answer your questions and guide you throughout your journey. When you arrive in Australia, get help settling in by joining one of our Peer Support programs to connect to other students.

We have a team of Student Support Advisors available for personalised advice and information about university life, student visas, wellbeing support and coaching you in developing skills you need to navigate and succeed at University. Explore more at student.unsw.edu.au/international

Study and academic language support
You can prepare yourself for success and develop academic and independent learning skills as soon as you start. Through workshops, online resources, and one-on-one appointments, you can build your academic writing, reading, notetaking, presentations, exam preparation, and more.

For more information, visit student.unsw.edu.au/skills and student.unsw.edu.au/english If you are living with disabilities or health conditions, our Equitable Learning Service can work with you to make adjustments so that your learning will not be negatively impacted, visit student.unsw.edu/els

Feel at home with a range of award-winning accommodation on and off campus at UNSW. Live within walking distance of your lecture halls, meet people from around the world, and make lifelong friends.

Accommodation at UNSW
Living on campus is unlike any other accommodation option. Colleges have a stronger culture of socialising, while apartments have more opportunity for independence. Both are places to grow alongside fellow student, fulfilling your personal and academic potential - whichever option you choose, UNSW will become your home and community.

Colleges
Join a college and you’ll continue decades of university history. A strong community and highly social traditions are at the heart of college life, with the support of residential care and academic mentoring. Live among students from all over the world including domestic students. Accommodation options range from fully catered to self-catered and caters for all dietary requirements such as halal, kosher and vegetarian alternatives.

Apartments
Apartments are an opportunity to make your own home and household. They cater to students who want more independent living or need specific living arrangements, including families.

All accommodation prices includes furniture, general cleaning, Wi-Fi, water, electricity and gas.

Private accommodation options

Rental property
Choose from numerous private rental properties located in the surrounding suburbs of UNSW. You can rent a furnished or unfurnished property. Be sure to consider additional expenses such as electricity, gas, telephone and Wi-Fi. Costs vary but usually range from AUD$250 – AUD$350 per student per week in a shared house or apartment.

Homestay
Homestay options include full board and single room-only accommodation. Full board usually includes a furnished room, use of facilities in a private home plus breakfast and dinner. Single room-only homestays include a furnished room, and gas and electricity expenses in the rent. You will need to arrange your own food, cooking, cleaning, laundry and telephone costs. Costs vary but usually range from AUD$250 - AUD$350 per student per week. Search our database of local private properties at accommodation.unsw.edu.au.

Temporary accommodation
We recommend having three to four weeks before classes begin to arrange private housing. Be sure to book short-term accommodation first, then look for long-term options in person. Short-term accommodation can include private hotels, motels, hostels, lodges or furnished apartments ranging from AUD$45 – AUD$300 per day.

Private student housing assistance
UNSW’s International Student Housing Assistance (ISHA) team can help you look for temporary or private accommodation if UNSW accommodation is not available when you apply. For more information, visit student.unsw.edu.au/ishahelp.

Experiences to shape your future

We are dedicated to helping you create a university experience that aligns with your ambitions. We will listen to and work with you to understand your career goals. We will support you to pursue those through industry connections, hands-on experiences and world-class campus facilities.

Our campuses

Our two Sydney campuses are home to purpose designed spaces, industry-standard technologies and facilities that will support your learning and career progression, whichever field you wish to move into.

Kensington Campus

Located between the global metropolis of Sydney’s CBD, and its world-famous beaches, UNSW’s Kensington campus hosts hundreds of clubs, societies and networking events. It is also home to Australia’s most comprehensive entrepreneurship program – UNSW Founders.

Paddington Campus

Our Art & Design campus in inner city Sydney is a renowned creative hub. Studying here, you will have access to an unmatched array of studio, workshop and gallery spaces, as well as state-of-the-art digital production technology.

Career success

UNSW graduates succeed. They are earning the highest median salaries of graduates from Go8 universities*. Many are making contributions to the world’s most admired enterprises and organisations. Others are disrupting the status quo, launching brands and start-up businesses that make a real difference.

Build professional networks

Whichever sector you want to move into, you will be able advantage of our faculty’s connections to thousands of industry partners. You will work with and learn from staff who are not only practicing in your field, but who are also leading and shaping the future of your industry.

Gain a global mindset

As part of our diverse community of students, staff, alumni and industry partners from around the world, you will be able to build a global network. Studying at an internationally renowned university, you will learn the communication and professional skills to move into global careers and drive solutions to challenges that go beyond borders.

ARTS, DESIGN & ARCHITECTURE

Class visits at Cockatoo Island, Sydney
Architecture and Built Environment

Architecture

Master of Architecture

Program code B143
CRICOS code 088355G
Duration 2 years
Entry February and September
Estimated first year tuition AUD$40,600

Build on the disciplinary foundation of a bachelor-level architecture degree with a Master of Architecture. This degree provides advanced knowledge of architectural design, professional practice, environmental design and construction and structures. You can choose one of four program streams to tailor our degree to a specific field of your interest. The Master of Architecture prepares you to practice in architecture and other design-based industries.

Areas of specialisations
- High Performance Technology
- Housing
- Social Agency
- Urban Conditions
- Generalist (no stream specialisation)

Entry requirements
- 60 credit average (or equivalent) in applicant’s undergraduate architecture degree
- OR
- Applicants who have completed the Bachelor of Architectural Studies (or equivalent) but do not meet the entry requirements specified above may be considered after they have obtained work experience in an architectural office. Work experience will be individually assessed based on the following submission:
  - A logbook for a minimum 12 months full-time work or the equivalent
  - A referee report from the employer
  - A portfolio of the work undertaken during this period
- OR
- UNSW Bachelor of Interior Architecture (Honours) graduates will meet entry requirements for the Master of Architecture B143 if they complete the architecture elective pathway in the Bachelor in Interior Architecture (3256) degree. Students will need to complete the following courses as part of this pathway, and achieve an overall WAM of 65. These courses will count as electives in their BIA program.

- Stream A
  - ARCH1311: Architecture Studio 5
  - ARCH1302: Architecture Studio 6
  - ARCH1261: Structures and Construction 2
  - ARCH1322: Architectural History and Theory 3
  - ARCH1331: Architectural Science and Building Environment 2

- Stream B
  - A recognised bachelor’s degree with at least a credit average (65%)

- Stream C
  - A recognised bachelor’s degree with at least a credit average (65%)

Professional accreditation
The Master of Architecture builds on the UNSW Bachelor of Architectural Studies degree, and presently has full five-year accreditation from the Architects Accreditation Council of Australia (AACA) and NSW Architects Registration Board. Upon successful completion of their studies, Master of Architecture graduates are then eligible to apply for the Architectural Practice Examination (APE) which will enable them to become a Registered Architect in Australia.

City Planning

Planning is an exciting, varied and progressive profession, which plays a pivotal role in shaping the future of cities and regions. The City Planning programs provide a solid foundation to pursue planning and urban policy-related career opportunities. The two-year master’s degree is professionally accredited, and gives students the chance to undertake a major capstone project in their chosen area of interest. Graduate Diploma and Graduate certificate programs are also available.

Master of City Planning

Program code B148
CRICOS code 088355A
Duration 2 years
Entry February and September
Estimated first year tuition AUD$40,600

Entry requirements
A recognised bachelor’s degree with at least a credit average (65%)

Graduate Diploma in City Planning

Program code 5148
CRICOS code 088355M
Duration 1 year
Entry February and September
Estimated first year tuition AUD$20,300

Entry requirements
A recognised bachelor’s degree with at least a credit average (65%)

Graduate Certificate in City Planning

Program code 7148
CRICOS code 088357K
Duration 0.7 years
Entry February and September
Estimated first year tuition AUD$2,380

Entry requirements
A recognised bachelor’s degree with at least a credit average (65%)

Professional accreditation
Graduate Diploma and Graduate certificate programs are also available.

City Planning

Professional accreditation
The Master of Architecture builds on the UNSW Bachelor of Architectural Studies degree, and presently has full five-year accreditation from the Architects Accreditation Council of Australia (AACA) and NSW Architects Registration Board. Upon successful completion of their studies, Master of Architecture graduates are then eligible to apply for the Architectural Practice Examination (APE) which will enable them to become a Registered Architect in Australia.

Landscape Architecture

Master of Landscape Architecture

Program code B136
CRICOS code 088355G
Duration 3 years
Entry February and September
Estimated first year tuition AUD$40,600

If you are looking to study landscape architecture, there is no better ‘laboratory’ than the Sydney region. During the Master of Landscape Architecture, you will work with leading academics and practitioners in landscape architecture as well as city planning and urban design to explore contemporary issues facing the field.

- Areas of specialisations
  - Landscape Architecture
  - Urban Design
  - Environmental Design

- Stream C
  - A recognised bachelor’s degree with at least a credit average (65%)

- Stream B
  - A recognised bachelor’s degree with at least a credit average (65%)

- Stream A
  - A recognised bachelor’s degree with at least a credit average (65%)

Professional accreditation
This degree is accredited by the Australian Institute of Landscape Architecture.
The Master of Construction Project Management teaches modern management methods and how to apply these principles to complex buildings and infrastructure. You will develop proficiency to meet construction management challenges, in today and tomorrow’s professional settings.

A two-year program in construction project management is also available. Refer to double degree program 8318 Master of Construction Project Management/Property and Development on opposite page.

Entry requirements
• A recognised bachelor’s degree (or equivalent) in a relevant field such as building, construction management, construction economics, civil engineering, mining engineering, material engineering, architecture, landscape architecture, interior architecture, urban planning, quantity surveying, property development, real estate, law, or business with at least a credit average (65%), or
• An undergraduate degree in any field with at least a credit average (65%), and three years of construction industry experience at management level, or
• A Graduate Certificate in Construction Project Management with a credit average (65%).

Additionally, applicants who have met these requirements but also have an honours or master’s degree with at least a credit average (65%) in a relevant field, or an honours degree with a credit average in an unrelated field plus 3 years of construction industry experience at a managerial level, may be eligible for 24 UOC of advanced standing (course credit).

Professional accreditation
The program has been accredited by the Australian Institute of Building (AIB) and the Royal Institute of Chartered Surveyors (RICS). Graduates will be eligible to apply for membership with both AIB and RICS.

The dynamic range of courses in the Master of Property and Development will provide you with the principles of property development and investment and the knowledge to apply them across different phases of the industry cycle.

A two-year double degree program in this area of study is now available. Refer to program 8318 Master of Construction Project Management/Property and Development below.

Entry requirements
• A recognised bachelor’s degree (or equivalent) in a relevant field such as building, construction management, construction economics, civil engineering, mining engineering, material engineering, architecture, landscape architecture, interior architecture, urban planning, quantity surveying, property development, real estate, law, or business with at least a credit average (65%), or
• An undergraduate degree in any field with at least a credit average (65%), and three years of property industry experience at a management level, or
• A Graduate Certificate in Property Development with at least a credit average (65%).

Additionally, applicants who have met these requirements but also have an honours degree or master’s degree with at least a credit average (65%) in a relevant field, or an honours degree with at least a credit average (65%) in any field plus 3 years property industry experience at management level, may be eligible for 24 UOC of advanced standing (course credit).

The Master of Construction Project Management and Property and Development double degree combines the principles of these two fields to equip you with the advanced, interdisciplinary skills required to manage the property development or construction process. You will learn how to apply innovative, smart technologies and sustainable approaches to construction and infrastructure required for higher density living. Graduates from this program will meet the growing global demand in the construction and property industries for those who have a deep understanding of how construction management and property development are interrelated.

Professional accreditation
This unique degree will provide you with dual qualification in property development and construction management and professional accreditations in both the construction and property industries.

Entry requirements
Please see the single degrees (8121 and 8127).

The program has been accredited by the Australian Institute of Building (AIB) and the Royal Institute of Chartered Surveyors (RICS). Graduates will be eligible to apply for membership with both AIB and RICS.
Curating and Cultural Leadership

Launch a dynamic career in contemporary curating by generating new ideas and setting cultural agendas. The Curating and Cultural Leadership programs forge connections between curating, audience engagement, policy, management, critical writing, promotion, production, and other emerging aspects of this field. The programs are customizable and include an industry-based project at postgraduate level, allowing you to build your skills and professional networks.

Curating

Curating focuses on contemporary curating as a diverse and dynamic profession which plays a key role in setting cultural agendas and discovering new ground. The curatorial strand emphasises experiential and the development of a strong independent practice through curatorial studios and live public projects.

Cultural Leadership

Includes museum management, public programming and engagement, education, policy, critical writing, promotion, production, and new emerging roles. It emphasises the fluid boundaries between all these activities and promotes a collaborative approach. This strand fosters a vision of leadership that is diverse and limited by neither age nor status. It educates students to develop a unique individual philosophy underpinned by a robust and flexible skill set.

Areas of study

Curating focuses on contemporary curating as a diverse and dynamic profession which plays a key role in setting cultural agendas and discovering new ground. The curatorial strand emphasises experiential and the development of a strong independent practice through curatorial studios and live public projects.

Curating and Cultural Leadership programs forge connections generating new ideas and setting cultural agendas. The studies; literature; and philosophy.

Related fields include:

• Curatorial studies; literature; and philosophy.
• Political science and policy studies in human society such as sociology, the creative arts such as fine arts, art history, librarianship and information management; and flexible skill set.

Areas of practice

You will choose from the following studio-based courses to either focus on a specific area of design and digital media practice or to put together your own suite of courses.

Graphic Communication addresses graphic design for paper and print, the screen and broadcast, encompassing typography, graphic design and cross-cultural communication strategies in designing for different audiences.

Graphic Design

Designs for animation, 3D, sound, film, video, illustration and computing.

Future Making: Materials and Objects focuses on the making of objects with new materials, digital technologies and craftmanship. It addresses the integration of technical knowledge and skills with material and contextual understanding. Future making works with ceramics, jewellery, metal, textiles, furniture and lighting.

Future Making: Materials and Objects

Designs for animation, 3D, sound, film, video, illustration and computing.

Curating and Cultural Leadership

Art and Design courses are delivered at our specialist Paddington Campus.

Entry requirements

Depending on the level and nature of prior qualifications, admission to the Master of Curating and Cultural Leadership has three entry points with different duration:

2 Year Program (96 UOC)

• A recognised bachelor’s degree in any field with at least a credit average (65%) or equivalent. This provides admission into the two-year program (96 UOC).

1.7 Year Program (72 UOC)

• A recognised bachelor’s degree in a related field with at least a credit average (65%) or equivalent. This provides admission into the 1.7-year program (72 UOC).

1 Year Program (48 UOC)

• An honours degree in a related field. This provides direct admission to the advanced one-year program (48 UOC).

Related fields include: Curatorial studies; librarianship and information management, the creative arts such as fine arts, art history, art theory, museum studies, visual arts and crafts, performing arts, graphic and design studios, communication and media studies, studies in human society such as sociology, anthropology, history, archaeology, human geography, indigenous studies, gender specific studies, political science and policy studies; literature; and philosophy.

I like that UNSW is a really prestigious institution and has links to some pretty big industries, so I know that will look good on my resume.

Evena Wong, Malaysia  
Master of Design

UNSW’s design programs are interdisciplinary, industry-engaged and focused on the role of design in innovation and the global economy. You will combine technology, design thinking, conceptual exploration with practical skills to take your professional and practical design knowledge to an advanced level.

Simulation and Immersive Technologies

Interested in VR, AR, MR or simulation? Equip yourself with the creative skills and latest immersive technologies to meet industry’s rapidly transforming approaches to manufacturing, training, modelling, planning and more. The Simulation and Immersive Technologies programs offer a unique human-centric, design-led approach to immersive technology focusing on human perception and experience. You will learn the how, why, when and where to effectively utilise these in demand skills in a variety of industries.

Simulation and Immersive Technologies programs are designed to accommodate busy professionals. This program can be completed fully online.

For more information, visit unsw.to/msit

Master of Simulation and Immersive Technologies

Program code 9323
CRICOS code 099986A
Duration 1.7 years
Entry February, May and September
Estimated first year tuition AUD$40,365

Entry requirements
A recognised bachelor’s degree in any field with at least a credit average (65%) or equivalent. Given that the program enables practitioners from a wide range of industry sectors, entry does not depend on a degree related to the creative disciplines.

Recognition of Prior Learning (RPL) may be granted for formal, non-formal and workplace learning for specified credit in accordance with UNSW recognition of prior learning procedure. Students may only claim RPL for elective courses within the program (up to a maximum of 30 UOC). RPL will not be considered for core courses and the capstone course.

Graduate Certificate in Simulation and Immersive Technologies

Program code 7323
CRICOS code 099994A
Duration 0.7 years
Entry February, May and September
Estimated first year tuition AUD$18,180

Entry requirements
A recognised bachelor’s degree in any field with at least a credit average (65%) or equivalent. The program enables practitioners from a wide range of industry sectors, so entry does not require a degree related to the creative disciplines.

Recognition of Prior Learning (RPL) may be granted for formal, non-formal and workplace learning for specified credit in accordance with UNSW recognition of prior learning procedure. Students may only claim RPL for elective courses within the program (up to a maximum of 12 UOC). RPL will not be considered for core courses.
Arts and Social Sciences

Applied Linguistics

Master of Applied Linguistics

Program code
8236
CRICOS code
82324M
Duration
1, 1.7 or 2 years
Entry February, May and September
Estimated first year tuition
AUD$38, 285

Do you have a deep interest in the workings of language? The Master of Applied Linguistics is a professionally relevant degree for students who want to use linguistic knowledge to solve language-related problems and help to remove barriers to intercultural communication. The study of linguistics can be applied across a range of diverse fields from working with migrant communities to careers as language specialists, experts in language acquisition and bilingualism, language planners, and language education professionals.

Development Studies

Master of Development Studies

Program code
8942
CRICOS code
89236D
Duration
1, 1.7 or 2 years
Entry February and September
Estimated first year tuition
AUD$38, 218

The Master of Development Studies is an interactive degree that provides specialist studies in international development at local, national and global levels. Alongside academics who are at the forefront of national and international development practice, you will take a hands-on approach to understanding issues around human rights, social justice and community development.

Education

Master of Education

Program code
8913
CRICOS code
110653C
Duration
1 – 2 years
Entry February, May and September
Estimated first year tuition
AUD$37, 200

The Master of Education will enhance your career options and give you the skills needed to progress into a specialist field of education or a leadership role. The degree is designed for existing education professionals and offers seven areas of specialisation.

Areas of specialisation
• Curriculum and Assessment
• Educational Psychology
• Educational Studies
• Gifted Education
• Higher Education
• Special Education*
• TESOL, (Teaching English to Speakers of Other Languages)

*Certain specialisations within this program have compulsory work-integrated learning components.

Entry requirements
1 year program
• A four year Bachelor degree or combined degree in Education, including professional experience or praxis, equivalent to the qualifications required for Graduate Teacher status in NSW or other Australian jurisdictions; or
• A recognised Bachelor degree and a postgraduate teaching qualification (e.g., Graduate Diploma of Education or Master of Teaching) equivalent to the qualifications required for Graduate Teacher status in NSW or other Australian jurisdictions; or
• A Bachelor degree or equivalent qualification in a relevant discipline*, plus three years’ relevant professional experience and development**.

2 year program
• A Bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average of 65%

1.5 year program
• A Bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average of 65%, or
• A Bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average of 65% plus three years’ relevant professional experience** and development; or
• An Honours degree or Graduate Diploma (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average of 65% or equivalent qualification in a relevant discipline*, plus three years’ relevant professional experience and development**.

1 year program
• A four year Bachelor degree or combined degree in Education, including professional experience or praxis, equivalent to the qualifications required for Graduate Teacher status in NSW or other Australian jurisdictions; or
• A recognised Bachelor degree and a postgraduate teaching qualification (e.g., Graduate Diploma of Education or Master of Teaching) equivalent to the qualifications required for Graduate Teacher status in NSW or other Australian jurisdictions; or
• A Bachelor degree or equivalent qualification in a relevant discipline*, plus three years’ relevant professional experience and development**.

2 year program
• A Bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average of 65% or equivalent qualification in a relevant discipline*, plus three years’ relevant professional experience and development**.

Professional recognition
These programs are endorsed by the NSW Education Standards Authority (NESA) as registered professional development.

Graduate Certificate in Education

Program code
7401
CRICOS code

**CRICOS Code**
033894F

**Program code**
8623

**Duration**
1, 1.7, or 2 years

**Entry**
February, June and September

**Graduate Certificate in Environmental Management**

**Entry requirements**
- A recognised bachelor’s degree in any field with at least a credit average (65%) or equivalent.

**Estimated first year tuition**
AUD$35,910

**CRICOS Code**
033894F

**Program code**
7339

**Duration**
8.7 years

**Entry**
February, June and September

**Graduate Diploma in Environmental Management**

**Entry requirements**
- A recognised bachelor’s degree in any field.

**Estimated first year tuition**
AUD$34,980

**CRICOS Code**
033894F

**Program code**
5499

**Duration**
1 year

**Entry**
February, June and September

International Relations

**Master of International Relations**

**Entry requirements**
Depending on the level and nature of prior qualifications, admission to the Master of International Relations has three entry points with different duration:

1. **1 year program (48 UOC)**
   - A recognised honours degree or graduate diploma in a related field with at least a credit average (65%) or equivalent, or
   - A recognised bachelor’s degree in a related field with at least a credit average (65%) or equivalent, plus one year of relevant professional experience. This provides admission into the one-year program (48 UOC).

2. **1.7 year program (72 UOC)**
   - A recognised bachelor’s degree in any field with at least a credit average (65%) or equivalent, plus one year of relevant professional experience; or
   - A recognised honours degree or graduate diploma in any field with at least a credit average (65%) or equivalent.

3. **2 year program (96 UOC)**
   - A recognised bachelor’s degree in any field with at least a credit average (65%) or equivalent.

*Students who are eligible for the 1 year and/or 1.7 year program are also permitted to study the 2 year program.

**Relevant disciplines include:**
- Social sciences, humanities, business, economics, law, public health, and communications.

February and September

*The variety of the teaching is important. It enables you to have an interdisciplinary approach in any line of work that you will do after the degree.*

– Aymeric Maudous, Master of Environmental Management
Master of Public Policy and Governance

Program code 8297
CRICOS code 083246E
Duration 2 years
Entry February, May and September
Estimated first year tuition AUD$39,560

The Master of Public Policy and Governance applies a social science perspective to real-world issues surrounding policy, research and management in modern organisations. We prepare you for roles that require research and analytical skills and a practical understanding of policymaking and implementation. You will have the opportunity to specialise in a policy area of your choosing, working with teaching staff who have experience in policy making. You will focus on the significance of evidence in driving policy change, and develop skills in evaluating the impact that policy has on clients, customers and the public.

Entry requirements
A recognised bachelor’s degree (or equivalent qualification) in any discipline with at least a credit average (65%) or equivalent and an advanced level of bilingual proficiency.

Translation and Interpreting

Master of Interpreting

Program code 8292
CRICOS code 083233G
Duration 1.7 years
Entry February, May and September
Estimated first year tuition AUD$39,564

The Master of Interpreting, endorsed by the National Accreditation Authority for Translators and Interpreters (NAATI), provides you with the knowledge and practical skills to prepare you to sit the NAATI certification examinations to work as a professional interpreter in Australia and internationally.

Entry requirements
A recognised bachelor’s degree in a related field with at least a credit average (65%) or equivalent and an advanced level of bilingual proficiency.

Areas of specialisation
Legal, medical, business, community, conference interpreting, and interpreting technologies.

Relevant disciplines include:
- Interpreting and translation, arts, humanities, social sciences, media, communications, journalism, public relations, advertising, marketing, business, economics, commerce, law, linguistics, languages, TESOL, and cognitive science.

Relevant professional experience includes:
- Work in a language-related area including translating and/or interpreting, teaching English as a second or foreign language or a language other than English, and other appropriate language professions.

Related disciplines include:
- Interpreting and translation, arts, humanities, social sciences, media, communications, journalism, public relations, advertising, marketing, business, economics, commerce, law, linguistics, languages, TESOL, and cognitive science.

Master of Translation

Program code 8293
CRICOS code 083254F
Duration 1 or 1.7 years
Entry February, May and September
Estimated first year tuition AUD$39,415

The Master of Translation, endorsed by the National Accreditation Authority for Translators and Interpreters (NAATI), provides you with the knowledge and practical skills to prepare you to sit the NAATI certification examination to work as a professional translator in Australia and internationally.

Entry requirements
A recognised bachelor’s degree in a related field with at least a credit average (65%) or equivalent and an advanced level of bilingual proficiency.

Areas of specialisation
Legal, medical, business, community, conference interpreting, and interpreting technologies.

Relevant disciplines include:
- Interpreting and translation, arts, humanities, social sciences, media, communications, journalism, public relations, advertising, marketing, business, economics, commerce, law, linguistics, languages, TESOL, and cognitive science.

Relevant professional experience includes:
- Work in a language-related area including translating and/or interpreting, teaching English as a second or foreign language or a language other than English, and other appropriate language professions.

Related disciplines include:
- Interpreting and translation, arts, humanities, social sciences, media, communications, journalism, public relations, advertising, marketing, business, economics, commerce, law, linguistics, languages, TESOL, and cognitive science.
Master of Teaching (Secondary)

Program code: 8926
CRICOS code: 073440C
Duration: 1.7 years
Entry: February
Estimated first year tuition: AUD$57,300

The Master of Teaching (Secondary) is an accelerated secondary teacher degree enabling you to become eligible for employment after only one year of full-time study. Learn innovative teaching methods that link practice with theory including advanced skills in effective unit and lesson planning, assessment and reporting, as well as practical classroom communication and reflective teaching.

The Master of Teaching requires students to study two single teaching specialisations, or one double teaching specialisation available only for English, Mathematics, Music and Visual Arts from the method courses listed:

- Method courses
  - Abnormal Studies
  - Biology
  - Business Studies
  - Chemistry
  - Chemistry/Biology
  - Drama/Performing Studies
  - Earth and Environmental Science
  - Economics
  - English
  - English as an Additional Language or Dialect (EAL/D)

Important note: All students must qualify in at least one teaching specialisation and, depending on prior study, may be eligible to qualify in two first teaching specialisations or a first and up to two additional teaching specialisations. You must meet certain student content requirements to be eligible to teach in the specialisation of your choice. For more information, visit unsw.edu.au/study/postgraduate/master-of-teaching-secondary.

Entry requirements
- A recognised three-year bachelor’s degree with at least a credit average (60%) or higher and meets the prerequisites for the selected teaching methods/specialisations.
- These prerequisites normally involve at least a major (three consecutive years of study, usually six courses) in the main teaching specialisation, and a minor (two years of study, usually four courses) in the second teaching specialisation.

Master of Teaching (Primary)

Program code: 8925
CRICOS code: 09910G
Duration: 1.7 years
Entry: February
Estimated first year tuition: AUD$57,300

Learn theories you can apply directly to the classroom in the Master of Teaching (Primary). You will learn innovative teaching methods derived from our industry-shaping research and gain the skills needed to teach across the six key learning areas. You will be based in primary schools for two days a week for the first year, working with primary age students and taught by experienced primary teachers as well as university staff.

Entry requirements
- A recognised three year Bachelor’s degree with a major, consisting of at least six units of undergraduate study with no more than two at first year and at least two at third year, in one key learning area, and at least two units of study in one or more other key learning areas. Entry into the Master of Teaching (Primary) requires a WAM of 60 or higher.

Key Learning Areas (KLA) include:
- English (literature, communications, linguistics, creative writing, media studies)
- Mathematics (pure or applied maths)
- Science and Technology (agriculture, architecture, biology, biotechnology, chemistry, computing studies, design, earth and environmental science, materials science, medicine, nursing, physics, psychology)
- Human Society and its Environment (Aboriginal studies/languages, anthropology, archaeology, Asian or Pacific studies, economics/business studies, cultural studies/sociology, geography, environmental studies, government and citizenship, history, legal studies, political science, studies of religion)
- Creative Arts (dance, drama, music, visual arts, fine arts)

- Personal Development, Health and Physical Education (physical education, family studies, sports science, health studies, human movement, nutrition)

Note: All graduates will be qualified to teach across the curriculum and will also have a specialisation in a KLA.

Professional accreditation
This program is accredited by the NSW Education Standards Authority (NESA).

Media Journalism and Communication

Master of Journalism and Communication

Program code: 8232
CRICOS code: 083249K
Duration: 1 year or 1.7 or 2 years
Entry: February and September
Estimated first year tuition: AUD$39,875

The Master of Journalism and Communication is an innovative, interdisciplinary degree that produces industry-ready journalists and communication professionals who have the necessary skills to re-imagine media and shape a positive world. You will learn how to harness technology and gain specialist knowledge of the social, economic and political role of media in Australia and internationally to give you a competitive edge in a fast-evolving industry.

Entry requirements
- Depending on the level and nature of prior qualifications, admission to the Master of Journalism and Communication has three entry points with different duration:
  - 1 year program (48 UOC)
  - 1.7 year program (72 UOC)
  - 2 year program (96 UOC)

- A recognised bachelor’s degree in any field with at least a credit average (65%) or equivalent.
- A recognised honours degree or graduate diploma in a related field with at least a credit average (65%) or equivalent, and one year of relevant professional experience.
- A recognised bachelor’s degree in any field with at least a credit average (65%) or equivalent, and one year of relevant professional experience;
- A recognised honours degree or graduate diploma in any field with at least a credit average (65%) or equivalent.

2 year program (96 UOC)*
- A recognised bachelor’s degree in any field with at least a credit average (65%) or equivalent.
- A recognised bachelor’s degree in any field with at least a credit average (65%) or equivalent, and one year of relevant professional experience.

- A tertiary qualification at a level considered equivalent by the Faculty Higher Degree Committee.
Master of Philosophy – Arts and Social Sciences

Program code: 2264
CRICOS code: 010125N
Duration: 1.5 – 2 years
Entry: February
Estimated first year tuition: AUD$37,850

Entry requirements
- A recognised bachelor’s degree in a related discipline with credit average result (WAM 70).
- Applicants are required to submit a research proposal and ensure a suitable supervisor is available.

Areas of specialisation:
- Health and wellbeing
- Creative arts
- Knowledges and ethical practices
- Global and first nations studies

Master of Philosophy – Art, Design and Media

Program code: 2267
CRICOS code: 010125N
Duration: 1.5 – 2 years
Entry: February, May and September
Estimated first year tuition: AUD$39,880

Entry requirements
- An appropriate UNSW bachelor’s degree in a relevant discipline at a level specified by the Faculty Higher Degree Committee; or
- An equivalent qualification from a tertiary institution as determined by the Faculty Higher Degree Committee.

Areas of specialisation
- Architecture
- Building
- City Planning and Urban Design
- Construction and Project Management
- Industrial Design
- Interior Architecture
- Landscape Architecture
- Property Development and Management
- Sustainable Built Environment

Doctor of Philosophy – Arts, Design and Media

Program code: 1292
CRICOS code: 090117M
Duration: 3 – 4 years
Entry: February, May and September
Estimated first year tuition: AUD$35,800

Entry requirements
- A relevant four year bachelor’s degree with first or upper 2nd class honours from UNSW; or
- A completed master’s degree by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high-quality thesis; or
- A tertiary qualification at a level considered equivalent by the Faculty Higher Degree Committee.

Candidates may transfer to PhD after one year of full-time enrolment in a master’s degree by research under specific conditions. All applicants must submit an expression of interest application, including a preliminary research proposal.

Areas of specialisation
- Architecture
- Building
- City Planning and Urban Design
- Construction and Project Management
- Industrial Design
- Interior Architecture
- Landscape Architecture
- Property Development and Management
- Sustainable Built Environment

Doctor of Philosophy – Built Environment

Program code: 1222
CRICOS code: 090117M
Duration: 3 – 4 years
Entry: February, May and September
Estimated first year tuition: AUD$35,800

Entry requirements
- A recognised bachelor’s degree in the relevant discipline from UNSW at a level specified by the Faculty Higher Degree Committee; or
- A tertiary qualification at a level considered equivalent by the Faculty Higher Degree Committee.

Candidates will complete a coursework component comprising of 3 courses – Research Seminar (BENV7020) and two electives from any postgraduate coursework program at UNSW’s School of Built Environment. All applicants must submit an expression of interest application, including a preliminary research proposal.

Areas of specialisation
- Architecture
- Building
- City Planning and Urban Design
- Construction and Project Management
- Industrial Design
- Interior Architecture
- Landscape Architecture
- Property Development and Management
- Sustainable Built Environment

Doctor of Philosophy – Education

Program code: 1970
CRICOS code: 001042D
Duration: 3 – 4 years
Entry: February, May and September
Estimated first year tuition: AUD$35,800

Entry requirements
- A relevant four year bachelor’s degree with first or upper second class honours from UNSW; or
- A completed master’s degree by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high-quality thesis; or
- A tertiary qualification at a level considered equivalent by the Faculty Higher Degree Committee.

Areas of study
- Criminology
- Development Studies
- Gendered Violence
- Policy Studies
- Politics and International Relations
- Refugee Studies
- Social Aspects of Health and Health Care including HIV, sexual health, viral hepatitis, drug use, Aboriginal health, education, health and wellbeing

Life at UNSW Business School is about more than lectures and tutorials. Our business clubs and societies introduce you to people who share your interests and passions. UNSW Business School’s Graduate Student Association will enhance your postgraduate student experience through professional development, social events and networking opportunities, empowering you to create your own future.

Career Accelerator
Our degrees bring the boardroom to the classroom with a range of hands-on professional learning opportunities, exclusive to UNSW Business School. Career Accelerator career development experiences ensure you graduate career-ready, prepared to hit the ground running in the workforce.

Career Accelerator opportunities include:

Real world experience
Gain real-world business experience while you study by choosing from a range of for-credit and extra-curricular options. Participate in a consulting project for our industry partners, explore potential career paths through virtual internships, complete short business experiences in parallel to your studies, or take on a social entrepreneurship project.

Australian Business Essentials is a series of interactive workshops, volunteering experiences and team-building activities tailored to international postgraduate students. This exclusive UNSW Business School program will develop your professional communication skills, understanding of Australian culture and the workplace.

Professional networking
Get personalised advice from experienced industry professionals as part of our ten-week, structured Career Mentoring Program. Hear challenges, trends and opportunities at our Business Insights events where experienced professionals share their thought leadership with our students. Grow your network of peers by participating in career development workshops, attending career showcases, or joining a Community Wednesday event. Our student clubs and societies hold regular industry events, upskilling workshops, lecture review sessions and social and professional networking events.

Global opportunities
Experience business around the world with our range of global opportunities, including short overseas electives, practicums and international exchanges. Through a Global Business Practicum, you can do a practical consulting project with our industry partners in international business hubs including Indonesia and Vietnam. (Note: Global Business Practicums are offered virtually while travel restrictions are in place).

For more information, visit unsw.to/ca
**Actuarial Studies**

The Master of Actuarial Studies is designed for students with a strong background in actuarial studies, economics, mathematics or statistics. This degree will equip you with the technical expertise required to become an actuarial analyst or role in the broader financial services industry.

The Master of Actuarial (Extension) adds four courses to the Master of Actuarial Studies, allowing you to study advanced actuarial and risk management topics. You will extend your expertise in the area and setting yourself apart from others in the profession.

Professional accreditation

Upon completion of this degree, you will be eligible to gain exemptions for the Foundation and part of the Associate program of the Institute of Actuaries Australia. You may also earn VE3 credit from the Society of Actuaries (USA). Mutual recognition arrangements between major actuarial associations also mean that qualifications (or qualifications) are internationally transferable.

**Master of Actuarial Studies (Online)**

Program code: 8411
CRICOS code: 081122G
Duration: 1.7 years
Entry: February, May and September
Estimated first year tuition: AUD$15,108

Entry requirements

- A recognised bachelor’s degree or (equivalent qualification) with at least a weight average mark (WAM) of 65%.
- Completion of the Graduate Diploma in Actuarial Studies with at least a WAM of 65%.

**Master of Actuarial Studies (Extension)**

Program code: 8416
CRICOS code: 081778K
Duration: 2 years
Entry: February, June and September
Estimated first year tuition: AUD$20,165

Entry requirements

- A recognised bachelor’s degree or an equivalent qualification with a substantial component of mathematics, statistics, econometrics or financial engineering.

**Graduate Certificate in Actuarial Studies**

Program code: 7451
CRICOS code: 103145Q
Duration: 0.7 year
Entry: February, May and September
Estimated first year tuition: AUD$25,100

Entry requirements

- A recognised bachelor’s degree or an equivalent qualification, or
- At least three years relevant work experience in related fields, for example, analytics, clerical or administrative work in banking, finance or marketing organisations (commercial or public service).

**Business Administration**

The AGSM Master of Business Administration (MBA) will prepare you for general management and executive leadership roles in government, business and not-for-profit organisations. Acquire management insights from current business leaders and benefit from the diverse and globalised knowledge of your fellow students.

The MBA (Extension) allows you to extend your study plan to include an additional term for an internship or research project. You can study the MBA (full-time) with the addition of an extra session (Extension Session). For more information, visit uon.edu.au/business/agsm

**Graduate Certificate in Business Analytics**

Program code: 7461
CRICOS code: 103145G
Duration: 0.7 year
Entry: February, May and September
Estimated first year tuition: AUD$25,100

Entry requirements

- A recognised bachelor’s degree with at least at least a weight average mark (WAM) of 65% or
- 5 years relevant work experience.

You can also develop expertise in data and analytics with the Master of Commerce, specialising in Business Analytics or Marketing Analytics. See page 57 for details.

**Analytics**

Our world today is built on data. Data is woven through every industry, organisation and profession. Data can help us solve some of the biggest challenges facing our world today. Professionals with the skills and knowledge to analyse data are in demand. Organisations of all sizes want professionals who can apply data-driven decisions. Our suite of analytics programs are designed to meet this demand.

**Master of Analytics (Online)**

Program code: 8437
Duration: 2 years (online only)
Entry: January, March, May, July, September, November
Estimated first year tuition: AUD$17,770

Entry requirements

- An Australian bachelor’s degree (or equivalent qualification) with at least a weight average mark (WAM) of 65%.

**Graduate Diploma in Analytics (Online)**

Program code: 5437
Duration: 1.4 years (online only)
Entry: January, March, May, July, September, October
Estimated first year tuition: AUD$13,880

Entry requirements

- An Australian bachelor’s degree (or equivalent qualification) with at least a WAM of 65%.

**Graduate Certificate in Analytics (Online)**

Program code: 7451
Duration: 0.7 year (online only)
Entry: January, March, May, July, September, October
Estimated first year tuition: AUD$24,975

Entry requirements

- An Australian bachelor’s degree (or equivalent qualification) with at least a WAM of 65%.

**MBA (Law)**

Program code: 8551
CRICOS code: 068220C
Duration: 1 year or undertake the 2 year extension program
Entry: AGSM Session 1 (Term 1)
Estimated first year tuition: AUD$45,775

Entry requirements

- A prior degree from a recognised tertiary institution.
- At least 2 years relevant professional and management experience with an undergraduate degree, or 6 years experience without a previous degree.

MBA is AGSM’s next generation online MBA. This unique online management degree allows you to seize professional opportunities and give you the edge you need to succeed.

**AGSM MBAX (Online)**

Program code: 8525
Duration: 1 to 6 years part-time (online only)
Entry: February, May and September
Estimated first year tuition: AUD$37,740

Entry requirements

- A prior degree from a recognised tertiary institution
- At least 2 years relevant professional and management experience with an undergraduate degree, or 6 years experience without a previous degree.

AGSM MBAX is AGSM’s next generation online MBA. This unique online management degree allows you to seize professional opportunities and give you the edge you need to succeed.

**Areas of specialisation**

- MBA (Finance)
- MBA (Strategy)
- MBA (Marketing)
- MBA (Technology)

**Industry Insights and Networks**

- The latest and best MBA-related opportunities in Australia and overseas. We will help you connect with alumni and recruiters at leading organisations and organise a series of annual events and networking opportunities.

**Internships and Projects**

- Further accelerate your career transition by undertaking an internship or project during your studies. We can work with you to undertake a paid internship, access a suite of virtual options, or participate in projects as an elective in your MBA.

**Professional recognition**

- The AGSM program is accredited by the Association to Advance Collegiate Schools of Business (AACSB) and has European Foundation for Management Development (EFMD) EQUIS accreditation. AGSM is part of the world’s leading business schools – only 1% of more than 10,000 business schools in the world have received EQUIS accreditation.

**Scholarships**

- AGSM offers a range of scholarships for exceptional candidates who demonstrate leadership potential, academic ability and a commitment to their community.

**Careers and recruitment services**

- Career Accelerator is AGSM’s dedicated to assisting AGSM students to realise their career ambitions and to provide them with the tools for life-long career success. We offer support and guidance to equip students with the career development skills and industry networks to achieve their career goals.

**Careers**

- Plan and manage your career by accessing our career resources and booking an individual career consultation. These services will provide you with personalised career guidance and support.
UNSW Business School

Commerce Specialisations

Accounting | Accounting is not just about crunching numbers. Accountants seek to improve the economics, wealth and welfare of shareholders, employees, customers, suppliers, governments and the community with their business recommendations. Students can also study the Chartered Institute of Management Accountants (CIMA) syllabus to meet CIMA accreditation requirements.

Business Analytics | Be a business problem solver and a key aspect of the decision making process with Business Analytics. You will be equipped with the skills to produce and communicate actionable findings and insights from organisational data through descriptive, predictive and prescriptive analytics.

Cyber Security, Risk and Privacy | Studying Cybersecurity, Risk and Privacy at UNSW Business School will equip you to develop new technological and managerial approaches to cybersecurity and data protection.

Digital Transformation | Specialising in Digital Transformation will equip you to help organisations and businesses become competitive in the digital economy by transitioning to new technologies, business models and processes.

Economics and Finance | Learn how individuals, firms, financial institutions and government interact in the financial market. In this Master of Commerce specialisation, you will analyse decision making in the face of market risk and uncertainty and understand how current global and domestic events impact this decision-making process.

Finance | Work with global banks, multinational corporations or the stock exchange in a career as rewarding as challenging, with a UNSW Finance qualification. Finance can be a high risk, high reward industry requiring decisive strategy in the face of uncertainty.

Financial Technology | FinTech is used to create, enhance and disrupt financial services, from peer-to-peer lending and robo-advice to decentralised finance, such as Bitcoin. By identifying industry demands, FinTech sits at the forefront of industry needs, developing highly employable graduates.

Global Sustainability and Social Impact | Get ahead in your career while making a meaningful difference to people’s lives, communities and the environment. Far more than simply ‘doing good’, social impact means creating sustainable change in corporate, government and not-for-profit sectors.

Human Resource Management | Human Resource Management explores the business of people. Staff are a company’s most valuable asset, making the Human Resources Manager a critical position in any public or private organisation.

International Business | Learn to skillfully manoeuvre through the complex world of highly competitive international markets. You will immerse the art of managing multinationals as you craft strategies that consider global business’s economic, social, legal, political, and cultural contexts.

Marketing | Marketing is essential to every business in today’s highly competitive marketplace. It is a dynamic function aimed at creating differentiation and competitive advantage for a company; so you will learn to identify and understand the needs and wants of consumers.

Marketing Analytics | Marketing is essential to every business in today’s highly competitive marketplace. It is a dynamic function aimed at creating differentiation and competitive advantage for a company; so you will learn to identify and understand the needs and wants of consumers.

Risk Management | It is a great responsibility to lead decision making that could dramatically impact the financial success of a business. A highly skilled risk analyst requires heightened senses in the art of risk perception to predict, avoid, identify, monitor, mitigate and manage potential threats to a business.

Strategy and Innovation | Innovation drives change and helps us adapt to disruption. Strategy shapes change for business impact and purpose. Studying this specialisation will teach you how to transform challenges into opportunities, problems into products, and new insights into sustainable high performance businesses.

With the latest thinking across research, innovation and industry at their core, UNSW’s Master of Commerce programs are designed in consultation with industry to prepare you for success in the careers of the future. Guided by our experts and renowned professionals, you will:

• Tailor a program and gain career experience unique to your goals.
• Join a global business community, shaping a sustainable future.
• Expand your mind and deepen your knowledge at a global top 50 university.

Throughout your studies you’ll access professional experiences and Work Integrated Learning (WIL) opportunities, which can be built into your degree. You will be able to demonstrate these experiences to employers through an online portfolio.

UNSW offers 14 unique commerce specialisations. Through the Master of Commerce you can choose to:

• Broaden your experience by choosing two specialisations, or
• Deepen your expertise by choosing one specialisation, plus related electives.

Through the Master of Commerce (Extension) you will take two specialisations and:

• Deepen your knowledge in each through related electives, or
• Diversify your experience through general electives.

Professional recognition

Depending on the specialisation chosen, the Master of Commerce and Master of Commerce (Extension) meet the education requirements of various professional accreditation bodies including Australian Human Resources Institute and Chartered Institute of Management Accountants.

“Studying my masters at UNSW was about more than getting a degree. I connected with industry leaders, sat as an executive member of a student society and took part in entrepreneurial competitions. These experiences combined with UNSW’s reputation as a leading business school, locally and internationally, made me stand out from the crowd.”

– Shirin Shiran, Master of Commerce

UNSW BUSINESS SCHOOL

Commerce

Master of Commerce

Program code 8404
CRICOS code 00093K
Duration 1.7 years
Entry February, May and September
Estimated first year tuition AUD$55,200

Entry requirements

A recognised bachelor’s degree (or equivalent qualification) with at least a credit average (65%)

Recognition of Prior Learning

If your previous study is relevant, you can gain credit for up to four courses (24 Units of Credit). This means you may be able to study fewer subjects and be eligible to graduate faster.

Master of Commerce (Extension)

Program code 8417
CRICOS code 05627G
Duration 2 years
Entry February, May and September
Estimated first year tuition AUD$50,200

Entry requirements

A recognised bachelor’s degree (or equivalent qualification) with at least a credit average (65%)

Note: The Master of Commerce (Extension) is designed for students who want to study two business specialisations to expand their career options.

Possible combinations include:

• Marketing and Marketing Analytics
• Global Sustainability and Social Impact
• International Business
• Innovation & Entrepreneurship and Finance
• Business Strategy and Economics and Finance

Graduate Certificate in Commerce

Program code 7355
CRICOS code 055630D
Duration 0.7 years
Entry February, May and September
Estimated first year tuition AUD$25,100

Entry requirements

A recognised bachelor’s degree (or equivalent qualification) with at least a credit average (65%)

• At least five years of relevant work experience in a related field, for example, clinical, administrative, supervisory or management work in banking, finance or marketing organisations (commercial or public service),

56

57
Master of Applied Economics

Program Code: 8429
CRICOS Code: 06833G
Duration: 2 years
Entry February and September
Estimated first year tuition: AUD$50,208

If you are seeking a career as a professional economist, the Master of Applied Economics degree will prepare you to succeed. Gain advanced knowledge and practical skills with expertise in business forecasting, development economics, industrial organisation and financial systems. The program can be completed in as little as one year, depending on your previous learning and/or work experience.

Economics

Graduate Certificate in Economics

Program Code: 7412
CRICOS Code: 08847A
Duration: 0.7 years
Entry February and September
Estimated first year tuition: AUD$25,140

Areas of specialisation

- Corporate Finance and Investment Banking
- Finance (General)
- Funds Management
- Financial Technology

Professional recognition

You may be eligible for Associate membership with the Financial Services Institute of Australia (FISIA) on completion of this degree.

Note: The Master of Finance was accepted into the University Recognition Program of the Chartered Financial Analyst (CFA) Institute. The courses in this program are closely tied to professional practice and can help you prepare for the CFA examinations.

Graduate Diploma of Applied Finance

Program Code: 5436
Duration: 1.2 years
Entry January, March, May, July, September, October
Estimated first year tuition: AUD$36,900

Entry requirements

- A recognised bachelor’s degree (or equivalent qualification) with a credit average (65% or higher) as determined by the UNSW Admissions Entry Calculator.

Financial Planning

Take your career in personal financial and investment advice to the next level with UNSW’s Graduate Certificate in Financial Planning. Upon successful completion of this program, you can articulate into the Master of Commerce (Finance) specialisation.

Program Code: 7273
CRICOS Code: 07521G
Duration: 0.7 years
Entry February and September
Estimated first year tuition: AUD$25,140

Entry requirements

Category A

- A recognised bachelor’s degree (or equivalent qualification), and a minimum two years of full-time relevant work experience; or

Category B

Professionals without a bachelor degree require a minimum of 4 years work experience, as determined by UNSW Business School, plus demonstrated completion of professional courses or studies. Applicants must provide a detailed resume (outlining relevant professional and academic achievements) and evidence of other academic and professional qualifications.

Financial Technology

These programs will give you the skills to respond to the technological revolution occurring in the financial services industry. Learn how to innovate, evaluate, communicate and implement new ideas involving data and technology. Gain insight into areas such as start-up management, tech disruption, tech tools, robo-advisory and portfolio optimisation.

Program Code: 8433
CRICOS Code: 08593J
Duration: 2 years (online only)
Entry January, March, May, July, September and October
Estimated first year tuition: AUD$37,900

Entry requirements

- A recognised bachelor’s degree (or equivalent qualification) with WAM of 65 or above as determined by the UNSW Admissions Entry Calculator.

Master of Financial Technology (Online)

Program Code: 7434
CRICOS Code: 07452G
Duration: 0.5 years (online only)
Entry January, March, May, July, September and October
Estimated first year tuition: AUD$25,140

Entry requirements

- A recognised bachelor’s degree in any discipline, or

- At least five years of relevant work experience in a commercial or public service organisation related to business, banking or finance.

You’ll also find a wide range of FinTech study options in the Master of Commerce. See page 57 for details.

Graduate Certificate of Applied Finance

Program Code: 7406
Duration: 0.7 years
Entry January, March, May, July, September, October
Estimated first year tuition: AUD$32,249

Entry requirements

- A recognised bachelor’s degree in any discipline, or

- Three years of relevant work experience in a commercial or public service organisation related to business, banking or finance.
International Business

Master of International Business

Program code 8571
CRICOS code 07846K
Duration 2 years
Entry February, May and September
Estimated first year tuition AUD$5,200

Gain an in-depth understanding of the key issues in the global business environment and successfully lead businesses on an international scale. The Master of International Business will give you the ability to think globally and strategically, setting you up to become an effective and successful leader in the global business environment. This program is suitable for students with an undergraduate degree in any field.

Management

Rapid changes in technology and the emergence of new business models are disrupting many, if not all, industries. This disruption is having a profound impact on the way we work. Employers are placing greater importance on hiring professionals from a broad range of disciplinary backgrounds who possess a combination of hard and soft skills and can creatively approach problems and tasks. UNSW’s suite of online management programs provide you with the fundamentals of business, as well as contemporary topics designed to prepare you for a future in business management.

Master of Management (Online)

Program code 8431
Duration 2 years
Entry January, March, May, July, September, October
Estimated first year tuition AUD$27,960

Entry requirements

A recognised bachelor's degree (or equivalent qualification) as determined by the UNSW Business School; or

Completion of the Graduate Certificate in Business

Graduate Certificate in Business (Online)

Program code 7413
Duration 8.7 years
Entry January, March, May, July, September, October
Estimated first year tuition AUD$24,945

Entry requirements

A recognised bachelor’s degree or equivalent in any discipline or specialization; or

A minimum of three years’ relevant work experience; or

Completion of the Graduate Certificate in Business

Professional Accounting

Gain expert knowledge and skills for a successful career in accounting with the Master of Professional Accounting. You’ll develop a solid foundation in business with a strong accounting acumen. Learn from industry experienced academics to gain professional recognition leading accounting bodies.

The Master of Professional Accounting (Extension) follows the structure of the Master of Professional Accounting with four extra courses in your choice of electives to further your knowledge.

Professional recognition

This program meets the educational requirements of peak professional accounting bodies including CPA Australia, Chartered Accountants Australia and New Zealand (CAANZ), and ACCA (Accounting).

Master of Professional Accounting

Program code 8419
CRICOS code 05122J
Duration 1.7 years
Entry February, June and September
Estimated first year tuition AUD$8,280

Entry requirements

A recognised bachelor’s degree (or equivalent qualification) with at least a credit average (65%) in any discipline. Note: This program is suitable for graduates with limited or no previous study in Accounting.

Recognition of Prior Learning

Up to four courses (24 UOC) may be awarded based on your previous business studies (bachelor’s degree or higher).

Master of Professional Accounting (Extension)

Program code 8415
CRICOS code 05653K
Duration 2 years
Entry February, June and September
Estimated first year tuition AUD$8,280

The Master of Professional Accounting (Extension) will build on your study by adding four elective courses to gain additional knowledge in accounting or related business areas.

Entry requirements

A recognised bachelor’s degree (or equivalent qualification) with at least a credit average (65%) in any discipline. Note: This program is suitable for graduates with limited or no previous study in Accounting.

Social Impact

UNSW’s Social Impact programs will build your professional capacity as a social manager and entrepreneur across corporate, government and not-for-profit sectors. Develop skills and knowledge in social entrepreneurship, innovation, investment and governance and enhance your understanding of the dynamics of the social economy. Gain a deeper understanding on how business, social enterprise, government, foundations and community organisations can work together to enact social change.

Graduate Certificate in Social Impact

Program code 7357
CRICOS code 101069
Duration 0.7 years
Entry February, May and September
Estimated first year tuition AUD$25,100

Entry requirements

A recognised bachelor's degree (or equivalent qualification) with at least a credit average (65%), and a minimum of two (2) years full-time professional experience in professional services firms or in government departments.

Note: Courses in these degrees are delivered in a variety of modes including online, face-to-face and intensive. If you will be studying online from your home country, no student visa is required. Studying these degrees face-to-face at UNSW Sydney requires a student visa.

Graduate Diploma in Social Impact

Program code 5357
CRICOS code 010874
Duration 1 year
Entry February, May and September
Estimated first year tuition AUD$58,200

Entry requirements

A recognised bachelor’s degree (or equivalent qualification) with at least a credit average (65%) and a minimum two years of full-time relevant work experience; or

Category A

A recognised bachelor’s degree (or equivalent qualification) with at least a credit average (65%) and at least five years full-time relevant work experience in government, corporate or not-for-profit sector; or

Category B

Students completing the Graduate Certificate in Social Impact with a minimum overall WAM (65%)

Taxation

Master of Taxation

Program code 9258
CRICOS code 015840
Duration 1 year
Entry February, May and September
Estimated first year tuition AUD$5,200

The Master of Taxation gives tax professionals and practitioners the skills and knowledge to manage taxation issues in business decisions and transactions. You will deal with the more complex aspects of the discipline including applied and international taxation, financial planning and revenue administration, as well as developing a critical understanding of the Australian taxation system.

Graduate Certificate in Taxation

Program code 7321
CRICOS code 018908
Duration 8.7 years
Entry February, May and September
Estimated first year tuition AUD$25,100

Entry requirements

A recognised bachelor’s degree (or equivalent qualification) in Taxation, Law, Accounting or Business, as determined by UNSW Business School; and a minimum of two (2) years full-time professional experience in professional services firms or in government departments.

Category A

A recognised bachelor’s degree (or equivalent qualification) in any discipline as determined by UNSW Business School, and a minimum of two (2) years full-time professional experience in professional services firms or in government departments.

Category B

A recognised bachelor’s degree (or equivalent qualification) with a credit average of at least 65%, and a minimum of two (2) years full-time professional experience in the ‘equivalent qualification’ criteria and evidence of academic and professional qualifications.

Note: Courses in these degrees are delivered in a variety of modes including online, face-to-face and intensive. If you will be studying online from your home country, no student visa is required. Studying these degrees face-to-face at UNSW Sydney requires a student visa.

Graduate Certificate in Social Impact

Program code 7357
CRICOS code 109131
Duration 0.7 years
Entry February, May and September
Estimated first year tuition AUD$25,100

Entry requirements

A recognised bachelor degree (or equivalent qualification) with a credit average as determined by the UNSW Postgraduate Coursework Entry Calculator; and

Relevant professional work experience in professional services firms or government departments.

Graduate Diploma in Social Impact

Program code 5357
CRICOS code 101069
Duration 1 year
Entry February, May and September
Estimated first year tuition AUD$58,200

Entry requirements

A recognised bachelor’s degree (or equivalent qualification) with at least a credit average (65%) and a minimum two years of full-time relevant work experience; or

Category A

A recognised bachelor’s degree (or equivalent qualification) with at least a credit average (65%) and at least five years full-time relevant work experience in government, corporate or not-for-profit sector; or

Category B

Students completing the Graduate Certificate in Social Impact with a minimum overall WAM (65%)
Pre-Doctoral Business

The Master of Pre-Doctoral Business Studies is a pathway for if you want to complete a PhD at UNSW Business School. You will study the first component of the doctoral program which is designed to allow you to take up to two successive years of advanced coursework during your doctoral studies.

Entry requirements
- The equivalent of a three-year undergraduate degree, plus a postgraduate degree in a relevant discipline with at least a distinction average (75%), or
- The equivalent of multiple undergraduate degrees, such as a double degree from UNSW, with at least one degree in a relevant discipline, and at least a distinction average (75%), or
- The equivalent of a four-year bachelor’s degree with first or upper second-class honours from UNSW in a relevant discipline.

Economics stream applicants must provide results for the GRE unless waived by the Stream Convenor. Marketing stream applicants must provide results for the GMAT unless waived by the Stream Convenor.

You must submit a 300-word statement outlining your research interests as well as three potential referees. Admission is at the discretion of the UNSW Business School and depends on the Business School research supervision capacity and resources available for your research interests.

Entry February, May and September
Estimated first year tuition AUD$50,065

Program code 8635
CRICOS code 096892J
Duration 1 year

Research Programs

UNSW Business School is internationally recognised for world-class research. Our research degrees will expand your knowledge in your chosen field. Be inspired to think deeply and develop independent cutting-edge research. The higher degree research programs have been designed to equip candidates with the skills required for a future research career in the world’s elite institutions.

Entry requirements
- The equivalent of a three-year undergraduate degree plus a postgraduate degree in a relevant discipline from UNSW with at least a distinction average (75%); or
- The equivalent of multiple undergraduate degrees, such as a UNSW double degree, with at least one in a relevant discipline, and at least a distinction average (75%); or
- The equivalent of a four-year bachelor’s degree with first or upper second-class honours from a relevant discipline.

Areas of specialisation
- Accounting
- Banking and Finance
- Economics
- Information Systems and Technology Management
- Management
- Marketing
- Risk and Actuarial Studies
- Taxation and Business Law

The Graduate Research School Admissions and Scholarships team provides advice and support to all applicants for admission to a UNSW Higher Degree Research program or scholarship.

Go to page 124 for further information or email international.grs@unsw.edu.au

Areas of specialisation
- Accounting
- Risk and Actuarial Studies
- Banking and Finance
- Economics
- Human Resource Management
- Industrial Relations
- Information Systems and Management
- Marketing
- Organisational Behaviour
- Taxation and Business Law

Doctor of Philosophy (PhD)

Duration 3-4 years
Entry February, May and September
Estimated first year tuition AUD$36,040
Career outcomes

- Acoustic Engineer
- Chief Project Manager
- Drill and Blast Engineer
- Energy System Engineer
- Field Geotechnical Engineer
- Food Process Engineers
- Head Network and Security Engineer
- Lead Systems Engineer
- Mechanical Project Engineer
- Medical Devices Engineer
- Principal Avionics Engineer
- Quantum Control Specialist
- Renewable Energy Project Engineer
- Roboticist
- Senior Project Engineer
- Senior Site Engineer
- IT Project Manager
- Transport Engineering Consultant
- Underground or Open Pit Mining Engineer
- Water and Waste Engineers

Empower yourself at a globally renowned engineering faculty, where passion, diverse perspectives and a hands-on approach create solutions for a better world.

Set yourself apart studying at the #1 engineering faculty in Australia* with the largest range of disciplines, including emerging areas like quantum engineering and renewable energy engineering.

*QS Rankings by Subject 2022

Enrich your studies through our diverse and inclusive student community. Our clubs and societies bring students together for professional development programs and networking opportunities.

For more information, visit unsw.edu.au/engineering
Real-world engineering
From day one, you will develop your abilities as an engineer in the classroom and through hands-on practical experience. Build valuable industry networks and contacts with our unparalleled industry connections and while you study. Learn from industry leaders, create and design projects in our Makerspaces and participate in student projects. You can attend industry recruitment events and go on international exchange, giving you valuable real-world experience to prepare you for a successful career.

Meeting global challenges
Make a positive difference in the world when you combine your passion and creativity to meet global challenges. You will have access to the world’s best facilities and research to help you reframe global problems and engineer innovative solutions for individuals and communities.

The ChalENG Program
The ChalENG Program connects you with academics and industry partners as part of exciting, real-world, project-based learning initiatives. ChalENG prepares you for your future career through practical learning experiences that are valued in the real-world. You will expand your professional expertise through a multidisciplinary learning approach that develops your technical and design skills. Many of the ChalENG projects earn academic credit (for-credit-elective) or are eligible for Industrial Training.

For more information, visit: [chaleng.unsw.edu.au](chaleng.unsw.edu.au)

Student societies
Make friends with other students and expand your professional network: join our flagship Engineering Society (EngSoc) and Women in Engineering Society (WiEiSoc). Our full range of societies offer professional development programs and social activities throughout the year.

Engineering Postgraduate Admission Scheme (EPAS)
If you apply to UNSW Engineering for a postgraduate program and do not meet the minimum average mark requirement you may still be able to gain admission through the Faculty of Engineering’s Postgraduate Admissions Scheme (EPAS). This scheme is an alternative pathway for engineering students applying for postgraduate coursework study. The process includes an interview and successful students will receive an offer for their chosen master’s program. EPAS is currently only available for master’s coursework programs, not for Graduate Certificates or Diplomas.

All applicants are assessed for EPAS eligibility, and if you are eligible to gain entry through EPAS you will be contacted by the faculty.

You must apply for a master’s coursework program first to be considered for EPAS.
Engineering or Engineering Science?

The Master of Engineering is designed for students who are looking to become an accredited engineer. This 2-year program includes 60 days of industrial training and is accredited by Engineers Australia, which means you can work as an engineer in Australia and around the globe.

The Master of Engineering Science is designed for qualified and professional engineers to upskill, reskill or retrain in a specific area of engineering. There are 25 specialisations to choose from. Depending on your previous studies and experience you can complete this degree in just one year.

Engineering

Master of Engineering

The Master of Engineering aims to provide deeper project experience and increased technical confidence across selected research disciplines. It’s designed for students who don’t have an accredited engineering qualification but who have either completed a non-accredited engineering degree or the equivalent of the first three years of an accredited engineering degree.

Entry requirements
Entry into this Master’s program requires the completion of a 4-year non-accredited (under the Washington Accord) Bachelor of Engineering degree (or equivalent) in a cognate discipline.

Alternatively, eligible applicants include those who hold a 3-year Engineering Science degree in a cognate discipline, at least equivalent to the first three years of an Engineering degree accredited under the Washington accord.

A minimum 65% average, or equivalent, over the duration of the qualifying Bachelor’s degree is also required.

For a postgraduate qualification recognised and recognised by employers globally, join a faculty ranked 13th in the world (for civil and structural engineering) and top in Australia for engineering. Develop specialised skills and knowledge in today’s most in-demand engineering specialisations to take your career to the next level. QS World University Rankings by Subject, 2022

This program has compulsory Work Integrated Learning components.

Program code 8521
CRICOS code 86760G
Duration 2 years
Entry February, May and September
Estimated first year tuition AUD549,256

Areas of specialisation
- Biomedical Engineering
- Civil Engineering
- Electrical Engineering
- Environmental Engineering
- Mechanical Engineering
- Mining Engineering
- Petroleum Engineering
- Renewable Energy
- Telecommunications

This degree is accredited by Engineers Australia.

A pathway for entry into the program for graduates from both 4-year Bachelor of Engineering degrees in non-cognate disciplines, and 3-year Bachelor of Science degrees, exists via enrolment first into the Bachelor of Engineering (BE) program, where advanced standing (to a maximum of 2 years) may be granted.

Areas of specialisation
- Biomedical Engineering
- Civil Engineering
- Electrical Engineering
- Environmental Engineering
- Mechanical Engineering
- Mining Engineering
- Petroleum Engineering
- Renewable Energy
- Telecommunications

This degree is accredited by Engineers Australia.

The Master of Engineering Science offers in-depth, open-ended enquiry-based projects in 25 specialisations. The degree is designed for engineers and graduates to develop and expand their technical knowledge and build management skills in their area of expertise or in a new area of specialisation.

Areas of Specialisation
- Biomedical Engineering (master only)
- Chemical Process Engineering
- Civil Engineering
- Electrical Engineering
- Energy Systems
- Environmental Engineering
- Food Process Engineering
- Geotechnical Engineering & Engineering Geology
- Geothermal Engineering (master only)
- Manufacturing Engineering & Management
- Mechanical Engineering
- Nuclear Engineering
- Petroleum Engineering*
- Photovoltaics & Solar Energy
- Project Management
- Renewable Energy
- Robotics (master only)
- Space Systems Engineering (master only)
- Structural Engineering
- Sustainable Systems (master only)
- Systems & Control (master only)
- Telecommunications
- Transport Engineering (master only)
- Water Engineering: Catchments to Coasts
- Water, Wastewater & Waste Engineering

*Also available for online study. International students studying online are not eligible for an Australian student visa for this study mode.

Graduate Diploma in Engineering Science

Entry requirements
A recognised four-year bachelor’s degree in a relevant area of at least a credit average (65%). As determined by the Postgraduate Entry Score Calculator.

Completion of the 7320 UNSW Graduate Diploma in Engineering Science with a minimum 65% average; or Completion of the 7320 UNSW Graduate Certificate in Engineering Science with a minimum 65% average. Find out more at www.engineering.unsw.edu.au/eng-open-learning

Students with an appropriate background can apply for advanced standing to complete this degree in 1.5 years.

Students studying the Petroleum Engineering specialisation have access to the Open Learning program. For more information go to www.tong.open-learning.

This applies for the Master of Engineering Science as well as the Graduate Diploma and Graduate Certificate in Engineering Science.

Master of Engineering Science/Master of Commerce (Dual Award)

The Master of Engineering Science and Master of Commerce is designed for early or mid-career professionals to advance their careers. You will deepen your engineering expertise with innovative, industry-relevant business thinking and the opportunity to maintain professional accreditation standards, develop your network and continue your professional development. Both degrees allow you to specialise, choosing from disciplines to pursue your career ambitions.

Entry requirements
- A recognised four-year bachelor’s degree in a relevant area of engineering with at least a credit average (65%).
- A completed UNSW Graduate Diploma in Engineering Science with at least a credit average (65%).
- A completed UNSW Graduate Certificate in Engineering Science with at least a credit average (65%).

Students with a relevant background can apply for advanced standing to complete this degree in 1.5 years.
Information Technology

Information technology is fast moving. The Master of Information Technology will put you at the forefront of creating future technologies. You will learn to anticipate requirements and develop applications and services in areas such as networking, data mining and robotics. You can choose up to two majors. A Graduate Diploma in Information Technology and a Graduate Certificate in Computing is also available and is designed for those with little or no computing background.

Areas of specialisation
- Artificial Intelligence
- Bioinformatics
- Data Science & Engineering
- E-Commerce Systems
- Information Technology
- Internetworking

Master of Information Technology

Program code: 8543
CRICOS code: 86194J
Duration: 2 years
Entry: February, May and September
Estimated first year tuition: AUD$49,135

Entry requirements
• A three-year undergraduate degree equivalent to a standard Australian bachelor degree in a discipline including at least three mathematics courses, and a minimum 65% average.
• Completion of a 3 year BSc in Computer Science or Bioinformatics (or cognate discipline) at UNSW or equivalent, and a minimum 65% average.
• Completion of the Graduate Diploma in Information Technology, and a minimum 65% average.
• Completion of the Graduate Certificate in Computing, and a minimum 65% average.

This program has accreditation from Australian Computer Society.

Graduate Diploma in Information Technology

Program code: 5543
CRICOS code: 86193K
Duration: 1.7 years
Entry: February, May and September
Estimated first year tuition: AUD$49,135

Entry requirements
• A three-year undergraduate degree equivalent to a standard Australian bachelor degree in a discipline containing mathematics up to year two level, and a minimum 65% average.
• Completion of the 7543 3WSW Graduate Certificate in Computing, and a minimum 65% average or no fails.

Graduate Certificate in Computing

Program code: 7543
CRICOS code: 85269E
Duration: 0.7 years
Entry: February, May and September
Estimated first year tuition: AUD$2,615

Entry requirements
• A three-year undergraduate degree equivalent to a standard Australian bachelor’s degree with at least a credit average (65%).
• At least three years of work experience in science or engineering fields, or
• Other applications will be considered on a case-by-case basis based on a combination of education and work experience.

Biomedical Engineering

The Master of Biomedical Engineering will teach you to apply engineering principles to developing technologies and problem solving in a diverse range of health care related fields. If you have a medical/biological science or engineering/physical science background, you will benefit from this degree. A graduate diploma program is also available.

Master of Biomedical Engineering

Program code: 8668
CRICOS code: 089029F
Duration: 2 years
Entry: February and September
Estimated first year tuition: AUD$54,185

Entry requirements
• A four-year Bachelor of Engineering degree with at least a credit average (65%).
• A recognised four-year bachelor’s degree in a biomedical health-related discipline with honours either embedded or as a single honours year with at least a credit average (65%) and two courses of first-year university level mathematics or equivalent, or
• A graduate diploma in biomedical engineering, such as SA40 Engineering (Biomed Eng) or the equivalent, with at least a credit average (65%).

Graduate Diploma in Biomedical Engineering

Program code: 5441
CRICOS code: 006845K
Duration: 1 year
Entry: February and September
Estimated first year tuition: AUD$48,175

Entry requirements
• A three-year Bachelor of Engineering degree with at least a credit average (65%).
• A recognised three-year bachelor’s degree in a biomedical health-related discipline with honours (either embedded or as a single honours year) with at least a credit average (65%), and two courses of first-year university level mathematics or equivalent.

Cyber Security

The cyber security programs are delivered 100% online to give you the flexibility to build on your knowledge from anywhere in the world. Learn key skills that help provide safe and secure online experiences and combat cybercrime. Gain a security engineering mindset to analyze current trends and anticipate the future of cybercrime. Examine how organisations can handle data in secure ways, learn the fundamentals of privacy and identify the best practices for managing and responding to security risks in a rapidly changing global environment.

Areas of specialisation
Choose from either the Management and Leadership specialisation or Security Engineering specialisation within this program to further develop your expertise and diversify your career options.

Master of Cyber Security

Program code: 8649
Duration: 2 years
Entry: January, March, May, July, September and October
Estimated first year tuition: AUD$57,188

Entry requirements
• A completed Graduate Certificate in Cyber Security with at least a credit average (65%) or no fails, or
• A completed Graduate Diploma in Cyber Security with at least a credit average (65%) or no fails, or
• A recognised undergraduate degree in a discipline cognate to the selected stream (e.g. Computer Science, Leadership, Policy) with at least a credit average (65%), or
• At least four years of relevant experience with demonstrated skills and ability in leadership.

Graduate Diploma in Cyber Security

Program code: 5640
Duration: 1.4 years
Entry: January, March, May, July, September and October
Estimated first year tuition: AUD$57,188

Entry requirements
• A completed Graduate Certificate in Cyber Security with at least a credit average (65%) or no fails, or
• A recognised undergraduate degree in a discipline cognate to the selected stream (e.g. Computer Science, Leadership, Policy) with at least a credit average (65%), or
• A recognised undergraduate degree in a discipline cognate to the selected stream (e.g. Computer Science, Leadership, Policy) with at least a credit average (65%), or
• At least four years of relevant experience with demonstrated skills and ability in leadership.

Graduate Certificate in Cyber Security

Program code: 7649
Duration: 0.7 years
Entry: January, March, May, July, September and October
Estimated first year tuition: AUD$2,628

Entry requirements
• A bachelor’s degree or equivalent with at least a credit average (65%) or sufficient professional experience in analytics with at least two years of experience in an analytical role.

International students are not eligible for an Australian student visa for this program.
Food Science

Food scientists and graduates wishing to advance their skills and engineers seeking to move into food science will develop expertise through a complex, open-ended research-based project in the Master of Food Science. Gain a deep understanding of the agri-food business and develop the ability to analyse food-science problems.

Master of Food Science

Program code 8837
CRICOS code 084284M
Duration 2 years
Entry February, May and September
Estimated first year tuition AUD540,265

Entry requirements
- A bachelor’s degree in Food Science with at least a credit average (65%) or.
- A Graduate Diploma in Food Science from UNSW with at least a credit average (65%) or.
- An equivalent qualification from another recognised university or tertiary institution.

Graduate Diploma in Food Science

Program code 5817
CRICOS code 084289M
Duration 1 year
Entry February, May and September
Estimated first year tuition AUD540,178

Entry requirements
- A bachelor’s degree in Food Science or a related discipline defined for each specialisation, with at least a credit average (65%); or
- An equivalent qualification from a recognised university or tertiary institution.

Graduate Certificate in Food Science

Program code 7317
CRICOS code 182637J
Duration 8.7 years
Entry February, May and September
Estimated first year tuition AUD24,685

Entry requirements
- A recognised four-year (honours) degree in mining engineering, engineering geology, civil engineering or geotechnical engineering from a recognised institution with at least a credit average (65%) and no course fails.
- Completion of UNSW Graduate Diploma in Mining Engineering (program 5335) with a minimum of 65% average and no course fails.

Petroleum Engineering

Graduate Certificate in Petroleum Engineering

Program code 7543
CRICOS code 088768B
Duration 9.7 years
Entry February and September
Estimated first year tuition AUD50,688

Entry requirements
- A three or four-year Bachelor of Engineering/Science degree in a relevant discipline or an equivalent qualification from a recognised university or tertiary institution.
- Individual consideration will be given if you have relevant petroleum industry experience with vocational training.
- A minimum five years of full-time relevant professional experience in the upstream petroleum industry is required. Students are required to demonstrate work experience in the upstream petroleum industry (i.e. the exploration, reservoir engineering, drilling and production of oil and/or gas). An entry interview may be required.

If you are currently working in the mining industry, or planning a career change, the Master of Mining Engineering allows you to undertake advanced study in mining engineering. Mineral & Mining Engineering is UNSW’s best performing subject ranked third in the world*. You can choose one of two specialisations – Mine Geomechanics or Mine Management. Most courses can be studied on a part-time basis. A Graduate Diploma in Mining Engineering is also available.

Areas of specialisation
- Mine Geomechanics
- Mine Management

Master of Mining Engineering

Program code 8335
CRICOS code 084284K
Duration 1.7 years
Entry February and September
Estimated first year tuition AUD54,248

Entry requirements
- A recognised three-year degree in mining engineering or a related engineering or physical sciences discipline (three or four years) from a recognised institution with a credit average of 65% over the final two years of the degree, plus a minimum of one year relevant industry experience; or
- A three or four-year degree based on portfolio supporting the application, including details of relevant industry experience. Relevant industry experience is defined by the UNSW School of Minerals and Energy Resources Engineering as professional and/or industry responsibility in mining or mining associated services; or
- A graduate certificate in mining engineering from UNSW with at least a credit average of 65% and no course fails.

Note: Professional experience in the mining industry will be highly regarded.

Graduate Diploma in Mining Engineering

Program code 5335
CRICOS code 084281B
Duration 1 year
Entry February and September
Estimated first year tuition AUD54,248

Entry requirements
- Relevant mining industry experience with vocational training and a minimum four years of full-time relevant professional experience in the mining industry.

Graduate Certificate in Mining Engineering

Program code 7335
CRICOS code 188475A
Duration 0.7 years
Entry February and September
Estimated first year tuition AUD524,236

Entry requirements
- Individual consideration will be given if you have relevant petroleum industry experience.

*US-World University Rankings by Subject, 2022

“UNSW has so many great resources in place that support graduate students to achieve exciting things in engineering research. I have had the opportunity to present at international conferences, collaborate with experts from Australia and around the world and participate in so many fun competitions and campus events.”

– Jessica Dallas
Mining Engineering
Research

UNSW Engineering offers three higher degree research programs, a Doctor of Philosophy (PhD), a Master of Philosophy (MPhil) and a Master of Industrial Research in Engineering. All three are available across all eight engineering schools.

Candidates are required to undertake an original and critical research project that makes a significant contribution to existing relevant knowledge both nationally and internationally. Each degree requires submission of a thesis with the results of an original investigation or design. Candidates carry out their research under the supervision of some of Australia’s leading researchers. All higher degree research programs can be undertaken with an industry-engaged research project.

Engineering schools
• Graduate School of Biomedical Engineering
• School of Chemical Engineering
• School of Civil and Environmental Engineering
• School of Computer Science and Engineering
• School of Electrical Engineering and Telecommunications
• School of Mechanical and Manufacturing Engineering
• School of Mineral and Energy Resources Engineering
• School of Photovoltaic and Renewable Energy

Technology Lawyers
Join a top global law faculty
Ranked 14th worldwide* and 16th in the Employer Reputation category for law and legal studies*, UNSW Law & Justice has been Australia’s leader in progressive and rigorous legal education and research for 50 years. UNSW Sydney is a leading research-intensive university, and the Law Faculty’s outstanding research informs, inspires and enlivens our teaching.
*QS World University Rankings by Subject 2022

Benefit from interactive classes
Interactive seminar-style classes give you the chance to ask questions, expand your ideas, sharpen your critical and analytical mind, and get to know your peers and lecturers. Be part of the student-focused, interactive teaching environments that pioneered Australian legal education.

Join our student society
Expand your network, excel in your studies and develop your professional skills and passion for social justice. UNSW Law Society is one of Australia’s most respected student-run law organisations and has both an international and postgraduate portfolio.

Extensive clinics and internships
Apply what you learn in the classroom to real-world practice with a wide range of work-integrated learning opportunities available. Our students do not just learn about the law, they put their studies into action through a range of internships, clinics and competitions, most of which are credited towards your degree.

Global opportunities
Add a global experience into your degree. You can do an exchange, an overseas Law elective course or an internship abroad. Overseas electives and exchange can take you to places like Brazil, China, India, Switzerland, USA or Vanuatu. There are more than 80 exchange destinations available at leading universities around the world.

Exclusive careers service
Advance your legal career with support from our dedicated careers service. With extensive experience working as lawyers and criminologists in Australia and overseas, our careers team collaborates with employers, recruitment agencies and UNSW alumni to source and promote opportunities for students.

End-to-end legal education
Completing a Juris Doctor is your first step towards becoming a lawyer, followed by Practical Legal Training (PLT). All law graduates in Australia must complete PLT to practise as a lawyer. UNSW’s PLT is the Graduate Diploma in Legal Professional Practice (GDLPP), so you can graduate with all the qualifications you need to launch your legal career.

Step 1 – Complete your Juris Doctor (JD).
Step 2 – Complete your GDLPP at UNSW*.
Step 3 – Apply to the Supreme Court for admission to practice.

*Important note for international students: This program is not CRICOS registered. International students will require a valid visa other than a student visa (e.g. temporary graduate visa) to be eligible to apply to this program.
Master of Laws

Program code 9291
CRICOS code 08073G
Duration 1 year
Entry February and September
Estimated first year tuition AUD$45,678

The UNSW Master of Laws (LLM) is a highly regarded, internationally recognised postgraduate program designed to expand your legal knowledge and accelerate your career.

Entry requirements
This program is open to law and non-law graduates. Please see the table below for minimum entry requirements.

Minimum entry requirements

<table>
<thead>
<tr>
<th>Degree structure</th>
</tr>
</thead>
</table>
| LLM or JD from a common law country with a credit average (65%)
Applicants without a credit average will be considered if they can demonstrate a minimum of two years' relevant professional experience* | 8 elective courses (48 UOC) |
| LLM or JD from a non-common law country with a credit average (65%)
Applicants without a credit average will be considered if they can demonstrate a minimum of two years' relevant professional experience* | 8 courses (48 UOC) including one compulsory course: Global Common Law Systems |
| Degree in a related non-law discipline (e.g., Social Sciences or Humanities) with a credit average (65%)
Applicants without a credit average will be considered if they can demonstrate a minimum of two years' relevant professional experience* | 8 courses (48 UOC) including two compulsory courses: Legal Concepts, Research & Writing and Global Common Law Systems |
| Degree in an unrelated non-law program (e.g., Science or Engineering) with a credit average and two years' relevant professional experience* | 8 courses (48 UOC) including two compulsory courses: Legal Concepts, Research & Writing and Global Common Law Systems |

*Includes professional experience with legal and/or policy issues. For example, you may have engaged with the law via policymaking, handling contracts or engaging with the justice system as a social worker or criminologist.

Law graduates will find this program appealing as it allows you to acquire a new field of legal knowledge for career change, career advancement or professional development. For non-law graduates, the acquired legal knowledge and skills will be particularly useful in understanding how the law works in your industry.

Areas of specialisation
• Chinese and International Business and Economic Law
• Corporate, Commercial and Taxation Law
• Criminal Justice and Criminology
• Dispute Resolution

Juris Doctor (JD)

Program code 9150
CRICOS code 06885G
Duration 3 years
Entry February and September
Estimated first year tuition AUD$45,980

The UNSW Juris Doctor (JD) is your pathway to admission to legal practice, as well as a wide range of law-related careers. This qualification is for people who do not have an undergraduate degree in law, or who have a law degree from an overseas institution.

Entry requirements
• A recognised bachelor's degree (or equivalent qualification) in any discipline other than law, or
• A recognised non-Australian law degree

If you only have postgraduate qualifications and wish to apply, please write to UNSW Admissions for consideration in addition to following the standard application process.

Professional recognition
The UNSW JD is accredited by the Legal Profession Admission Board and satisfies the academic component for admission to legal practice in the state of NSW. To practise law in other jurisdictions you must satisfy the academic and accreditation criteria in that particular jurisdiction. Always refer to the relevant authority or admitting body in that country or state.

For more information visit: unsw.edu.au/jd
Research

UNSW Law & Justice has particular research strengths in:
• Criminal Law, Criminal Justice and Criminology
• Environmental Law
• Human Rights
• Indigenous Peoples and the Law
• International Law and Global Governance
• Laws of the Asia Pacific
• Legal and Regulatory Theory
• Legal Education and Experiential Learning
• Private, Corporate and Commercial Law
• Public Law
• Socio-legal Studies
• Technology, Law and Innovation

Research programs

Doctor of Philosophy

Program code 1738
CRICOS code 08395D
Duration 3 – 4 years
Entry February, May and September
Estimated first year tuition AUD$45,400

Entry requirements
• A recognised master’s degree (including a substantial research component) with at least a distinction average (75%); or
• A recognised three-year Juris Doctor degree (or equivalent) with a research component sufficient to allow assessment of research potential at the disciplinary level and where weighted average grades for the research component and the coursework results are at least equivalent (75%); or
• An equivalent combination of academic and professional qualifications.

Admission to the program is subject to appropriate supervision being available.

Program structure

The Doctor of Philosophy gives you the opportunity to conduct a significant research project that will make a substantial and original contribution to an area of knowledge. You will acquire advanced specialist and practice skills through training to produce a thesis that provides evidence of independent thought and critical analysis. The qualification requires a minimum of three years’ full-time study, completion of required units in research methods and submission of a thesis normally not exceeding 100,000 words (including footnotes).

Master of Laws by Research

Program code 2448
CRICOS code 08395E
Duration 1.5 – 2 years
Entry February, May and September
Estimated first year tuition AUD$45,400

Entry requirements
• Completion of a recognised Bachelor of Laws degree with honours class II, division I, that includes a substantial research component, or
• A recognised three-year Juris Doctor degree with a research component sufficient to allow assessment of research potential at the disciplinary level and where weighted average grades for the research component and the coursework results are at least equivalent (75%); or
• An equivalent combination of academic and professional qualifications.

Admission to the program is subject to appropriate supervision being available.

Program structure

This program requires a minimum of 1.5 years’ full-time study, completion of required units in research methods and submission of a thesis (approximately 50,000 words including footnotes).

Master of Philosophy in Law

Program code 2441
CRICOS code 104039F
Duration 2 years full-time
Entry February, May and September
Estimated first year tuition AUD$45,400

Entry requirements
• A recognised bachelor’s degree with honours class II, division I, that includes a substantial research component, or
• A recognised three-year Juris Doctor degree (or equivalent) with a research component sufficient to allow assessment of research potential at the disciplinary level and where weighted average grades for the research component and the coursework results are at least equivalent (75%); or
• An equivalent combination of academic and professional qualifications.

Admission to the program is subject to appropriate supervision being available.

Program structure

This program requires a minimum of 1.5 years’ full-time study, completion of required units in research methods and submission of a thesis (approximately 40,000 words on an approved topic). You will develop competence in undertaking research through a combination of coursework and research.

In the coursework component you will be required to complete Introduction to Higher Degree Research in Law in your first term. If you are from non-common law or non-law backgrounds, you will be required to complete Global Common Law Systems. The remaining coursework unit(s) can be from those offered in the Master of Laws program. Coursework should be selected in consultation with supervisors, the Postgraduate Coordinator and Director of Postgraduate Research to ensure relevance to the proposed thesis area.
Prepare yourself for the future of health and join a community focused on improving life for all.

Make a difference as you apply your skills to real patients and global health problems. Join a supportive community that’s leading the future of health and improving life for all.

Experience hands-on interactions with some of Australia’s largest hospitals, research centres and health organisations through project and industry-based learning.

Develop a creative, open-minded approach to healthcare. Build your research, analytical and communication skills to become a compassionate innovator and leader in health.

Learn from leaders in the field
We're driven by innovation and excellence in health and medicine. UNSW ranks 43rd in the world for medicine* and is among Australia's leaders in health education and research. Learn from world leaders in the fields of cancer, neuroscience, mental health, addiction, infectious disease, immunity and inflammation, and non-communicable disease such as cardiovascular disease.

*QS World University Rankings by Subject 2022

Access world class biomedical and clinical training facilities
Gain exposure to some of Australia’s largest hospitals and health precincts, and benefit from UNSW’s leadership role in Sydney’s newest health and innovation precinct, located alongside the UNSW campus. You will have access to cutting-edge learning environments, which use research to create positive impacts in the community.

Hands-on learning
Immerse yourself in hands-on learning as you leverage our extensive range of global industry partners. Your practical study will help you develop as a skilled health professional and innovative clinician with strong research and teamwork skills.
Health Data Science

The Master of Science in Health Data Science covers subjects from the comprehension of complex health issues, through data interpretation and management, machine learning, data analytics, and data modelling and communication. The degree is ideal if you are new to the field or already working and eager to develop your knowledge. Graduate diploma and graduate certificate programs are also available.

Master of Science in Health Data Science

Program code 9372
CRICOS code 96622M
Duration 2 years
Entry February and September
Estimated first year tuition AUD$1,480 (AUD$4,928 (Extension))

Entry requirements
- • An undergraduate degree in a discipline cognate to health data science (see list)*; or • An undergraduate degree at an honours level (or above) in a non-cognate discipline; or • Completion of a Graduate Diploma in Health Data Science (5372); or • Postgraduate qualification equivalent or higher than Graduate Diploma in Health Data Science (5372) on a case-by-case basis.

*Cognate Discipline (in a science related with medicine) includes medicine, nursing, dentistry, psychology, accounting, biomedial or biological science, pharmacy, public health, veterinary science, biology, biochemistry, statistics, mathematical sciences, computer science, psychology, economics, data science and other (see list).

Graduate Diploma in Health Data Science

Program code 5372
CRICOS code 96622K
Duration 1 year
Entry February and September
Estimated first year tuition AUD$2,250

Entry requirements
- • Completion of a Graduate Certificate in Health Data Science (5372); or • Equivalent qualification or higher qualification on a case-by-case basis; or • Meets entry requirements given of the Master of Science in Health Data Science program.

Graduate Certificate in Health Data Science

Program code 7372
CRICOS code 966227
Duration 0.7 years
Entry February and September
Estimated first year tuition AUD$750

Entry requirements
- • An undergraduate degree in an unrelated discipline, and at least one year equivalent relevant work experience (see relevant work experience)** with supporting CV and employer provided statement of service.

*Undergraduate degree at an honours level (or above) in an unrelated discipline, and at least one year equivalent relevant work experience (see relevant work experience)** with supporting CV and employer provided statement of service.

Forensic Mental Health

Designed for mental health professionals (including medical practitioners, nurses and psychologists), as well as those working in relevant fields of law and justice. The Master of Forensic Mental Health provides comprehensive training in all aspects of forensic mental health. You will develop your capacity to understand the intersection between mental health and the justice systems. Graduate diploma and graduate certificate programs are also available.

Master of Forensic Mental Health

Program code 9012
Duration 1.5 years
Entry February and September
Estimated first year tuition AUD$3,120

Entry requirements
- • A bachelor’s degree in health, law, criminology, or other relevant discipline plus honours/ postgraduate qualifications in one of these disciplines; or • Two years’ professional experience in health, law, criminology, or other relevant discipline.

Graduate Diploma in Forensic Mental Health

Program code 5512
Duration 1 year
Entry February and September
Estimated first year tuition AUD$2,500

Entry requirements
- Please see Master of Forensic Mental Health (9012).

Graduate Certificate in Forensic Mental Health

Program code 7312
Duration 0.7 years
Entry February and September
Estimated first year tuition AUD$1,870

Entry requirements
- Please see Master of Forensic Mental Health (9012).

Reproductive Medicine

The Master of Reproductive Medicine is a fully online program. It will provide GPs, family planning practitioners, O&G trainees as well as specialist gynaecologists who work in menopause and infertility with detailed knowledge of reproductive medicine. The program will give you an advanced understanding of the clinical aspects and pathophysiology of these areas. In addition it elaborates on the ethical, social and professional aspects required to deliver a high standard of clinical care to patients. Graduate diploma and graduate certificate programs are also available.

Master of Reproductive Medicine

Program code 9065
Entry February and September
Estimated first year tuition AUD$2,020

Entry requirements
- • An undergraduate degree in medicine, nursing, health or medical science; or • An Honours, Graduate Certificate, Graduate Diploma or higher qualification in medicine, nursing or health or medical science, or • postgraduate medical specialist training program (e.g. general practice, obstetrics & gynaecology); or • 1 year full-time equivalent of postgraduate professional experience in medicine, nursing, health or medical science

Graduate Diploma in Reproductive Medicine

Program code 5688
Duration 1 year (online)
Entry February and September
Estimated first year tuition AUD$3,600

Graduate Certificate in Reproductive Medicine

Program code 7379
Duration 0.7 years (online)
Entry February and September
Estimated first year tuition AUD$1,600

Women’s Health

The Master of Women’s Health will provide you with advanced knowledge and understanding of the ethical, social and professional aspects required to deliver a high standard of clinical care in the expanding and diverse field of women’s health. Courses will provide an evidence-based and practice-centred approach to this field of study. An online graduate certificate program is also available.

Master of Women’s Health Medicine

Program code 9014
Duration 1 year (online)
Entry February and September
Estimated first year tuition AUD$2,020

Entry requirements
- • commencement or completion of a recognised Medicine postgraduate vocational training program; or • 1 year relevant postgraduate professional experience in medicine, nursing or health science

Graduate Certificate of Women’s Health Medicine

Program code 7814
Duration 0.7 years (online)
Entry February and September
Estimated first year tuition AUD$1,600

Entry requirements
- Please see Master of Women’s Health Medicine (9014).

International students are not eligible for an Australian student visa for this program.

International students are not eligible for an Australian student visa for this program if undertaken in online study mode.
Health Leadership and Management

The Master of Health Leadership and Management promotes health leadership in strategic planning, policy and decision making. This degree emphasises understanding and meeting the challenges of safety and quality within current and emerging health service contexts. It is tailored to either the Australian health care system or developing health care systems. Also available to you are the College of Health Service Management (Extension) and the shorter graduate diploma and graduate certificate programs. You can take this program as a double degree with Public Health, Global Health or Infectious Diseases Intelligence.

Master of Health Leadership and Management

- Program code: 8901
- CRICOS code: 059315E
- Duration: 1 year
- Entry mode: February, May and September
- Estimated first year tuition: AUD$45,400

**Entry requirements**
- An undergraduate degree in a field relevant to public health or health management (see list below) and two years of full-time professional or volunteer experience. This may also include equivalent professional experience acquired as part of a degree of four or more years duration (e.g., MBBS, MSc or MPA), or
- An undergraduate degree plus an honours or postgraduate degree in a field relevant to public health or health management (see list below).*

**Professional recognition**
This degree is accredited by the Australasian College of Health Service Management (ACHSM). It also provides the core competencies required for individuals wishing to apply for Royal Australasian College of Medical Administrators (RACMA) Fellowship.

Graduate Diploma in Health Leadership and Management

- Program code: 5902
- CRICOS code: 059316D
- Duration: 1.7 years (face-to-face or online option)
- Entry modes: February, May and September
- Estimated first year tuition: AUD$49,600

**Entry requirements**
Please see Master of Health Leadership and Management (8901).

**Professional recognition**
This program is recognised by the Australasian College of Health Service Management (ACHSM). It also provides the core competencies required for individuals wishing to apply for Royal Australasian College of Medical Administrators (RACMA) Fellowship.

Graduate Certificate in Health Leadership and Management

- Program code: 7806
- CRICOS code: 016516E
- Duration: 0.7 years (face-to-face or online option)
- Entry modes: February, May and September
- Estimated first year tuition: AUD$24,580

**Entry requirements**
Please see Master of Health Leadership and Management (8901).

**Professional recognition**
This program is recognised by the Australasian College of Health Service Management.

Infectious Diseases Intelligence

The Master of Infectious Diseases Intelligence equips graduates with advanced skills in public health aspects of infectious diseases surveillance and intelligence, outbreak response, and infection prevention and mitigation. The program is relevant for professionals working or seeking a career in health emergencies, outbreaks, infectious diseases risk assessment and emergency response. Graduate diploma and graduate certificate programs are also available. The program can also be taken as a double degree with Public Health, Global Health or Health Leadership and Management.

Master of Infectious Diseases Intelligence

- Program code: 6862
- CRICOS code: 096223E
- Duration: 1 year
- Entry modes: February, May and September
- Estimated first year tuition: AUD$49,605

**Entry requirements**
- An undergraduate degree in a field relevant to public health or health management (see list below)* and two years’ full-time professional or volunteer experience. This may also include equivalent professional experience acquired as part of a degree of four or more years duration (e.g., MBBS, MSc or MPA), or
- An undergraduate degree plus an honours or postgraduate degree in a field relevant to public health or health management (see list below).*

Master of Infectious Diseases Intelligence (Extension)

- Program code: 5862
- CRICOS code: 098677
- Duration: 1.7 years
- Entry modes: February, May and September
- Estimated first year tuition: AUD$54,990

**Entry requirements**
Please see Master of Infectious Diseases Intelligence (5862).

Graduate Diploma in Infectious Diseases Intelligence

- Program code: 5362
- CRICOS code: 0180056
- Duration: 1 year
- Entry modes: February, May and September
- Estimated first year tuition: AUD$54,990

**Entry requirements**
Please see the Master of Infectious Diseases Intelligence (5862).

Graduate Certificate in Infectious Diseases Intelligence

- Program code: 7362
- CRICOS code: 0180057
- Duration: 0.7 years
- Entry modes: February, May and September
- Estimated first year tuition: AUD$24,580

**Entry requirements**
Please see the Master of Infectious Diseases Intelligence (5862).

*Examples include, but are not restricted to, medicine, nursing, allied health, health sciences, biomedical sciences, dentistry, sociology, behavioural and social sciences, psychology, marketing, human services, emergency services, environmental health, veterinary science, health administration, business, management, engineering, law, science, mathematics and statistics, economics, policy studies, and development studies.
Global Health

Through our global health programs, you will gain expertise in a broad range of areas based on real-life public health interventions spanning various populations and countries. You will examine relevant investigative methods, with evidence-based, culturally appropriate and cost-effective approaches to disease control, health promotion and health services development. A Master of Global Health (Extension) is also available, as are shorter graduate diploma and graduate certificate programs. The program can also be taken as a double degree with Public Health, Health Leadership and Management or Infectious Diseases Intelligence.

Master of Global Health

Entry requirements
- An undergraduate degree in a field relevant to public health or health management (see list below)* and two years’ full-time professional or volunteer experience. This may also include equivalent professional experience acquired as part of a degree of four or more years duration (e.g., MBBS, MD); or
- An undergraduate degree plus an Honours or postgraduate degree in a field relevant to public health or health management (see list below)*

Graduate Diploma in Global Health

Entry requirements
- An undergraduate degree in a field relevant to public health or health management (see list below)* and two years’ full-time professional or volunteer experience. This may also include equivalent professional experience acquired as part of a degree of four or more years duration (e.g., MBBS, MD); or
- An undergraduate degree plus an Honours or postgraduate degree in a field relevant to public health or health management (see list below)*

Graduate Certificate in Global Health

Entry requirements
- Please see Master of Global Health (9048).

Public Health

The Master of Public Health provides the multidisciplinary training required for roles in all aspects of public health practice. You will gain a deep understanding of the breadth of public health, and the core skills entailed in both professional practice and research. A Master of Public Health (Extension) is also available, as are shorter graduate diploma and graduate certificate programs. The program can also be taken as a double degree with Health Leadership and Management, Global Health or Infectious Diseases Intelligence. These double degrees can also be undertaken with an Extension in one program.

Master of Public Health

Entry requirements
- An undergraduate degree in a field relevant to public health or health management (see list below)* and two years’ full-time professional or volunteer experience. This may also include equivalent professional experience acquired as part of a degree of four or more years duration (e.g., MBBS, MD); or
- An undergraduate degree plus an Honours or postgraduate degree in a field relevant to public health or health management (see list below)*

Areas of specialisation
- Aboriginal Health and Wellbeing
- Epidemiology
- Health Economic Evaluation
- Health Promotion
- Infectious Diseases Control
- International Health
- Primary Health Care
- Public Security
- Quantitative Research Methods
- Social Research

Graduate Diploma in Public Health

Entry requirements
- Please see Master of Public Health (9045).

Graduate Certificate in Public Health

Entry requirements
- Please see Master of Public Health (9045).
Dual Masters – Population Health

Make the most of your studies by completing two master’s degrees within 1.7 years. Our suite of dual masters allows you to combine knowledge and skills from two related disciplines in public health, leadership, and management, global health or infectious diseases to enhance your career prospects.

Studying two masters concurrently gives you the opportunity to fast-track your studies. If you want to extend your knowledge, our 2-year extension options provide additional research methodology courses, research projects and opportunities to progress from a coursework master’s degree that includes a research component to enrolment in a PhD.

Master of Public Health/Health Leadership and Management
Program code 9047
CRICOS code 081598D
Duration 1.7 years
(face-to-face or online option)
Entry February, May and September
Estimated first year tuition AUD$49,900

The Master of Health Leadership and Management/Public Health double degree provides essential knowledge and skills for a career in public health leadership roles in health service delivery. This combination of degrees will give you the capabilities for leadership and managing complex health settings, including the capacity for improving health service delivery. 2 years extension programs are available, under the program codes 9056 and 9057. Please refer to handbook.unsw.edu.au for more information on entry requirements.

Master of Public Health/Infectious Diseases Intelligence
Program code 9050
CRICOS code 096251B
Duration 1.7 years
(face-to-face or online option)
Entry February, May and September
Estimated first year tuition AUD$49,900

The Master of Public Health/Infectious Diseases Intelligence provides essential skills if you are pursuing a career in public health, with a focus on infectious diseases, epidemics and control. This double degree program will give you an understanding of infectious diseases in the era of new and emerging disease threats. 2 years extension programs are available, under the program codes 9052 and 9054. Please refer to handbook.unsw.edu.au for more information on entry requirements.

Optometry and Vision Science

Master of Optometry
Program code 8079
CRICOS code 081120G
Duration 1.7 year
Entry February and September
Estimated first year tuition AUD$92,055

The Master of Optometry program will extend your clinical skills, and advance your knowledge and capabilities in a areas of optometry and vision science. The program allows you to advance your disciplinary knowledge in areas including evidence-based optometry, community eye health, Sensory Processes, Contact Lenses and myopia management. Students have the opportunity to take a limited number of courses offered by UNSW Business School and the School of Population Health. The program provides a solid foundation for career progression in clinical practice and is a well-recognised pathway to research opportunities at UNSW.

Entry requirements
A three-year undergraduate degree in optometry with at least a credit average (65%). Students with an average between 50% to 65% will be considered for admission at the discretion of the Postgraduate Coordinator. The Master of Optometry is accredited by the Optometrists Association of Australia.

Graduate Certificate in Optometry
Program code 7435
CRICOS code 081818G
Duration 0.7 years
(face-to-face or online option)
Entry February, May and September
Estimated first year tuition AUD$21,485

The Graduate Certificate in Optometry provides qualified optometrists with advanced knowledge and clinical skills in optometry and vision science. The program can be studied in-person but has also been specially designed to be undertaken online and remotely by international students who are established practitioners currently holding an undergraduate degree in optometry.

You will undertake studies in Evidence Based Optometry and your choice of three additional courses from a selection of electives in Myopia, Eye Care Program Management, Visual Impairments and Implications, Sensory Processes and Movement, as well as Research Skills in Optometry. On completion, you will have advanced disciplinary knowledge and skills necessary to meet the demands of the profession in our changing world.

Entry requirements
Please see Master of Optometry (8079).
Studying Higher Degree Research at UNSW Medicine & Health places you alongside leading researchers breaking through the frontiers of modern medicine. State-of-the-art facilities, superior partnerships with leading medical centres and institutes together with the strength of UNSW’s research-focused community creates exceptional career development opportunities for higher degree research (HDR) candidates wanting to work towards a better future in healthcare.

Research Programs

Masters by Research

**Masters of Philosophy - Public Health**

- PROGRAM CODE: 2719
- CRICOS CODE: 086704A
- DURATION: 1.5 - 2 years
- ENTRY: February, May and September
- ESTIMATED FIRST YEAR TUITION: AUD$46,608

**Entry Requirements**

- An appropriate four-year bachelor’s degree with Honours from UNSW, or
- A qualification at a level considered equivalent by the Faculty Higher Degree Committee.

**Masters of Philosophy - Optometry**

- PROGRAM CODE: 2475
- CRICOS CODE: 055070B
- DURATION: 1.5 - 2 years
- ENTRY: February, May and September
- ESTIMATED FIRST YEAR TUITION: AUD$46,608

**Entry Requirements**

- A bachelor’s degree in the relevant discipline from UNSW at a level considered by the Faculty Higher Degree Committee, or
- A qualification from a tertiary institution at a level considered by the Faculty Higher Degree Committee to be equivalent.

**Master of Philosophy - The George Institute**

- PROGRAM CODE: 2714
- DURATION: 1.5 - 2 years
- ENTRY: February, May and September
- ESTIMATED FIRST YEAR TUITION: AUD$51,488

**Entry Requirements**

- A bachelor’s degree in the relevant discipline from UNSW at a level specified by the Faculty Higher Degree Committee, or
- A qualification from a tertiary institution at a level considered by the Faculty Higher Degree Committee to be equivalent.

**Master of Science by Research**

- DURATION: 1.5 - 2 years
- ENTRY: February, May and September
- ESTIMATED FIRST YEAR TUITION: (except for Community Medicine) AUD$46,608

**Program Offered**

- Medicine (South Western Sydney School) (2821) CRICOS code 0010916
- Medicine (St George and Sutherland Clinical School) (2822) CRICOS code 0010916
- Medicine (St Vincent's Clinical School) (2823) CRICOS code 0010916
- Medicine (The George Institute) (2801) CRICOS code 0010916
- Optometry (2900) CRICOS code 0010916
- Ophthalmology (2830) CRICOS code 0010916
- Pathology (2840) CRICOS code 0010916
- Physiotherapy and Pharmacology (2850) CRICOS code 0010916
- Psychiatry (2860) CRICOS code 0010916

**Masters of Science by Research**

- DURATION: 1.5 - 2 years
- ENTRY: February, May and September
- ESTIMATED FIRST YEAR TUITION: AUD$46,608

**Entry Requirements**

- A bachelor’s degree in the relevant discipline from UNSW at a level specified by the Faculty Higher Degree Committee, or
- A qualification from a tertiary institution at a level considered by the Faculty Higher Degree Committee to be equivalent.

**Doctor of Philosophy**

- DURATION: 3 - 4 years
- ENTRY: February, May and September
- ESTIMATED FIRST YEAR TUITION: AUD$51,408

**Entry Requirements**

- A four-year bachelor’s degree with first or upper second class honours from UNSW, or
- A completed master’s degree by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high-quality thesis; or
- A qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee.

**Professional Doctorate - Clinical Research in Optometry**

- PROGRAM CODE: 1747
- CRICOS CODE: 001053A
- DURATION: 3 - 4 years
- ENTRY: February, May and September
- ESTIMATED FIRST YEAR TUITION: AUD$54,608

**Entry Requirements**

- A first or upper second class (distinction) honours degree in Optometry or in a related discipline.

**Standard Entry Pathway**

- At least one year of post-qualifying professional experience in clinical practice, and
- A demonstrated capacity for independent research under the guidance of a supervisor at the doctoral level (as defined by the UNSW Higher Degree Research Admissions and Pathways Guideline Version 1.0 Effective 15 October 2014), and
- A four-year bachelor’s degree with first or upper second class (distinction) honours degree in Optometry or in a related discipline.

**Advanced Standing Entry Pathway**

- Minimum one year of post-qualifying professional experience in clinical practice, and
- A demonstrated capacity for independent research under the guidance of a supervisor at the doctoral level (as defined by the UNSW Higher Degree Research Admissions and Pathways Guideline Version 1.0 Effective 15 October 2014), and
- A four-year bachelor’s degree with first or upper second class (distinction) honours degree in Optometry or in a related discipline.
Science

Think big and form deeper connections with our world. Allow your curiosity to be inspired as you discover your own path, exploring areas of science to acquire the skills needed for tomorrow's workforce.

Expand your knowledge and experience with one of the largest and most impactful science faculties in Australia. Choose from our range of specialised coursework programs or take advantage of the extensive research opportunities offered across our eight schools.

With 7 subjects ranked in the top 50 globally,* join a community of world-leading researchers and inspiring educators who are using science to improve lives and communities around the world.

Advance your career with industry relevant skills and experience. Tap into our network of 400+ industry and research partners to expand your professional connections.

Embrace a career with impact
The brightest minds come together to learn, explore and discover at UNSW Science. Join a vibrant and welcoming community that prepares you for real-world challenges and future leadership opportunities. In our technology-centric world, there’s increased demand for skilled scientists in a range of careers. Benefit from our leading industry partners and begin your journey to achieve your career goals and make an impact.

Learn from world-class educators
Study with innovative, passionate and world-renowned educators, including quantum physicist and former Australian of the Year Professor Michelle Simmons AO, Nobel Laureate Sir Fraser Stoddart, and ground-breaking recycling scientist Professor Veena Sahajwalla.

Make profound scientific discoveries
Collaborate, explore and achieve with world-class laboratories, clinics and simulators giving you the tools to explore new limits and make meaningful scientific discoveries to benefit society.
Aviation

Gain the skills and knowledge you need to succeed in contemporary aviation management. Developed in consultation with industry, the Master of Aviation Management is designed for students who have a degree and relevant industry experience. The Graduate Diploma in Aviation Management is available to students without a degree who have at least one year of relevant industry experience. Both programs are taught entirely online.

Master of Aviation Management

Program code: 9741
Duration: 2 years (online)
Entry: February, May and September
Estimated first year tuition: AUD$41,320

Entry requirements:
- A recognised three-year bachelor’s degree in any area.

Applicants with a relevant bachelor’s degree and relevant industry experience may be eligible for advanced standing (also known as recognition of prior learning). For more information visit: unsw.edu.au/study/postgraduate/master-of-aviation-management.

Graduate Diploma in Aviation Management

Program code: 5741
Duration: 1 year (online)
Entry: February, May and September
Estimated first year tuition: AUD$41,320

Entry requirements:
- A minimum of one year of relevant industry experience.

Appslicants with more than two years of relevant industry experience may be eligible for advanced standing (also known as recognition of prior learning) and can complete the graduate diploma in less time.

Science and Decisions

Gain specialised knowledge and research training through the Science Graduate Diploma (Research). This program can be used to qualify for a higher degree, upgrade existing qualifications or to develop expertise in a different disciplinary area. As part of the program, you will complete disciplinary coursework and a significant independent research project.

Entry requirements:
- A bachelor’s degree with a good pass in a related, but not necessarily directly relevant discipline to your chosen area of study.

A ‘good pass’ is a weighted average mark of 55-64. However, specific disciplines may have additional entry requirements due to their competitive nature and the number of research places available within a School.

Biotechnology and Biomolecular Sciences

Graduate Diploma in Data Science

Program code: 8546
Duration: 1.7 years (online)
Entry: January, March, May, July, September and October
Estimated first year tuition: AUD$36,840

Entry requirements:
- A Graduate Certificate in Data Science with at least a credit average (65%); or
- An undergraduate degree in data science or related discipline (e.g. computer science, economics, mathematics, statistics) plus sufficient data science background as indicated by at least a credit average (65%) across three level III courses in mathematics and/or statistics and/or computer science and/or economics; or
- A recognised degree in a non-related discipline plus sufficient data science background as indicated by at least a credit average (65%) across three level III courses in mathematics and/or statistics and/or computer science and/or economics; or
- A recognised degree in a non-related discipline plus sufficient data science background as indicated by at least five years experience in a data science or data analytics role.

Master of Data Science and Decisions

Program code: 8059
CRICOS code: 010856
Duration: 2 years
Entry: February and September
Estimated first year tuition: AUD$46,680

Entry requirements:
- A Bachelor of Mathematics or a Bachelor of Science with at least a credit average (65%); or
- A Bachelor of Data Science and Decisions or a suitable related degree as determined by the program authority; and
- Sufficient mathematics and/or statistics and/or data science background, as indicated by an average of 70% or above in appropriate level III university courses.

Data Science

Organise, identify and analyse data to find answers that make a genuine impact. UNSW’s online data science programs cover programming, statistics and data systems. You will gain the advanced technical and maturing skills you need to analyse complexities and make sense of the numbers. Articulation pathways are available for students to apply to progress into the Master of Data Science, subject to academic performance in the graduate certificate and graduate diploma programs.

Master of Data Science

Program code: 6546
Duration: 1.4 years (online)
Entry: January, March, May, July, September and October
Estimated first year tuition: AUD$37,180

Entry requirements:
- A UNSW Graduate Certificate in Data Science

Graduate Diploma in Data Science

Program code: 7959
CRICOS code: 0160702
Duration: 0.7 years
Entry: February and September
Estimated first year tuition: AUD$24,475

Entry requirements:
- An undergraduate degree in data science or related discipline (e.g. computer science, economics, mathematics, statistics); or
- An undergraduate degree in a non-related discipline plus sufficient data science background as indicated by at least a credit average (65%) across three level III courses in mathematics and/or statistics and/or computer science and/or economics; or
- An undergraduate degree in a non-related discipline plus sufficient data science background as indicated by at least two years’ experience in a data science role.

Science and Decisions

Get ready to meet the extraordinary global demand for talented data scientists. UNSW’s data science and decisions programs are designed to produce professionals who are skilled in the manipulation, visualisation and interpretation of large amounts of data. These programs bring together expertise from our award-winning School of Mathematics & Statistics, the School of Computer Science and the School of Economics.

Master of Data Science and Decisions

Program code: 9059
CRICOS code: 0160702
Duration: 0.7 years
Entry: February and September
Estimated first year tuition: AUD$24,475

Entry requirements:
- A Bachelor of Mathematics or a Bachelor of Science with at least a credit average (65%); or
- A Bachelor of Data Science and Decisions or a suitable related degree as determined by the program authority; and
- Sufficient mathematics and/or advanced mathematics and/or data science background, as indicated by an average of 70% or above in appropriate level III university courses.

Graduate Diploma in Data Science and Decisions

Program code: 7959
CRICOS code: 010856
Duration: 1 year
Entry: February and September
Estimated first year tuition: AUD$46,680

Entry requirements:
- A Bachelor of Mathematics or a Bachelor of Science with at least a credit average (65%); or
- A Bachelor of Data Science and Decisions or a suitable related degree as determined by the program authority; and
- Sufficient mathematics and/or statistics and/or data science background, as indicated by an average of 70% or above in appropriate level III university courses.

Graduate Certificate in Data Science and Decisions

Program code: 7959
CRICOS code: 010856
Duration: 0.7 years
Entry: February and September
Estimated first year tuition: AUD$24,475

Entry requirements:
- A Bachelor of Mathematics or a Bachelor of Science with at least a credit average (65%); or
- A Bachelor of Data Science and Decisions or a suitable related degree as determined by the program authority; and
- Sufficient mathematics and/or statistics and/or data science background, as indicated by an average of 70% or above in appropriate level III university courses.

International students are not eligible for an Australian student visa for this program.
Materials Technology

- **Master of Materials Technology**
  - Program code: 8717
  - CRICOS code: 081912A
  - Duration: 2 years
  - Entry: February, May and September
  - Estimated first year tuition: AUD$46,595

**Entry requirements**
- A Bachelor of Science degree (in any discipline) with at least a credit average (65%);
- A Bachelor of Science Honours degree in any discipline;
- A Bachelor of Science degree with an average mark of 50-65% plus at least five years' professional experience in a relevant field of marine science or environmental science;
- Any degree with an appropriate science major with numerical or data handling skills plus at least five years' professional experience in a relevant field of marine science or environmental science.

**Description**

The Master of Materials Technology provides a comprehensive yet flexible study of the full range of materials including ceramics, composites, metals and polymers. This degree covers a broad spectrum of materials science and engineering, emphasising the application of the basic sciences to the understanding of the structure, properties and processing of materials.

This degree will put you at the forefront of innovation, enabling you to develop materials that are lighter, greener and stronger.

Deeper the mathematics or statistics knowledge you gained in your undergraduate studies. This flexible program offers intensive, high-level training in the principles of mathematical sciences and statistics. You can sample a variety of areas for specialisation in further study.

**Entry requirements**
- A Bachelor of Mathematics or a Bachelor of Science (with a major in mathematics or statistics); and
- Sufficient mathematical/statistical background, as indicated by at least a credit average (65%) in level III mathematics and/or statistics university courses.

“**The Master of Materials Technology provides a platform to gain valuable work and study experience with first-class materials researchers and opportunities to meet peers from around the world with the same background. The most attractive part of this degree was the open research atmosphere and advanced research instruments. It provides a strong foundation to start a future materials-related career, and the resource of your peers will be a treasure in your future work.”**

— Yue Jerry Jiang
Master of Materials Technology

Mathematics and Statistics

- **Master of Financial Mathematics**
  - Program code: 8161
  - CRICOS code: 085709W
  - Duration: 1.7 years
  - Entry: February
  - Estimated first year tuition: AUD$46,875

**Financial planning, analysing business risks and managing investment portfolios all rely heavily on mathematical modelling. The Master of Financial Mathematics will provide you with high-level training in the principles of modern finance and its mathematical foundations, stochastic analysis, risk assessment and relevant computational techniques.**

**Entry requirements**
- A Bachelor of Mathematics or a Bachelor of Science (with a major in mathematics or statistics); and
- Sufficient mathematical/statistical background, as indicated by at least a credit average (65%) in level III mathematics and/or statistics university courses.

- **Master of Mathematics**
  - Program code: 8719
  - CRICOS code: 080685G
  - Duration: 1.7 years
  - Entry: February, May and September
  - Estimated first year tuition: AUD$46,645

From fundamental and abstract research to specific theories supporting new scientific findings – the spectrum of mathematics is far and wide. The Master of Mathematics provides intensive, high-level training in all aspects of mathematical sciences. The flexible structure allows you to build a program that best suits your interests.

**Entry requirements**
- A Bachelor of Mathematics or a Bachelor of Science (with a major in mathematics or statistics); and
- Sufficient mathematical/statistical background, as indicated by at least a credit average (65%) in level III mathematics and/or statistics university courses.

- **Graduate Diploma in Mathematics and Statistics**
  - Program code: 5659
  - CRICOS code: 029977B
  - Duration: 1 year
  - Entry: February, June and September
  - Estimated first year tuition: AUD$46,648

Deepen the mathematics or statistics knowledge you gained in your undergraduate studies. This flexible program offers intensive, high-level training in the principles of mathematical sciences and statistics. You can sample a variety of areas for specialisation in further study.

**Entry requirements**
- A Bachelor of Mathematics or a Bachelor of Science (with a major in mathematics or statistics); and
- Sufficient mathematical/statistical background, as indicated by at least a credit average (65%) in level III mathematics and/or statistics university courses.

- **Graduate Certificate in Mathematics and Statistics**
  - Program code: 7659
  - CRICOS code: 056230A
  - Duration: 0.7 years
  - Entry: February and September
  - Estimated first year tuition: AUD$25,380

Are you interested in a maths and stats degree with a significant quantitative element, such as science, engineering or finance? If you want to consolidate your mathematical background for further studies, the Graduate Certificate in Mathematics and Statistics is a short program designed to deepen your knowledge from undergraduate studies.

**Entry requirements**
- A Bachelor of Mathematics or a Bachelor of Science (with a major in mathematics or statistics); and
- Sufficient mathematical/statistical background, as indicated by at least a credit average (65%) in level III mathematics and/or statistics university courses.
Physical Oceanography

Master of Physical Oceanography

- Program code: 0119
- CRICOS code: 10823B
- Duration: 1.7 years
- Entry: February, May and September
- Estimated first year tuition: AUD$46,830

Designed for graduates in science, engineering and related disciplines, this program provides advanced training in the theory and understanding of physical processes in the ocean. You will gain quantitative skills, ranging from simulation to data acquisition and advanced statistical and computational analysis through disciplinary courses that reflect current practices in physical oceanography. The major research project will extend your knowledge and investigation skills, preparing you for specialised roles within the growing Blue Economy industry or higher degree research opportunities.

Entry requirements:
- A recognised bachelor's degree with at least an average mark of 70% or equivalent in a related discipline.
- Students must have a minimum of 12 UOC in level II mathematics university courses or equivalent training experience.

The following cohorts may be eligible for recognition of prior learning up to 12 UOC:
- Graduates of an Advanced Mathematics, Advanced Science or Honours degree in a cognate discipline from a recognised tertiary institution.
- Students who have completed a relevant advanced degree in a cognate discipline; for example the Australian Bureau of Meteorology's Graduate Diploma in Meteorology.

Graduate Diploma in Physical Oceanography

- Program code: 0518
- CRICOS code: 10917F
- Duration: 1 year
- Entry: February, May and September
- Estimated first year tuition: AUD$46,830

The Graduate Diploma in Physical Oceanography provides graduates in science, engineering and related fields with advanced training in the theory and understanding of physical processes in the ocean. You will gain quantitative skills focusing on the ocean and marine environment, ranging from simulation to data acquisition and advanced statistical and computational analysis. You will be prepared for a career in specialised roles within the growing Blue Economy industry.

Entry requirements:
- A recognised bachelor's degree with at least an average mark of 70% or equivalent in a related discipline.
- Students must have a minimum of 12 UOC in level II mathematics university courses. Exceptions can be made in cases where students have received equivalent industry training or experience.

Psychology

Master of Psychology (Clinical)

- Program code: 8256
- CRICOS code: 01904A
- Duration: 2 years
- Entry: February
- Estimated first year tuition: AUD$46,600

This master's degree focuses on adult, adolescent and child clinical psychology, including assessment, case formulation and psychological interventions for various mental health issues. Alongside your coursework, you will complete at least 2000 hours of supervised clinical practice and a research thesis on a topic relevant to clinical psychology.

Entry requirements:
- A recognised four-year, or three-year plus a fourth year, APAC-accredited sequence in psychology, including a major research thesis, completed within the last 10 years with honours class 1 (85%).
- Overseas qualifications must include a major research project and must be assessed by the Australian Psychological Society (APS). Admission is based on academic merit, two referee reports and performance at an interview.
- All candidates must be registered as a Provisional Psychologist with the Australian Health Practitioners Regulation Agency (AHPRA) for the duration of the program.

For detailed information about the application process please visit: psyc.unimelb.edu.au/future-students/postgraduate-coursework/how-apply.

This degree is accredited by the Australian Psychology Accreditation Council (APAC).

Master of Psychology (Forensic)

- Program code: 8257
- CRICOS code: 02086E
- Duration: 2 years
- Entry: February
- Estimated first year tuition: AUD$46,510

Explore the intersection of psychology and law. This master’s program covers psychological assessment, intervention in and applications of forensic psychology, professional and ethical practice, and law for psychologists. It is primarily taught by the School of Psychology, with input from the School of Law. Alongside your coursework, you will complete a research thesis on a topic relevant to forensic psychology.

Entry requirements:
- An accredited four-year, or three-year plus a fourth year, APAC-accredited sequence in psychology, including a major research thesis, completed within the last 10 years with honours class 2 (85%), or upper second-class honours (75%).
- Overseas qualifications must include a major research project and must be assessed by the Australian Psychological Society (APS). Admission is based on academic merit, two referee reports, and performance at an interview.
- All candidates must be registered as a Provisional Psychologist with the Australian Health Practitioners Regulation Agency (AHPRA) for the duration of the program.

For detailed information about the application process please visit: psyc.unimelb.edu.au/future-students/postgraduate-coursework/how-apply.

This degree is accredited by the Australian Psychology Accreditation Council (APAC).

Graduate Diploma in Psychology

- Program code: 5331
- Duration: 1.7 years (online)
- Entry: January, March, May, July, September and October
- Estimated first year tuition: AUD$34,288

Gain an integrated and comprehensive education in developmental, social, cognitive, biological, physiological and abnormal psychology. This program allows you to complete an accredited three-year psychology sequence in just 1.7 years, providing a pathway to further accredited training. You will gain a solid foundation in the principles of psychology and develop skills in analysis and research methods.

Entry requirements:
- An undergraduate bachelor's degree in any discipline or higher university qualification.

This degree is accredited by the Australian Psychology Accreditation Council (APAC).

Graduate Certificate in Child Development

- Program code: 7419
- Duration: 1 year (online)
- Entry: March and September
- Estimated first year tuition: AUD$34,786

A unique offering in Australia, the Graduate Certificate in Child Development gives professionals from non-psychology backgrounds specialised skills to apply psychological principles to their work with children, improving outcomes for children with diverse needs. If you work in education, nursing, juvenile justice, social work or any other field involved with young people, this program will give you a highly-valued suite of psychological skills.

Entry requirements:
- An undergraduate bachelor's degree in any discipline or a higher university qualification.

This degree is accredited by the Australian Psychology Accreditation Council (APAC).
Research

UNSW has an outstanding cohort of higher degree research students drawn from within Australia and internationally, and many of our graduates have become world leaders in their respective fields.

Our commitment to research-focused teaching and our close links with industry provide exceptional higher degree research opportunities. If you are interested in undertaking research in an area of interest with one of our schools, please contact the relevant school.

- Policy Analysts
- Political Advisors
- Project Managers
- Public Sector Managers

Engineering, Information Technology, and Science
- Cyber security Specialists
- Data Analysts
- Data Communication Developers
- Defence Contractors
- Engineers
- Information Security Managers
- Law Enforcement Specialists
- Logistics Managers
- Network Consultants
- Systems Engineers
- Space Engineers
- Space Systems Operators
Postgraduate coursework programs

Courses within the master by coursework programs at UNSW Canberra are delivered through distance mode (online), or a combination of distance (online) and intensive delivery mode (IDM). International applicants may undertake these programs as offshore international students. Offshore international students are not eligible for an Australian student visa but may undertake intensive delivery mode courses on a visitor visa to Australia.

Distance Mode (online)
Distance students are not required to be physically present on campus throughout the semester. Distance Mode courses are often referred to as ‘online courses’ as the main method of delivering learning resources and assessment is via the online learning management system, Moodle. All coursework and forums on Moodle are asynchronous, so there is no need for you to be online at specific times.

Intensive Delivery Mode (IDM)
Students undertaking IDM courses will attend the UNSW Canberra campus for one full week of full-time, face-to-face instruction. The IDM periods are usually delivered at the start of each session, with the on-campus component followed by a period of online interaction and assessment via the online learning management system, Moodle. International students are required to obtain a visitor visa to Australia in order to attend IDM courses.

International students are not eligible for an Australian student visa for this program.

Business

Master of Business

Program code 8388
Duration 1 year (online)
Entry February and July
Estimated tuition AUD$40,840

The Master of Business aims to develop excellent managers for the public, private and not-for-profit sectors including defense. It provides you with an advanced understanding of the concepts and principles that underpin effective management, business decision making and leadership as well as analytical skills you can use throughout your career.

Master of Capability Management

Program code 8399
Duration 1 year (online with IDM options)
Entry February and July
Estimated tuition AUD$40,840

The Master of Capability Management gives you a high level of understanding of the issues associated with the development and management of capability and capability systems. It focuses on the technical and management factors that influence the design, performance, employability, logistic support and technical integrity of material systems to achieve capability requirements.

International students are not eligible for an Australian student visa for this program.

Engineering Science

Master of Decision Analytics

Program code 8354
Duration 1 year (online and IDM)
Entry February and July
Estimated tuition AUD$40,840

The Master of Decision Analytics is designed for those who want to develop a high level understanding of the principles and practices of decision analytics and to strengthen their skills in this area. The degree allows you to acquire qualitative and quantitative decision making tools for analysing complex operations environments and making appropriate decisions within those environments.

Master of Systems Engineering

Program code 8657
Duration 1 year (online with IDM options)
Entry February and July
Estimated tuition AUD$40,840

The Master of Systems Engineering will help you develop a high-level understanding of the principles and practices of systems engineering and their implementation through the design, development and application phases. You can specialise in electronic warfare, networking, space systems, test and evaluation, weapons and ordnance, marine engineering, simulation and reliability engineering.

Master of Cyber Security

The Master of Cyber Security coursework degree provides you with a detailed understanding of the technical skills and expertise needed for the technical implementation and leadership of the cyber security function. The degree provides principles gathered from information systems, systems engineering, computer science, network security and defence to enhance a career as a cyber security specialist.

Students can choose to complete the generalist Master of Cyber Security program or one of the following specialisations:
- Digital Forensics
- Advanced Tradecraft

Master of Cyber Security Operations

The Master of Cyber Security Operations gives you a detailed understanding of the managerial and technical skills and expertise relevant to planning, operation and acquisition of the cyber security function. This degree provides principles gathered from information systems, cyber security, risk, management and governance and is for managers wanting to enhance their career in cyber security operations. Through UNSW’s PLuS Alliance partnership, you will be given access to courses at Arizona State University (ASU) in the USA and King’s College London in the UK.

Master of Cyber Security, Strategy and Diplomacy

The Master of Cyber Security, Strategy and Diplomacy provides advanced interdisciplinary study into the political, military, diplomatic and higher level management aspects of issues where cyber security, strategy and diplomacy interact. Through UNSW’s PLuS Alliance partnership, you will be given access to courses at Arizona State University (ASU) in the USA and King’s College London in the UK.
The Master of Logistics Management covers advanced logistics planning strategies, logistics life-cycle management, inventory management, contingency forecasting, distribution and reverse logistics. It also develops your understanding of analytical tools and systems for information flow management, including big data analysis and business intelligence techniques.

The Master of Strategic People Management is designed to develop middle managers, particularly in people management. This degree provides you with an understanding of systems theory and its implications for implementation. As a manager you will then be better able to interpret organisational strategy and develop appropriate, people-focused implementation plans.

The Master of Project Management provides you with an understanding of and advanced analytical skills in the key areas required to manage projects. There is a strong emphasis on extending skills and knowledge and vocational experiences to enable you to apply your high-level understanding to real-world problems within any industry.

The Master of Security and Defence Management is designed for defence, security and foreign affairs professionals who wish to gain a more detailed understanding of the factors shaping the global and Asia-Pacific security and strategic environments, as well as the complex policy challenges presented by the Australian government’s new security agenda.

The Master of Special Operations and Irregular Warfare is aimed at military personnel and those in the security policy community, including security contractors, who would benefit from a better understanding of special operations as a military instrument. This is the only degree of its kind in Australia and is developed by Special Operations Command personnel in conjunction with UNSW academics.

The Master of Strategic and Security is designed for postgraduate scholars and foreign affairs, security and defence professionals who want to gain a deeper and more advanced understanding of the factors shaping the global and Asia-Pacific security and strategic environments.

The Master of War Studies is an interdisciplinary degree focused on war and its effects. It is built around a central core of subjects in military history, with additional options addressing topics in strategy, international relations, security and literature. It hones analytical and interpretive skills within a wide range of military-related courses.

The Master of Sustainment Management provides you with an opportunity to develop a detailed understanding of the managerial and technical skills and expertise relevant to planning, acquisition and sustainment of complex technology and systems over their life cycles. You will also develop ability to prepare capability according to organisational strategy and to develop appropriate implementation and sustainable plans.

International students are not eligible for an Australian student visa for this program.
Higher Degree Research Programs

Higher degree research programs allow you to undertake a more thorough exploration of a field or topic. Higher degree research programs at UNSW Canberra include the Professional Doctorate, Master of Philosophy, Masters by Research, and Doctor of Philosophy (PhD).

The major component of a higher degree research program is a substantial written work (a thesis), which investigates a particular subject or issue. As a research student, you will work more independently than a postgraduate coursework student while under the direction of an academic supervisor or a supervisory panel of academic staff.

Overseas international students are eligible for an Australian student visa. Full details on all research programs, applications, scholarships and support services can be found at: [unsw.adfa.edu.au/study/postgraduate-research](unsw.adfa.edu.au/study/postgraduate-research).

## Master of Arts by Research

**Program code**: 2486  
**CRICOS code**: 085772G  
**Duration**: 1.5 - 2 years  
**Entry**: February, May and September  
**Estimated first year tuition**: AUD$38,680

### Entry requirements
- An appropriate four-year UNSW Bachelor degree with lower second-class honours or higher, or
- An equivalent qualification from a tertiary institution, as determined by the Higher Degree Research Committee (HDRC).

## Master of Business by Research

**Program code**: 2223  
**CRICOS code**: 093557D  
**Duration**: 1.5 - 2 years  
**Entry**: February, May and September  
**Estimated first year tuition**: AUD$38,680

### Entry requirements
- A relevant four-year UNSW Bachelor's degree with lower second-class or higher, or
- An equivalent qualification from a tertiary institution, as determined by the Higher Degree Research Committee (HDRC).

## Master of Engineering by Research

**Program code**: 1743  
**CRICOS code**: 085796M  
**Duration**: 3 - 4 years  
**Entry**: February, May and September  
**Estimated first year tuition**: AUD$38,680

### Entry requirements
- A relevant UNSW Bachelor's degree or an equivalent qualification from another tertiary institution;  
- Completion of qualifying program (master's with discipline specific) to an approved standard (distinction average or above); and  
- Professional experience.

## Master of Science by Research

**Program code**: 2223  
**CRICOS code**: 093557D  
**Duration**: 1.5 - 2 years  
**Entry**: February, May and September  
**Estimated first year tuition**: AUD$38,680

### Entry requirements
- A relevant three-year UNSW Bachelor's degree with lower second-class honours or higher, or
- An equivalent qualification from a tertiary institution, as determined by the Higher Degree Research Committee (HDRC).

## Professional Doctorate - Information Technology

**Program code**: 1743  
**CRICOS code**: 085796M  
**Duration**: 3 - 4 years  
**Entry**: February, May and September  
**Estimated first year tuition**: AUD$38,680

### Entry requirements
- A relevant UNSW Bachelor's degree or an equivalent qualification from another tertiary institution;  
- Completion of qualifying program (master's with discipline specific) to an approved standard (distinction average or above); and  
- Professional experience.

## Doctor of Philosophy (PhD)

**Duration**: 3 - 4 years  
**Entry**: February, May and September  
**Estimated first year tuition**: AUD$38,680

### Entry requirements
- A relevant UNSW Bachelor's degree with upper second-class honours or higher;  
- A completed Master's by Research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high quality research thesis; or  
- An equivalent qualification from a tertiary institution as determined by the Higher Degree Research Committee (HDRC).

## Professional Doctorate - Project Management

**Program code**: 1742  
**CRICOS code**: 085770W  
**Duration**: 3 - 4 years  
**Entry**: February, May and September  
**Estimated first year tuition**: AUD$38,680

### Entry requirements
- A relevant UNSW Bachelor's degree or an equivalent qualification from another tertiary institution; and  
- Completion of qualifying program (master's with discipline specific) to an approved standard (distinction average or above); and  
- Professional experience.

## Professional Doctorate - Public Leadership

**Program code**: 1751  
**CRICOS code**: 09588501  
**Duration**: 3 - 4 years  
**Entry**: February, May and September  
**Estimated first year tuition**: AUD$38,680

### Entry requirements
- A relevant UNSW Bachelor's degree or an equivalent qualification from another tertiary institution; and  
- Completion of qualifying program (master's with discipline specific) to an approved standard (distinction average or above); and  
- Professional experience.

## Professional Doctorate - Systems Engineering

**Program code**: 1741  
**CRICOS code**: 0857690  
**Duration**: 3 - 4 years  
**Entry**: February, May and September  
**Estimated first year tuition**: AUD$38,680

### Entry requirements
- A relevant UNSW Bachelor's degree or an equivalent qualification from another tertiary institution; and  
- Completion of qualifying program (master's with discipline specific) to an approved standard (distinction average or above); and  
- Professional experience.

### Notes
- The Graduate Research School Admissions and Scholarships team provides advice and support to all applicants for admission to a UNSW Higher Degree Research program or scholarship. Go to page 124 for further information or email: international.grs@unsw.edu.au.
How to apply

Postgraduate coursework

Step 1
Choose your program
Choose your program at unsw.to/degrees or from the pages of this guide and make a note of the program code.

Step 2
Check your entry requirements
You need to meet your chosen program's entry requirements. You also need to meet UNSW’s English language requirements (see page 122 or visit unsw.edu.au/elp).

Step 3
Submit your application online
Submit your application at UNSW Apply Online, apply.unsw.edu.au. Click 'Register now' and fill out your details. Upload your supporting documents and pay your application fee.

Step 4
Track your application
Once you have submitted your application, you will be able to easily track its progress via your Apply Online account. You will also be able to upload any additional documents we need.

Step 5
We will send you a letter of offer
We will notify you of the outcome of your application via email. If your application is successful, you will receive a full offer, or a conditional offer if more steps are required. If you are receiving assistance with your application, your nominated agent will also receive a copy of the email.

Step 6
Accept your offer
If you receive a full offer, you will also receive an email with a link to your personalised offer page. Your page will guide you through the process of accepting or deferring your offer. Once you have accepted and paid your deposit, you will receive an electronic Confirmation of Enrolment (eCoE).

Step 7
Enrol online
Once enrolment for your degree is available, you can enrol in your degree and courses online at Accept Online, acceptonline.unsw.edu.au.

Need help?
If you have any questions regarding your application, go to enquiry.unsw.edu.au.

Other ways to apply
You can also apply to UNSW at a conference or event where we are attending, or through a UNSW agent located in your country. Find out more at unsw.edu.au/study.

Application deadline
You should submit your completed application as early as possible to ensure it will be processed in time for your preferred term. Some high-demand programs such as engineering, and faculties with limited places such as Medicine & Health, may have an earlier application deadline or may have an earlier commencement date.

For more information go to applyonline.unsw.edu.au.

Coursework scholarships

Supporting your ambitions

A wide range of scholarships are available to support students from around the world to succeed at UNSW.

UNSW postgraduate coursework scholarships

UNSW scholarships for international students provide financial support to cover some of the costs associated with studying at UNSW. Scholarships recognise students who demonstrate academic achievement or other outstanding qualities, such as leadership skills or contributions to the wider community. To be considered for a scholarship, you must submit a separate application in addition to your admission application.

Other scholarship providers

There are many scholarships offered by organisations other than UNSW including the Australian government, industry partners, and organisations in your home country.

Australian government scholarships

Australia Awards are international scholarships and short courses funded by the Australian government. They offer the next generation of global leaders an opportunity to undertake study, research, and professional development.

For more information, visit [australiaawards.gov.au]

Step 1: Search

Visit [scholarships.unsw.edu.au]. Make sure you select ‘International’ in the residency search box to see the list of scholarships available to you.

Step 2: Register

Before applying for your chosen scholarship, first register an account by following the instructions on the page.

Step 3: Apply

To apply, log in using your registered login and password. Double check the requirements as some scholarships may have specific questions or require supporting documentation.

Step 4: Submit

Submit your application by the due date. Do not forget to check the website regularly for application deadlines and updates.

Please check our website regularly for any new scholarships that may become available.

For more information about UNSW Scholarships, visit [scholarships.unsw.edu.au]
Higher Degree Research

UNSW is one of the world’s leading research universities, known for innovative, pioneering research that has global impact.

By enrolling in a UNSW Higher Degree Research program, you will join a vibrant community conducting world-changing research, and you will be supervised by leading experts in your field.

You will live and work like a career researcher at every stage of your degree. You can publish, teach or travel; network with or be mentored by high achievers in your field; and build the skills, expertise and networks you need to succeed in the future.

A research career, not just a degree

UNSW prepares you for a career success as a researcher. When you join UNSW, you become an essential part of the research community and play a vital role in the University’s research culture, output and performance.

Our researchers are pioneers in both established and emerging fields. They solve complex problems and tackle some of the major challenges of our time. They will mentor and guide you to conduct innovative research in a world-class environment.

UNSW’s research facilities are some of the best in the business. From the world-leading Lowy Cancer Research Centre to the Mark Wainwright Analytical Centre, we invest in the latest technologies, spaces and equipment to support research excellence across all disciplines.

Through industry engagement, UNSW’s Higher Degree Research candidates have the opportunity to translate their research in collaboration with a range of industry partners. This includes small to medium-sized enterprises, entrepreneurs, investors, policy makers, community, and non-government organisations.

UNSW’s Graduate Research School delivers high quality, professional and engaged services to support Higher Degree Research candidates and the research training leaders who work with them.

Applying is easy

Step 1
View UNSW Higher Degree Research programs and check your eligibility at research.unsw.edu.au/higher-degree-research-programs

Step 2
Choose a research area by investigating the research activities and projects already being undertaken at UNSW, and identify a faculty or school that aligns with your area of interest.

Visit research.unsw.edu.au/finding-supervisor

Step 3
Find a supervisor working in your research area and get in touch with them to gain their agreement to supervise you. Please note, some faculties require an Expression of Interest instead.

Visit research.unsw.edu.au/finding-supervisor

Step 4
Work with your supervisor to develop a description of your research interests, which should be approximately one page in length, and outline how you plan to address a specific problem.

Step 5
Prepare your supporting documents for submission. Documents include supervisor’s agreement, research proposal, resume, academic transcripts, financial declaration and proof of English.

Visit research.unsw.edu.au/submit-application

Step 6
Submit your application online and apply for any relevant scholarship at the same time.

Visit applyonline.unsw.edu.au

Contact Us

The Graduate Research School is the central administration and support office for all Higher Degree Research candidates at UNSW Sydney.

W research.unsw.edu.au/graduate-research
T: +61 2 9385 5500
E: enquiries.grs@unsw.edu.au

“I would definitely recommend anyone to come and study here at UNSW. You will be well resourced, there’s care put into ensuring students are supported and there is a whole ethos of collaboration.

Come here if you want to be in an environment that is nurturing, serious about high-quality scholarship and engaging communities ethically.”

– Sujith Kumar, current Scientia PhD candidate

### Research scholarships

A wide range of scholarships are available for international Higher Degree Research candidates.

**Scholarships**

Scholarships provide benefits such as annual living stipends and tuition fee cover, as well as funding and supplements for travel.

**Eligibility**

Full scholarships are only available to applicants who meet UNSW admission requirements (including significant research experience). Scholarships are awarded using a merit based, competitive process.

**Apply**

You can apply for a scholarship within your online Higher Degree Research application.

### Available scholarships

#### Australian Government Research Training Program (RTP) International Scholarship

Based on outstanding academic merit and research potential, these awards provide successful applicants undertaking a PhD or research master’s degree with a tax-exempt living stipend in addition to covering tuition fees for 3.5 (for PhD) or 2 (for masters) years. The RTP also provides some additional allowances.

#### UNSW and home country joint scholarships

Available to applicants from specific countries. For more information, visit [research.unsw.edu.au/unsw-home-country-joint-scholarships](http://research.unsw.edu.au/unsw-home-country-joint-scholarships)

#### Other scholarships

There are a range of other scholarships and top ups available funded by faculties, donors, and external parties. Applicants should check the individual eligibility and application requirements.

For more information, visit [research.unsw.edu.au/graduate-research-scholarships](http://research.unsw.edu.au/graduate-research-scholarships)

#### University International Postgraduate Award (UIPA)

Based on outstanding academic merit and research potential, these awards provide successful applicants undertaking a PhD or research masters with a tax-exempt living stipend provided by the faculty, school or supervisor, in addition to covering tuition fees for 3.5 (for PhD) or 2 (for master’s degree) years.

#### Tuition Fee Scholarship (TFS) plus a Research Stipend

Based on outstanding academic merit and research potential, these awards provide successful applicants undertaking a PhD or research masters with a tax-exempt living stipend provided by the faculty, school or supervisor, in addition to covering tuition fees for 3.5 (for PhD) or 2 (for master’s degree) years.
English pathways

Improve your English language skills for success.
UNSW Global's Academic English Programs are designed to help you improve your skills so you can meet the UNSW English language entry requirements. They also prepare you for success at university and in your future career.

If you want to study an academic pathway program, or an undergraduate or postgraduate degree, there's an English pathway for you.

Advance with the help of experts
- Study at Australia’s first university languages centre.
- Learn from over 50 years of experience in language teaching.
- Access world-class university facilities and social surroundings while studying at UNSW Sydney campuses.

Gain direct entry to UNSW
UNSW Global’s University English Entry Course (UEEC) is designed specifically to help you meet the English language entry requirements for a UNSW degree. There are 10, 15, and 20-week courses available, depending on your level of English.
- Improve your academic English language, literacy and digital skills, giving you a strong head start at UNSW.
- Get direct entry to UNSW – 90% of UEEC graduates progress to UNSW.
- Prepare for university with UEEC – gain a range of learning skills, research and writing processes, access academic information and UNSW's learning resources.
- Explore a wide range of global topics and issues through lessons and tasks that are based on authentic university lectures and readings.
- Develop collaborative and independent learning skills through hands-on, supportive lessons.
- Receive individual feedback every week, so you know exactly what to practise and how to improve.
- Build your confidence and practise communication for real university situations while you get to know UNSW.

For more information, visit unswglobal.unsw.edu.au/ueec

*Note: Sub-scores may apply. Students who do not meet the entry requirements may be eligible to study the 10-week Essential Academic English Course prior to starting UEEC.

Tertiary Orientation Program
If you have a full offer from UNSW and an IELTS 6.5 or equivalent, UNSW Global’s Tertiary Orientation Program (TOP) will help you prepare for Australian university culture, understand requirements and develop academic English skills to maximise your success. This 5-week course will develop your academic communication and literacy skills and improve your cultural awareness.

Prepare for life at UNSW
- Develop and present strong academic arguments on issues in your field of study.
- Develop skills to manage university assignments, and learn to use academic search tools and UNSW learning resources.
- Prepare for university by developing your learning skills, and improving the fluency and speed of your reading.
- Become an independent learner and build your confidence through a range of communication activities.

For more information, visit unswglobal.unsw.edu.au/top

Depending on your current level of English, there are different English pathway courses available to you.

*Indicative fees only

This guide shows indicative fees only because very student’s study choices are different, therefore, total costs will vary. Here are a few things to consider when calculating your expected fees:

**Fees are per course**
- Fees for international students are set according to the course (subject) and not the program. The fees reflect the relative cost of delivering the course and are calculated per unit of credit (UOC). For example, a science course is likely to cost more than an arts course. Therefore, your total tuition fees will vary depending on which courses you choose.

**Fees vary each year**
- Fees for courses (subjects) change from year to year. The tuition fees are for students commencing in 2022. The fees for 2023 are indicative only; fees may change during the program. Actual fees for 2023 will be released in late 2022.

For more information, visit student.unsw.edu.au/fees

**Estimating your tuition fees**
- Estimates for each program are outlined in the faculties and postgraduate programs section, starting from page 28. You can also calculate your own expected fees by referring to the table above.

*Indicative fees only

Coursework program fees

A coursework master’s program will require 48 units of credit (UOC) per year, a graduate diploma will require 36 or 48 UOC per year, while a graduate certificate requires 24 UOC. Most courses (subjects) are 6 UOC.

A typical postgraduate program will include courses from within the faculty offering the degree. However, if you do choose courses from outside your faculty, they will be charged at the rate set by that faculty. As an example, the course Environmental Impact Assessment will be charged at the rate set by that faculty. As an example, the course Environmental Impact Assessment will be calculated using the Faculty of Science rate, which is AUD$970 per UOC in 2022.

Research program fees

The tuition fees listed for research programs are for a standard full-time year of study, which is 48 UOC per year.

Some research degrees combine coursework with research. In this case, your research tuition fee covers the cost of these courses and you are not required to pay an additional fee.

Graduate diplomas by research are not classified as research degrees and fees are calculated using the value of individual courses undertaken.

For more information about the UNSW fees policy, including refund of fees and overpayments, visit student.unsw.edu.au/fees-policy

Other study-related costs

Some programs and courses have costs which are additional to the tuition fees, such as costs relating to laboratory kits, equipment, and field trips. Textbooks are not considered compulsory, but we recommend budgeting around AUD$1,000 per year for books. Non-tuition fees may also apply.

An estimate of your total costs (tuition and other study-related costs) will be shown on your Confirmation of Enrolment Form (CoE) that will be issued on acceptance of an offer of admission to UNSW.

Living costs

Living costs vary depending on each student’s requirements. We estimate a single international student will need a minimum AUD$23,000 per year to cover general living expenses. This does not include the costs of large non-essential items like electrical equipment or a car. In addition, you will need at least AUD$2,000 when you arrive in Sydney to cover initial expenses such as a rental bond payment (security deposit), electricity, gas, and telephone connection fees, and basic furniture and household items.

For more information, visit studyinaustralia.gov.au/global/live-in-australia/living-costs

Overseas student health cover

If you are in Australia on a student visa you will need to pay for health insurance through the Overseas Student Health Cover (OSHC) scheme and maintain insurance for the duration of your visa.

All international students must be covered by health insurance from the date they arrive in Australia until the date they depart, regardless of when they start or complete their program. It is your responsibility to ensure your health insurance policy matches your arrival and departure dates.

The only exception is for students from Belgium, Norway, and Sweden who are covered by CSN or Kammarkollegiet. These students will need to provide proof of official health insurance cover from their home government provider.

There are five registered providers of OSHC

The five registered providers are Medibank Private (UNSW’s preferred overseas student health cover provider), Allianz Global Assistance, BUPA Australia, NIB Health Funds Ltd and Australian Health Management.

Medibank OSHC will pay benefits towards your medical and hospital treatment, medically necessary ambulance transport, and most prescription medicines. Be aware that there may be some exclusions for pre-existing conditions, and you may have to serve a waiting period to receive some services.

Some services are not covered by Medibank’s policies. These include optical, physiotherapy, dental, and some pharmaceuticals. If you want to be covered for these expenses, you will need to take out additional insurance.

United States financial aid

We are authorised by the US Department of Education to administer Federal Direct Loans for eligible US students studying at UNSW. If you are eligible for this support, the UNSW Financial Aid Office will be able to help you with your application.

For more information, visit international.unsw.edu.au/for-us-students

International student loans

If you are from Canada, Sweden, Norway, Denmark, or the UK and have applied for a student loan or a grant from your home country, we can help you certify your enrolment at UNSW.

Please send the Certification Form to financialaid@unsw.edu.au

For more information, visit unsw.edu.au/apply/international/financial-aid/
Supporting you in times of change

COVID-19

The global pandemic has caused much uncertainty in the last few years, and we understand that it can result in changes to your study plans. To keep you on track with your goals, we offer flexible study options during these times. Supporting our students is our number one priority.

If travel restrictions are in place and you are unable to travel to Sydney, you can commence your studies online until it is possible to join us on campus. However, there are some programs with components that cannot currently be completed remotely. This may be due to the need for specialist equipment or in some cases because of the requirements of external accrediting organisations.

Our website is updated regularly with the flexible study options, answers to frequently asked questions and additional resources on the University’s response to COVID-19. Please visit covid-19.unsw.edu.au/information-students

Deferrals

If you have a UNSW offer and need to defer to an alternative commencing term, please let us know as soon as you can, and we will support you in this process. Choosing to defer may be due to COVID-19 travel restrictions in your country. If this is the case, we encourage you to avoid delaying your studies. Instead, take advantage of our flexible study options and start online to stay on track with your goals. Please note that any deferrals may affect a student visa or visa application.

For more information on deferrals, please visit student.unsw.edu.au/deferrals.

Important information about online/distance learning

UNSW prides itself on being able to offer you flexible study options when you plan your course enrolment. Your student visa places certain limitations on the total number of Units of Credit (UOC) you can undertake online or by distance during your program and during each compulsory study period.

- 67% or more of your total program must be completed in a face-to-face setting
- You must enrol in at least one face-to-face course in each compulsory study period

If you are a US citizen or eligible permanent resident and are planning on using US Federal Direct Loans, you cannot undertake any online or distance courses to remain eligible for federal student aid.

Due to the COVID-19 situation, the limitations on the total number of UOCs you can undertake online or by distance study have temporarily been relaxed for Student Visa Holders and US Federal Direct Loan recipients. UNSW will provide further updates once these temporary measures are lifted.
